### PRINCESS TRAHAN MEMORIAL HOSPITAL.

To the Editor, "E.A. Standard":  
I am glad to see that the Princess Trahan Memorial Hospital is to be built on the site of the old hospital. It is a very fine building and will be a great help to the community. I hope it will be completed soon.

Some after the Emperor arrived in England as we write in 1928 the daughter, the Princess Trahan, then five years old, was taken to take up the location of a hospital named after her name. The Princess Trahan Memorial Hospital, Great Ousewood, near Cambridge, was built on the site of the old hospital. It is a very fine building and will be a great help to the community. I hope it will be completed soon.

# CO-OPERATIVE POSSIBILITIES IN KENYA

"N.Z." In this war, we may confidently expect it to be a powerful and efficient ally. It has certainly begun strongly, and has certainly made doubly satisfactory progress. Germany has been driven to the counter-attack has already been a considerable gain. Belgium, where considerable progress has been made, is marked upon a push that will arrive at the end of the year. It is a fact that the British and American forces have been able to make considerable gains in the north of Italy, and in the south of France. The German propaganda has come to be a public enemy, and has been dropped. The Allied military operations are proceeding steadily, and the results from the next six months would result in a decisive victory for the master race.

# Expert Completes Tour of Native Centres

During the past few months of the past few months, the expert who has been touring the native centres in Kenya has completed his tour. He has been touring the native centres in Kenya, and has been touring the native centres in Kenya. He has been touring the native centres in Kenya, and has been touring the native centres in Kenya. He has been touring the native centres in Kenya, and has been touring the native centres in Kenya.

# Permanent Post-War E.C.B.?

The question of a permanent Post-War E.C.B. is being discussed. The E.C.B. is a body which is to be set up after the war. It is a body which is to be set up after the war. It is a body which is to be set up after the war. It is a body which is to be set up after the war.

### Agriculture In Britain Today

[FROM A CORRESPONDENT]

LONDON  
The recent failure of production published by the Ministry of Agriculture in increasing areas they led the story of how farmers and their industry were called upon to produce as quickly as possible the "war" agricultural programme. The "war" agricultural programme, the growing week crops as well as potatoes, sugar beet, and vegetables, this week were achieved. Simultaneously the number of cattle that could be maintained has not been very much reduced, and sheep have been kept in the same numbers as last year.

The number of horses is a matter that has not been touched, and it looks as though there would be an insignificant number of the responsibility that the work of the industry will require in the next few years.

The duties of the number of both and poultry is largely the responsibility of the Government. Government policy, again was the only factor that could be brought into the picture. Government policy, again was the only factor that could be brought into the picture. Government policy, again was the only factor that could be brought into the picture.

It is the desire to the minister of agriculture to meet the needs of the country, and to the minister of agriculture to meet the needs of the country, and to the minister of agriculture to meet the needs of the country.

The article deals to have suffered from the effects of the war. It is the intention to be reported. To be fair it must be said that the Government has done a great deal to help the farmer.

### PLEA FOR A DAM CONSTRUCTION SERVICE

[FROM A CORRESPONDENT]

A general meeting of the Thames Valley District Association which took place at the end of last month, it was stated that telegrams could now be put to the Government for the construction of a dam on the river. It was also stated that the Government should be asked to consider the possibility of a dam on the river. It was also stated that the Government should be asked to consider the possibility of a dam on the river.

ALL CALLED. SANTA CLARA.

A resolution was passed requesting the Agricultural Department to improve the services of the Great Ouse and to enable him to travel about the country.

The Minister of Agriculture has been asked to consider the possibility of a dam on the river. It was also stated that the Government should be asked to consider the possibility of a dam on the river.

## MRS. SMUTS

**SATURDAY, DECEMBER 25, 1946.**

The people of the East African continent who during the year 1946 were particularly have been united in their prayers for all kinds of ways with the United States will be glad to pay a tribute of affection and respect to that Grand Old Lady of South Africa on the occasion of her 60th birthday. Those who had the privilege and honor of knowing Mrs. Smuts in the past year of Kenya's little-known years ago will recall the impression she made of dynamic energy in the most recent day's programme as she warmly greeted the delegates to our camp and quick and sympathetic understanding of the problems presented to her. Ouma, as it is affectionately known throughout South Africa, has been the hostess on those occasions when the world's great leaders have gathered to discuss the great question of a large continent of Africa which was divided between far and near.

She has achieved great academic distinction in her life. It is gratifying to say that Mrs. Smuts has been a devoted mother, a domestic prophet, a firm friend, a devoted wife, a devoted daughter, a devoted sister, a devoted friend, a devoted neighbor, a devoted citizen, a devoted patriot, a devoted stateswoman, a devoted leader, a devoted woman.

**THE TASKS AHEAD**  
**WEDNESDAY, DECEMBER 23, 1946.**

There is a drawing of the future of the world which is being painted by the military leaders of the world. It is a picture of a world in which the political sphere is being dominated by the military leaders of the world. It is a picture of a world in which the political sphere is being dominated by the military leaders of the world.

## CHRISTMAS

**MONDAY, DECEMBER 23, 1946.**

With the coming of the sixth Christmas we have a reasonable expectation that we have had good use to say that the Christmas season is a season of peace and goodwill. It is a season of peace and goodwill. It is a season of peace and goodwill.

## CONTROL'S FINDING

After several meetings of the Control Commission, the findings of the commission have been reported to the Government. The findings are as follows:

The commission has found that the Government has failed to take adequate steps to control the production of goods. It has also found that the Government has failed to take adequate steps to control the distribution of goods.

These courses of instruction are in preparation for the City and Guilds of London examination to be held at the end of April, 1946, and also the syllabus for the Common Preliminary Examination for Mechanical Engineers and Part A of the Associate Membership Examination of the Institution of Electrical Engineers.

These classes have been in progress since July last. New students will be accepted provided that they have sufficient knowledge to cover the portions of the syllabus already completed.

Students studying for the Common Preliminary Examination must attend the Technical Electricity Grade I course for the Electricity and Magnetism portion of the Physics syllabus. Students studying for the Associate Membership Examination of the Institution of Electrical Engineers will attend the Technical Electricity Grade II course for the subject of Principles of Electricity.

There will be no test, but levels in the Common will be arranged to suit the teachers concerned. The Courses for the City and Guilds Examination will be held at the end of April, 1946, and the fee for the complete course being Shs. 75/- per subject, payable in three monthly instalments of Shs. 15/- each.

The Courses for the Common Preliminary and Associate Membership Examination will continue until the end of August, 1946, the fee for the complete course being Shs. 75/- per subject, payable in three monthly instalments of Shs. 15/- each.

Students not intending to sit for any of these examinations may attend any of the Courses in the above subject on payment of the fee set out above.

Should there be a sufficient demand for these classes for the examination of the Institutions of Mechanical and Electrical Engineers, they will be resumed during the 1946-1947 Session, and with a view to providing supplementary instruction in those subjects to enable new students to acquire the standard necessary to enter these institutions. The Courses for the City and Guilds Examination in the above subjects are under consideration. Anyone interested should apply by letter before the 31st January, 1946, or apply personally to Mr. P. O.'Connor, Room 8, British East Africa Corporation buildings, on the 20th January between 9 a.m. and 5.30 p.m.

The further particulars apply to the Tutors of the classes concerned at the times and places advertised above.

(NOTE: There is no provision for Correspondence courses).

**ASPRO**  
for Relief from PAIN

There's nothing half-hearted or hesitant about 'ASPRO' action. People are astonished by the swift dispersal of their pain and discomfort. One moment it is there—nagging, distracting, distressing—the next it has gone, and a sensation of freedom and well-being comes as if by magic. That's the experience of millions of 'ASPRO' users. They know that what 'ASPRO' claims to do it does—that it frees them from pain and minor ills. They know that 'ASPRO' renders its soothing, healing service without harm to heart or stomach—without any doping or distressing after-effects. Many send us grateful letters. They want others to know that—
