UGANDA CRICKET SIDE SELECTED

To meet Kenya next week

FOR their match with Kenya at Nakuru Stadium, Kampala, on November 5, the Uganda Cricket Association has made four changes from their tour to Tanganyika. At Dar es Salaam, earlier this month, they have been made to ensure that strongest possible side takes part in the field against the Colony's side. There are to meet at Nakuru, but Tereza, Bauri, Fernando, and C. D'Almeida have all been dropped in favour of Wild, Handley, Johnson and Quaid.

The batting order will be: C. D. Handley (Kampala Sports Club), D. Johnson (Kampala Sports Club), W. J. Wild (Kampala Sports Club), L. J. Handley (Kampala Sports Club), C. D'Almeida (Kampala Sports Club), and C. Handley (Kampala Sports Club).

The Kenya Cricket Association states that these changes are to be made for Kenya. The changes are: C. D. Handley will be the captain. The batting order will be: C. D. Handley, W. J. Wild, L. J. Handley, D. Johnson, C. D'Almeida, and C. Handley.

DR. CRAPANZIER CRITICISES THE 1949 ALL-BLACKS

'Darling outlook' led to Test defeat

DR. DANIEL CRAPANZIER, himself a famous South African Rugby Union international, has started a lively controversy as a result of comments contained in his book "Springbok Story, 1948-53" published this week. He writes that although the 1949 All-Blacks were the strongest team to tour South Africa in his time, they failed to win a Test through developing a warped, negative idea about themselves.

MINISTER GIVES ASSURANCE TO KENYA FARMERS

Fears of over-control by technicians unfounded

WHEN he replied to the debate on the Second Reading of the Agriculture Bill, in Kenya Legislature last night, the Minister for Agriculture, Maj. F. W. Cavendish-Bentinck, said that farmers' fears of over-control by technicians were unfounded.

Referring to a point raised by Lady Shaw (Chamb), he said that in the early days it often happened that experts were trained for other industries. That was not true today "I must say that the Kenya Agricultural Department by stating that technicians were being recruited, has not only not shown that it was not very much appreciated by farmers in this country...

The Minister said he was unable to accept extensions that surplus maize should not be exported, not because of the policy of the Government but because of the fact that the Colony's big producers are not interested in surplus maize. He said that a step would be taken to ensure that surplus maize should not be exported.

Right of appeal in law Mr. Stale had had particular views on this subject. He said that the Government should be allowed to appeal in law. He said that the Government should be allowed to appeal in law.

Iron out 'points in the future' The Agriculture Bill - which has been sent to the House of Representatives of the Kenya Legislative Council for its second reading...

There was also much to be said for the Government's proposal to allow the Government to appeal in law. He said that the Government should be allowed to appeal in law.

Dealing with the Agricultural Department, he said that the Government should be allowed to appeal in law. He said that the Government should be allowed to appeal in law.

The purpose of duplicating is to save cost

Are you saving all you might?

None '300' has been designed and produced not only to provide the highest possible standard of work, but to cut down waste. Many people overlook the merits of a duplicator, but it is the running cost which should most concern them.

None '300' will save you money from the moment the machine is installed - not much in fact that the initial cost is more than most recovered.

You obtain at least three times as much copy per 100 sheets as the ordinary duplicator. This means that you can produce more copies at a lower cost.

Double sized work is done without interfering in any way with the normal operation of the machine.

The operator can use the machine with one hand, and the other hand is free to handle the work.

The machine is simple and her handle are clean from start to finish.

The duplicator is the FULLY AUTOMATIC INK CONTROL.

SOCIAL EVENTS OUTSIDE NAIROBI

LAST Saturday's race

meeting at Thomson's Park was notable for two things; the number of people who came from outside to attend it, and the general attractiveness of the course.

RECTIFIED BY ROYAL ORDER
A CONSTITUTIONAL error which might have invalidated much of the legislation passed by the Northern Rhodesia Legislative Council, and possibly unseated many of the elected Members, was discovered in the Chamber when it was stated that the error had been rectified by special action of the Queen. It arose through the practice of elected Members holding offices of emolument under the Crown which might have debars them from sitting and voting in the Legislative Council.
