Strange Story of Mr. Theodore Powys

TWO YEARS OLD MYSTERY

He has been found by Sambaru

EVIDENCE FOLLOWS INVESTIGATIONS INTO SPEAR BLOODING CRIMES

THE case of two natives of the Southern Districts who were convicted of the death over two years ago of a young farm manager, Mr. Theodore C. Powys, of the death under strange circumstances in Liphio.

In absence of evidence to the contrary it had been assumed that Mr. Powys had as a sequel to an attack by a lion.

to spear blooding murders by Sambaru have, however, led to the discovery that the death of Mr. Powys was the result of a spear blooding murder of a young man of the same name.

Two Arrests

A young man, who was arrested in connection with the murder of Mr. Theodore Powys, was today found guilty of the crime.

Another man, who was arrested in connection with the same case, was today found guilty of the crime.

WHALES AT ZANZIBAR

54 Washed Up by the Fish

Excited Islanders

At least 50 whales were washed up on the beach at Zanzibar today.

JEWISH REFUGEES

Palatine's Limited Power of Absorption

Several hundred Jewish refugees were today admitted to the city of Palatine.

PRINCE ON CIVIL AVIATION

The Prince of Wales argued a forward policy in reference to civil aviation at a conference in London called to stimulate a movement for equipping more towns as airports.

The use of the aeroplane, said the Prince who is an accomplished aviator, should be at the disposal of all inland routes and the development of regular air lines in the British Isles had come to the attention of the Government during the present year but they must not be allowed to get behind the times. Britain had a great lead in the world but they must not lose it.

DISARMAMENT

Series of Diplomatic Exchanges

Disarmament questions were discussed when Arthur Henderson, the President of the Disarmament Conference called at the Foreign Office today for a meeting with the Joint Chiefs of Staff.

In pursuance of the policy approved by the Council of the League of Nations, Mr. Henderson is taking these steps to bring about a general agreement on disarmament.

THE MONEY MARKET

Several thousand more early in the morning that some very large. On arrival at the same an immense spectacle presented itself. It was low tide and the sea had receded some hundreds of yards leaving a long stretch of beach.

Several thousand more early in the morning that some very large. On arrival at the same an immense spectacle presented itself. It was low tide and the sea had receded some hundreds of yards leaving a long stretch of beach.

No Improvement in Anglo-Indian Relations

That nothing will satisfy Mr. A. V. Jinnah's complete satisfaction of himself from the Government is quite clear by an interview given to the press.

On the contrary the British Government is not in the least satisfied with the attitude of the Government towards the Indian people.

THIRD PARTY MOTOR IMPROVEMENT

Dear Sir, I am in possession of the following motor, which I have used for some time, and find it to be a most reliable and economical one.

When this was proposed some time ago by the Government, I was pleased because it would have meant a great deal to me.

Yours etc., W. S. P. COBBITT, Dec. 4, 1933.

CAPE H. H. SCHWARTZ'S SECOND YEAR REPORT

Dear Sir, I have the honor to acknowledge the receipt of your letter of the 29th inst.

To the Editor, "E.A. Standard," Sir—Yesterday's 12th Mail contained a personal letter from Mr. J. S. Johnson, Editor of "E.A. Standard," informing me that he had received information from Kenya that I had sold outside local...

to an agent, and asking me to confirm or deny the truth of the allegations.

I have written in answer that the report is entirely without foundation and can only be termed as false and malicious. It has never occurred to me that I should, or within a hundred miles of it, and I have never sold outside of my own country.

Yours etc., H. E. SCHWARTZ, Nairobi, December 7, 1933.

RAILWAY POLICY—DISTRIBUTION MATTER

To the Editor, "E.A. Standard," Sir—Reading your report on the subject of the Railway Commission was a pleasure to me that I should have been able to do so in your general article. The Railway Commission's report is a most interesting one, and it is a pity that it is not more widely read.

The Kenya and Uganda Railway and Harbours in common with the other public works in Kenya have established a reputation for efficiency and economy.

Yours etc., DEWEK O. BERSINKE, Nairobi, December 5, 1933.

ANSWERS TO CORRESPONDENTS

"Consumer" Nairobi—Your letter is sensible and well-founded. It is published.—Ed. E.A.S.

It is in my opinion to be a most reliable and economical one.

When this was proposed some time ago by the Government, I was pleased because it would have meant a great deal to me.

Yours etc., W. S. P. COBBITT, Dec. 4, 1933.

BIRTH

At the Maketere Nursing Home on last night, Mrs. Mary, wife of Mr. J. M. Matheron, Veterinary Officer, Musabani, a daughter.

ON THE STANDARD

SATURDAY, DEC. 6, 1933

The Mining Industry.

The mining industry in East Africa has had a fairly busy week of the past few days. It is interesting to note that the world market for copper has been very active, and that the price of copper has advanced considerably since the 1st of the month. This is due to the fact that the demand for copper is increasing, and that the supply is becoming more limited.

At the Club

The air mail from South Africa has been delayed and is not expected to arrive at Nairobi till approximately noon today. The mails for Europe and India which arrived at Nairobi as usual yesterday evening, but if time permits a supplementary despatch will leave 45 minutes before the arrival of the aeroplane.

Nairobi Licensing Court.

The Nairobi Licensing Court, which opened on Monday, December 4th, at 10 a.m.

St. Mark's Church.

A grand photograph of the Holy Trinity Church in St. Mark's Church on Monday at 10:45 a.m. when the preacher will be Canon Wenzel.

Christmas Eve.

At the evening service at St. Andrew's Church on Sunday, Dec. 3rd, the Rev. Canon Wenzel, who was the preacher, gave a very interesting and inspiring message on the birth of Christ.

and there is every reason to believe that the decision of Sir Robert Williams to resign the Colony follows directly from the personal activities of Dr. Joseph Byrnes in the important work of the Government. It is of course, that the Tanganyika Commission opinion on the subject of the proposed Federation of East Africa is due for consideration. He has been identified with the development of Africa for nearly half a century. It is interesting to note that in the year 1907, a few months after the Breezy Chorus is reached, he was in London on their development work.

British Legion Christmas Sweepstake.

The British Legion Christmas Sweepstake committee has announced that the drawing of the prizes will take place on Monday, December 11th, at 5 p.m. at the Empire Theatre at 5 p.m. on Tuesday, December 12th.

Critical Troubles of Newfoundland.

A VICIOUS AND CORRUPT SYSTEM*

Dramatic Revolution in Newfoundland.

BRITAIN TO ASSUME RESPONSIBILITY FOR ADMINISTRATION.

Newfoundland has been the scene of a vicious and corrupt political system, as a statement made in the House of Commons by Mr. Neville Chamberlain, the Chancellor of the Exchequer, during the course of a speech in moving a resolution that the United Kingdom should assume responsibility for the administration and guarantee of loans.

He added that some of the reports by the Royal Commission, which investigated the position, were very painful reading, but he paid a tribute to the efforts of the present Newfoundland Government to produce a better state of affairs.

After reviewing the financial situation in Newfoundland, Mr. Neville Chamberlain said that the alternative to British help was a definite, and it had been a proud Government which had overruled.

Liberals supported the resolution, but the Labour Party opposed it, on the ground that the British taxpayer should not be called upon to make good the mistakes of a wrong class.

Commissioner's Proposals.

(SIR GEORGE BAKER'S ADDRESS.) London, Dec. 7. £1,600,000 Canadian dollars. The alternative to British help was default by Newfoundland, and it was our proud boast that Britain was to assume Government and to Empire Municipality had ever been defined.

He emphasized that Newfoundland was the oldest colony and had the largest proportion of casualties in the Great War of any overseas contingent (abroad). It was proposed, until 1936, that any advances necessary to meet the deficits in the Newfoundland budget would be met by the nature of a free gift. It was emphasized that by December 31st the total liability of the United Kingdom might be £1,500,000 to £2,000,000, in addition to any payment under the contingent liability in regard to the new guaranteed stock.

Labour Opposition. Mr. W. Lunn (Labour, Rothwell) announced that the Labour Party would oppose the resolution as it objected to the British taxpayer being called on to make good the results of long neglect.

Mr. St. Robert Hamilton (Liberal, Orkney and Shetland) declared that the budget must be shielded. He dwelt on the privations of Newfoundland. The deficit was carried by 227 votes to 98.

POLITICAL PRISONERS IN GERMANY.

Released as Christmas Gesture.

(SIR GEORGE BAKER'S ADDRESS.) London, Dec. 7. Five hundred political prisoners will be released in Britain as a Christmas gesture, and the same number in Germany and the Near and Middle East.

RATES OF EXCHANGE.

The following rates of exchange were announced by the National Bank yesterday: London for Paris, 85 1/2; London for New York, 5 1/2; London for T.T. on London, 1/6.

BRITAIN'S AIR POLICY.

No International Control.

British Power to be Maintained.

(SIR GEORGE BAKER'S ADDRESS.) London, Dec. 7. The Council of the Chamber of Shipping by 60 votes to 2 opposed a resolution recommending the Government favourably to consider the possibility of a temporary suspension of the right of the British merchant marine to short-notice temporary subsidy in order to carry out and will ensure the payment of shipping for a time. It was also recommended that the Council of the Chamber of Shipping should urge the Government to take steps that they will to longer discriminate against British ships.

British Shipping.

British shipping has been down at last to seek the help of Government and is defending itself against the unfair competition of the subsidized foreign rivals, declared 'The Times' in commenting on the resolutions of the Council of the Chamber of Shipping.

British shipping, the newspaper stated, is being driven to the wall and is being driven to the wall by the unfair competition of the subsidized foreign rivals, declared 'The Times' in commenting on the resolutions of the Council of the Chamber of Shipping.

INTERNATIONAL SHIPPING WAR.

International Agreement Reached.

(SIR GEORGE BAKER'S ADDRESS.) London, December 7. The international shipping war over passenger transport in the North Atlantic has ended. Common agreement was reached today by a conference in London, British, American, French, German, Italian and Dutch delegates in regard to the classification of ships and the consequences of the new £1,000,000 a year, may have to be adopted by all shipping nations, but the ultimate object must be to make the subsidy unnecessary, by limiting direct economic pressure upon foreign governments to abandon subsidies and give reasonable treatment to British shipping.

PARTY FUSION IN THE UNION.

Supported by Maritzburg Meeting.

GIFT TO THE NATION.

Two Excellent Properties in Derbyshire.

(BY WIRELESS.) Rugby, Dec. 7. Two beautiful properties, Derbyshire house at Huns Wood and Hall Dale, have been purchased by the National Trust by Mr. Robert McLaughlin, the manager of the National Trust, the most outstanding received by the National Trust for the Preservation of Beauty Spots in recent years. British Official Wireless Service.

THE INDIAN EXECUTION.

Questions to be Asked in the Commons.

(SIR GEORGE BAKER'S ADDRESS.) London, Dec. 8. Two Labour Members of the Parliament, Mr. H. H. Hennock (Bristol North) and Mr. C. H. Summerville (Shrewsbury) will ask the Second Home Secretary for India on December 11 for particulars of the case in which the London prisoner was executed at Allahabad on November 21.

AN ALL-JEWISH CREW.

(SIR GEORGE BAKER'S ADDRESS.) London, Dec. 7. The first vessel to sail since the 2,000 Jews.

UNFAIR TACTICS BY JAPAN.

Copying of British Trade Marks.

In Pottery Industry.

(BY WIRELESS.) Dec. 7. During a brief debate in the House of Commons last night, the Parliamentary Secretary to the Board of Trade, Mr. J. Argue, referred to the effects of Japanese competition on the pottery trade. The debate was raised by Mr. H. C. Copland (Horn Bown) who produced copies and samples of cheap Japanese wares, and commented strongly on the alleged Japanese copying of British pottery trade marks.

KIORO COUNTRY CLUB.

Polo Tournament
Results.
FAWCUP COP WON BY HEDGOTT.

The Nairo Polo Tournament began on Thursday the 29th November, when three matches for the Fawcup were played, and continued on Friday the 1st December. The first match was played on Sunday the 3rd December. Although the weather was threatening at times, the light showers fell, and the ground remained in excellent condition throughout, and there was a general appreciation of the first match for the Fawcup. The first match for the Fawcup was played on Sunday the 3rd December, when the 1st and 2nd Clubs met. The 1st Club, captained by Col. Fawcett, won the match by a score of 10 to 2. The 2nd Club, captained by Mr. M. M. M., lost the match by a score of 2 to 10. The 3rd match was played on Friday the 1st December, when the 1st and 2nd Clubs met. The 1st Club, captained by Col. Fawcett, won the match by a score of 10 to 2. The 2nd Club, captained by Mr. M. M. M., lost the match by a score of 2 to 10.

THIRD PARTY INSURANCE FOR MOTORISTS.

Should it Be Made Compulsory?

COUNCIL DEBATE

At Monday's sitting of the Kenya Legislative Council the members discussed the motion for the Hon. H. E. Schwartze, Nairobi South, asking the Government to consider the advisability of making compulsory third party insurance for motorists.

The principle appealed to the Elected Members, but whether the necessity for it is sufficiently great to warrant an extra financial burden on motorist-owners was a very different question. Some even thought it might be found a very different kind of Government insurance which was almost certain to be profitable and might be done at very small capital.

Capt. Schwartze said that he had discussed the matter with the Colonial Secretary and other Members of the Government, but that it was difficult in the way of Government entering the commercial field was that it was entirely without precedent at least in this country, so that it was difficult to press based on low rates of interest and a very small margin competing with insurance companies.

At the same time His Excellency the Governor and Government Members were of the opinion that it was entirely without precedent at least in this country, so that it was difficult to press based on low rates of interest and a very small margin competing with insurance companies.

The Hon. H. E. Schwartze said that he had discussed the matter with the Colonial Secretary and other Members of the Government, but that it was difficult in the way of Government entering the commercial field was that it was entirely without precedent at least in this country, so that it was difficult to press based on low rates of interest and a very small margin competing with insurance companies.

THE ACCUMULATOR REVOLUTION
NO PLATES! DOUBLE CAPACITY!
It has happened! For nearly fifty years, accumulator design has stood almost still. Now it has been changed at a stroke! The cumbersome design has been replaced by the new design of heavy plates. It is double at last. In its place - a simple cylinder of heavy bakelite, glass and lead. The new design, in relation to size and weight, of almost double the ampere-hour capacity. The cost is little more. Everywhere, in thousands and thousands, the new accumulator is taking the measure out of battery conventional wisdom.

Matters Referred to Select Committees

LEGISLATURE ADJOURNED UNTIL DECEMBER 19.

Secondary Education.

ELECTED MEMBERS DEPRECATE INCREASED FEES.

Increase in the fees for secondary education was deprecated by several Elected Members in the course of the debate on the Estimates.

Mr. J. O'Shea urged that a scheme of scholarship should be instituted and that a token vote of £200 should be included in the Budget with that end in view.

Director of Education said that for every pupil in the country receiving secondary education, at least £20 had to be found from general revenue, the parents paying only £15 of the cost of £47/10/- per pupil.

The Member for Kilruay advised that Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths.

Debate was concluded yesterday when the Estimates were referred to Select Committee which starts work to-day. Legislative Council will meet again on December 19.

The African Artisan.

The debate on the estimates for 1921 was concluded at yesterday's sitting. Kenya Legislative Council, when the motion for their adjournment was carried, without any vote being taken. The members of the Council, however, were not in agreement on all the points raised. The Member for Nairobi, Mr. J. O'Shea, moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B. The Member for Nairobi, Mr. J. O'Shea, also moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B.

Economic Construction Programme.

After this, Mr. O'Shea offered his amendment. He moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B. The Member for Nairobi, Mr. J. O'Shea, also moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B.

Legislative Council.

The Legislative Council met at 10 o'clock this morning. The Member for Nairobi, Mr. J. O'Shea, moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B. The Member for Nairobi, Mr. J. O'Shea, also moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B.

Legislative Council.

The Legislative Council met at 10 o'clock this morning. The Member for Nairobi, Mr. J. O'Shea, moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B. The Member for Nairobi, Mr. J. O'Shea, also moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B.

and, in fact, as the agricultural work in the country was the one to be found from general revenue, the parents paying only £15 of the cost of £47/10/- per pupil.

GOVERNMENT'S REPLY.

The second Government reply was made by the Acting Treasurer, who said that there should be an inquiry into the expenditure on secondary education. He said that the Government would consider recruiting officers for the K.A.R. and the Police from Kenya youths.

Another to be considered was the actual expenditure on secondary education.

The actual expenditure on secondary education was £47-10-0 per pupil. The Government was paying £32-10-0 towards the cost of secondary education, while the parents were paying £15-0-0.

Members said that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths.

Legislative Council.

The Legislative Council met at 10 o'clock this morning. The Member for Nairobi, Mr. J. O'Shea, moved a resolution that the Government should consider recruiting officers for the K.A.R. and the Police from Kenya youths. This was supported by the Member for Kisumu, Mr. J. M. S. N. B. and the Member for Nakuru, Mr. J. M. S. N. B.

Criticism of Alternative Terms.

THE IMMEDIATE AIMS.
Lord Francis Scott on the King's Commission.

["STANDARD" CORRESPONDENT].
Editor, Dec. 5.
The annual dinner of the United Gales Branch of the Caledonian Society was held at the Phoenix Hotel last evening. The Chairman, Major John Dickson, presided over a company of some seventy people.

After the toast to the King, the Duke of Edinburgh and the Prince of Wales, the toast of "The Land of Oakes"

was given by the Hon. Mr. T. J. O'Shea, J.C. Col. G. A. Selous, Hon. and Major Staines who had lately returned to Kenya after his long home and to New Zealand were also guests.

The Union Issue.
Criticising the new taxation the speaker said that the Minister never been asked about it and it was income tax only under the name.

The speaker felt that the country was in a bad way and that a return to the Protectorate would be an advantage as we suffered a great deal from the effects of building politicians in this country.

He felt that there were still two or three very hard years before us before we could return to better times.

Lord Francis Scott

Lord Francis Scott, in his reply said that he had been greatly pleased to receive a message from the King inviting him to the coronation, and he was extremely glad to have the opportunity of addressing such a large number of his fellow countrymen.

we should be better off under the old form of Government by the Colonial Office with the Great-Ind. The idea of this form of Government was much worse than those of the present form and it would be a retrograde step.

With regard to the cuts in the Police the Commissioner had said that he could carry on efficiently, and in order to finance his own proposed Police Force at Nairobi had been abolished.

Education had not been doubled. The facts were that the girls at Nairobi had been doubled. What had always struck him was that in spite of every sort of effort to improve the country and other things people who left the country always wanted to return to a country that could hold people like that must have something in it. He hated anything in the nature of crying about the country but he did think that the country had really had had had the problem was how to help the people through their struggles for the future of the country. The thing was not at all a matter of the future of the country, but the thing must be done, perhaps in the nature of long terms, to ease the dead weight of debt.

The Mining Proposition.

The speaker then touched on the problem of the taxation and mining in the country, and mentioned Mr. O'Shea's struggle for the establishment of a locally recruited Civil Service, which he said had now been considered.

On the subject of taxation the speaker said that the constant cry of Britain was making the obligation was the duty of the world but that the limit had been reached and that something must be done to help the burden of Kenya and to get rid of every opportunity to meet the needs of the people.

He said that the country was in a bad way and that a return to the Protectorate would be an advantage as we suffered a great deal from the effects of building politicians in this country.

He felt that there were still two or three very hard years before us before we could return to better times.

Chief of Police.

Major F. A. H. Nicol, O.B.E., has been appointed Commissioner of Police, Tanganyika.

Fights Over Tennis Ball.

A tennis ball incident a few days ago, cost a native six 50/- in the Resident Magistrate's Court, Nairobi, on Friday or in default 30 days' detention, if sentenced being found guilty of causing bodily harm to another native. It appeared that someone was writing in a native newspaper that they were going to get up and pull out a block of drawers. In doing so a woman ball dropped on the face of the complainant. After filing it with three days' detention, the woman followed, and in the case of the moment occurred, it was the complaint with a fine.

He says that he was the only one of his family to survive the early days of Natal. He says that he was the only one of his family to survive the early days of Natal. He says that he was the only one of his family to survive the early days of Natal.

And the Other War.

Xala also claimed to have played a big part in the great war. I mentioned a while ago the labour contingent he said wanted native troops in the Boer War. He said that he had been in the Boer War and that he had been in the Boer War.

He says that he was the only one of his family to survive the early days of Natal. He says that he was the only one of his family to survive the early days of Natal. He says that he was the only one of his family to survive the early days of Natal.

Demands Revision of the League.

AN ATTACK ON BRITAIN AND FRANCE.

Present System Inevitable. OTHER POWERS INVITED TO SUBMIT NEW PROPOSALS.

Radical reforms of the constitution and objectives of the League of Nations has been demanded by a meeting of the Pacific Grand Council, which meeting was attended by Signor Mussolini and all members of the Cabinet.

It was suggested that the Versailles and other post-war treaties should be divorced from the framework of the League, as it was considered that these made the League an institution for the preservation of the gains of victor nations, under the domination of Britain and France.

Other suggestions included the curtailment of the right of the smaller Powers to vote on problems which only partially affected them and the simplification of procedure.

A later message explains that this meeting should be taken purely as an advisory one. Powers to submit new proposals through diplomatic channels. Italy does not intend to take the initiative in the matter.

War Debt to America.

Paris, Dec. 5. The Paris Grand Council, attended by Signor Mussolini and all members of the Cabinet, has continued its deliberations on the revision of the League of Nations.

It was not expected that any further action will follow in the near future.

It is not expected that any further action will follow in the near future.

APPEARED AT LUNCHEON OF OVERSEAS LEAGUE.

President Roosevelt has issued a proclamation announcing the repeal of the prohibition amendment and calling on citizens to cooperate with a greater respect for the law by consuming the products of alcoholic beverages.

The news that Utah had ratified the repeal was flashed by telegraph and radio throughout the country.

The repeal was celebrated in New York City with a parade and a banquet.

London, Dec. 7. The issue of a new Australian loan of £50 million has been announced by the Government.

Elections in Irish Free State Inevitable.

GENERAL OPINION ON THE PRESENT POSITION.

"Issue Must Be Faced."

KEEN DISAPPOINTMENT AT BRITAIN'S REPLY TO MR. DE VALERA.

It is stated that there is keen disappointment in the Irish Free State at the reply by Mr. J. H. Thomas to the note from Mr. de Valera.

It is also considered that Mr. de Valera must shortly go to the country on the issue of a republic, as the present uncertainty in economic conditions will only lead to financial disaster.

Period of Uncertainty.

Dublin, December 5. The Irish Free State is in the midst of a grave danger caused by the aggression of another country.

It is stated that there is keen disappointment in the Irish Free State at the reply by Mr. J. H. Thomas to the note from Mr. de Valera.

Reaction in Ireland.

London, December 6. Keen disappointment is manifested in the Irish Free State that the issue must be faced.

**THE ACCUMULATOR
REVOLUTION**

NO PLATES! DOUBLE CAPACITY!

It has happened! For nearly fifty years,
accumulator design has stood almost still. Now
it has been changed in a stroke! The modern
cells are now so flexible to you with its
of heavy plates "in solution as last. In its
shape it is made in a like manner. Every
piece is almost unbreakable, and, in relation to size
and weight, of almost double the energy-
producing capacity. Yet the cost is little more. Energy
values in thousands and thousands, the new
design is making the nonsense out of battery
operated vehicles.

**THE REPLY TO MR. DE
VALERA**

(Continued from page 1)

returning a government loyal to
the Crown.

MR. DE VALERA'S NOTE.

"Not a Voluntary
Association."

The House of Commons was
struck and the pattern were
the Hon. Mr. J. H. Thomas
said: "The Government
has insisted on the issue of
the Free State Government in
the House on Wednesday
evening, November 14 that
the Irish Government also
had decided not to treat
with me for any agreement
regarding the decision by the
people to sever connection
with the British Government."
British Reply.

Thomas declared that the
British had replied that it
was unable to accept the assump-
tion that a lasting friendship
would not be attained on the
basis of the present relation-
ship. The Government was not
prepared to answer the ques-
tion raised on that point. He
said that he did not believe that the Free
State Government contemplated a
final repudiation of their treaty
obligations and consequently did
not feel called upon to define
their attitude in circumstances
which were regarded as purely
hypothetical.

Both Mr. Dulac, the Free
State High Commissioner, and Mr.
De Water, the South African
High Commissioner heard the
statement.

UNLIKELY CONTINGENCY.

Position of Free State
Nationals in Britain.

"That contingency has not
arisen and I hope it will never
arise," declared Mr. J. H. Thomas
in answering a question by Major
General Sir Alfred Knox, as to
whether he would inform the Irish
Free State of the disadvantages
which would result from the
declaration of the Irish Republic.

Mr. Thomas added that the ad-
vantages enjoyed by British sub-
jects in Britain as compared with
those who are sufficiently well
known and needed no emphasis.

Sir Alfred Knox also asked
whether the Free State conscripts would
be allowed to compete on the Irish
labour market and whether
Free State nationals living in
Britain would be liable to deportation
if they did not accept British
nationality in the event of the
declaration of an Irish Republic.

Mr. Thomas replied that there
could be no doubt as to the dis-
advantages of alien status in Britain
compared with British subjects.

Free Communist.

(By wireless.)

On Tuesday December 5
the British Government's reply
to the Irish Government's request for
a statement on the action they
would take if the Irish people
were to decide to sever their con-
nection with the British Com-
monwealth of Nations is generally
regarded by newspapers here as
conciliatory in tone, and wise in
substance.

"The Times" thinks the Gov-
ernment was right in refusing to
discuss what they would or would
not do in circumstances which are
purely hypothetical and which
they trust will not arise. They
could hardly have done so, in
any matter in which they are
without making friendly relations
more difficult.

"Any direct and unequivocal
statement of the inevitable conse-
quences of such a course would cer-
tainly be represented as a threat, and used
in the way which the Government

THE RIARAKA CRIME.

(Continued from page 1)

was found that a man could ap-
proach the boat with little or no
difficulty.

The witness said that on the
Superintendent of Police, Kyan-
dara, who was the one who was
reputed as being a police officer,
and was the one who was
said to have been in the boat
since 1920 and out of work for
two or three months. All the
names mentioned on the list
were in the same boat in the
month of June 1924.

The witness said that he had
declared his name to the
Superintendent of Police. A
Hugonid who was a member of
the Riara Kana who was at the
railway had the names which
were in the boat and the names
of the other men who were in
the boat. The witness said that
he had seen the names which
were in the boat and the names
of the other men who were in
the boat.

The witness said that he had
seen the names which were in
the boat and the names of the
other men who were in the boat.
The witness said that he had
seen the names which were in
the boat and the names of the
other men who were in the boat.

Terrific Wounds.

A detailed description of the
terrible nature of the wounds
was given by Mr. J. H. Thomas
in answering a question by
Major General Sir Alfred Knox
on the 14th following the
statement of the Free State
Government. He said that he
had seen a number of the
wounds which were in the
boat and the names of the
other men who were in the
boat.

He said that he had seen
seven wounds in the head
and eight in the body. The
wounds were of various
sizes and some were very
deep. He mentioned two
wounds above the level of the
elbow, one being six and a half
inches long and the other four
and a half. He also mentioned
a wound in the head which
was four inches long and
one inch wide. He also men-
tioned a wound in the head
which was four inches long
and one inch wide. He also
mentioned a wound in the
head which was four inches
long and one inch wide.

CHILDREN'S STORY.

Vendor's Offer of Co-operation Welcomed.

SELECTED MEMBERS' COMPLIMENTS ON THE BUDGET.

The Taxation Sacrifice

NECESSITY FOR NOT FORGETTING ITS TEMPORARY CHARACTER.

The congratulating Government on its honest attempt to meet the situation and in so doing to balance the Budget, Lord Francis Scott, speaking for the Elected Members said that nevertheless Government must not be led away by any optimism or embark on any extravagance until the financial position of the Colony was firmly established.

He reminded Government that the non-native community had made sacrifices amounting to £55,000 for 1924 and he hoped Government would not forget the understanding given that these new taxations was a temporary sacrifice.

Having achieved this balanced Budget the Leader of the Elected Members asked whether Government had any policy for definitely increasing the productive wealth of the country, because that was a question of utmost importance to the people.

Several Elected Members welcomed the stress laid by His Excellency recently on the need for co-operation and indicated that they were prepared to give this assistance.

Capt. Schwartz said the time had come to forget the acrimonious past and wipe the slate clean.

Debate on the Estimates.

Following the motion for the Budget to be passed, the Hon. Colonial Secretary, Mr. J. G. Bennett, moved the adoption of the Budget for 1925. He stated that the Budget was a balanced one and that it was a necessary step towards the financial stability of the Colony.

Mr. Bennett also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

He also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

He also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

He also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

He also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

He also mentioned the fact that the Budget was a necessary step towards the financial stability of the Colony and that it was a necessary step towards the financial stability of the Colony.

"You're on a Good Wicket"

WALSH'S SPORTS HOUSE LTD.
GOVERNMENT ROAD.

KIAMBU GOLF CLUB.
The Ladies' Club Championship.
Won by Mrs. Llewellyn.

The following are the results of the Ladies Club Championship, the Campbell Cup, played over 18 holes.

First Round.
Mrs. Humphreys beat Mrs. Bennett 5 and 3
Mrs. Hughes beat Mrs. Bickel 4 and 2
Mrs. Bentley beat Mrs. Bradley 5 and 3
Mrs. Stanton beat Mrs. Fawcett 5 and 4
Mrs. Milford beat Mrs. White 5 and 4
Mrs. Collington beat Mrs. Gray 4 and 3

Second Round.
Mrs. Llewellyn beat Mrs. Niman 5 and 10
Mrs. Humphreys beat Mrs. Hughes 3 and 2
Mrs. Bentley beat Mrs. Stanton 4 and 3
Mrs. Collington beat Mrs. Gray 4 and 3

Semi-Finals.
Mrs. Llewellyn beat Mrs. Bennett 2 and 1
Mrs. Bentley beat Mrs. Collington 2 and 1

Final.
Mrs. Llewellyn beat Mrs. Bentley 1 and 0

Mrs. Llewellyn must recognize that in having won the Ladies' Championship played from scratch for the first time, she has not only Mrs. Niman as rather pithy, but she has also found the rough Mrs. Niman was not quite so long with her drive, but she has been straight and by steady play took Mrs. Llewellyn to the 18th. Mrs. Hughes and Mrs. Humphreys was a spirited one, but Mrs. Hughes' drive was better than Mrs. Hughes' drive by 3 and 2, returned an 8.

Mrs. J. C. Bentley had once victims over Mrs. Bentley and Mrs. Collington in being her to the 14th. Mrs. Llewellyn and Mrs. Humphreys in the semi-finals. Mrs. Llewellyn struck her form in this match and could hardly make a mistake and in the end won an excellent match of 2 and 1.

The Ladies' Club Championship was a great success and the ladies who took part in it were very keen. The Ladies' Club was formed in 1910 and has since then been a very active and successful one. The Ladies' Club has a very good record and has won many trophies. The Ladies' Club is a very important part of the club and has a very good record. The Ladies' Club is a very important part of the club and has a very good record.

CORRESPONDENCE.

The Editor does not accept responsibility for the contents of letters published in this column...

The Church.

A MISBRIARY'S DEFENCE.

To the Editor:—E.A. Standard, Sir—Will you allow a working missionary to express his regrets at the editorial of Monday 27 entitled "The Bishop and Kenya?"

I am not concerned with the religious or non-religious opinions of the members of the Church (not my own) whose great view to Britain and her Empire make her able to treat each other with the utmost justice.

But may one ask in all friendliness and in the name of the Lord and His Burroughs each other to be so kind as to comment themselves to public opinion on the letter (promised) of a letter from their clergy here in this country? Surely they have other sources of information.

Further, Sir, surely any missionary has the right of appeal as any citizen of Kenya has.

Again, Sir, you make an unjust reference to missionary representation and a slight attempt. If the missionary does the wrong, it is entirely his own fault.

Again, Sir, you make an unjust reference to missionary representation and a slight attempt. If the missionary does the wrong, it is entirely his own fault.

Wireless Notes.

Practical Hints
The Charging of Accumulators.

ALTHOUGH it is by no means a highly technical subject, the charging of various types of accumulators has always led to a certain amount of confusion. This confusion is chiefly based on false statements. The maximum capacity and the terminal potential of a cell which may be connected to any reasonable capacity and which in the case of the lead-acid type has a voltage of approximately two volts. The capacity depends on the size of the plates and the amount of active material on the plates and is not affected by the number of cells in series. The number of Amps a current can be drawn from the cell without discharging it entirely is not affected by the number of cells connected in series. The capacity of a battery of cells is equal to the capacity of one cell multiplied by the number of cells. It is formed by the sum of the capacities of all the cells. The capacity of a battery of cells is not affected by the number of cells connected in series. The capacity of a battery of cells is not affected by the number of cells connected in series.

Nakuru Race Club's One Day Meeting.

GOOD RACE AND IMPROVED ATTENDANCE.

A Feeling of Optimism.

MR. CLUTTERBUCK THE MOST SUCCESSFUL OWNER WITH THREE WINNERS.

["**STANDARD**"]
Nakuru, Dec. 2.—The December meeting here was a great success. A very great improvement was shown in the attendance and there was a feeling of optimism in the air indicated by the gay chatter and the laughter and the cheerful countenances of the men. (One missed the well-known new of Heng Tatten and Hengling.)

The day was fine and the rain the evening before had taken long there was out of the sun. Light snow and a fog added to the pleasure of the season.

The day throughout was good and there was some excellent racing. The Farmers Race was added and this type of race a lot to encourage the local boys. There were only a few winners.

Also one of the meetings was due to the spring response made by various firms and individuals to request for the "The Rewards of the Nakuru Race Association, it would probably have been found impossible to have held the meet. These who understood must have felt gratified at the resulting attendance and the sport provided.

The Hon. Secretary Mr. Horton and the Secretary, Messrs. the hearty congratulations on their efforts.

trouble at the start but the field eventually got away together. Winner trained by Mr. Richard Wanner.

Fourth Race

DECEMBER NURSERY HANDICAP—3 furlongs.

Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Tenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Eleventh Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Twelfth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Thirteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Fourteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Fifteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Sixteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Seventeenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Eighteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Nineteenth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.
Won by 1 1/2 lengths, 2 lengths.
Time—1 min. 44 sec.
Total paid Shs. 27. win. Shs. 7. 7. place.

Twentieth Race

ST. PATRICK'S—1 1/2 miles.
Mr. H. D. Dookin's 5 c.c. 1 1/2 (Mandary) 1
SUNDAY 3 yrs. 8 c.c. 1 1/2 (Klein) 1
Also ran—Sagee (809) Mullholland, Suncoast (811) Moody, Mowat (90) O'Connell, Dufurina (80) Foreyall, Sockfins (80) Mr. Barrow.

Presented by Mr. Wainwright—A silver cup for the best Country-Bred Hatched Chick—Open; Mutton Cook—Open; Mutton Hatched—Open.

BORROWING FROM PETER TO PAY PAUL.

How Indian Ex-Bank Clerk Got Into Difficulties.

After an adjournment of five weeks to order that matters might be cleared up relating to an alleged mistake in India belonging to defendant's deceased father the public accountancy of Harpreet Manch Singh, late of Punjab, an Indian, was cleared up by Mr. Justice Lushington, sitting in the Supreme Court, Nairobi. Two creditors of the late one were represented by Mr. Day. Debtor had at one time been connected with the Standard Bank of South Africa, Nairobi, and a number of loans were made to him by the bank which were not repaid. On the 12th of 1924, he was appointed to work in a bank amounting to nearly £6000. Since that time it had increased to £1000 while the assets amounted to only £450. The original cause of the debtor's financial difficulties was a mistake which he attempted to correct in 1922, for, as told the Court, it was in accordance with human nature that he made as possible when he was a clerk in a bank. He had some money in his pocket, the first being a commission which he charged interest on the sum of £20 per month. From that time on he was engaged in borrowing money in order to pay off past debts, and as a result the amount owing to the bank was mounted up. He had sold the Court on Friday that he had added the property in India as had been sold, and the legacy was his by his father had been used up in paying off debts which accumulated in India. He had a house, receiving a third of the amount desired for a further £1000, but he had failed, and had not intended for five years, when he would be entitled to one third of the principal. The public examination was then closed.

DEBATE ON THE RAILWAY BUDGET.

(Continued from page 7.)

admirable report, and the budget had been balanced, but at the expense of the agricultural and commercial interests of the Colony. At a time when there was required every assistance and consideration and development in the Colony, the Railway had the power through the Inter-Colonial Conference and the General Manager, to take such measures as it saw fit for its own benefit, and agricultural production as far as possible.

Colonel Kirkwood went on to criticize again the absence of any formula by which the Railway Administration could be directed to a branch line was paying off, and argued that the railway rules were killing the districts served. He hoped that in the year next future this matter would be considered and discussed and that some formula would be found which was applicable to those lines. The Hon. Mr. Ward could not find the real per cent mile, the speaker and he would find it after he had obtained proposals to show that at least the Kileleshwa branch line was paying.

Colonel Kirkwood also mentioned the abolition of the Inter-Colonial Conference, and the fact that the Government had not taken any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

The Hon. Mr. Ward, in his reply, mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

and were supported by the General Manager until 1929, at a point when the Government was not yet in a position to take any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

The Hon. Mr. Ward, in his reply, mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

most part, present. A statement which had been made by the Hon. Mr. Ward, in his reply, mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

The Hon. Mr. Ward, in his reply, mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

much, he said, because my objection was not to try to find out what the railway had done, but to find out what it had done for the benefit of the Colony. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

The Hon. Mr. Ward, in his reply, mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service. He mentioned the fact that the railway had not been able to pay off its debt, and that the Government had not taken any steps to improve the railway service.

No. 6171, PUBLISHED BY THE GENERAL POST OFFICE AS A NEWSPAPER.

NAIROBI, TUESDAY, DECEMBER 5, 1953

PRICE 20 CENTS.

FUTURE OF IRISH FREE STATE.

Country Moving Towards a Republic.

DEFINITE OBJECTIVE OF MR. DE VALERA.

Exchange of Notes.

BRITISH WARNING OF CONSEQUENCES OF SECESSION FROM EMPIRE.

Mr. de Valera has announced his intention of carrying out a policy aimed at the secession of the Irish Free State from the British Empire...

It is considered probable that Mr. de Valera will dissolve the Free State and set up a republic...

British Government regard the Bill recently passed by the Dail as a clear indication of the intention of the Irish Free State gradually to relinquish the Crown...

The position of Irish residents in Britain will also have to be considered in the event of a republic...

Breach of the Treaty.

Mr. de Valera's speech in London, December 3, was a clear indication of his intention of carrying out a policy aimed at the secession of the Irish Free State from the British Empire...

DUNLOP

EXTRA LOW PRESSURE

TYRES

"I would not like to change—"

After an extended test of some 8000 miles in South Africa on a car fitted with Dunlop Extra Low Pressure Tyres an experienced motorist stated—"I have tried the tyres out on every type of road. For all medium and light cars that travel outside the towns they are an undoubted boon. I would not like to change back to my old tyres."

Whatever type of car you drive you will appreciate the greater comfort and safety obtained from Dunlop E.L.P. Tyres. Impacts which would damage ordinary tyres are gently absorbed in the flexible carcass, jarring is eliminated and there is general improvement in road-holding qualities.

DUNLOP EXTRA LOW PRESSURE TYRES

SUPERLATIVE COMFORT
NO WHEEL SPIN OR SKIDDING
HIGHER AVERAGE SPEEDS

Goodrich Growth.

DEVELOPMENT OF THE MODERN TYRE.

The development of the modern tyre has been a process of continuous improvement. The Goodrich Safety Tread, introduced in 1906, was a revolutionary step forward. It was the first tread designed to prevent skidding on wet roads. The tread pattern consists of a series of longitudinal grooves, which allow water to be displaced from the contact surface of the tyre. This prevents the water from acting as a lubricant between the tyre and the road surface, thus ensuring a firm grip.

The Goodrich Safety Tread has since been modified and improved. The most recent development is the Goodrich Safety Tread with a sipes tread. This tread pattern consists of a series of longitudinal grooves, with a series of small, diagonal sipes (grooves) cut into the tread between the longitudinal grooves. This sipes tread provides even better traction on wet roads, as the sipes help to break up the water film on the road surface.

THE DYNAMIC DODGE.

Features of the New Six.

The Dynamic New Dodge Six is a masterpiece of engineering. It is a six-cylinder motor with a displacement of 160 cubic inches. The motor is equipped with a new type of overhead valve mechanism, which provides a more efficient combustion process. The result is a more powerful and smoother running engine.

The Dodge Six is also equipped with a new type of steering mechanism. The steering is controlled by a rack and pinion system, which provides a more precise and responsive steering action. The suspension system is also of a new design, providing a smoother and more comfortable ride.

The Dodge Six is a car that is built to last. It is constructed of a heavy-duty steel frame, which provides a strong and rigid chassis. The body is also of a new design, providing a more spacious and comfortable interior. The car is also equipped with a new type of lighting system, which provides a more powerful and efficient beam of light.

The Dodge Six is a car that is built for the future. It is a car that is designed to provide a more powerful, smoother, and more comfortable ride. It is a car that is built to last, and it is a car that is built for the future.

3957, 3959, 3961, 3963, 3965, 3967, 3969, 3971, 3973, 3975, 3977, 3979, 3981, 3983, 3985, 3987, 3989, 3991, 3993, 3995, 3997, 3999, 4001, 4003, 4005, 4007, 4009, 4011, 4013, 4015, 4017, 4019, 4021, 4023, 4025, 4027, 4029, 4031, 4033, 4035, 4037, 4039, 4041, 4043, 4045, 4047, 4049, 4051, 4053, 4055, 4057, 4059, 4061,

TWENTY YEARS AGO.

Incidents in Motor History.

In the East African Standard, November 19 1913 there appeared the following letter from a disgruntled reader:

The Editor, "E.A.S. Standard."
—May I be allowed through the medium of your valuable paper to voice a few words on the dis-
cussion in which motor motor
has been held by you. I am glad
to see you go about practically kill-
ing people without any thought being
given to the fact.

After having the Theatre Road
accident Road, I saw my motor
being knocked down by a truck
pulled over by a motor car. It did
not give any warning of its ap-
proach, and was on its wrong side.
I had not stepped back suddenly
I don't suppose I should be sent
to the gallows. Surely something
ought to be done to stop the road
from taking completely command of
the driver's life. The necessity of
having a car which is completely
first class for human life.

Yours truly,
P. B. S. HAN

Nairobi Motor Garage and
Engineering Works, writing of the
fact in 1913 used two cars
must as follows: "Two tons of
material to be carried by four per-
sons. This is a heavy weight. The
unusually expensive. If all cars
had the same, heavy machinery
would be the most economical
method of transport. It is lightest
and most powerful for the weight. It
shows the way of the future. It
has proved that lightness.

A Dainty Little Car
Another advertisement for the
M.B. Standard price com-

with a desire to reach their des-
tined homes in the least possible
space of time. With lightning light
and constant warnings of danger
from the motor horns it is not un-
likely for a cycle or occasionally a
car to thread its way in a wheel
of the motor cars, at a speed which is
often trying to the nerves. Some-
times, for excellent control of his
motor cycle the rider may feel
bored of his own and the public's
safety, but he would be more con-
siderate and shall we say, less
obnoxious. As take his way at a pace
which does not alarm those who
are walking.

Automatic lighting for motor car
lamps is the subject of a recent

Experiment in Nairobi and our
motor cars have been

Swamp Road.

The Swamp Road is going from
well to water. The present condi-
tion of the road is deplorable and
traffic goes over the road at great
risk to life and limb. The other
night a motor car which was cir-
cle-driving to negotiate the road
came to grief in one of the famous
pools which intersect the roadway
and in spite of the constant efforts
of the two companies four European
passengers and a motor car of an
African driver were left to
float in the water. A motor car
pendent to energy and language
—that the vehicle was hoisted on
the bank and then it was

into this once purely mass
line recreation and business.

Till-Date.

To identify the cars which have
paid the tax a large label could be
fastened over the chauffeur's
return for the two taxes, and the
label on a prominent position
would identify the car from that
of an evader. Various toll-gates
along the road could be fixed to
enforce payment, a telephone sys-
tem enabling the toll-keeper to
ascertain the exact gate-amount of
which may have run the gauntlet.

The Fastest Car in B.E.A.

And what the fastest car in
B.E.A.? It is said that the Hon-

Sixth Avenue, Nairobi, 1913.

Sixth Avenue, 1933 (photo taken from the same spot)—Now the hub of the motor trade. [Photo: R.F.M.]

Motor 2000 runs as follows:
—Forty miles in one gallon.
—Forty miles in one hour.
—Dainty little motor car. Although
it is a motor car it is a motor
car and should not be a motor
car. It has four passengers on any
day.

A performance of the motor
car on a Saturday evening, which
signifies the admission of a
large number and variety of cars
and motor cycles at the show, that
might surprise someone that the
performance could be the success
of the show. It is an excellent

motor car. It is a motor car
and is fitted in the dashboard
and by manipulating a handle
—a motor car is turned on and
is started by means of an electric
spark.
Thus the number of motor cars in
Nairobi is large, and the continual
increase is evident. We have as-
certained upon enquiry from the
Municipal authorities, that the
actual number of motor cars regis-
tered in Nairobi is 37. In the op-
erative motor bays the number is
100. These figures seem to cor-
respond to the motor cycles to every ten

It is a 90 h.p. six cylinder
Napier engine built on a
standard road, but the trouble is
to find a suitable truck. We should
like to see a racing car like Mr.
Lawson's—scotch Daimler, also
an excellent car, but not with
the same amount.

Excessive Speed.

Mr. Humphrey was fined 10
shillings in default one month's im-
prisonment, for driving at an ex-
cessive speed, by Mr. K.R. Logan
the Town Magistrate. Various
witnesses for the Prosecution were
called and the speed of the car
was estimated about from 25 to 30
miles per hour. In giving his
evidence the Magistrate upheld the
contention of the prosecution that
the car had been driving at an ex-
cessive speed, and imposed the
penalty as already stated. Mr.
Logan also remarked in passing
that motorists must consider the
safety of other people.

MR. ROUTES AND
OVERSEAS TRADE.

The Secretary of the Depart-
ment of Overseas Trade, Mr. J. Colville, M.P., announced
that Mr. W. E. Routon has accepted
membership of the Overseas
Trade Development Council. Mr.
Routon is, of course, chairman of
Routon Ltd., and deputy-chairman
of the Hillman (Overseas) Finance
organisation. He was also a mem-
ber of the motor trade delegation
which visited Finland last Septem-
ber.

DEVELOPMENT OF THE VAUXHALL

Gruelling Tests of the New Light Six.

The Synchron-Mesh Gear.

Spring-loaded gear adjustment for the Synchron-Mesh Gear.

improve the design to an enormous extent. They were one of the first firms to use the feature of the six-cylinder engine and four-wheel brakes.

In recent years Vauxhall Motors Limited have still progressed. The car was ubiquitous on all fronts and was, in fact, known as the "War Car". When the Armistice was signed, the Vauxhall was the first car to cross the Rhine.

The Light Six.

Now Vauxhall makes another step forward with the new Light Six. These standard cars famous for thirty years.

The Vauxhall Light Six is a little more than three months old yet already thousands of owners have proved the soundness of Vauxhall design. In fact a single car was sold in Vauxhall's engine had already made quite a name for itself.

Over a year ago, the first experiments were made during which special preparations were made for the power produced the petrol consumed and so on. The result was an engine with an output of 50 b.h.p. and a consumption of 40 m.p.g. This was a very good result for a car of this size.

There is more "allow room" and leg room than one would reasonably expect—the front seats are adjustable to suit the driver. The upholstery is of real leather.

The arrangement of the floor spaces allows plenty of room for the rear passengers not only to sit, but to lie comfortably in the unusual deep seat.

The steering is light and accurate with a remarkably good "kick" which gives a turning circle of 15 feet. This turning circle is smaller than that of any car of similar type and is of great advantage.

The storage is light and accurate with a remarkably good "kick" which gives a turning circle of 15 feet. This turning circle is smaller than that of any car of similar type and is of great advantage.

The steering is light and accurate with a remarkably good "kick" which gives a turning circle of 15 feet. This turning circle is smaller than that of any car of similar type and is of great advantage.

The steering is light and accurate with a remarkably good "kick" which gives a turning circle of 15 feet. This turning circle is smaller than that of any car of similar type and is of great advantage.

The steering is light and accurate with a remarkably good "kick" which gives a turning circle of 15 feet. This turning circle is smaller than that of any car of similar type and is of great advantage.

During the day mechanics worked on the car, and had them ready, altered and improved, by the time the driver came in at night. This was done on parts which, in the standard of efficiency demanded, were scrapped and redesigned—modifications were made here—adjustments there—was made yet more comfortable. So, although the Vauxhall Light Six is a comparatively new car to most, its design has already been proved by hundreds of thousands of miles of hard driving on the part of engineers and public alike.

In appearance, the new Vauxhall is all that the more impressive. It has a sleek, modern look, and is a pleasure to look at.

A particular feature of the Vauxhall Synchron-Mesh is that it includes an automatic clearing device which makes it impossible to jam. This is a very important feature, especially in the case of a car which is used for long distances.

The Vauxhall Light Six is a very good car, and is a pleasure to drive. It is a car which is well worth the money.

Available from the Dealer on the basis of a cash payment or a 12-month hire purchase plan.

to handle for some considerable time in fact, its performance on the road compared favorably with that of any car of similar ranking I have so far encountered, and that is saying a great deal.

The first impressions have proved on East Africa and were immediately added. New shipments are on the way, but as the demand is so great in other parts of the world, as well as in England, new shipments are necessarily smaller than the present demand.

Humour.

"Do you still take that little blonde out riding in your car?" "Oh, she's married now."

"Answer my question."

"She has said he had his car for three years and hasn't been in it since."

"He means that he has been in it that week for three years and hasn't had a car."

"Teacher explaining the term 'If I said' 'My father had a car that would be the past tense. Now, Betty, if you said 'My father has a car' what tense would that be?"

"Betty: 'Present'."

"Sally: 'Present is a pret. He never knows when to stop.'"

"Sally: 'That's strange! I was with him last night and he found a dandy place.'"

"Father: 'I looked for a dandy place.'"

"The car was not up to it." "But you said you had a dandy place." "I had a dandy place for a car."

PRESS OPINIONS ...

"This car has a great future in front of it."

Captain Sir Malcolm Campbell, holder of the world's land speed record in the "Foad," July 22nd, 1933.

"Having recently availed myself of an opportunity of testing the new 14 h.p. Vauxhall Light Six I feel confident that this car has a great future in front of it. The engine is full of life, practically vibrationless and a very quiet running unit. Gear change is simplicity itself and the brakes are really very good indeed. The suspension also excellent, and so is the steering, which is of the worm and sector type. This new Vauxhall is one of the best of cars in its class, and is a pleasure to drive. It is a car which is well worth the money.

"One of the most fascinating light cars I have tried"

"It is one of the most fascinating light cars I have tried. It would never have occurred to me that it had done more than 5,000 so lively was it so smooth and so well set. According to the speedometer it was travelling well over 50 miles an hour at a surprisingly short space of time, and it was perfectly obvious that it was going to go on at speed indefinitely. The car ran delightfully at a mile a minute, steadily, vibrationless and almost noiseless. If it had been a Light Vauxhall gear on as it promises to do it will be one of the outstanding cheap cars of the last 25 years."

(John Proctor, The Observer, July 16th, 1933.)

"Almost like a sports model"

"This fourteen feels almost like a sports car with its clean acceleration power. There is a liveliness and responsiveness about the saloon which is pleasing to riders, who the engine is quite up to maximum and smooth as a whole."

(Motoring Correspondent of The Times)

"Road performance has a definite sparkle."

"It is a car by all appearances stoutly built, but not so heavily and so heavy weight, and as the ratio of engine power to weight is good, the road performance has definite sparkle."

(The "Antarctic" Club, York)

"It more than well lives up to its fine reputation"

"I took one of the new 14 h.p. models away for a long week-end, and I will say (as an old 30 h.p. driver) that it more than lives up to its fine reputation. Which is not to say that I do not know any complete saloon car, but in the matter of road figure of £215, in which there is a better proportion of price I should like to know its name."

(The Motoring Correspondent, "The Tatler," June 25th, 1933.)

"Looks like a Vauxhall—and in actual fact it is"

In these days of low prices we are apt to be misled by the price tag for our money, but I can honestly say that I do not know where I could go in the motor car market for a car that would get better value than is offered me in the Vauxhall. What is more it looks a real Vauxhall and it is a real Vauxhall."

(A. Percy Bradley in "The Sphere," July 1st, 1933.)

"Heaven only knows how such cars can be produced for such prices"

As a whole, either the £195 or the £215 model, viewed as the very pleasant car, but heaven only knows how such cars can be produced for such prices. It is of previous equipment, price and specification are all exceedingly competitive."

(Edgar N. Duffield, "The Motor," July 1933.)

"Fit to take its place at any gathering"

"This is a car fit to take its place at any gathering—not a small car nor a big one, in other words, it caters for a very potent need at the moment. Particularly nice is the rear view, the back panel of the body and the rear position of the mudguards being husband forming a smooth tail, free from excessiveness."

(The "Antarctic" June 1933.)

"The paneling is beautifully carried out"

"As in previous Vauxhall models, the paneling is beautifully carried out, and also the pressings employed for the wings and other parts."

(The "Motor," June 20th, 1933.)

"A very roomy carriage with the most comfortable coachwork"

"The new Light Six is a very roomy carriage with the most comfortable coachwork, and so sturdy that on its outward appearance it might be rated much higher than its actual price."

(H. Thornton Hatter in "The Illustrated London News.")

"The coachwork is extremely comfortable"

The coachwork, in the first place, is extremely comfortable, providing ample space in front, with rather more than average accommodation at the back. Rear-seat passengers have plenty of leg and head room—in addition to which there is width enough for three fairly slim people to sit abreast when desired.

The brakes are excellent, being of great power, but just avoiding any tendency to be "fierce" at low speeds."

(The Earl of Cardigan in "Britannia and Eve.")

ECONOMY IS THE ORDER OF THE DAY

THE MORRIS MINOR

Is the Cheapest to Buy—
The Cheapest to Run—

TWO SEATER £146
TOURER £157
SALOON £172

The eight h.p. Morris Minor is built like a big car on a length frame, 4 semi-elliptic springs with shock absorbers — Bishop type cam steering — 4-speed gear box, with twin top silent third — Lucas starting and lighting equipment.

The model most familiar to the Kenya Public is the Little Minor, which has now won its spurs in every country in the world in which motor cars are used. It makes an irrefutable appeal to those who desire to save money on their necessary daily transport, not only as a town run-about for the commercial man, but for the up-country settler who has a large estate to supervise, or who, of necessity, must cover a considerable mileage daily in his district.

There are unimformed folk every now and then who think that the Morris Minor is only suitable for town use. Judge the number that are in daily use on up-country estates. What better country is there of the Minor's kind? In fact, the Minor's ability to go anywhere than Alan Cooper's successful journey

Morris Motors Ltd. have for some years now yielded themselves an producing a car to suit every purse, both in first cost and in running expenses. This range includes models from the sturdy Little Minor, which was the first £100 car in the Empire, to the superbly equipped and commodious model "25", which retails in Kenya at £146 in Tourer form and £160 as a saloon.

THE MORRIS MODELS

From the Minor to the '25'

This is the first car on the market which has such performance records, with over 40 miles per gallon, an annual tax of 5s. and an average tyre mileage exceeding 20,000 miles. The car is so popular that the Minor is such a popular little car in three days of September.

Particularly suitable for the needs of this country is the new 70 cc. chassis produced by this well known concern, powered with either a four or six cylinder engine. The chassis is an unaltered chassis frame, four speed gear box with twin top, and the performance of this chassis is exceptional and is combined with the weight of the chassis. The performance of this chassis is exceptional and is combined with the weight of the chassis. The performance of this chassis is exceptional and is combined with the weight of the chassis.

THE TYRE

THAT ACTUALLY

COSTS LESS

THE cost of what you get for your money.

You will get the SAFETY of the powerful ALL-Weather Tyre with its CERES TREAD TRACTION, the protection from heat that is built into every inch of the tyre.

You will get the longest life that is built into every inch of the tyre.

Why, then, did you get a cheaper substitute for your safety on your tyres?

A Scotchman had the misfortune to lose his wife and a cow on the same day. Some time after, some of his friends offered to get him a new wife.

"Ye've a' awfa' anxious to get me another wife," he replied. "But must ye car' what she offers me the another cow?"

"How far have you and your wife got with your plan to buy a new cow?"

"We've got to the point where we don't speak."

SAFE with SILENC at all speeds

6300

OR, for those who desire proportionate Economy with increased Body space

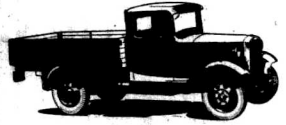

THE MORRIS "TEN"

The Morris "Ten" achieves the ideal small economically operated car, yet with ample room to seat 4 adults in comfort. It has a 4-cylinder engine, insulated from the frame by liver rubber blocks, a 4-speed twin-top gear box, hydraulic four wheel brakes and shock absorbers. 12 volt Lucas equipment, adjustable front seat, and all the refinements of an expensive car.

TOURER £210
SALOON £245

MORRIS-COMMERCIAL

25/55 h.p. 8-cyl. CHASSIS. PRICE £294.

The new 30-cwt. Morris Truck is fitted with either a 4 or 6 cylinder engine of 25 h.p. — 4-speed silent twin-top gearbox — fully braked rear axle — triangulary braced frame — progressive springs — group lubrication — and Lockheed hydraulic brakes.

TRADE-IN THE OLD CAR.

The problem of the leave car in this country has been solved. The Morris "Ten" is the ideal car for the leave car. It is small, economical, and comfortable. It has a 4-cylinder engine, insulated from the frame by liver rubber blocks, a 4-speed twin-top gear box, hydraulic four wheel brakes and shock absorbers. 12 volt Lucas equipment, adjustable front seat, and all the refinements of an expensive car.

Changes are payable on delivery at the Coast. Arrangements have been made with Lloyd's Underwriters so that a 12 months insurance policy may be obtained for the car to be used in England for the balance of the policy in the East Africa.

Practically every business and industry has its own particular requirements which vary in the greater or less degree from the common stamp. Adaptations are frequent, and certain promises between themselves, representing a degree of efficiency far below 100 per cent., usually consist.

On the delivery of the Fulvion premises, the load is stacked into the containers, thereby securing immunity from contamination in the open, and greatly reducing the risk of damage to the goods. The containers are lowered in lifts, wedged into the vehicle, and secured to the Cuddy Hall, again wedged into a lift and so delivered to the production floor. The car is loaded with empty and return.

Do You own one of these cars?

IF so, it can be fitted immediately
with Goodyear AIRWHEELS

As all motorists know, the amazing performances ~~everyone~~ is talking of to-day are those of AIRWHEELS.

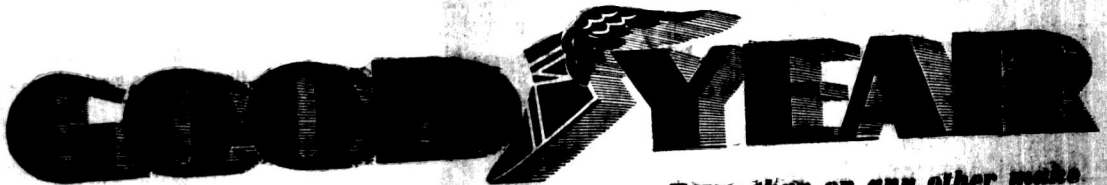

Only Goodyear makes AIRWHEEL tyres... that new type of tyre which provides such unbelievable riding comfort and traction on the roughest or muddiest of roads.

AIRWHEELS save pounds and pounds in car repairs and they are capable of phenomenal mileage. Yet they cost only a few shillings more than ordinary tyres and in some cases, actually less.

IF you are the owner of any of the above makes of cars it is sheer, wasteful extravagance not to fit them.

FLOAT Over Bumps

FLOW Over Ruts!

The world over more people ride on Goodyear Tyres than on any other make.

THE EMPIRE

returning to

PROSPERITY

NO MAN of observant eye can fail to mark the change that has come over the British Empire in the past few months.

Everyone knows what happened before the withering blast of falling prices. Standards faltered. Quality went under seige. Wages shrivelled. Buying-power shrunk.

Now the whole picture is changed.

It is changed partly because the public has started in not only to buy, but to buy selectively—to seek out not merely low price, but sound substantial value as well.

It is changed because men and women have learned that the wrong thing at the right price is not a bargain—that quality even more than price determines worth—that good merchandise, at a fair price, is shrewder buying than poor merchandise at any price.

HOPE revives, ambition stirs, purpose hardens—commodity prices rise constructively—markets are expanding—the manufacturer and producer of enterprise and conscience can once more centre upon the improvement and perfection of his product instead of

being forced to cut prices with his least responsible competitor.

Men are marching back to work—here and there wages have already started up—business is definitely on the mend.

You see proof of that all around you, in every product of repute and popularity that bids for the public favour.

And anyone with eyes to see what is happening around him to-day must conclude

that whatever he buys—tyres or anything else—if it be of good and sound and durable character—will make him a real saving of money as against the prices he will likely have to pay in time to come.

IN THE past months when money was scarce, and car owners needed the utmost value for every shilling, Goodyear brought the prices of the finest tyres within the reach of everyone—not by reducing quality, but by eliminating waste, increasing efficiency, through concentrating on two main lines of tyres.

You can now buy a whole set of Goodyears for as little as a single tyre would cost you a few years ago!

No man can tell how soon or how much tyre prices will go higher, but if mounting raw material costs mean anything it is wise foresight to buy the tyres right now that you will need for the coming year.

You get two things: the best tyres that Goodyear ever built, and prices lower than you may ever see again.

GOODYEAR

Don't be satisfied with less than 8 Cylinders

The trend is towards the V-8. It's the coming car.
The Ford V-8 gives you eight-cylinder performance
WITH ECONOMY

NO DOUBT OF IT. The V-8 is the coming car. It has the smooth speed and power that you've always wanted. And Ford has found a way to combine eight-cylinder performance **WITH ECONOMY**.

When we say economy we mean economy all down the line. Low first cost. Low up-keep cost.

And remember this... when you buy the Ford V-8 you are protecting your investment. You are buying the coming car - a car at least a year ahead in design and performance. It won't depreciate quickly or be out of date a few months after you buy it.

There isn't a low-price car on the market to-day that comes even close to it in quality, speed, safety, comfort and all round motoring satisfaction. It has many extra-value features not found in any car selling near its price.

All we ask is this - See the big Ford V-8 with the 112-inch wheelbase and ride in it. Compare it point-by-point with any other low or medium price car. Take it out on the road for the most gruelling tests you know how to make.

You'll know then why so many owners say, "It's the finest car I have ever owned-regardless of price."
