 meeting at two hospitals in
 Britain.

TWIN THEATRES
 Wards similar to those have
 been built by the Nuffield
 Research Group at Leitchfield
 Hospital, Greenock, and have
 proved to be more acceptable in
 both layout and curves than
 the old type.
 The main entrance of the
 hospital has twin operating

LATEST IDEAS USED IN ARCHITECTURE

The hospital is designed as an acute general hospital. Its present
 accommodation, provided under the first phase of the building,
 comprises 112 beds, divided into surgical, medical, maternity and
 children's wards, with an Out-Patient Department, operating
 Department, radiology department,
 X-ray and radiography department.

Servicing workrooms, kitchens and other basic ser-
 vices are designed to cater for approximately 240 beds.
 The building also contains a large lecture theatre, private
 consulting rooms, a library, and a training
 centre.

A WEALTH of hospital administration experience

is behind Mr. R. G. A. Beaumont, the administrator of the new Aga Khan Platinum Jubilee Hospital. He started work in British hospitals as a junior in the secretary's office and worked his way up to the position of head of the Department of Medical Administration at St. Thomas' Hospital, London. During the war he served in the Royal Air Force as a night fighter navigator with 604 Squadron.

REPORTED TO IMAM
He told the Imam on his return to Nairobi to take up his new duties in May.

Before taking up his post, he flew to Nairobi on two short visits of inspection and reported personally to the Aga Khan on his return to Britain. Mr. Beaumont says that the Aga Khan is extremely interested in the hospital and during his interviews he indicated that he would make every effort to come out specially for the opening ceremony.

Mr. Beaumont described the hospital as one of the finest in the world in financial terms. Full-time medical staff will consist of a senior surgeon and a senior physician, a surgical officer and a casualty officer. These positions have been filled, the appointment of a senior surgeon, Mr. Alan Macdonald, and a senior physician, Dr. A. R.

AIM FOR FINISH
A feature of the medical service to be provided is the high standard which general practitioners would like for their patients under the hospital's supervision. It is emphasized that the beds would be used for medical and not surgical purposes.

It is hoped that eventually a managing staff will be completely multi-racial but Mr. Beaumont pointed out that, in the early stages, it was inevitable that the bulk of the staff would be European. Coming into the hospital in the near future were a number of African matrons and African assistant nurses. There will also be a number of African cleaners. The staff also includes a European pharmacist and an African radiographer.

MATRON TO HEAD TEAM OF 70

The matron of the hospital is Miss Jean Leiper, who has come to Kenya from the Royal Devon and Exeter Hospital. Miss Leiper trained at London Hospital and did her midwifery training in Edinburgh. She was sister and night superintendent at Bellingrove Hospital and, in 1938, she joined the Royal Air Force Nursing Service. With the R.A.F. until 1949, she saw service in the Middle East and in Aden and was on board a ship which was lost in the period of the Cape.

GOOD CONDITIONS
Miss Leiper went to Germany in 1945 with a mobile hospital and returned to civilian hospitals in 1949. She took a course in hospital administration at the Royal College of Nursing in London and became assistant matron and then matron at the Royal Devon and Exeter Hospital. She was matron at the hospital until she took up her new post in Nairobi in July.

"The new hospital is beautiful and I am sure it is going to be very nice to work in from the point of view of the nursing staff," she states. "The site is a great improvement on the former site and the accommodation provided at the hospital for the nursing staff is of a high standard. The site and accommodation, which has not yet been received, has been arranged for the senior ward sisters. There will be a day room, a kitchen, a staff room and a dining-room."

BRITISH LINES
The nursing staff will total between 70 and 80 and at present there will be 18 British nurses. There are 10 British sisters are coming out

Live in beauty

There's still one more step and you'll be ready to go. Follow her steps. The greatest remedy with smooth, imperially lustrous skin, the splash of cool water and the foundation is ready, smoothly laid. Protected and purely cleansed, your skin becomes a garden of herbeaux, fresh and clean as on a summer's day, and you become confident in your beauty, irresistibly alive, unassailably youthful.

FROM TO WOMEN'S WAYS

HOLLYWOOD'S Joan Crawford is the only woman in the world who has made a fortune out of her own personality. She earns \$70,000 a picture. Her net worth is estimated at \$1,000,000. She grew up in extreme poverty and was raised by a strict but loving father, John Crawford, a newspaper editor. Her father was a lonely, unworldly man who tried to give her some of the advantages which she missed as a child.

But the plans of the well-meaning Miss Crawford have not turned out quite as she hoped. For her 18-year-old son has been sent to reform school by a juvenile court. He was involved in a scandal in which a girl was hurt by an air rifle.

Crawford's two other adopted children are Christian and Tim, who is expected to make the stage her career, and a third child, a girl named Cathy and Cynthia. All were adopted by her and her husband John Crawford as they were her own.

Travel together

It is a great joy to the heroine Mrs. Alfred Stone, wife of the architect of one of the world's largest soft drink drives, Miss Crawford visited East Africa recently on a business trip with her husband.

Her previous marriages were to Dr. Fairbanks, an architect, and to Philip Fennell, a writer.

MAINLY FOR WOMEN

Only one woman other than Mrs. Stone has been called by the Hollywood Service. Mrs. Stone's first husband had been married to Aden as a medical specialist. It means that Dr. Stone will not see the baby until it is five months old. He needs his military service in mid-March.

Mrs. Stone will have her baby in hospital, while her husband's parents look after her. Her mother-in-law, Mrs. Kin Egan.

Mrs. Stone's first husband was a Swedish by birth, was a married man before her marriage. She had a child with him before she was married to Aden as a medical specialist. It means that Dr. Stone will not see the baby until it is five months old. He needs his military service in mid-March.

Of course, it does not always work out that way. Once they were all out till late, and had to spend the next few days in each other with black coffee to keep awake!

Advertisement BACK CARE

Here is the secret and shortly we shall be spreading more and more time on the beach, or at the swimming pool; the result, back care is essential.

Start at both ends. Buy a long-handled back-brush or loofah and cover every inch of your back with a rich lather of bland soap. Carefully rub yourself dry and have someone in your family smooth in a protective film of oil of eucalyptus.

If your back is unsteady specify, check on your diet. Substitute salads and fresh fruits for cakes and starch and make a rule of four glasses of water a day. Also dab with lemon drops.

Chin care is the subject of next week's talk.

WEST HAM HEAD

DIVISION I

Nine points from six League games

NEWLY-PROMOTED West Ham United went to the top of Division I of the English Football League when they beat Manchester United 2-0. West Ham have nine points from six matches. Bobby Moore, a 17-year-old England youth international, made a highly-promising debut for them at half-back against Tottenham Hotspur. Moore, who has been back to back through the season, says he has never been better. He was back to back in the cup, and his late equalizer, popped up by head home a centre from Kelly.

FROM THE TROUT RIVERS

EXCELLENT fishing weather has resulted in good catches during the past week. A 14-lb rainbow trout was taken from the Finghary, River, Mease. This fish was caught with a large Wilson's fly. Another trout was taken from the Kirtley and Tuba rivers at Keston, and the Margaret River, Hartley. Trout are now being taken in the Trent and Great Ouse. In the Trent, the fish are being taken in the result of the Flotation Dept. after the water is treated in modern style.

The 14-lb trout was taken with two separate baits, each being equipped with two leaded, soaked, and a table and a fork, which may be used for either steaming or cooking and two separate cooked kibbles.

Anglers are reminded that fishing in the forest areas of Kirtley is not open. This applies particularly to the Flotation Dept.

VAN RENSBURG TO HAVE FOUR MORE FIGHTS

Johnny van Rensburg, the South African welterweight, plans to have four more fights on the Australian field. Van Rensburg, who has been successful in his last fight against Australian, Charlie, will have three more fights at 12 1/2 stone weight. His next fight will be against George Lewis, who has been successful in his last fight against the British Empire welterweight champion for the Empire title at Stoke.

KLHAKA OPENS NEW £45,000 HOSPITAL IN NAROBI

Living monument to racial partnership

GOAL OF 250 BEDS

EACH year the Khasi community is to be asked to add something to the £45,000 Aga Khan Platinum Jubilee Hospital in Nairobi until the goal has been achieved of 250 beds, a nurses' training practice and every facility for modern medical practice and research.

This was stated by the Aga Khan yesterday afternoon when he officially opened the new premises and all races in East Africa and must become a living monument to the ideal of racial partnership. He would expect that the service it offered would be the best in the whole of East Africa.

Oration for Sir Evelyn

Long before the ceremony was due to start, Lisiana Road was jammed with cars moving slowly bumper-to-bumper. The spacious hospital courtyard was packed with putting the total at between 4,000 and 5,000.

A special coroner, Sir Evelyn Baring, received a shoulder in plaster and an arm in a sling. After the official function he was conveyed in a limousine to the home of the late Aga Khan on the date.

Among the crowd were visitors from all East African territories and from countries farther afield. The Mayor of Nairobi, Mr. Neesham-Clark, was seated next to the Aga Khan on the date.

The Aga Khan began by saying that it was a great day for his family and for the Khasi community. He said that the hospital was a living monument to the ideal of racial partnership. He said that the hospital was a living monument to the ideal of racial partnership. He said that the hospital was a living monument to the ideal of racial partnership.

The Aga Khan speaking at the opening of the Platinum Jubilee Hospital - which is described as one of the best-equipped in Africa - yesterday in Nairobi. He is flanked by Sir Evelyn Baring, the Governor of Kenya, Sir Evelyn Baring, and other officials.

He created something of a real boom in the Khasi community. A year ago he had determined that the best of Kenya's education and teaching would be made to make sure from the outset that it administered the quality of its medical and nursing services would be equal to the best in the world. He said that in view of a friendly competition, he had invited the Government of Kenya to build a hospital for the Khasi community. He said that the hospital was a living monument to the ideal of racial partnership.

REASON FOR UNDEPARTING

From those who complain of the Khasi community, he said that the Khasi community had made a considerable advance towards the goal of 250 beds, a nurses' training practice and every facility for modern medical practice and research. He said that the hospital was a living monument to the ideal of racial partnership.

RAILWAYS DISPUTE LICENCES 250,000 loss to trade claimed

AGRICULTURE industry and mining costs in Kenya would indirectly be increased by 250,000 a year, it has been claimed, if the railways refuse to grant licences to carry petrol to the interior from a meeting of the Transport Board in Nairobi yesterday.

Four-hour chain

It is estimated that the road did not carry a heavy volume of traffic. As it was, some vehicles had covered the 200 miles in about 10 hours.

Rise in charges

If it was not for the petrol in Nairobi each year, this country would be spending 250,000 shillings more on the transport of goods now carried by rail.

New Burroughs SENSITRONIC

AUTOMATICALLY ENTERS THE OLD BALANCE FOR NEW LEDGER POSTINGS!

- The Sensitronic is the latest addition to the Burroughs family of data processing equipment. Now, the miracle of high-speed electronics has been engineered into an accounting machine specifically designed for banks and large-credit-volume businesses. In four major ways the Sensitronic provides faster processing of information:
 - * It actually 'reads' the old balance and eliminates the need for proof indexing
 - * It electronically verifies account selection
 - * It automatically aligns ledger cards
 - * It makes trial balances an automatic process, even to paging through ledger cards

The picture you see above is the secret of the Sensitronic... a revolution in ledger cards that will make your work easier.

WORLD LEADERS IN ELECTRONIC AND MECHANICAL ACCOUNTING EQUIPMENT

BY COMING TO KENYA

MR. ODINGA, the Member for Kisumu, claims that Kenyatta and other members at Lokichang are still the real leaders of the African people. It would be interesting to know whether he has for speaking for Africans outside his constituency?

Ministers are short but those who agree with that statement should read 'The Star' to find out the services and authority brought upon the Kenyan and other people. The Kenyan people are to be respected and the people who are to be respected.

One of the conditions of the Mau Mau oath was that European laws were to be followed. It is now being reported that the Mau Mau are not following these laws.

The constitution of Kenya as a national unity brings to the attention of the Kenyan people that the British Government is not to be regarded as a partner in the Mau Mau movement. Barton Rotich praises support from Kenya

I THINK one of the most spectacular occasions of our Empire Games year was the day when we arrived back in Nairobi. I feel I must say the welcome was an tremendous, exciting and nervous that I can hardly find any suitable adjectives to describe it.

Nevertheless, on behalf of the Kenya athletic team, I cannot over thank and gratefully acknowledge the support and help which were of help and help to make our tour a success.

Kenya was represented by the Kenya Olympic team, captained by the late Mr. K. N. Rotich.

HOCKEY AND AFRICANS

KINDLY allow me a space in your sports column to refer to the question of hockey in East Africa, and to the writer I would like to refer to the fact that in August 1964, know that hockey is a new game in Africa and that at schools such as Mwanza, Yala, Nakuru and Kisumu were and are being played.

Mr. N. S. Rotich, who is the secretary of the Kenya Hockey Association, said that the game was being played in East Africa, and that at schools such as Mwanza, Yala, Nakuru and Kisumu were and are being played.

SENHOWER TO BE BEAR HINT OF bargain on offshore islands

'MUNICH' RULED OUT

President EISENHOWER told the American people in a nation-wide broadcast yesterday that he believed that there was no going to be in the Far East. But he added a strong warning that there would be no appeasement by the United States and no attempt to stage a "Western Pacific Munich."

On the disputed islands of Quemoy and Matsu, which have been repeatedly shelled by the Chinese Communists since August 23, the President said: "There are measures that can be taken to assure that these offshore islands are not a thorn in the side of peace."

Supply convoy forced back

This was interpreted in Washington as an indictment to the Communists in the forthcoming armistice bargain on the islands. It was seen as an implicit offer of help to the Nationalist Government, which provided that the Peking Government first renounced the right to exercise political and territorial ends in the Strait of Formosa.

Measures in the Strait, a Nationalist supply convoy escorted by American warships was forced to turn back without unloading after reaching the Quemoy beach by heavy shelling from the mainland. Nearly 50,000 shells were fired in 14 hours, killing or wounding 20 persons who were in the convoy was hit.

It was reported from Hsinchong that units of voluntary militia are being set up all over China, with women as well as men joining in large numbers. In a speech in Moscow, Mr. Khrushchev reiterated Russia's pledge that the United States was not to be considered as an attack on Soviet Union.

Ambitious plan of conquest by Peking

In his broadcast, which was televised from coast to coast, Mr. Eisenhower told Americans: "There is nothing to be any appeasement." The Far East situation, though not yet resolved, is far from hopeless. The United States will not be forced to retreat before the threat of armed aggression, but will welcome negotiations that could have a fruitful result in preserving peace.

The President said that if the Communists had decided to risk a war, they would pay a price as high as the price of peace. He said that the Communists had no chance of an armistice, but that they would pay a price as high as the price of peace. REPRESENTATIVES of 18 African coffee producing countries who are gathered in Paris to discuss the coffee situation have a formidable task ahead of them in persuading the French Government to make a leading article.

The London Financial Daily writes: "The fact is a plain, simple truth. It is a plain, simple truth that the market would like to control the market. It would like to control the market. It would like to control the market."

On the surface, the offer most appear an attractive one. It would seem to be a very desirable arrangement for the African coffee producers. Discontent with the present position of their coffee trade has led to a general feeling that a sharp rise in prices is imminent. It is a plain, simple truth that the market would like to control the market.

The African producers may feel that buying their own coffee in the open market is to their advantage to give as good as they get. But it is a plain, simple truth that the market would like to control the market.

"Coffee in the public view is not the same as it used to be. It is a plain, simple truth that the market would like to control the market.

French party congresses work out attitude to the Constitution

FRANCE'S Socialist and Radical Parties have both opened Monday congresses to hammer out their final attitude to Gen. de Gaulle's proposed Constitution. With only 15 days to go before the national referendum, both parties are split, but political observers in Paris yesterday predicted a majority 'Yes' by both congresses.

They expect the Socialist congress to vote in favour in a proportion of about two-thirds. Opinions of the ballot papers to be used in the national referendum on September 28 are shown on the right.

M. Christian Fimoux, who was Foreign Minister in M. Mollet's Government, has already said he will vote against. The Socialist Party, M. Mollet, has defended the policy of the party secretariat against attacks from several delegates—mainly Left-wingers.

I am no more a Gaullist today than I was five months ago, M. Mollet said. "But I think that in the long run, the French people are in favour of the Constitution. It is the duty of the general secretariat to be guided by the opinion of the French people, with 120 abstentions and 161 absentees."

Several prominent Socialists, including M. Fimoux, who have declared they will vote 'No' in the referendum, approve the report.

The Radical Party congress is expected to have strong opposition to the new Constitution from the former Prime Minister, M. Pierre Mendès-France.

He has already publicly denounced Gen. de Gaulle for failing to stop the war in Algeria, and announced he will vote 'No' in the referendum.

MONTGOMERY SUPPORTS DE GAULLE

FIELD Marshal Viscount Montgomery said in Paris: "I am a Gaullist. I find Gen. de Gaulle very well and quite frankly."

He believes he stands for France more than any other politician and leader has done for decades.

The last marshal who retired next week as Deputy Supreme Commander Allied Powers in Europe, said he would like to see Gen. de Gaulle return to power and lead this country.

Of his retirement, he commented: "I am delighted to get out of the job, but I have done enough to be quite satisfied and glad."

He said he proposed to write a book. "You will find that I don't say a single unkind word about anyone," and that it was a personal achievement. There is no deal I could say, but I don't say anything. I say that I am a Gaullist. There is no deal in my mind. The who was right. I am a Gaullist. I am a Gaullist. I am a Gaullist.

Ch. De Gaulle, the prime minister of France, is expected to be elected in the next election. He is a Gaullist. He is a Gaullist. He is a Gaullist.

SUPPORT FOR THE Letters

I HOPE that people in East Africa will support the letter which has been published in this issue of the Standard. It is a letter which has been written by a group of people who are interested in the welfare of the African people and who are determined to do all in their power to help them to improve their lot.

There is a large number of people who are interested in the welfare of the African people and who are determined to do all in their power to help them to improve their lot. It is to be hoped that the letter will be supported by a large number of people who are interested in the welfare of the African people and who are determined to do all in their power to help them to improve their lot.

Quail springs

YOUR attention is drawn to the fact that the quail springs in the area of the Central Province are becoming increasingly scarce. It is to be hoped that the letter will be supported by a large number of people who are interested in the welfare of the African people and who are determined to do all in their power to help them to improve their lot.

Blood donors

HAVING been in all and recently received the blood transfusion, I am asking the Editor to publish a notice, headed "Blood Donors", in which I would like to convey my thanks to those who have given me blood, to save all those who are in need of it.

Eastleigh roads

YOU will undoubtedly agree that the decision taken by the Eastleigh residents to petition the City Council of Nairobi next year, for the improvement of the roads in the area, is a most laudable one.

ENGAGEMENTS

are bound upon some of the dearest desires and sentiments of the human heart. They are a tribute to pure and noble affections.

American's race to Britain's Comet 17 — the Boeing 707 jet airliner — is now being led by London Airways, which is expected to make the first flight in the near future. The Boeing 707 is expected to be the first jet airliner to be used for scheduled services on the Atlantic route.

Russian warning on radioactive debris: Seadumping danger

SCIENTISTS at the 'Forum for Peace' conference at Geneva have been warning over one of the most serious problems resulting from atomic power stations. East and West scientists have agreed that a complete solution can be found. British and American scientists said that part of the debris was at present dumped at sea in the Atlantic. Highly lethal debris with a long half-life was put at sea in the Atlantic. This is a serious problem because it is difficult to clean up. It is a serious problem because it is difficult to clean up. JAMAICAN PREMIER SEES MACMILLAN Racial riots discussed

MR. MACMILLAN yesterday had a meeting with the Prime Minister of Jamaica, Mr. Manley, to discuss the racial problem in Britain as a result of the recent riots in which West Indians were involved. Mr. Manley had just returned with other Caribbean statesmen from a brief visit to Nottingham, which was the scene of some of the worst clashes in recent weeks. The Jamaican leader said he was concerned about education and the most anxious that nothing should happen between the two islands. He added that he viewed the recent happenings seriously, not only from the point of view of the United Kingdom, but from the point of view of the Caribbean as a whole. The riots of the world are focusing on this. These relations are one of the big world issues. We must not fail to solve it in the future. It would be disastrous. In London, four white men, a white woman and four colored men were charged with rioting in the Galt House following the riot in the Galt House. All were charged with rioting in the Galt House. REPEATED ENCOUNTER

At the African Stadium this afternoon, Kenya XI played a repeat encounter with the E.S.L. side. The match was a closely-contested affair, with both sides showing excellent service. The Kenyan forwards were particularly effective, scoring several goals. The E.S.L. side, however, managed to hold their own for much of the game.

TO CAPTAIN TOURISTS

LOCKY players who will play against the tourists in the 1st round of the Kenya Hockey Association's tour to the U.K. have been named. The team, captained by J. M. Harris, will consist of some of the best players in the country. The tour is expected to be a highly competitive one, with many hard-fought matches. The Kenyan players are well-prepared for the challenge and look forward to a successful tour.

Jampili Rally

The 1956 Jampili Rally, a 210-mile endurance test, was held on September 10. It was a highly competitive event, with many talented drivers participating. The rally was held in honor of the late J. M. Harris, a prominent figure in the sporting community. The winner of the rally was J. M. Harris, who completed the 210-mile course in record time.

13 runs off New Zealand GREATER POWER

WEST INDIES' spinners and pace bowlers will have a greater role to play in the match against New Zealand. The New Zealand side is expected to be a strong one, with several fast bowlers. The West Indies will need to rely on their spinners to control the run rate. The match is expected to be a closely-contested affair.

Craig fit to leave sick bed

CRAIG, Australian cricketer, should be fit enough to get fit this weekend for the 1st Test against New Zealand. Craig has been recovering from a knee injury, but is now back in training. The Australian team is pleased to have Craig back and expects him to play a key role in the match.

A friendly atmosphere needed

It is felt that a friendly atmosphere is needed for the success of the Kenya Hockey Association's tour to the U.K. The players and officials of both teams should work together to ensure that the tour is a successful one. A friendly atmosphere will go a long way towards ensuring that the match is a fair and competitive one.

CHALLENGE

I would like to challenge anyone who doubts the ability of the Kenya Hockey Association's team to succeed in their tour to the U.K. The team is made up of some of the best players in the country and is well-prepared for the challenge. I am confident that they will return home with several trophies.

13 runs off New Zealand GREATER POWER

WEST INDIES' spinners and pace bowlers will have a greater role to play in the match against New Zealand. The New Zealand side is expected to be a strong one, with several fast bowlers. The West Indies will need to rely on their spinners to control the run rate. The match is expected to be a closely-contested affair.

Craig fit to leave sick bed

CRAIG, Australian cricketer, should be fit enough to get fit this weekend for the 1st Test against New Zealand. Craig has been recovering from a knee injury, but is now back in training. The Australian team is pleased to have Craig back and expects him to play a key role in the match.

A friendly atmosphere needed

It is felt that a friendly atmosphere is needed for the success of the Kenya Hockey Association's tour to the U.K. The players and officials of both teams should work together to ensure that the tour is a successful one. A friendly atmosphere will go a long way towards ensuring that the match is a fair and competitive one.

CHALLENGE

I would like to challenge anyone who doubts the ability of the Kenya Hockey Association's team to succeed in their tour to the U.K. The team is made up of some of the best players in the country and is well-prepared for the challenge. I am confident that they will return home with several trophies.

CITY'S LATEST OFFICE AND SHOP BLOCK OPENS

NAIROBI'S newest commercial building, the six-storey Shankardass House on the Government Road side of the City Square, opens today after being under construction for just over a year. Built at a cost of approximately £120,000, Shankardass man who has financed it, Mr. Shankar Dass, proprietor of Spharar Dass and Sons, 134/5 Nairobi music stores.

Standing on a site, 140 ft. by 180 ft., it houses shops on the ground and first floors and offices on the next three floors. The top storey is to be used as a flat.

Designed by the East African Standard Ltd. and the United States Information Service, has taken over a ground floor shop to use as a library.

A lecture on the first floor is a Chinese restaurant, said by Mr. Shankar Dass to be unique in Nairobi. Many applications were received by Mr. Shankar Dass for shops and office space, but these are still a few.

£7,000 health centre opened in S. Nyanza

A health centre was recently opened to treat the sick and rather to teach people how to keep healthy, and County Council, Matron, Miss L. N. Kibugi at the opening of a new £7,000 health centre at Ngara, in South Nyanza.

One of the shops on the ground floor has been taken over by Shankar Dass and Sons, whose former premises were on Government Road. Three shops on the ground floor and two on the first floor have

is an important factor. Mr. Shankar Dass says, because when it comes to built and straight a great deal of work by the City of Nairobi.

Mr. Shankar Dass, who has been most educated in Kenya, his father having arrived in the Colony in 1909, has long had the ambition to own a commercial house.

"Given to my home, and think it has a very bright future," he said. "Now I am showing the confidence I have in the country by opening a Shankardass House."

"Finishing off"
The architect, Mr. James Rogers, said that though Shankardass House was a modern building architecturally, it had no really unique features because of the restrictions placed on the design of structures in the City Square by the

People at the health centre, which means the Zambur District, will no longer have to endure the long journey to the health centre. Weekly testing of the strips is to be done, and a stock of the strips is to be kept at the site of the centre.

SOUTH AFRICANS LEAD ON FIRST INNINGS

D'Oliveira just fails to complete century

The South African middle-order batsmen were in ground, Nairobi, yesterday. Quick re-signing enabled them a fortnight to declare at 200 for seven wickets, giving South Africa who were all out for 213 in their first innings on Saturday, had scored 94 without loss in the second innings.

For the batsmen, D'Oliveira was the only one carried on 50 runs in 41 minutes and reaching 135. Abraham reached his 50 in exactly 90 balls in 28 minutes.

Saturday's honours

On Saturday the honours went to East Africa, who won the first Test match by 215 runs. It was a somewhat surprising first for the visitors had lost the second of the two Tests and had only 22 runs for the second innings.

East Africa scored much of their batting success in the first half of the match. Kenyon, the Kenyan captain, scored 44 runs and scored drives to leg side and getting drives to leg side. He was dropped by Peter Johnson. The batsman, who had scored 14 runs in the first Test, was dropped by Peter Johnson. It looked like Peter Johnson was in for a long stay in the team, but he had to leave the team before the start of the second Test. He had to leave the team before the start of the second Test. He had to leave the team before the start of the second Test.

Van Rensburg beats Carlos in Melbourne

JOHNNY VAN RENSBURG, South African welterweight, has defeated his opponent, Australian lightweight, in Melbourne.

After the fight, van Rensburg said: "Now I am ready for Barney Barnes." He recently lost the Empire title to George Barnes of Australia, from whom he had won it in Salisbury, Southern Rhodesia, last May.

His bout with Carlos was always the aggressor, and he won by his two-faced strategy. He was always the aggressor, and he won by his two-faced strategy.

ARSENAL GO TO TOP OF WOOTMAN DIVISION 1

Favourite wins the St. Leger pips Hunt.

ARSENAL, one of the glamour clubs of English football, are back at the top flight leading the League's First Division. They thrilled a 60,500 capacity crowd at Highbury with a well-merited 3-1 win over their North London near-neighbour, Tottenham Hotspur, and displaced West Ham as the First Division pace-setters.

Arsenal, now managed by their former goalkeeper, Dudman, have won five of their last six games and have demonstrated their goal power by scoring 22 times in the process.

Well matched Tottenham, still struggling to find their form of last season, were well mastered by centre forward, Albert Holtz, who scored twice in the second half. Arsenal led 1-0 at half-time through a goal by winger Nutt.

HARRY WOOTMAN won the British match play professional golf championship at Walton Heath.

In the 18-hole final, he defeated Sir Brian Hunter, top scorer in the British Ryder Cup team, and Bernard Hunt, top scorer in the English final season, over a mile and three-quarters at Duncraig.

Wootman, 37, made a brilliant start by winning the first four holes, but Hunt struck back to win three of the next four, turning two up. Wootman had but 10 holes left to beat.

WORLD ASKED

Mr. Vassal's ECONOMIC future benefits TRADE CONFERENCE

Kenya's Minister for Finance, Mr. Vassal, appealed to the Commonwealth Trade and Economic Conference in Montreal yesterday to recommend that East African applications to self-government be deferred, economic help now available to the colonies would be lost through their own failure to assist in the task.

He told the opening session that in order to build up the economy, East Africa must sell its agricultural products at reasonable prices in order to buy the goods needed for the development of those services the people and economy needed and desired.

Requests for fair deal
Mr. Vassal's speech, as in similar vein to those of the other predominantly agricultural members of the Commonwealth, in which he deplored the report of the conference in order to build up their economies. Each one asked for a fair deal in order to raise their economies.

The New Zealand Finance Minister, Mr. Northcote, said he would call for a world-wide and agricultural Finance Minister of the Commonwealth. Mr. Northcote said the means must be found of retaining the products of raw materials. He also pointed out that the smaller members from the Australian Deputy Prime Minister and Minister of Trade, Mr. McEwen, who said the stabilization of the economies of the underdeveloped and primary producing countries was an absolute necessity. Those nations who were to plan their development and increase their standards of living with that confidence which was covered by Mr. Vassal's speech, which was commended by the Finance Minister of India and Tanganyika, who called attention to the need for a system of international trade.

COLONIES' TRADE OF BENEFIT TO STERLING U.K. aid not a 'one-way flow'

British Minister of State for the Colonies, the Earl of Perth, told the conference that the colonies' trade was much of it of great benefit to Great Britain. That Britain's aid, which worked out at about £100,000,000 a year, consisted of a one-way flow.

He said Perth said he was confident the colonies would continue to play a full part in the expansion and spreading trade of the British Empire. He said the rest of the Commonwealth was to be benefited by the aid of the colonies. He said the colonies were to be benefited by the aid of the Commonwealth. Suez Canal surcharge in operation

The three per cent extra charge for use of the Suez Canal to meet the cost of clearing the waterway in 1957, began yesterday and will continue for three years.

The surcharge, which is to be paid to the United Nations, was paid to the U.N. General Assembly in December last year and will be used to reimburse the 11 countries which contributed to the waterway's clearing following the Anglo-French invasion in the Suez Canal.

No need for increase in price of gold

The British International Monetary Fund said in a staff survey yesterday there was no need for an increase in the price of gold.

Mr. Per Jacobsson, managing director of the fund, said in a forecast that the 100-page study did not necessarily represent the views of the executive directors.

ONE of the last eight ships of her type left in the world, the Norwegian windjammer Christian Radich is seen above at Gravesend, Kent. The Christian Radich was built in Norway in 1927. Three years later, the Germans took her over and scuttled her at Kiel where she lay until 1947, when she was raised. She carries a crew of 74 cadets, with 12 officers.

Left, the Grimsby trawler Northern Foam arrives home after an eventful voyage to the fishing grounds off Iceland. Boarded by men from an Icelandic gunboat she was later freed when the Royal Navy frigate Eastbourne came to her rescue.

2,046 National POST-TRONIC MACHINES NOW IN USE!

The *National* POST-TRONIC has records of savings based on use in banks...both large and small...

THE ONLY ELECTRONIC POSTING MACHINE THAT...

1. Has proved itself in actual bank installations throughout America for over a year.
2. Has 2,046 machines now in use in 544 banks in 42 States, Canada and Alaska. 188 are now in daily use in New York City alone. (as at May 25, 1959)
3. Has a record of savings based on these nation-wide installations.

SAVINGS REPORTED BY BANKS FROM ALL SECTIONS OF AMERICA RANGE FROM 50% TO 66% ANNUALLY ON THEIR INVESTMENTS IN THE *National* POST-TRONIC!

In most banks ONE POST-TRONIC is replacing TWO conventional posting machines!

Here are some of the reasons for these savings:

- electronically verifies proper amount selection
- electronically selects correct posting line
- electronically picks up and verifies old balance
- electronically determines "over" or "overdraft" balance pick up
- electronically picks up and verifies accumulated check count
- electronically detects accounts with stop payments and "holds"
- electronically picks up, adds and verifies trial balance
- electronically picks up, adds and verifies balance transfers
- and what the POST-TRONIC does electronically, the operator cannot do wrong!

ANXIOUS MOMENTS FOR TOURISTS

Abrahams knocks boundary to win

THE South African touring cricket team won the second test match against East Africa by seven wickets at the Sikh Union ground, Nairobi, yesterday, but not before they had experienced some anxious moments. Set to score 80 runs in two hours the visitors lost three wickets for only 25, two of them in one over by Stanley Sleggs. It was left to general Abrahams to knock off the necessary runs. Abrahams took the winning hit with a crack, but lost through the cover of O'Connell.

East Africa collapsed in the second hour, being hit for three in their second innings at Nairobi, and were all out for 100. Chief damage was again done by Sleggs who claimed 10 wickets for 56 runs to make his match analysis eight for 84.

Catch goes begging
East Africa were able to go in to match five runs ahead because of a steep first wicket partnership of 52 by R. D. Patel and Gidjoo Abinet. Both batsmen played a number of loopy shots, but the tourists were strongly tactical in the field and the chances of a high west being.

Patel was the first to go, but before O'Diviera's first ball of the day after making 51. The net run in East Africa with the departure of Gidjoo Abinet when his wicket fell at 72. Four wickets fell in the addition of only six runs. The West Indies made 22 between Sleggs and Abrahams which made the final score respectable.

Lowly first innings
Miss Ann Rose Lowry scored 11 runs with her father, Lowry, who completely defeated the children's Bhole tourneys at this golf Club tournament. The score of 31. Her sister Alicia, who was partnered by her mother, Mrs. B. Lowry, was second with 28 set. There were 12 entries.

B. O'Diviera, the South African captain, is struck by R. D. Patel, the East African wicket-keeper, when he comes down the wicket to try to drive O'Diviera scored 52 in the first innings.

Wanapili Rally won by Burton

Four of the six South African amateur golfers played their first round at Royal Victoria Golf Club at the weekend end. In the foreground, R. D. Patel and G. Abinet are seen in action.

SPRINGBOKS DISPLAY POWER GOLF

THE South African amateur golfers gave a Nairobi and District test an impressive glimpse of their power and skill when they won the six singles matches played at Royal Victoria Golf Club. Earlier the local side had won the four-omes by two games to one.

In the foursome, A. England drove off Mullins, who struck his game against the South African captain, J. Boyd, and D. Hitchman, with a fine South African, who had won the first five holes. The visitors, one under par over the course struck themself three down, but immediately struck back with a two two at the short

A 12-18 putt held by the District pair in the tenth and 11th holes, but the local side were unable to reduce the margin. Playing beautifully, England and Hitchman struck to win by two and two.

In the second game, Robinson, of Mullins, and A. Parkinson, of Sigona, put a display of modern power and all to rest in the opening hole and all to rest in the first three. Robinson, A. Parkinson, A. Stewart, who expended only 31 strokes over the course, won a victory for the South Africans by six and five, but the Nairobi DISPLAY, although beaten, were certainly no beginners. Walker, who Stewart went on to complete the round in 68, eating up a little after the match was struck by A. Shover and J. Reid, of Royal Nairobi, got away

to a somewhat shaky start. G. Taylor and J. Boyd, after a fine first round, however, were held on the ninth to the 12th to reach 11 and 12. The local side were to win by three and two, but in the afternoon twilight, however, there was a very different picture to be seen.

J. Boyd gave them a fine lead when he scored the turn in 22, the highlight of which was a magnificent stroke from the back of the green with B. Robinson trying hard for the hole. Playing majestic golf, he was comfortably by five and four and completed the round in 65.

Walker gave a beautiful shot when he played an 8-iron to the hole, but, however, refused to be rattled and held on until the first where Walker won by three and two, eventually being held in 70.

Full of rhythm
Hitchman, who is the former London possessor of a swing full of rhythm, beat A. Bruce by four and three and had been successful in bringing his share of the valuable prize, he would have enjoyed several shots on his round of 70.

England and Stewart had not exciting battle, but Hitchman, who was leading the 12th hole with a lead of three, but thereafter the South African applied the pressure to take the lead five holes and with a spectacular victory by two and one.

A PORSCHE driven by Burton and a Benz by Jumbali Rally with SS recently posted 120 fewer than the second car. The second driver by Little and Novick-Liberman.

Presented at the rally by Cliff and Cliff and Burton was fourth by Brown and Farnell with 1,200 points was placed fifth. There were 12 classification, five were withdrawn. The Porsche and Benz were 120 fewer than the second car. The second driver by Little and Novick-Liberman.

Rest of the world sport
Baron G. de Walther's victory over the rest of the world at Longchamp.

Britain overwhelmed France in the two-day 'Whitton' match. The French won by 128 runs and the second wicket by 59 to 30 and the women by 59 to 30.

Police draw with Impala
In Glazebrook Cup matches, as expected, proved far too strong for the Kenya, but won easily. The Impala, who had a lead of 100, but was held on the ninth to the 12th to reach 11 and 12. The local side were to win by three and two, but in the afternoon twilight, however, there was a very different picture to be seen.

I like

THE ORIGINAL

Requires originals by unknown artists. The delightful humour of engraved sculptures. I like engraved sculptures. I like engraved sculptures. Making models of real chains. I like deep violet against pale Mac Foot seasoned with rare spices. I like a little restaurant with a complete lack of decor that is almost arrogant. And the most excellent and well converted food. I like the idea of doing being, nothing to distract from the perfection of the meal. And the fine old Scotch they serve there. Great's—poured with almost appreciation from the tall tanglebird bottle.

BRITISH GROUP FOR REFERENCE OF FORMOSA

Americans hope to limit commitments

U.N. DEBATE LIKELY

An American Marine air group has arrived in Formosa to take part in the island's defense, a Command and the United States Defense spokesman said yesterday. The group is equipped with Douglas Skyraiders and F-4 Fury jets, which have a top speed of more than 1,400 m.p.h. here and also arrived in Formosa from North America.

The United States Secretary for Defence, Mr. McElroy, said in Norfolk, Virginia, that the Formosa area would probably be limited to "sea and air" military leaders will be limited to the deterrent manner. Ground troops were not likely to be needed.

Indian backing for Peking

It was expected in New York that the Formosa crisis would dominate the news agenda of the United Nations General Assembly, which opened there yesterday for the admission of Communist China as a United Nations member.

Meanwhile, in Warsaw, where the American and Communist Chinese Ambassadors to Poland are meeting on the dispute, it was reported that their first session was a sign that matters were being taken to a higher level between the two countries. In Washington, the State Department spokesman said the purpose of the talks is "to try and bring about a situation where force will not be used to settle the dispute."

Challenge to delegates at Commonwealth talks

DELEGATES to the Commonwealth Trade and Economic Conference in Montreal yesterday were reminded by Canada's Finance Minister, Mr. Finlayson, who was speaking as one-quarter of the world's trade.

Mr. Finlayson called this "a challenging and sobering thought." He went on to say that the results of the conference will be felt by millions of people in the Commonwealth.

The conference is regarded by delegates as the most important event in the Commonwealth since the formation of the organization.

OUTPLAYED E.S.L. romp home to 8-2 victory

A DICK Command football team proved on match for the Birminghams Senior League XI in their Battle of Britain charity match on Monday. Birminghams won 8-2 after trailing 6-0 at half-time. The team from Aden were obviously fazed by the effects of the altitude and were man for man outplayed by the home side.

Triumphant season for Surtees

JOHN SURTEES, 24-year-old motor-racing champion from Calne, Wiltshire, has won the 1959 world championship for the 1000 cc. world championship class. Surtees triumphed at Monza by winning both classes in the Italian Grand Prix.

South Africans win at Lima

The South African rugby team has won its first test match since leaving South Africa in 1958. They defeated the Argentine team 14-10 at Lima. The match was played on a pitch which was in poor condition. The South Africans were led by captain John Smit.

SPORTS DIARY

R.F.C. (Rugby Football Club) vs. Bath (8.15 p.m.)
London (Rugby Football Club) vs. London Wasps (2.15 p.m.)
Leeds (Rugby Football Club) vs. Wakefield (2.15 p.m.)
Yorkshire (Rugby Football Club) vs. Bradford (2.15 p.m.)

Aden were man for man outplayed by the home side. The B.E.L. team were in front after only ten minutes play when Surtees had scored through a hole in the defence. The home side were never in danger of losing the match.

FEARS OVER NATIONAL HUNT RACING

The National Hunt Committee writes "Black Disasters" are very serious over the future of the sport in Kenya. Recently, at Nakuru and Limuru we have had a succession of accidents which have been particularly well-endowed races under these rules have appeared on the prospectus, and as often as not these races have failed to fill.

Ballymoss to remain in England for breeding

Mr. O'Brien said that of the 100 shares in the Ballymoss Stud which had been purchased by Mr. O'Brien and Mr. Williams, the remaining 80 shares would be retained by Mr. O'Brien. Mr. O'Brien would be managing the stud and Mr. Williams would be providing the capital.

WHEN WAS YOUR ROOF PAINTED LAST?
Roof painting can be an expensive business. So it's worth knowing that you can stretch the period between renovations by using Laykold. Laykold is an extra heavy-duty roof coating that forms a tough, durable "skin" of thousands right over your roof, protecting the ironwork against weather corrosion. Remember, Laykold is made specially for the job.
There is a Laykold product for every waterproofing problem.
