

# The Week's Letters

## THE IMPERIAL CONFERENCE

MONDAY, APRIL 24, 1944

The debate on Dominion Policy which has been taking place in the British House of Commons was remarkable only for the scope of the uncertainties which it raised in most of the speeches. That there was a unity of general opinion among the general members of the Dominion Ministers shall be a policy of greater co-operation in facing peace and post-war problems.

Despite the freedom conferred by the Statute of Westminster there is still a membership of the British Commonwealth. There is still a commonwealth of Nations there which means embarrasment and which issues are raised in which the interests of national sovereignty may be hard to reconcile.

It will be remembered that Canada deflected her attention from war by a week in order to give her right of representation in the world. Furthermore, it would be foolish thinking to believe that the Dominion of Canada by Canada was as wholly independent as it was in the past. Canada as it was by the peoples of Britain. The complications of the Dominion of Canada are strongly marked as at times, the Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status.

It is a great wonder to see that the Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status.

It is a great wonder to see that the Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status.

## LABOUR IN NARIBI

TUESDAY, APRIL 25, 1944

THE IMPERIAL CONFERENCE and Dominion Policy which has been taking place in the British House of Commons was remarkable only for the scope of the uncertainties which it raised in most of the speeches. That there was a unity of general opinion among the general members of the Dominion Ministers shall be a policy of greater co-operation in facing peace and post-war problems.

## Why Restrictions Were Introduced

FRIDAY, APRIL 24, 1944

There is no doubt that the new regulations will mean a certain amount of discomfort. From the point of view of the employer of the labourer, it is a big thing to ask in war time the restriction of the freedom of the labourer with the sacrifice and comparison imposed in other countries. The physical side of the war has not been considered, but the economic side of the war has not been considered.

The African domestic market should realize that he too has a part to play in the success of this war-time measure. The purpose of which is to raise the maximum use of the limited labour force in the country. It is to view his work with a greater sense of responsibility and to do more than the absolute minimum and to do it cheerfully and willingly. There are some who think that some households have been accustomed to a certain number of numbers which have been considered and have saved an embarrassment to others where there has been a restriction of the labour force. There is no reason why it should be so.

It is a great wonder to see that the Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status.

## FINNISH INTRUSION

WEDNESDAY, APRIL 26, 1944

THE FINNISH INTRUSION into the Russian territory is regarded with regret throughout the world. The Russian people are not only concerned with the Russian territory, but also with the Russian people. The Russian people are not only concerned with the Russian territory, but also with the Russian people.

It is a great wonder to see that the Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status. The Dominion of Canada are not the only difficulties in Dominion status.

## POTATOES

WEDNESDAY, MAY 3, 1944  
It is a pity that the potato shortage in Kenya is not being taken more seriously. The fact that the potato shortage is not being taken more seriously is a pity. It is a pity that the potato shortage in Kenya is not being taken more seriously.

## The Stettinus Mission

THURSDAY, MAY 4, 1944  
The Stettinus Mission is a pity. It is a pity that the Stettinus Mission is a pity. It is a pity that the Stettinus Mission is a pity. It is a pity that the Stettinus Mission is a pity.

# Kenya's National Park

## Professional Hunters' Interest in Project

The Kenya National Park Association has received a letter from the Professional Hunters' Association in London, inviting them to join the project. The letter is a welcome one, as it shows the interest of professional hunters in the project.

The Kenya National Park Association has received a letter from the Professional Hunters' Association in London, inviting them to join the project. The letter is a welcome one, as it shows the interest of professional hunters in the project.

## SETTLEMENT SCHEMES' PROGRESS

### Report to Kenya Association's Annual Meeting

The Kenya Settlement Schemes Association has reported on its progress at its annual meeting. The report shows that the association has made significant progress in the past year.

The Kenya Settlement Schemes Association has reported on its progress at its annual meeting. The report shows that the association has made significant progress in the past year.

## School Children's Fairs

The Kenya School Children's Fairs are a success. The fairs have raised a large amount of money for the school children, and have been a great success.

## PACIFIC

The Pacific is a theatre of war. The war in the Pacific is a long and hard one, and it is expected to continue for some time.

# The Potato Shortage

## Merged Payment To Planters On 1943/44 Crop

The Kenya Government has announced a merged payment to planters on the 1943/44 potato crop. This is a welcome move, as it will help planters to meet their financial obligations.

The Kenya Government has announced a merged payment to planters on the 1943/44 potato crop. This is a welcome move, as it will help planters to meet their financial obligations.

## THE AIR WAR

The air war is a crucial part of the overall war effort. The Allies have made significant gains in the air, and it is expected that these gains will continue.

## THE WAR IN BRIEF

The war in brief: The Allies have made significant gains in the air, and it is expected that these gains will continue. The war in the Pacific is a long and hard one, and it is expected to continue for some time.

## ITALY

Italy: The Italian situation is a complex one. The Allies have made significant gains in the air, and it is expected that these gains will continue. The war in the Pacific is a long and hard one, and it is expected to continue for some time.

## RUSSIA

Russia: The Russian situation is a complex one. The Allies have made significant gains in the air, and it is expected that these gains will continue. The war in the Pacific is a long and hard one, and it is expected to continue for some time.

# The Week's Letters

## LAND SETTLEMENT

The Kenya Land Settlement Scheme is a success. The scheme has helped many people to acquire land, and it is expected to continue for some time.

The Kenya Land Settlement Scheme is a success. The scheme has helped many people to acquire land, and it is expected to continue for some time.

## MAKING STATISTICS

Making statistics is a difficult task. It requires a lot of time and effort, and it is often difficult to get accurate figures.

## REVOLUTION

Revolution is a complex phenomenon. It is often difficult to understand the causes of revolution, and it is often difficult to predict its outcome.

## EMERGENCY AND DEFERMENT

Emergency and deferment: The war has caused many people to be deferred from military service. This is a pity, as it means that many people are not doing their part for their country.

## RECOGNITION

Recognition: The Allies have made significant gains in the air, and it is expected that these gains will continue. The war in the Pacific is a long and hard one, and it is expected to continue for some time.

# Kenya Spinning Wheels In Ethiopia

By  
*Cambridge  
Press*

I have been asked to write an account of a visit I made to Abyssinia in the month of April, 1944, at the invitation of a former British Member of Parliament, Mr. G. G. B. Scott, who is now a leading member of the Ethiopian Women's Association to visit Abyssinia, and afterwards to write an account of my impressions.

There is not a great quantity of spinning wheels suitable for general use in Abyssinia, and the only one of this type which is produced from time to time is already being used by Mr. G. G. B. Scott, who is now a leading member of the Ethiopian Women's Association to visit Abyssinia, and afterwards to write an account of my impressions.

These looms can be used in the ordinary way, but they are not suitable for spinning wool, and the only one of this type which is produced from time to time is already being used by Mr. G. G. B. Scott, who is now a leading member of the Ethiopian Women's Association to visit Abyssinia, and afterwards to write an account of my impressions.

One of the most interesting things I saw in Abyssinia was the spinning wheels, which are used in the ordinary way, but they are not suitable for spinning wool, and the only one of this type which is produced from time to time is already being used by Mr. G. G. B. Scott, who is now a leading member of the Ethiopian Women's Association to visit Abyssinia, and afterwards to write an account of my impressions.

## COOPER'S COMMUNIQUE

# AGROSAN "G"

Limited stocks of Agrosan "G" for seed dressing are now available from the Kenya Farmers' Association (Co-operative) Ltd., Nairobi.

Dressing seed with Agrosan "G" destroys the spores of all seed-borne diseases. And at the same time, every grain of seed is covered with a fine protective layer. It means that the seed is not only freed from all spores of disease, but is also protected against infection during storage, while you are planting or sowing. In addition, the grains have become healthy seedlings. In addition to that, the seed treated with Agrosan "G" germinates earlier, more readily and in greater percentage. It causes more vigorous and disease-resistant seedlings.

For further particulars write to—  
**COOPER & NEPHEWS, LAF. (PTY.) LTD.**  
Box 594, NAIROBI.

## For Better, Easier, More Profitable Dairying obtain a new

# MCCORMICK-DEERING CREAM SEPARATOR

If your cream separator is losing money by working but half at the steam-milk separator, it is high time to invest in a new McCormick-Deering Balancing Cream Separator. A Babcock test of the steam-milk will tell whether you are forced to continue using your old cream separator.

The McCormick-Deering is the closed-circuit cream separator of the market. It is easy running, easy to clean, and will give more volume of good cream. It is built in four sizes—capacity from 200 to 1,250 pounds of milk per hour. It can be operated by hand or by belt power. Limited stocks now available. Apply to your Production Sub-Committee for necessary purchase permit.

To avoid misunderstandings or disappointment at a later date, we would call the attention of prospective purchasers to the fact that we do not give a warranty of any kind, nor accept responsibility of any sort for I.L.C. Products assembled or distributed by firms who are not our duly appointed dealers.

# CORRESPONDENCE

## KENYA ARTS AND CRAFTS SOCIETY

To the Editor, "K.A. Standard"  
 In your edition of April 21, 1948, you were kind enough to publish an advertisement in which you stated that the Kenya Arts and Crafts Society was founded in 1923 with the object of promoting the artistic and industrial development of Kenya and the surrounding territories. I am sorry to hear that the Society is now in a state of financial straits and that it is unable to hold its exhibitions on the 2nd and 4th floors of the Kenya Club, Nairobi, and it is hoped that there will be a large number of members and others who, we hope, will be able to help it.

Support in the past has been most generous and it is hoped that more help will be given in the future. It is to be hoped that the Society will be able to hold its exhibitions in the future. It is to be hoped that the Society will be able to hold its exhibitions in the future. It is to be hoped that the Society will be able to hold its exhibitions in the future.

## Mrs. M. MONTGOMERY

Kenya Arts and Crafts Society  
 Nairobi  
 May 7, 1948

## SOLDIERS OR FARMERS?

To the Editor, "K.A. Standard"  
 Many of the large number of soldiers who return to farming in the country are not only farmers but also soldiers. It is to be hoped that the Government will be able to help them in their work. It is to be hoped that the Government will be able to help them in their work.

## THE FARMERS OF KENYA

The fact is that the farmers of Kenya are not only farmers but also soldiers. It is to be hoped that the Government will be able to help them in their work. It is to be hoped that the Government will be able to help them in their work.

## LAND ENTHRALLED

To the Editor, "K.A. Standard"  
 Mr. Herbert Farming in Kenya is not a particularly popular one. It is to be hoped that the Government will be able to help them in their work. It is to be hoped that the Government will be able to help them in their work.

## BACKACHE GOES...

When kidneys are active again  
 Because De Witt's Kidney and Bladder Pills act directly on the kidneys they are wonderfully effective in the treatment of backache. Within twenty-four hours of your first dose De Witt's Pills have reached the source of your trouble—the kidneys. You have vivified this direct action. Once in the kidneys, the beneficial ingredients of De Witt's Kidney and Bladder Pills set to work—soothing inflammation, loosening and removing.

At the same time, a remarkable internal secretion and prime motor, and De Witt's Kidney and Bladder Pills set to work—soothing inflammation, loosening and removing.

## Thika Planters Debate Coffee Marketing And Control

The annual general meeting of the Thika Coffee Planters was held at the Thika Sports Club on Wednesday, May 9. The meeting was very successful and it is estimated that 100 planters were present.

The Chief Clerk, Dr. J. H. L. L. L., opened the meeting by reading the minutes of the previous year's meeting. The minutes were approved and the report of the committee on the coffee industry was read. The report was a long and detailed one, and it was found that the coffee industry in the district was doing well.

The report also mentioned that the coffee price had risen to a high level, and that the planters were getting a better return for their coffee than in previous years. The report also mentioned that the coffee industry was facing some difficulties, and that the planters were being asked to do more to improve the industry.

The report was followed by a discussion on the coffee marketing and control. The planters discussed the various methods of marketing coffee, and the advantages and disadvantages of each. They also discussed the control of the coffee industry, and the various methods of controlling it.

The meeting was held in a large hall, and it was very well attended. The planters were very interested in the report, and they discussed it at length. The meeting was a success, and it was a good opportunity for the planters to discuss their problems and to find solutions to them.

## COFFEE MARKETING A Planter's Opinion

THE question of coffee marketing is one of the most important in the minds of the coffee planters in the present and in the future. It is a question that has been discussed for many years, and it is one that is still being discussed today.

The coffee planters in the district are very interested in this question, and they are discussing it at length. They are discussing the various methods of marketing coffee, and the advantages and disadvantages of each. They are also discussing the control of the coffee industry, and the various methods of controlling it.

The coffee planters are very interested in this question because it affects their income. The price of coffee is very important to them, and they want to get the best price for their coffee. They also want to control the coffee industry, and they want to make sure that they are getting a fair return for their coffee.

The coffee planters are discussing this question because they are facing some difficulties. The coffee price has risen to a high level, and the planters are getting a better return for their coffee than in previous years. However, they are also facing some difficulties, and they are being asked to do more to improve the industry.

The coffee planters are discussing this question because they are interested in the future of the coffee industry. They want to make sure that the coffee industry is doing well, and they want to make sure that they are getting a fair return for their coffee.

**KEROL Adds To Your Grazing Acquire...**

Kerol-fed animals derive more nourishment from their food than those who don't get this out to their digestion. In other words, by letting your stock have access to a Kerol-ke, you are virtually increasing the food-value of your grazing acreage.

Beyond this, Kerol brings other advantages from its use. Kerol-fed animals are not subject to liver and other digestive disorders. In fact, Kerol helps all animal ailments arising from indigestion. Kerol is a safe and reliable medicine for all ailments of the digestive system.

Whether Kerol be given to sheep, cattle, horses, pigs or poultry—whether it be administered neat, added to licks or mixed with molasses—Kerol is always helpful. And don't forget, Kerol added to any prepared licks, always helps the animals to get the most out of the hay.

The secret of success in using Kerol is regularity—small quantities taken regularly with licks give better results than large doses administered occasionally.

Licks and more detailed information will be found in the Kerol Book, which is free for the asking from:

Mr. Churchill's Hope for World Council of Nations and Peace

New Greek All-Party Government

May 25. The first members of the new Greek All-Party Government were sworn in at the National Assembly in Athens today. The new government is headed by Mr. Papagos and includes representatives from all major political parties.

Unconditional Surrender to Germany and Japan Still Stands

May 25. The British Prime Minister, Mr. Churchill, today reiterated his policy of unconditional surrender to Germany and Japan. He stated that the terms of the Potsdam Declaration remain unchanged.

THE HOPE

by other means than the Daily Telegraph's new Prime Minister's speech. The Daily Telegraph's new Prime Minister's speech was justified by the conditions that Great Britain and the United States are already making preparations in force.

CHINESE STILL HOLD LOYANG

May 25. Chinese troops in the city of Loyang, Henan province, are still holding out against the Japanese. The city is a strategic point and its capture would be a major blow to the Japanese.

Kesseling Withdraws From Pontine Marshes

May 25. The German commandant of the Pontine Marshes, General Kesseling, has withdrawn his forces from the area. This move is part of the German retreat from the Italian front.

5th ARMY LINK UP WITH AIZIO

May 25. The 5th Army has successfully linked up with the Aizio forces. This is a significant development in the Italian campaign, showing the progress of the Allied forces.

TURKEY'S POSITION

May 25. The position of Turkey remains a subject of international concern. The Turkish Government has expressed its desire for peace and stability, while the Allies continue to push for unconditional surrender.

ANOTHER BIG OFFENSIVE UNDER WAY

May 25. The Allies are launching another major offensive against the Japanese in the Pacific. This offensive is expected to result in the capture of several key strategic points.

MORE LOCAL ATTACKS BEATEN OFF

May 25. The Japanese have launched several local attacks in the Pacific, but all have been successfully repulsed by the Allied forces. The Allies are maintaining a strong defensive posture.

CHINDITS AND CHINESE MAKE HEADWAY

May 25. The Chindits and Chinese forces have made significant headway in their operations in the Burma theater. They have captured several key positions and are continuing to advance.

ST. PAUL'S EMPIRE DAY SERVICE

May 25. A service was held at St. Paul's Cathedral in London to mark Empire Day. The service was attended by a large number of people and featured a variety of performances.

CHINDITS AND CHINESE MAKE HEADWAY

May 25. The Chindits and Chinese forces have made significant headway in their operations in the Burma theater. They have captured several key positions and are continuing to advance.

THE HOPE

# Soil Fertility and The Returning Of Straw to the Land

(By Donald F. Smith-Smith)

Modern agriculture is facing the problem of soil fertility. It is a problem which is becoming more acute every year. The soil is being robbed of its fertility by the removal of the straw which is returned to the land. This is a serious problem which must be solved if we are to maintain our soil fertility for the future.

STRAW RETURNING TO THE LAND

Every farmer knows that the return of organic matter to the soil is essential for the maintenance of soil fertility. The straw which is returned to the land is a valuable source of organic matter. It is a source of nitrogen, phosphorus, and potassium. It is also a source of cellulose, which is a valuable source of energy for the soil bacteria.

The straw which is returned to the land is a valuable source of organic matter. It is a source of nitrogen, phosphorus, and potassium. It is also a source of cellulose, which is a valuable source of energy for the soil bacteria. The straw which is returned to the land is a valuable source of organic matter. It is a source of nitrogen, phosphorus, and potassium. It is also a source of cellulose, which is a valuable source of energy for the soil bacteria.

## KEROL Adds To Your Grazing Acreage

Kerol-fed animals derive more satisfaction from their food than those who don't get it. Their digestion is better, they are more active, and they are more resistant to disease. Kerol is a natural product which is safe for your animals and safe for you.

Whether Kerol be given to sheep, cattle, horses, or poultry—whether it be administered neat, added to licks or molasses, or considered always follows. And don't forget, Kerol added to any prepared lick, adds to the value of the lick and gives the animal the best of both worlds.

## Uganda Cotton Report

The cotton report for the month of April is very encouraging. The cotton crop is well advanced and the weather is very favorable. The cotton is expected to be a very good crop. The cotton is expected to be a very good crop. The cotton is expected to be a very good crop.

## DISTRICT FARMING NOTES

**CHENANGO:** The cotton report for the month of April is very encouraging. The cotton crop is well advanced and the weather is very favorable. The cotton is expected to be a very good crop. The cotton is expected to be a very good crop. The cotton is expected to be a very good crop.

Whether Kerol be given to sheep, cattle, horses, or poultry—whether it be administered neat, added to licks or molasses, or considered always follows. And don't forget, Kerol added to any prepared lick, adds to the value of the lick and gives the animal the best of both worlds.

The secret of success in using Kerol is to give it in small quantities, but regularly, with the food. Kerol is a natural product which is safe for your animals and safe for you.

## McCormick - Deering Disk Harrows

Good Harrowing means a good bumper crop. The bumper-disk harrow shown above has a new 15-inch-wide-section of performance. An exclusive McCormick-Deering feature, the heat-treated, tempered disks, gives this bumper disk harrow unequalled ability to load its sharp cutting edges under tough, hard soil conditions.

The expense of frequent sharpening is saved, and the disks are automatically kept in shape for fast, clean work. It's the hard-wearing disk quality!

We are now displaying the new McCormick-Deering Bumper Disk Harrow in stock in ideal conditions. Come in and see them. PURCHASE PERMIT REQUIRED.
