A correspondent recorded in an article published in these columns a few days ago the very interesting story of how the ex-territory of Somalia has been carried on during the three years of British occupation. It has been no easy task...

The correspondent was less concerned with the difficulties of the future than with the achievements. It is fairly common knowledge that there have been difficulties, and still are problems which require patient and tactful handling...

To the Editor, "E.A. Standard"

Sir—The number of people who have been imported since the outbreak of the war has been very large. It is estimated that over 100,000 people have been imported since the outbreak of the war. The Government has been very generous in its policy of immigration. It has allowed a large number of people to enter the country, and this has done much to help the economy. However, it is now necessary to consider the problem of demobilisation and the re-employment of these people. ### A Week-End Sermon:

## A Taste of Religion

Many will have heard the old proverb: 'It is not for us to enter into the strength of the Lord, because we are weak.' It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak.

It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak.

It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak.

### MR. SYDNEY THORNTON: AN APPRECIATION

It is difficult to say adequate tribute to such an outstanding and lovable personality as the late Mr. Sydney Thornton. He was a man of many parts. He was a man of many parts. He was a man of many parts.

He was a man of many parts. He was a man of many parts. He was a man of many parts. He was a man of many parts. He was a man of many parts.

He was a man of many parts. He was a man of many parts. He was a man of many parts. He was a man of many parts. He was a man of many parts.

### YOUR DEFENCE AND SURE REMEDY

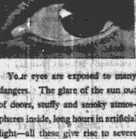

In cases of RHEUMATISM, LUMBAGO, ULCERS, SORES, COLIC, ECZEMA, RASHES, RHEUMATIC JOINTS. Blood impurities poison the whole system - lower vitality and weaken the power of resistance.

Clarke's Mixture is the common-sense remedy by which the blood is purified and restored to health.

It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak. It is not for us to enter into the strength of the Lord, because we are weak.

### NEGLECT IS DANGEROUS

Your eyes are exposed to many dangers. The glare of the sun, dust of coarses, stuffy and smoky atmosphere, long hours in artificial light - all these give rise to severe eye strain.

Nowadays the growing demand of vital war traffic means that Optrex is not so plentiful as before, but you should still take all possible care of your eyes. Do not hold your work close to your eyes - your eyes occasionally. Get plenty of fresh air and whenever possible, have your eyes checked by Optrex Eye Lotion will protect them from dangerous strain and keep them fit.

**NEURITIS**

Mr. JOHN, SOAPH'S grip of the pain in my shins, I finally pushed it down. I found some relief by applying SOAPH'S grip to the painful area where neuritis.

SOAPH'S grip relieves the pain in the muscles, nerves and tissues and also soothes the conditions which cause the pain. I always keep a bottle handy.
