**MOSLEM OPINION BACKS BRITAIN**

**"New Order" And Racialism Would Be Opposed**

**INTERVIEW WITH PRINCE ALY KHAN**

THE second visit of Prince Aly Khan—hair of Hell, the Aga Khan—in East Africa is of particular interest at a time when Moslem opinion is the world over in favour of the Allied war aims. An representative of the opinion of the Iemalla Moslems, some 400,000 in all, is Prince Aly Khan, who has travelled an Empire running from the shores of the Mediterranean to the Arabian Sea, and whose influence throughout the Middle East, and the Arabian world in general—his position is an enormous responsibility.

The Iemalla community has considerable minorities throughout Central Asia, the Caucasus, the Balkans, India, their majorities in Bosnia and East Africa, of whose (from) irremediability as "traitors" he has considerable weight in common and, as representing a moderate but consistent religious element, their effect upon Moslem opinion in general is greater than might be believed from their mere numerical strength.

They have a natural predilection for the British Empire, and the freedom and liberation of the wide region, particularly which is an outstanding characteristic of all countries forming a part of the British Commonwealth.

**Interesting Anecdotes**

Prince Aly Khan, who is accompanied by the Princess Aly Khan, is attached to the British C.M.G. Middle East. He also served for a year after the outbreak of war on the staff of General Wavell, in Syria where, incidentally, there are 65,000 members of the Iemalla community.

In the course of an interview with the East African Standard, the Prince gave some very interesting sidelights on the trend of Moslem opinion, more particularly in the middle Eastern countries and those in Asia Minor, as far as the leaders of the Arab world and the Middle East, together with the fact that probably contains the largest cohesive body of Moslem opinion exist and reside in India in this connection.

Asked what the general viewpoint was, the Prince replied in a question that cannot be answered in a few words. As a British Officer, I am precluded from saying a great deal about the general opinion of the spiritual head of several millions of Moslems, but he has certain opinions which cannot be overlooked.

"It is a general view to Middle East opinion for the countries comprising that portion of the world which are their own problem, political, social and economic, and the general analysis difficult. In one important thing they have common feeling ground, however, the same religion they are following, the same respect of all religions—do give them common views."

**Disparity With Allied Aims**

"There is little doubt that the Moslem viewpoint and sympathies with the aims which we are advancing in the present struggle against a tyranny whose intentions are obvious—world subjugation to a central hegemony."

"I do not think, however, that it is always clear, realized just how damaging and far-reaching Axis propaganda was before the War. Egypt, Palestine, Syria, Iraq and Iran, as well as the Arabian countries from Trans Jordan to the Yemen, were subjected to an intensive propaganda that was as cleverly as it was unscrupulously directed."

"To try to forecast events in the Middle East is to try to forecast the future of the world as we know it at the moment. An unstable situation in the Middle East is a danger to the stability of the present regime."

"The Moslem viewpoint is in favour of the British Empire, and the freedom and liberation of the wide region, particularly which is an outstanding characteristic of all countries forming a part of the British Commonwealth."

"The Moslem viewpoint is in favour of the British Empire, and the freedom and liberation of the wide region, particularly which is an outstanding characteristic of all countries forming a part of the British Commonwealth."

**East African Problems**

"The East African situation is a complex one, and I hardly feel competent to say much at the moment. I can only say that I have seen, and observed a really enormous effort on the part of the British Government—and particularly the Ministry of War—to do the best for the people of the East African territories. There is a great realization that their own happiness and prosperity is bound up with that of the East African people as a whole. They regard themselves as partners in a joint undertaking and they understand that the welfare of the whole East African community is maintained by a far greater measure of cooperation and sacrifice, characterized some of the best of the human spirit."

**The Myth of Dominion**

The British were represented in these proceedings as a people who had no political aims, and whose only desire for peace, justice and political freedom was a natural result of their position as a subject people. They are a people who are naturally loyal to the British Empire, and whose only desire for peace, justice and political freedom is a natural result of their position as a subject people. **More "New Order" Atrocities**

**SABOTAGE REDUCES NAZI OIL SUPPLIES**

November 14. Reports reach London every day of further atrocities by the Germans in the occupied countries of Europe in which they are hoping to establish what Hitler calls his New Order.

Here are some of the latest atrocities: In Czechoslovakia and in the German-occupied Poland, five people have been sentenced to death in Czechoslovakia and they were hanged yesterday in Brno, having been accused of economic sabotage.

Moscow radio states that Dr. Matich, the Croat leader, has been sent to a concentration camp in Austria. In France, more so-called collaborators have been sentenced by court-martial. Al Lorenz was condemned to death and several were given life sentences.

**Sabotage in Rumania**

According to a communication issued in Moscow, sabotage in the Rumanian oilfields and refineries has reduced the supplies to the German army by between fifteen and twenty per cent of the estimate.

Communist Mr. Marinov, was Mr. Frank in Berlin on Wednesday. The Nazi news chief said that development of the petroleum industry was the underlying factor in German and Rumanian trade relations, and that both countries were engaged in a common cause.

Mr. Marinov said in reply that he was sure a solution would be found that would adequately repay Rumania for her sacrifice in blood and toil. (Herald.)

## U.S. Labour Crisis

November 16.  
President Roosevelt had another labour conference at the White House on Saturday in connection with the labour crisis and the threatened strikes, when he met the mine owners. The miners have agreed to continue working the mines while the present negotiations are in progress. United States troops have been ordered to stand by for duty should the strike develop and the situation become even more critical. (Reuter.)

## GERMANS HELD DURING SEVERE FIGHTING

(Continued from Page 1)  
miles. The general position appears to be as follows.  
On the Leningrad front the five bombers were powerfully over the land troops on the Russian side.  
Moscow reports heavy fighting in the Tikhvin area east of the city and the Germans have concentrated considerable forces.  
On the Moscow front the weather is bitterly cold. To the northeast of the capital savage fighting is going on in the streets of Kalinin. The Germans are relying largely on air transport for supplies as Russian tanks have cut the main roads.  
At Tikhvin the Germans are still trying to double-revolt Finland to capture the town.  
Winter Sets In  
In the Donetz Basin winter with their loss in and Moscow says that the German offensive has been checked in the south. At Rostov also they are holding the Germans off the Donets. From the Crimea no change is reported although the Russians do not dispute the relative superiority of the position there.  
On Friday German bombers attacked Moscow in daylight and in the course of the raid lost 21 machines.  
The Russian communications also reported that between Monday and Wednesday Russian ships in the Baltic sank a further four enemy transport vessels totalling 30,000 tons. A U-boat was sunk by a mine in the Gulf of Finland.  
Landed-Land AM  
Mr. A. Harrison, the Lanes-Land expedition, who landed the United States steamer to Moscow, left New York on Friday by Clipper for Lisbon. He returned to Washington from the Moscow Conference four weeks ago to report to the President.  
Prior to leaving New York for Britain, by Clipper air service, Mr. A. Harrison reports that secret supplies had already been sent to Russia from Britain and the United States and added that more would follow. Russia, he said, was making good use of the supplies so far sent and would, he was convinced, continue to make good use of them.  
It is learned from Moscow that on Thursday night M. Stalin received the Polish Ambassador at the Kremlin when they talked for two hours. M. Molotov, the Minister for Foreign Affairs, was present. (Reuter.)

## PARENTS' ASSOCIATION FORMED

There was an attendance of about 50 parents in the meeting of the Nairobi Grammar School Parents' Association which was held in the school hall on Friday evening at 8 o'clock.  
Mr. G. Hagan presided, and the meeting considered the suggested plan of the Association.  
It was agreed that the rule governing the quorum necessary for the transaction of business at any general meeting should be altered from "40 full members" to "25 full members."  
The meeting also decided that the Prince of Wales School and the Girls High School should be informed of the formation of the Association and parents of pupils attending these schools invited to join. It was anticipated that the two schools would, in all likelihood, return to Nairobi in the near future.  
A general meeting of the Association will take place in February.  
The following officers were elected: President, Mr. A. Leggett; Vice-Presidents, Mr. D. Gannett, Mr. H. H. D. Archer; Committee, Mr. H. M. Drake, Mr. A. L. Wood and Mr. W. Moran, together with those members to be selected from school sections.  
Mrs. Dixon, Box 400, Nairobi, has agreed to act as Hon. Secretary until the next general meeting, and anyone interested in the association is advised to communicate with that address.

## ACTIVITY OF R.A.F. RESUMED

Naples and Germany the Chief Targets  
November 16.  
Targets in northern Germany were attacked by the Royal Air Force last night taking advantage of the slight improvement in the weather. Our bombers were also over Northern France during the night and aerodromes were seen and explosions heard from the sea in the near future.  
Spitfires and Hurricane bombers were over Northern France on Saturday making low-level attacks on their targets, a building in the Cherbourg area was left in flames, a factory was taken from roof to ground and an oil dumper was set on fire. Polish fighters took part in the operation. Two of our fighters are missing.  
Flak Ship Techniques  
Naples has had another rough night by the Royal Air Force. Reports state the heavy bombers battered the marshalling yards, the aircraft factories and the power station. On the same night other bomber forces attacked the stations at Syracuse and the railway station at Syracuse, in Sicily.  
British fighter pilots who specialise in the destruction of enemy planes have already destroyed eleven, probably sunk another fifteen and damaged eighteen. A Squadron Leader giving these figures today said that including these ships, was the going into a snowstorm. They often had to be sunk before our bombers could get at the main ship they were attacking.  
Naples Raid  
A Middle East communiqué gives details of an early raid on Naples which, it says, was again successful. The communiqué says that members of the Royal Air Force during Tuesday night. Large fires were started in the marshalling yards and along the railway. Bombs were also seen to fall on an aeroplane factory and particularly violent explosions occurred when it exploded. A power station was hit. The weather here and the railway station at Syracuse in Sicily were also attacked. Fire was visible 20 miles away after the attack.  
On the same night objectives in other areas were attacked. At Benghazi the stores and marshalling yards were bombed. One of the largest fires which burst in the marshalling yard extinguished three searchlights. Stores and motor transport were also bombed at Derna.  
Other Operations  
Maryland Bombers of the South African Air Force attacked and dispersed the Italian aerodrome on Thursday. Here dust storms made the visibility bad and although the bombs appeared to fall among aircraft the damage could not be assessed. During the morning other Marylands of the R.A.F. attacked the barracks and dispersed aircraft at Bekeas aerodrome. A British plane was obtained on the ground.  
In Abyssinia on Tuesday the South African Air Force bombed the main machine gunners' position at Frevater on the northeast front of Lake Tana. Troops were hit and a machine gun post abandoned. From all these attacks only one of our planes are missing. (Reuter.)

1941 when the British Queen was offered the title of Empress, but the honor was declined because of the unfavorable report of the spy-master and his position on the spot. Report on the "United" condition of the Queen could be other than very unfavorable. The fact that the Queen was offered the title of Empress was a very delicate matter, and it is not surprising that the Queen was offered the title of Empress. ## Kenya Budget provides Taxation

### Income Tax and Company Tax RAISED

Increases in Income Tax which will start at 2/- per £2 on the new £250 of chargeable income in 1946.

On incomes of more than £2,000 a year a surcharge of 4/- per £100 is to be levied.

Company Tax increased from 3/- to 4/-.

Surcharges on a list of imported articles mainly non-essential. These include increase in duty by 50 per cent on spirits such as brandy, whisky and gin equivalent to an increase of 7/6 per bottle.

Surcharge on duty on cigarettes which will increase the retail price by about one cent per cigarette.

Surcharge of 66 2/3 per cent on the present duty on petrol, but a corresponding reduction in petrol tax to prevent an increase in price.

Surcharge on kerosene duty equal to about 11 cents per gallon.

100 per cent surcharge on present duty on such items as wooden slipper shoes, beads and wire used by natives for ornaments.

Increased excise duty on local beer but no change in price.

In the motion of Mr. W. Harrison, Secretary General, the Standing Committee has approved the proposed budget and the Finance Bill. The Finance Bill provides for the following changes in the present rates of income tax and surcharges on the first £250 of chargeable income by one-third in 1946 and by two-thirds in 1947. The new rates will be 2/- per £2 on the first £250 of chargeable income up to a maximum of 10/- in 1946 and 12/- in 1947. The increase in tax on income up to a maximum of 10/- in 1946 and 12/- in 1947 is to be levied on the first £250 of chargeable income.

## Singapore Must Be Captured Says Japanese Admiral

### SPECULATION ON WAR IN PACIFIC

LONDON LETTER: This is a road running to Bantua, but been opened. There is a small railway from Bantua to the coast. It is a great satisfaction to the fact that the casualties were practically nil, and as the First Lord of the Admiralty said at Liverpool, we were advised the Ark Royal as we advanced the flood.

The details so far in Parliament have been most encouraging after Mr. Churchill's statement that there would be no change in the Ministry of Aircraft, but in fact, it is in this way that much can be said with absolute certainty as that which the production of munitions is being carried out in the East. The Japanese are making a great effort to achieve a very early landing on the Eastern front and have been held for 10 days. In particular, they have been held at the point of their attack on Moscow now almost a year.

The military correspondent of the New Chronicle says that there is a very strong possibility of a very early landing on the Eastern front and that the Japanese are making a great effort to achieve a very early landing on the Eastern front and have been held for 10 days. In particular, they have been held at the point of their attack on Moscow now almost a year.

## FAMOUS GERMAN ACE DEAD: KENYA VISIT RECALLED

November 14. Berlin radio announced this morning that General Ernst Dietrich, ace pilot and German ace pilot, died yesterday as the result of wounds received in the last war and was recalled to his home in the East. General Dietrich was a famous flyer in the last war and was recalled to his home in the East. General Dietrich was a famous flyer in the last war and was recalled to his home in the East.

**WHAT A MAN**  
expects  
of a wife

He wants a home, and companionship. And the greatest of these is companionship. He may have considerable funds but most of his time is spent with his wife. His conduct, his pleasure, his personal interests, his children all naturally bound up with her. And, gives health, she should be the greatest contributor to his happiness. Without health the cancer he and his mother the hope to be. The cancer he the companion she ought to be.

Temperament and behavior, slowly allied, are mainly determined by health. If regular bowels, rich blood and free functioning mind the happy woman she can be, she will be a joy to herself and those about her. But if irregularities, impoverished blood and impatience with their attendant headaches and nervous disorders, they have never met make her miserable, she will fall far short of his hopes and satisfaction.

We want the Feluna message taken into homes where women rule.

Feluna has been compounded especially for them. Arches and pains, Anemia, depression, adjustable prostration, headaches, all directly due to impure functioning and impoverished blood are quickly corrected by the Feluna treatment.

A Feluna wife is a happy woman. She has Feluna Health. If she knows how to be a successful wife, Feluna will make her so.

The Budget

The exhaustive review which His Excellency the Governor of Kenya gave yesterday in opening the Budget Session of the Legislative Council has to be studied in the background of the situation in which the Colony finds itself today at the beginning of the third year of a world war which has not only expanded, but has brought to the fore, many of its problems and still more responsibilities. The traditional common to the Governments of Colonial Dependencies unfortunately demands these very different and often conflicting requirements for the framework for its task, whereas what the Colony requires today in its present frame of mind is a brief, enlightening, encouraging address which will help the public with the enthusiasm of the State, leaving heads of departments and the Council to wrestle with the details.

**Want To Help**

So much for the past, but what can we do for the future? To make much sense out of it, we must first know what the situation is. We all know that there is a want of it. We want to pay our taxes, we want to go to school, we want to get married, we want to have children, we want to live in comfort, we want to have a home, we want to have a car, we want to have a holiday, we want to have a pension, we want to have a gratuity, we want to have a salary, we want to have a wage, we want to have a job, we want to have a career, we want to have a life, we want to have a future.

to relieve some few difficulties of a small-scale farmer. The ultimate aim is to raise the standard of living and to improve the economic conditions of the rural community. The Government is doing its utmost to ensure that the small-scale farmer is not neglected, and that his interests are protected. The Government is also concerned with the welfare of the urban population, and is taking steps to improve their living conditions. The Government is also concerned with the welfare of the African population, and is taking steps to improve their living conditions. The Government is also concerned with the welfare of the Indian population, and is taking steps to improve their living conditions.

from military service before the end of the war, we have advertised the Legion is carrying out the task in close co-operation with the Central and Local Main Power Organisations, and the Provincial Training Commissions have advised, assigned their investigations to the various districts and to submit their reports at an early date.

**Finance**  
I will now turn to the financial position of the Government. It is observed from the statement issued at the Draft Session for 1942 that the total revenue of the Government for 1942 is estimated at K500,000. This is a considerable increase on the K375,000 for 1941. This increase is mainly attributable to a large increase in the Customs and Excise which is now expected to reach K200,000, and to the increased income from the sale of Government bonds.

The Government has also had to meet the increased expenditure for the war effort. This has resulted in a deficit of K127,105.

It will be recalled that in April last I indicated that the Government was working on the plan that the surplus on the disposal of the surplus would be re-invested in the light of the changed military situation arising out of the collapse of Italian resistance in Abyssinia.

In the light of this decision the question of further extension of expenditure amounting to a total of K120,000 has been recommended by the Hon. Finance Committee.

The Hon. Finance Committee has also recommended that the Government should continue to issue bonds to meet the increased expenditure.

ANOTHER CARD BLES THE DANCE

It is absolutely no truth in the persistent rumour that the Government intends to establish a sanctuary for hangers on either Kenya, Uganda or Tanganyika. In recent years hangers have grown increasingly rare, owing to the steady march of civilization and Rose's Lime Juice. The universal practice of mixing gin with Rose's Lime Juice, or drinking a straight glass of Rose's before bed, has doomed the hanger to extinction. It has gone the way of the Great Auk, and there will be no hangers by anybody's request. Rose's Lime Juice is the pure juice of the fresh lime. It contains nothing chemical or crass whatsoever. That's why Rose's costs a little extra, and that's why you gladly pay it. When you buy Rose's you're buying the real thing.

SPORTS K.D.F. ORDERS U.S. Coal Striked Worse

(By Rover) Owing to the fact that the United Services Sports organization have cancelled all their fixtures for the time being, there is not a great deal to write about this week. The weekend was very quiet from a sporting angle, the weather being mainly better in the evening than in the morning. It was unfortunate that the Crayke vs. Easton R.L.A.F. cricket match had to be cancelled. The only other fixture of the week was the return challenge match played on the Railway Club ground between 1 Divisional H.C. and E.A. 2nd Battalion. This was a real test fight as the 'Dev.' boys were all out to get their revenge on the Khepels, who had beaten them in the previous game. Although they tried their utmost they just could not manage a pull of a win. They lost first and were dismissed for 14, Eastons and Kimbrough being their top scorers with 18 and 14 respectively. I think Gains of the Khepels ought to be developed a nasty habit of not flicking off the balls without even touching the bat. Their opponents fared slightly better and passed their score of 49 runs with only 4 wickets. Their final total was 111. Morgan, the Blenheim wicket-keeper, retiring after making 53, Rush making 20 and Strickland making 24.

SOCCER: Our friends from Nakuru were unable to get on a field on Saturday and instead the United Services Sports Organisation are commencing the Imperial versus South Africa match on Saturday afternoon at 2.30 p.m. on the Railway Club Ground and the kick-off is at 4.30. The match will be a challenge match, the spectators should be well entertained for 1 hour. But this time, the Imperial are not going to lose the same by a shut out, as, as they did in the previous matches. Several new players will be seen on both sides, but this should not affect the enthusiasm of the fans. The South Africa will be very strong at central-half, Johnny Grant of the British Africans and Bobby, skip of Kenya Park, the famous Scottish Amateur Club, for the Imperial.

ENTRY FORMS: I have been asked again by the U.S.S.O. to ask all units to be sure to return the entry forms to the new listing not later than November 22, as after this date arrangements can be accepted.

RETURN OF SPORTS EQUIPMENT: This may sound like a 'fast and loose' column but actually it is important. Will all units who have any sports equipment, belonging to the United Services Sports Organisation, please return same immediately to a 'Q' Store. The U.S.S.O. has stated that as soon as all the kit has been returned and they have taken stock, it will be issued on order to the units who require it.

DANCE: The Dance I mentioned in last week's column will not be held on November 20, but on December 3. Tickets can be obtained on application to U.S.S.O., Stanley House, Harding Street between four o'clock and 6 o'clock. The dance, I understand, is being promoted for the purpose of raising funds for Sports Equipment as the demand for this is steadily growing larger and quite a good bit of the existing gear needs repairing. The dance, by the way, is to be held at the Nairobi Halfway Club. Every effort is being made to obtain permission for the South African Entertainment Unit Band so it looks like being a tiptop show.

MARINE BATTALION

Orders by Lt. Colonel F. C. G. Stratton, Commanding Officer, Marine Battalion, Kenya Defence Force. Authority for publication and circulation granted by the Director General Orders No. 147/1282 of 11th Nov. 1942.

PART I. ORGANIZATION. The K.D.F. under the General Officer Commanding-in-Chief, The East African Forces, is reorganized as a Battalion, Company and Platoon lists. To enable 'A' Coy of the Nairobi Battalion to complete their training, the following units are to be of Class I and Class II (i.e. full British age) and have attained the age of 18 years and are to include a minimum of 40 recruits and Volunteers of Class II/III the Kenya Defence Force in the Nairobi District. First Band, Nairobi at 16.45 hours on date stated below. Monthly periods will last about 14 hours. The following courses will not be carried out as detailed above:

- 1. Men volunteered under the provisions of the Defence Force Ordinance.
2. Officers, N.C.O.s and member residing at Limuru and Kiambu who parade under special arrangements.
3. The Staff of the Posts and Telegraph Department and members of other Public Services on duty at the time and date of the parade ordered, for special special arrangements.
4. Members on the ACTIVE LIST of the Special Police.
5. DATE AND ORDER. Men, the initial letter of whose Surnames are A to E inclusive will parade on Monday the 24th November, 1942. Men, the initial letter of whose Surnames are F to L inclusive will parade on Wednesday the 26th November, 1942. Men, the initial letter of whose Surnames are M to S inclusive will parade on Friday the 28th November, 1942. Men, the initial letter of whose Surnames are T to Z inclusive will parade on Monday the 1st December, 1942.

Officers and N.C.O.s—Peak Cap (if in possession) or Scout Hat. Service Jacket or Scout Shirt and trousers. Other coats—Civilian clothing or uniform if in possession.

MEDICAL EXAMINATION. Arrangements for the medical examination of all ranks who have not yet been medically examined will be made during parade hours.

COMPULSORY ENROLLMENT. The following return from Section 8 of the Defence Force Ordinance (1937) is published in the form of a notice not familiar with the Kenya Defence Force Ordinance (1937).

Subject to the provisions of this Ordinance every male British subject, both of whose parents are of European origin or descent, who has attained the age of eighteen years and who is ordinarily resident in the Colony shall be liable to compulsory military service after the commencement of this Ordinance or of attaining the age of eighteen years or becoming a resident as provided as the case may be, shall be deemed as a

**GERMANS FAIL TO CROSS THE VOLGA**  
 (Continued from page 1.)  
 An Rush  
 Today's German counter-attacks against military targets in both the Don and Leningrad were mostly without result.  
 In the southern front, which includes the Donetz basin and Stavropol, the Don and the Crimea; there are reports of Russian successes. A correspondent there says that Russian aircraft shot down a Heinkel on Monday and re-occupied several villages.  
 In another sector of the front the Russians are said to have advanced four miles, driving the Germans out of the village.  
 It is believed in London that the Germans apparently are renewing their offensive in the Donetz basin. Mr. Lazarus says that the British command, and today that Kurch in the Donetz basin is said to have captured the town. He added that fighting is still going on in the approaches to Kurch.

**Insulase**  
 Moscow radio says today that an epidemic epidemic has broken out among the German troops on the front in the vicinity of Moscow.  
 Moscow radio described how Russian planes are available in the rear a powerful fleet of war planes from America. Soviet pilots are now fighting with these planes. New deliveries are arriving from America and Russian reserve flying troops will be large with them.  
 Big supplies of wheat are being brought by Britain and the United States. It was announced that the British Government has made another loan to the U.S.S.R. to buy wheat valued at about £25,000,000. It is believed that at least part of this purchase will be sent to Russia where every wheat is being made by these means to deal with the urgent and largely wheat problem of feeding the population, so many millions of whom are suffering in the U.S.S.R. The Ukraine crop, normally of very high quality, is said to be short, and supplies, was almost completely destroyed by the severe earth-quake which accompanied the Russian invasion.  
 Mr. Averell Harriman the American expert who arrived in London early yesterday said that America was spending up supplies to Russia, but admitted that they had a job to keep up with what Britain was doing.  
 Mr. Harriman said that the revision of the Neutrality Act was an indication of the determination of the American people to supply the needs. The Russian people, he said, would fight on; they would never give up.  
 The party arriving with Mr. Harriman was Mr. R. E. Dixon, Lord Privy Seal, and Captain Blair, under-Secretary for India (Deputy).

**Dramatic Tribute From Member Of The BRITISH NAVY To Yeast-Vite**  
 "I Feel 100% Better"  
 In the good days of Peace it used to be  
 "Join the Navy and save the World"  
 "Now It's—  
 Join the Navy and GUARD THE SHORES OF BRITAIN"  
 And the Men of the Navy are the finest in the World.  
 Men of the strongest, men of the finest, but still men. Men who cannot help feeling the S-T-B-A-N. Men who can do with a real good tonic from time to time. Read the letter below. It is brief, typically so, but it speaks volumes of the great health benefits of the Great Quik Tonic, Irving's Yeast-Vite.  
 Royal Naval Dockyard, Dec. 31st, 1940.  
 Dear Sir,  
 I am pleased to tell you that I feel 100% better, thanks to Yeast-Vite tablets. I hope during the coming year the people who haven't tried your tablets will do so, and I am sure this will work be a year of nerves for them no longer.  
 Yours truly,  
 [Signed] S.S.  
 'This letter points a Moral for 1941.  
 Keep up your health and strength.  
 Resolve never to suffer from HEADACHES, never to let INDIGESTION get the better of you, never to let your life be spoiled by WEAK NERVES, RHEUMATIC PAINS, CONSTIPATION, or any of the common daily ills which take such a toll of health and happiness.  
 Rely on Irving's Yeast-Vite, and Irving's Yeast-Vite will not fail you. Get a bottle from any chemist and prove for yourself how this Lightning Tonic acts QUICKLY, SURELY, CERTAINLY.
