RAIL LINK SURVEY PROPOSED

Mombasa asked to share cost

EAST African Railway and Harbours Administration is considering a survey on the possibility of building a rail and road link between Mombasa Island and the north mainland. Mombasa Municipal Board has been asked to contribute towards the cost of the survey, but the Board's Finance and General Purposes Committee at a recent meeting said it was not in favour of the board paying anything. More information about the matter could be given further consideration.

Port may be closed to visitors

Mombasa port may now be closed to everyone except those on business "in the interests of safety, efficiency and security," an official statement said. The official statement said that the port may be closed to visitors as far as possible to those who use the port, and the Mombasa Chamber of Commerce and other will be consulted.

Sound proposition

The railway proposal is a sound proposition in that the last approach to the railway was made by the Mombasa Municipal Board, which has been asked to contribute towards the cost of a survey of the railway.

THE LAD OF LONDON TENNIS

By a special correspondent

I LEFT the comparative quietness of a suburban London's outskirts and set off on my journey to Wimbledon, for the Mecca of those who love tennis and enthusiastic fans who converge on Wimbledon from all over the world each June.

My destination was the headquarters of the All-England Lawn Tennis and Croquet Association, to give the ruling body in the world of tennis its full name.

HEALTH RESORT FOR ARCHBISHOP

Exotic island of sandy beaches, palms - and gentle sharks

WHEN Archbishop Maclean, who has been at the Seychelles last week, he had a letter from a historian who wrote: "The Seychelles is a most ideal health resort for old people, young people and all persons of the ilk." He listed at least 20 reasons why the island is so good for old people. How do you reach the paradise? It is 1,000 miles from the East Coast. It is a tiny island, scattered over 40 miles of the world's oldest and most beautiful archipelago. It is a tiny island, scattered over 40 miles from the East Coast. Gaiety, good will and colour made Kitui show

6,000 PRODUCE EXHIBITS

PEOPLE who imagine an agricultural show in rather a remote African district to be dull and uninteresting would have changed their minds if they had made the 120-mile road journey from Nairobi for the 1952 Kitui Agricultural Show.

Kitui's show set no records as far as African exhibitions go. It was the biggest, the most varied and the best ever exhibited in the district. It was a pleasure to find that the exhibition was held in a fine area, surrounded by stands open to the public, and that the exhibits were of such a high standard.

The exhibits were of such a high standard that they attracted a large number of visitors from the surrounding districts. The exhibits were of such a high standard that they attracted a large number of visitors from the surrounding districts.

Record of loyalty

In return they have given good records of loyalty and service to the Government. There are many examples of this in the records of the Kitui district.

QANTAS AUSTRALIAN OVERSEAS AIRLINES

You should recognise this at once

Think that if you don't because there are enough of them around, 340, 12 1/2 the diameter of Ford's tank Consul, the Super-medium car.

The Consul isn't too small — it seats five passengers in leather upholstered comfort, and its four cylinder engine has a way with the straight hills. It's not too big — parking's a pleasure, and the running costs and maintenance won't break you.

It's an all-round car, handsome and dashing enough for the most show town, yet ruggedly built.

For the family trade. Wide and low-slung, the Consul holds the road with utmost safety, even at its top speed of 75 m.p.h. Boot space is more than ample, a 24 cu. feet dust and rainproof compartment, and the car has two full-width parcel trays to accommodate any overflow. You'll appreciate, too, the way the instruments are grouped behind the driver's eye, quick, clear and safe reading.

Call in at any branch of Higher Limbaid, and tender the Consul 340 — it's by your pleasure.

RECEPTION REVENUE PROPOSAL of suspicion red by Member QUESTION ON JUDGING INCOME-TAX CASES

From the three East African Territories in the Central Legislative Assembly supported the view that the East African Commission should be held by its own hands suggested on Tuesday by the Deputy Secretary, Mr. J. C. Mundy.

At the Finance Minister's debate on the subject of the proposed changes in the taxation of income, Mr. Mundy raised the question of the propriety of the Commission's decision on the subject of the proposed changes in the taxation of income.

Mr. Mundy said that the Commission's decision on the subject of the proposed changes in the taxation of income was a matter of great importance and that it was essential that the Commission should be held by its own hands.

power for Sir Anthony calls in ten leaders

WHITE PAPER WARNING: DANGER TO PROSPERITY

Warned by the Government that they must restrain in seeking higher wages and profits if the country is to maintain its prosperity. Full employment and the maintenance of high claims and the restrictive provisions should not be a goal for the people.

Prime Minister Sir Anthony Eden, called his leaders of the State-owned undertakings to take it as a warning from an assurance from them that they would keep down prices.

According to a statement issued, they agreed with the Government that the need to keep down prices applied both to the nationalized industries and to the private sector. The undertakings represented at the talks were the British Transport Commission, the Civil Control, National Coal Board, Atomic Energy, and the Electricity Board.

The White Paper also stated that the Government would not be a party to any increase in the price of any commodity unless it was necessary to maintain the standard of living. EUROPEAN LEADERSHIP OR 'CHAOS'

Mr. Welwood on importance of community to Kenya

As long as European Ministers are in the Kenya Government, their community has a very good chance of being a success. This is the view of the Hon. Mr. Welwood, who is the Minister for the Colonies and the Overseas, in a speech made at the Kenya Education Association.

It was his contention that Kenya's best hope was to continue the present form of coalition Government until generally the whole of the African continent was free. In the next three or four years it would be possible to have a Government of some African States.

Mr. Welwood said that the Government would be able to continue to function in the interim until the African continent was free. He said that the Government would be able to continue to function in the interim until the African continent was free.

EUROPEAN LEADERSHIP OR 'CHAOS'

Listeners hanganyika used to use discretion

As long as European Ministers are in the Kenya Government, their community has a very good chance of survival of the fittest which has been the rule in Nigeria and the Sudan. The Minister without Portfolio, Mr. W. M. Welwood, said the Kipchumba-Ainabithi Farmer's Association.

It is not to be considered that Kenya's best hope was to continue the present form of coalition Government. It is clear that the present form of coalition Government will not continue as long as the Government is in power. WALES MUST SHARE R.U. CHAMPIONSHIP

Kick beat France in Cardiff

A CONVERSION kick by full-back Garfield Owen gave Wales a two-point winning margin in their Rugby Union international against France at Cardiff Arms Park on Saturday when, after a blank first half, the Welshmen beat their rivals by five points to a total of three (4-7).

Wales, who shared the title of the 1933-34 British and French international championship with France last season are again assured of at least a place in this season's title. After France were unable to score in the first half, the Welshmen were able to score in the second half when Owen's conversion, which was the only goal of the match, was followed by a try from Garfield Owen.

Wales' first try was scored by Garfield Owen in the 57th minute. Owen, who had been in the line-out since the start of the game, was able to get down to the line and score. Owen's conversion was the only goal of the match.

France were unable to score in the first half, but they were able to score in the second half when Owen's conversion, which was the only goal of the match, was followed by a try from Garfield Owen.

Kenya Beats THE TSETSE FLY WITH BULLDOZERS
LUSHI, well-known grass has been on 27,000 acres of high day in the course of completing the target and bulldozers which only service 10,000 acres of tsetse fly

The theory behind this slaughter was based on the fact that tsetse flies do not breed in the open but in the shade of bushes and trees

In Kenya, better woods are used for tsetse fly control than elsewhere in the world
