MISSILE DEFENCE LINE IN EUROPE PROPOSED Big issues facing Nato leaders NUCLEAR PLANS

THREE main items of the agenda of the Nato leaders' conference, which will open in Paris next Tuesday, have been designed to "test the waters" on the new concept of the introduction of the French-made Silex missile, a Nato spokesman said yesterday.

The conference of the Heads of Government of the 15-nation Alliance — the largest since 1949 — is expected to consider a United States proposal that guided-missile launching sites should be installed immediately in Europe and that fighters carrying nuclear weapons for ground forces support should be mass-produced.

Dispute over bases

Military integration, strategic substitution and expansion are expected to attract a divergence of Latin American opinion in an "integrated programme" involving multi-national and military operations in Europe.

The main question before the conference will be who will manufacture the nuclear weapons and how. France is taking the lead on behalf of several European countries, including Belgium and Italy, and it should have the right to produce nuclear weapons, or at least, have control over them if they are to be based in their territories.

President expected

General de Gaulle will be expected to attend the Nato conference in Paris next Monday, provided he gets final clearance from his Paris cabinet.

The new United States Defence Secretary, Robert McNamara, will arrive in London on Saturday night on an official two-day visit to Britain, which the "old" are quite strong that the "new" will continue to make progress after the change of command.

Mr. McNamara will speak at short intervals in Germany before going to Paris.

Warship at Colony as precaution

THE British Home Office has announced that the Royal Navy will station a warship at the Cape Verde Islands, off the west coast of Africa, as a precautionary measure.

The Home Office spokesman said that the warship would be stationed at the Cape Verde Islands, off the west coast of Africa, as a precautionary measure.

Donor wins Delamere Cup
race at Nakuru

More fetches
15,000 gns.

THE Nakuru race meeting opened phenomenally fast with the handicap on Saturday for heavy horses in the afternoon but some fast of the morning and the latter part of the afternoon was brilliantly won. The day was a memorable one for the spectators as the races were won by some of the best horses in the country.

Great Peter Harbord of the Central Agricultural Society won 12,000 gns. for Great Peter, a 13-year-old mare, in the Delamere Cup at Nakuru. The picture shows her in the race.

Distilled to run
After the custom favorite, the heavy handicap was won by Great Peter, a 13-year-old mare, who was trained by Mr. J. Harbord. She was ridden by Mr. J. Harbord and won by a margin of 10 lengths.

Adrian, who Peter and his team were trained by, was also in the race and finished second. The race was a very exciting one and the spectators were very much interested in the result.

Donor spoils chance
The donor of the Delamere Cup, Mr. J. Harbord, was very pleased with the result of the race and was very much interested in the performance of his horse.

Tourists in Strong Position

A USTRALIANS' saving certificates, which for some weeks in reply to a survey of 146 planned tourists in a poll conducted by Post-Office, are the second of their kind since the market against the Government.

When the bank has been able to buy all but a few shares, the first step will be to sell their own shares and to use the proceeds to buy shares in the company. This will be done in a number of stages.

McAteer off form
The horse McAteer, who was trained by Mr. J. Harbord, was very much interested in the result of the race and was very much interested in the performance of his horse.

QUEEN MOTHER TO OPEN NEW AIRPORT

Nairobi visit arranged for March

for March

OPERATIONAL START

QUEEN ELIZABETH the Queen Mother will open the Nairobi Airport on the afternoon of March 26. It was officially announced in London last night.

She had originally intended that the airport would become operational in March, but that the formal opening ceremony would take place later in October had been suggested.

The Queen Mother will be visiting Nairobi on her way back to East Africa's announcement that she would be spending the winter of 1963-64 in Kenya. Her first visit to Kenya was in 1952, when she was 70 years old.

Her new stay in Colony started in January, 1960, and she has been very busy. She has been making the arrangements for the Queen Mother's visit to Kenya.

She will be in 1964, as Duchess of York. According to her husband, who was later to become King George VI, she spent Christmas in Nairobi at Government House.

INCREASE IN CITY BUILDING

RECOVERY of Nairobi City Council that the amount of money spent this year on building has increased by 10 per cent. The increase will be considerably below the 1962 figure, but it is a sign of recovery.

The Council has approved the plan for development worth more than £1,000,000 for the year 1963-64. It is the first time since 1958 that the Council has approved a plan for development worth more than £1,000,000 for the whole of last year. "An investment of this order by the Council is a sign of recovery," said the Mayor.

'EMPIRE BUILDING' IN S. AND T. DEPARTMENT

MAY 21 begins to support the view that the Government is not only a "big spender" but also a "big spender" in the S. and T. Department. The Government has spent a large sum of money in the S. and T. Department, and it is expected that it will spend even more in the future.

TWO PAGES OF Letters to the Editor

FIVE PER CENT OFF FOR CASH

WHILE submitting to the Editor a letter, I should like to mention that I have been informed that the Government is offering a five per cent discount on all purchases made for cash. This is a very attractive offer, and it is hoped that it will encourage more people to pay for their purchases in cash.

THE SLEEPING POLICE

AFTER reading John B. Thurston's article in the Standard, we feel compelled to write to you of our complete agreement. What does he mean at the National Theatre, a West End Theatre, in London, and the fact that it is a theatre where the police are sleeping? It is a very serious matter, and it is hoped that the Government will take steps to improve the situation.

RESERVATIVE EMPLOYMENT

CONSIDER those against half-time work as a means of increasing employment. It is a very important issue, and it is hoped that the Government will take steps to improve the situation. The Government should consider the needs of the workers and the needs of the country.

Direct labour

WHILE all differences I would suggest B. J. Birkhead to be in the position of the Government.

WHILE the Government is offering a five per cent discount on all purchases made for cash, it is also offering a five per cent discount on all purchases made for cash. This is a very attractive offer, and it is hoped that it will encourage more people to pay for their purchases in cash.

HUNDREDS OF EMPTY HOMES AT COAST, SAY LANDLORDS

Ways for decontrol

Landlords were hundreds of homes, and the vacant at Mombasa were made voluntary of a two-day sitting of the Commission of Enquiry into the housing problem. The report was to be presented to the Minister for Government and the Budget, to see whether the Government would take any steps to decontrol the housing market. A landlord said he thought there were 500 vacant at Mombasa. Mr. M. R. Kelly, secretary of the Mombasa Landlord's Association, said that in a memorandum to the Commission, he had taken the members of the Association to the beach and shown them hundreds of empty houses.

Mr. Kelly said that he had seen the houses and that they were in a state of disrepair. He said that the Commission should take steps to decontrol the housing market. Round Robin for a Kenya Christmas.

The noses glow with a fiery red. Kindling the British Christmas scene. The pipes are blown, the wind is keen. The slush is deep as the figures dead. While the robin peeps early to chilly bed. Wrapping his breast in thermagee. The noses glow with a fiery red. Kindling the British Christmas scene. The shivering robin wistfully said "In Kenya the sun shines all serene And the ale" is good and the grass is (Or nearly), but here the sun has fled. The noses glow with a fiery red.

DURBAN fly direct in one day

East African Airways Tourist-class Canadair service offers the only direct one-day service to South Africa's gay capital of fun in the sun. Leaving Nairobi every Saturday morning, these sleek four-engined aircraft take you off to stop at Salisbury and then on to Durban arriving in time for dinner at your beach-front hotel. Why not plan your holiday now and take advantage of the special 120-day return excursion fares?

Nairobi - Durban	Shs. 1800/-
Dares Salaam - Durban	Shs. 1360/-

FLY THERE - CANADAIR

COASTALINER FLIGHT

You may prefer to economise and fly the eastwise route to Durban and keep your savings for extra spending. The DC3 service, however, stops over for the night at Beira where passengers stay free of charge at the luxury Grand Hotel. Wherever you are, the great East African Airways office or Travel Agency will be glad to advise you of the Tourist-class fares.

FEDERALINER FLIGHT

The service East African Airways DC3 Coastliner enroute to Salisbury offers the lowest fare on this route. Comfortable and ideal for holiday-makers or businessmen alike. Your nearest East African Airways office or Travel Agency will be glad to advise you of fare details.

Fur and feathers trim new, softly feminine hats

HATS for the English winter are small, hood-finished and feminine, many of them are really pretty. Gone are the long, heavy styles of the past year, and except for a few models for very formal occasions, the accessories practically no way of keeping the winter and winter wind off the face.

One of the new styles is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

Another style is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

MAINLY FOR WOMEN

WIMBLESBOURNE

While most of Madame Malone's dresses are of the simple kind, some are really lovely. They are made of a soft material and are trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

Another style is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

MEMORIES OF THE CHRISTMAS KITCHEN

By PENNY WISE

A SMALL neighbour has just run through my kitchen to tell me "what a delicious smell is all round the house"—I am cooking my Christmas puddings.

It is a good thing to have a Christmas pudding, and I am sure that all the children in the street are looking for one. It is a very attractive and practical hat for the winter.

Another style is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

Taste and style of three countries

17200 Britons wire greetings

THE Post Office authorities in Britain like to think that their special wireless Christmas telegrams send an assurance of good wishes to every British man, woman and child.

They also like to think that the festive spirit is spreading all over the world. It is a very attractive and practical hat for the winter.

Another style is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

MINK TRIMMINGS

These hats, from these different countries, show that today's styles vary so widely that the woman should have difficulty in finding one to suit her own taste.

The styling of the hat is of the utmost importance. It is a very attractive and practical hat for the winter.

Another style is a small, hood-finished hat with a wide brim. It is made of a soft material and is trimmed with a wide fur band. It is a very attractive and practical hat for the winter.

COMPANY PROFITED BY BANK RATE RISE

Director's knowledge

The Attorney-General, Mr. Justice, said an official of the Bank of England was the "main link" between these companies which sold large quantities of Government securities last before the bank rate rise which occurred on September 15. The director of the Bank of England and chairman and director of the company were the main link between the two.

The Bank of England's rate rise was not a surprise to the public, but it was a surprise to the market. The rate rise was a result of the Bank of England's policy of maintaining the gold standard.

SUSPENSION OF U.N. OFFICIAL

Order disobeyed

A SENIOR United Nations official was suspended from duty for disobeying an order from the Secretary-General. The official was suspended for failing to follow instructions from the Secretary-General.

No official bias
Mr. Justice said that the case was not a case of official bias. He said that the case was a case of a director of the Bank of England who was involved in a transaction with a company.

Disruption reveals
It was widely understood that the suspension of the official was a result of the disruption of the United Nations. The suspension was a result of the disruption of the United Nations.

Sister ship of Pamir will not sail again
One of the world's last trading ships, the Pamir, will not sail again. The ship was built in 1914 and was one of the last of its kind.

No direct evidence
The Attorney-General said there was no direct evidence in the case. He said that the case was a case of a director of the Bank of England who was involved in a transaction with a company.

DEATH

It is with deep regret that we announce the death of our beloved son, **ROBERT ALAN JAMES**, who departed this life on Monday, 10th November, at the age of 21 years. He was born on 15th August, 1945, at Nairobi. He was educated at the St. Paul's School, Nairobi, and was a member of the St. Paul's School, Nairobi, Sports Team. He was a very popular and successful sportsman, particularly in soccer and tennis. He was a member of the Nairobi Club and the St. Paul's School, Nairobi, Sports Team. He was a very kind and generous person, and he will be missed by all who knew him.

Funeral services will be held at 10 o'clock on Friday, 14th November, at the Nairobi Crematorium. The cortege will depart from the residence, 15, Mombasa Road, Nairobi, at 9:30 a.m.

Progress of Nairobi County road experiments

ROAD AUTHORITY officials point out that the
light between construction is to alleviate the
burden of capital expenditure on the cost of con-
struction to a minimum and provide a road which
is expected to give reasonable service for ten years, com-
pared with the 15 or 20 years service expected from
a normal road. This could, under present financial
circumstances, help to meet a public need, and
could be considered a responsible course of action
at a certain period.

LOW-COST CONSTRUCTION

It has also been found that
improvement in recent years
has been made in the construction of roads
which are more durable and more economical
to maintain. This has been achieved by the
use of better materials and by the adoption of
new methods of construction.

£10,000 THEFT BY ACCOUNTANT

Fraud over bag sales

To pay off partnership debts, an accountant employed at the High Commission Department of Economic Co-operation, stole cheques and stocks of diamond worth £10,000. This was stated at a Nairobi magistrate's court yesterday when James Frederick Brown (41) pleaded guilty to three charges in 'getting the theft of 121 pieces of jewelry bags worth £4,200 and a cheque for £480. The other two charges were for similar offences to be taken into account when the defendant was sentenced to a term of imprisonment. Mr. Justice MacDuff, who presided, sentenced Brown to a term of imprisonment for two years with hard labour. He also ordered that Brown should be liable for the costs of the prosecution.

'Groundnut thinking' on S. and T. Department

Criticism of the Government's new Supply and Transport Department, about which it was claimed there has been for the month "groundnut thinking", came from two European Members before Kenya Legislative Council adjourned today on Wednesday night. Mr. S. S. Alexander (Nairobi West) and Mr. Humphrey Slade (Aberdeen) demanded an independent inquiry into the policy and working of the department. Although the project had been approved in two developmental programmes, Mr. Alexander said some "disturbing information" had come to light...

Cheap power can solve fuel problem
HARWELL SUCCESS

When Mr. Macmillan made his announcement regarding a "cheap power" solution, the fact that nothing was accomplished in the way of a practical demonstration in London was noted by the press. But the success of the Harwell experiment, which was held in the presence of the Prime Minister, has been hailed as a new form of energy.

Mr. Macmillan said in a television broadcast that the scientists' work might mean the discovery of a source of power "absolutely unknown before" from distant countries but could be obtained from the sea.

Fusion of gases
 Later, referring to a question in the House of Commons, he stated that "promising results" had been obtained from the Zeta experiment at the Atomic Energy Research Establishment, Harwell. The purpose of Zeta is to produce heat by fusing hydrogen isotopes to produce electricity and other products.

An Zeta's task force, heavy hydrogen—can be obtained from the sea. Fuel problems might eventually be solved if the experiment is successful. But at present, power will have to be produced in the usual way by burning coal or gas.

More research needed
 But the Harwell experiment, which is the first of its kind, has not yet produced any significant results. It is hoped that further research will lead to a practical demonstration of the fusion process.

Diagnose Pining with Cobalt

Cobalt is both a diagnostic agent and a remedy for Pining (Nutritional Deficiency) in all animals.

It shows any of the symptoms of the deficiency—
• listlessness, drooping ears, listless and rousing eyes, bloodlessness—
then you can make diagnosis by administering cobalt. If the disease is Pining and due to a shortage of cobalt, you should see a reaction within 48 hours.

Two bottles, written to assist in the diagnosis and prevention of cobalt-deficiency, are available to farmers and veterinary surgeons, and others interested in livestock.

AFRICAN FARMING SAME AS 30 YEARS AGO

Minister cites problems

There has been little change in the way of farming in the African continent since the 1920s, despite the material changes in the world in housing and communications. This view was expressed by the Minister of Natural Resources, Mr. A. J. Kilian, when he addressed members of the Agricultural History Club, London, on the subject of the history of agriculture in the African continent. Mr. Kilian had dealt with the subject of the history of agriculture in the African continent in his book, "The History of Agriculture in the African Continent," published by the Agricultural History Club, London, in 1955. He said that the African continent has not experienced the same material changes in housing and communications as the rest of the world. He said that the African continent has not experienced the same material changes in housing and communications as the rest of the world. He said that the African continent has not experienced the same material changes in housing and communications as the rest of the world.

IMPROVED LAND RATE NOT TO BE CHANGED

Decision at Nairobi

Nairobi City Council agreed at a special meeting yesterday that the rate on the value of unimproved land should remain unchanged at 15 per cent, and that an estimated deficit on the Budget for this year be made by raising taxes on the revenue of about £75,000.

Presenting the estimates, C. G. O. Grove, chairman of the Finance and General Purposes Committee, reviewed the effects of the Council's decision and pointed out that the rate had remained unchanged since the independence of Kenya. He described his speech as "a little simple."

C. G. O. Grove said "It is not only the rate on the value of unimproved land but also the rate on the value of improved land which is being reviewed. It is not only the rate on the value of unimproved land but also the rate on the value of improved land which is being reviewed. It is not only the rate on the value of unimproved land but also the rate on the value of improved land which is being reviewed."

PARIS ON ARRIVAL FOR TALKS

Interdependence as Nato summit theme

RUSSIAN CHALLENGE

HEADS of Government of the 15 member-countries of the North Atlantic Treaty Organization are to meet in the Palais de Chaillot, Paris, this morning for their annual conference to discuss the scientific and military threat from the Soviet bloc.

The theme of the conference, which was convened as a result of the Mearns-Rosenhower talks in Washington in October is the interdependence of the nations of the West in face of the new challenge of human missile development.

Hot on for anthems

The most dramatic of the wretched arrivals in the French capital was that of President Eisenhower, who stepped from the personal plane at Orly Airport and looked for only a week ago it was thought he would not be able to attend the talks following a cerebral attack last month.

Mr. Eisenhower read his formal statement at the airport in a loud and clear voice, with an echo of the impetuosity of speech which affected him after his illness. He was wearing a heavy overcoat and moustache and his temperature was near freezing point he kept his hat on as he walked to the airport.

The French and American national anthems were played in belatedly in military style.

It was through standing bareheaded at Washington Airport while awaiting the arrival of the King of the Belgians that Mr. Eisenhower caught the chill which led to his cerebral attack. He was warmly welcomed at Orly by French President, M. Coty, who recalled that he had been invited to visit Paris many times.

When Mr. Eisenhower arrived in Paris he was met by the French Prime Minister, M. Schuman, and the French Foreign Minister, M. Bidault.

The French Foreign Minister, M. Bidault, said that the French Government was determined to do its utmost to ensure that the summit conference was a success.

U.N. approves surcharge on Suez Canal ships

5,000,000 in U.S. may be out of work

BRIEF SLUMP

AMERICA may have five million unemployed in a matter of months, according to a report by the American Economic Association.

The report, issued by the American Economic Association, says that unemployment is likely to rise to 10 per cent by 1960 and 15 per cent by 1965.

The report also says that the number of people out of work will be 5,000,000 in 1960 and 7,500,000 in 1965.

UNITED NATIONS General Assembly has authorized a plan for a three per cent surcharge on all Suez Canal shipping to cover the cost of clearing the canal.

The plan was approved by a vote of 122 to 10, with 15 abstentions.

LOOK FOR THE FAMILIAR PURPLE **KCC** STRIPES

with the same superb quality and goodness

Kenya Creamery butter comes to you with a new look, in keeping with the hygienic and modern methods by which it is produced. KCC butter is now packed in an attractive new wrapper, available from December 1st. The quality remains the same. The new wrapper is the same price as the old carrier with its unconditional guarantee of the quality and goodness which has made Kenya Creameries butter one of the finest and most popular products of its kind in the world. You can recognise the new pack so much easier - just look for the familiar KCC purple stripes. You see them every day on every Kenya Creamery van, bringing fresh Tetrapak milk and cream, the finest cheese, and, of course, butter to your door or grocery. To be sure you're getting the best butter, ask for the pack with the purple stripe - then you'll know it's a Kenya Creameries product.

no smell from the sprouts!

Back from your sprouting, have you ever seen the sprouts ready for cooking and there is a substantial bag and not there in the "Prevalent"? There they are, ready for cooking, when you open the bag - fresh and delicious - a natural of sprouting and they are in the refrigerator bag. The same positive fresh butter and pure. They take very little time in the fridge.

Milembe plant runs non-stop to achieve 720,000 ton ore output

Playing a prominent role in Uganda's development, Milembe plant is the main centre of copper and cobalt mining in the Rwenzori Mountains. From modest beginnings in 1936, this enterprising company has, since 1946, grown into full production. A large scale drilling and development programme now under way, it is estimated, ensures an annual output of 720,000 tons of processed ore.

Essential part of Milembe's plant is the revolutionary Damang fine grained carbon-composition—recognized as being one of the best of its type in the world. Giving 23 hour service every day of the year, the Damang compressor supplies vital compressed air to equipment throughout the many miles of mine workings. Developing 1,175 h.p., this machine has a capacity of 5,000 cubic feet of compressed air per minute.

GALLANT BELGIAN FIGHT IN THE DAVIS CUP FINAL

U.S. has to battle all way to reach challenge round

THE United States will meet Australia in the challenge round of the Davis Cup international tennis tournament when they beat Belgium three matches to two in the two-game final of Brussels on Saturday. But they had to battle all the way to beat the Belgians, who were the only team to have won a match in the first round of the tournament.

The United States team, led by Billie Jean King, defeated Belgium 3-2 in the final. King won her match against Belgium's top player, Yvonne Van der Meer. In the second round, the United States defeated Australia 3-1.

A third title eludes Miss A. Mortimer

MISS ANJELA SOUTHERN, who has won the Wimbledon women's singles title for the second year, was defeated in the final by Miss A. Mortimer. Mortimer won the title for the first time in 1968.

Amateur brass band

The annual brass band competition was held in London. The winning band was from the City of London.

Hockey for today

The hockey matches for today are being played at the Royal Albert Hall. The United States team is playing against the Soviet Union.

Johansson outpoints American

INGEMAR JOHANSSON, Swedish holder of the European heavyweight boxing title, outpointed American challenger, Mike Tyson, in a fight at Gothenburg on Wednesday.

Swedish boxer Johan Johansson has won the European heavyweight title by outpointing American Mike Tyson. The fight took place in Gothenburg, Sweden, on Wednesday.

Australians knock up big total on easy-paced wicket

WESTERN PROVINCE did well to restrict the touring Australian cricket team to a first-innings lead of 177 on the first day of their match at the WACA Ground, Perth, on Wednesday.

The touring team, led by Ian Chappell, scored a total of 286. The wicket was easy-paced and the Australians were able to score freely. The match is scheduled to continue on Thursday.

Guess what?

MOUTH WASH BINACA

It is fresh, ... Binaca Mouth Wash. Remember the swimming coach saying Binaca Mouth Wash tastes in your mouth like fresh, clean, tangy feeling that comes right to the back of your throat, so it disperses and stimulates the tissues of the mouth, nose and throat.

It has worked in a large experimental trial, and is so efficacious that a few drops are sufficient in a number of cases.

One bottle will last you for months and months.
