Profile: Mr. Bruce McKenzie A MONARCH OF THESE WHISKERS

By Eric Douglas
McKenzie and James a company, Gopnall, Ltd. with a Tanganyika distillery.
The verbal approach to his house is checked. It will be a long time before the Gopnall distillery will be in a position to supply the whisky which McKenzie is now producing. McKenzie is now producing a whisky which is a blend of Scotch and African whiskeys. McKenzie is now producing a whisky which is a blend of Scotch and African whiskeys.

Mr. Bruce McKenzie

OVERSEAS STUDENTS STUDY FARMING AT KENYA COLLEGE

EGERTON COLLEGE, the only European agricultural college in Kenya, is to begin a publicity campaign in the Colony. Although the college will have a stand at the Royal Show, representatives will be there to mingle with the farmers.
The college, which has been running two-year diploma courses and one-year certificate courses since 1949, has been a self-governing institution since last year. It is founded at the end of the way on the area of land given by the East African Government to meet the country's needs in training European students in farming practices and in agriculture.

Wherever there's a thirst there's a TUSKER

At the Royal Show the men who grow the barley approve of the finished product. Only the finest barley goes into the making of TUSKER PRODUCTS, and a unique process gives them that extra flavour and quality that make them East Africa's favourite beers.

Settlement Board's success finding capital for Kenya land BRITAIN'S FARMERS HELP

BY A LONDON CORRESPONDENT
IT has been the months since Mr. Colin Campbell opened the European Agricultural Settlement Board's office in London and only a few months of this have been spent in the good-looking offices on the second floor of Grosvenor House in Trafalgar Square.

But the board's work has become known to the public and its funds are very plentiful. It is expected that the board will be able to advertise its work in the next few months.

The European Agricultural Settlement Board was set up by the British Government to help British farmers find capital for Kenya land. The board is now in a position to help British farmers find capital for Kenya land.

Meetings addressed
The British N.F.U. is now in a position to help British farmers find capital for Kenya land. The board is now in a position to help British farmers find capital for Kenya land.

SCHOOL CLUBS FOR FARMERS

Waterbury Farm, near Kenilworth, is the first of a series of school clubs for farmers. The club is now in a position to help British farmers find capital for Kenya land.

Farm competition

This year, two of Kenya's finest farms were entered in the competition. The competition is now in a position to help British farmers find capital for Kenya land.

Two-hour interviews

Mr. Campbell will be in Kenya for two hours to interview British farmers. The interviews are now in a position to help British farmers find capital for Kenya land.

could talk about Kenya for hours. This project is of course for the benefit of the British farmer. The project is now in a position to help British farmers find capital for Kenya land.

After all, the British farmer is the one who is most interested in the project. The project is now in a position to help British farmers find capital for Kenya land.

It is the hope of the board that the project will be a success. The project is now in a position to help British farmers find capital for Kenya land.

Country comes to town and breaks 'Royal' records

ONCE again, Nairobi is privileged to host the Royal Show at Mitchell Park and just another record attendance can be anticipated. Similarly, many of the points of view of these people who volunteer their services to assist with the organization required to mount the show, will be of great help, of course, the situation would become impossible.

Last year the Society was unfortunate with the weather and many people had great difficulty in getting home without a long wait in their cars. Fortunately in the second year, the weather was perfect, but unfortunately the majority of people appreciated the difficulties and accepted the position. There were several members of complete assistance and the organization of the show was certainly justified.

What has the Society done to try and remedy these difficulties? It can be remembered that the Society's members depend on subscription funds from different sources as the result of showing a number of the cars of a Royal Show.

The Royal Show is the main activity and the main source of funds for the Society. It is the main activity and the main source of funds for the Society.

Understandably, the central committee is sitting every year and the public must of necessity be reminded of some of the improvements made to it with their time in the queue.

Frightening figure We are also faced with the necessity of either collecting or purchasing both the members and the public stands.

We require new standing, more and more stands and we will continue these measures to stabilize the future. The best of

PACK PONIES BACK TO FAVOUR

A second method of your transport which has been tried in the Kenya Emergency than any other mode of transport, will be demonstrated during the Royal Show.

Four purposes That is the purpose of a Royal Show. It is in order to encourage the production and to encourage the responsibility of the members.

It is also a social event where the country comes to town and when old friends can meet and new friends be made.

It is also an opportunity to see the selection of those exhibits such as some industries.

In other words, all talents are needed for art and nobody could fail to find something of interest.

There has already been a considerable publicity about the society of either in the different classes, the different trophies and prizes.

It was suggested that we might consider, on perhaps one day, running the show until 11 o'clock in the evening and perhaps that suggestion would be well received in future years, although it will be increased burden on the already over-worked officials.

Expectations It might be appropriate at this time to mention the work of the exhibitors at the Royal Show and to express the hope that the Society to all those who help in every way we require.

It is our hope that the members of the Society will be able to help in every way we require.

The East African Women's League undertake the necessary work of entering and without their help the program might well be impossible.

We cordially extend our thanks to all those who have helped in every way we require.

It is our hope that the members of the Society will be able to help in every way we require.

It is our hope that the members of the Society will be able to help in every way we require.

NON-STOP ACTIVITIES IN THE MAIN SHOW ARENA

Displays and parades

THROUGHOUT the whole of the Royal Show, the main arena will hardly ever be empty. There will be something for the public to watch at almost every moment of the day. With live bands, two teams of African drummers, bands of cattle show jumping, promotions and displays by the police and the Army...

Dances by the Chuka tribal Drummers

For the first time since 1951 visitors to the Royal Show will be able to see the popular Chuka Drummers, who will perform throughout the day in the main arena.

Driving competitions

Most of Wednesday's show events in the arena will be horse events in the afternoon driving trials. In the afternoon driving trials, the afternoon driving trials will be held in the arena.

After the official opening...

After the official opening on Wednesday afternoon, there will be the daily display, including the Cattle Drummers, the K.S.L.I. band, the Kenya Police display and the police band.

Cattle in the ring

Thursday's programme will be a parade of stations in the arena. The parade will be held in the arena.

On Friday afternoon, the presentation of B.A.K. long-service medals will be held in the arena.

A view of the princess's box in the main arena - from which Princess Margaret will watch part of the show - and the main grandstand in the background.

Different band to entertain visitors on each of five days

FIVE bands will play for lunch-time concerts and evening finales. Four of them are well known in Kenya.

The visitors will be the Middle East Band of the R.A.F. conducted by the Director of Music, P. J. J. Wray.

On October 29, the last day of the show, there will be a parade of stations in the arena.

The young men will be the C.S.I. band of the Kenya Police, who will perform at the depot.

SHOW OPENER TO JUDGE SHORTHORNS

Mr. Col. Guy Bewitt, who is to judge the Royal Show and present many of the prizes, is Deputy Lieutenant of Kenya and a well-known farmer in the country.

Mr. Bewitt is a vice-president of the Royal Agricultural Society of England and is also chairman of the Kenya Agricultural Society.

On the farm at Haxton, near Colchester, he has a pedigree herd of dairy Shorthorns and a herd of Jersey cows.

He also keeps game pigs and a few fowls, but his main interest is in his dairy herd.

How to brew coffee: Coffee consists of berries called from the Kenya arabica, which, with any other, are to be discovered at the show by the Coffee Board of Kenya.

MAKE A MENTAL NOTE!

If you are unfortunate enough to have a headache - don't suffer it - let us give you a couple of DISPRINs to relieve your pain. WHY DISPRIN BECAUSE it dissolves, it is more rapidly absorbed into the blood stream - giving relief from the pain in the shortest time possible.

DISPRIN is far less acid and is less likely to cause heartburn, dyspepsia, or other symptoms of gastric irritation.

DISPRIN is pleasant to take, also safe and easy to give to children.

But, whether you have a headache or not - come and see us - you'll find us in the "DETTOL" STAND, (Opp. 149/150 - BLOCK G, not far from the main gate) - on the right after entering the grounds.

Both DETTOL and DISPRIN are widely used in Hospitals, Nursing Homes, etc., and recommended by the Medical Profession generally.

They are the best well-known products manufactured by SECRET & COLMAN LIMITED (Incorporated in England)
