# EDDING RACE

The wedding of Mr. and Mrs. Thomas Daniel Preston (left) and Mrs. E. J. Preston, of St. Andrew's Church, Nairobi.

The bride, formerly Miss Jennifer Katherine Anderson, the elder daughter of Dr. J. Anderson, of Nansha, and Mrs. H. Whittaker, of Nairobi.

The bridegroom, who is a District Officer at Ngara, is the only son of Mr. F. J. Preston, of Gillingham, Kent, and the late M. E. Preston. (Photo: Bruce Harris.)

Mr. and Mrs. Patrick Colquhoun (below) pose outside St. Margaret's Church, Kipkabus, after their wedding. The bride, the former Miss Jennifer Wickham, is the daughter of Mrs. H. R. Dixon, of Kipkabus, and of the late Lt. D. T. Wickham, Royal Warrant. She wore a classic full-length gown and her veil was held in place by a narrow cord of brilliants. The bridegroom is the son of Mr. S. D. Colquhoun, of Uluwasi, and Mrs. A. N. Colquhoun, of Kipkabus.

Mr. and Mrs. Moses M. Mogoo (left) after their wedding at the P.C.E.A. Church, Gashamba.

The bridegroom, who works at the Provincial General Hospital, Ngara, is the third son of Mr. and Mrs. Magojo Kiangira, of Kibara, Ngara, and his bride, formerly Miss Josephine Waireri, teacher, is the third daughter of Mr. and Mrs. Jeremiah Mwangi, of Gashamba, Ngara. (Photo: Popular Studio, Ngara.)

... to his bloom since they do not easily transplant. They may be thinned out to not more than three inches apart in this district.

... to grow to 12 inches and are therefore best suited to the border in clumps and interplanting into the second row. Some have an ever-flowering habit and some are used for hedges. They may be planted in rows and separate columns and some of the single, should be planted to white, through every shade of orange, yellow and scarlet. The flowers are often semi-double and of a slightly larger growing plant, called 'humboldt' which is yellow.

# Where boys are taught to be

"The answer, in effect and not in yield" is the motto of the Outward Bound Trust schools described by LEONARD MCKELON.

Coming ashore to more adventures: Boys on an Outward Bound course leave their sailing ship (in the background) to carry on their training overland. There are five schools in Britain—a sixth is to be opened there—to build the character of boys and girls.

Many thousands of young people in Britain, for Christmas, Easter, and other occasions, are sent back on what is called an "adventure" course. These courses are designed to get the best out of their characters.

These young men and women are sent on a course of training which is planned to be a period of intense physical, mental, and emotional strain. The aim is to build the character of boys and girls.

The Outward Bound Trust, which was founded in 1911 by Sir Robert Baden-Powell, is the largest of these schools. It has five schools in Britain and one in Canada. The schools are designed to build the character of boys and girls.

The Trust was founded in 1911 by Sir Robert Baden-Powell, who had been a leader of the Scout movement. He was inspired by his own experiences as a leader of the Scouts and by the idea of sending young people on "adventure" courses.

The Trust has five schools in Britain and one in Canada. The schools are designed to build the character of boys and girls.

Girls on an Outward Bound course in Britain now or the next item on their strenuous programme. So far, courses at the East African Outward Bound School at Lakeland have been for boys only, but it is hoped that the first course for girls may be held in December this year.

Choose the baby food you can trust completely. FAREX. The wonderful three-cereal weaning food that needs no cooking. FAREX contains the extra nourishment a baby needs for strong healthy development: protein, vitamins, calcium, minerals and other vital elements, carefully formulated by Glaxo. Choose FAREX, like millions of mothers all over the world.

You can trust **FAREX** backed by all the experience of Glaxo Laboratories, Greenford, England

DEPARTMENT BRITISH EAST AFRICA CORPORATION LTD., P.O. BOX 84, HARIPO, AND AT DAR-ES-SALAAM, KAMPALA, NAIROBI, MOMBASA, NUYAKA, TANZANIA, AND ZAMBIA

how they would be used and set in motion. The boys and girls who had been on the course were sent back to their homes with a new outlook on life.

The main aim of the Outward Bound Trust is to build the character of boys and girls. The schools are designed to build the character of boys and girls.

**Vivid impression**

The day after the boys and girls had been on the course, they were sent back to their homes. They had a vivid impression of the course and of the Outward Bound Trust.

The Trust was founded in 1911 by Sir Robert Baden-Powell, who had been a leader of the Scout movement. He was inspired by his own experiences as a leader of the Scouts and by the idea of sending young people on "adventure" courses.

When they leave, all have learned something, and have gained an insight into life. It will be an aid all through life.

Finish the picture and complete the term below—and you may win a gift.

depends on just one more chance

love paves way for regions

DISMEMBERMENT of Kenya's provincial and tribal units... look official yesterday.

The country is now divided into seven provinces, which coincide with the boundaries of the proposed regions, instead of the six former provinces. It is hoped this will ensure minimum delay in establishing the required new Constitution.

Renouncing this Government statement said the new provinces, with their headquarters, would be Central Province (Mombasa), Eastern Province (Ezohe), Western Province (Kiunga), Western Provinces (Imbarati), Northern Province (Gardula), and the Nairobi East Provincial District.

THREE NEW DISTRICTS

The three new districts which have been formed also include Kirinyaga districts in the Central Province and the Meru district in the Western Province.

The creation of these new districts is possible by the disappearance of the old Narok and Laikipia districts and the fact that the former Narok and Laikipia districts have been amalgamated into one Laikipia district.

On the subject of the proposed new Constitution, Mr. Tippu said in a recent speech at the National Council that the Government is not "backward" and said that the intelligentsia were to be found among Kikuyu and Luo.

Such a blatant bribe approach to Kenya province claims to be a crime time in his politics. Mr. Tippu added that the Government is not "backward" and said that the intelligentsia were to be found among Kikuyu and Luo.

On Wednesday, Mr. Mwaigi showed his contempt for the Constitution which he has recently been elected to chair by claiming to be an African nationalist who has to appoint people as assistants and to appoint those appointed to be his assistants.

Commissioner's duties... the Commission has made by the Commission for the past several years.

Such a statement, however, can only mean either that Kinnear is ignorant of the duties of the Civil Service Commission or that Kinnear is deliberately making an error in his statement in an effort to attract the attention of the public.

A.P.P. LEADER CHALLENGES CLAIM... The president of the African People's Party, Mr. Mwaigi, has challenged the Government's claim that the Government is not "backward" and that the intelligentsia are to be found among Kikuyu and Luo.

THREE ADMIT RAIDING FARM... Three men have pleaded guilty to the raiding of a farm in the Nairobi district.

Three men have pleaded guilty to the raiding of a farm in the Nairobi district. The men are charged with the theft of various items from the farm.

TRIBUTES REPRISAL RAID FAILS... A failed attempt at a reprisal raid against the Government has failed.

GERMAN ART EXHIBITION IN NAKURU... An exhibition of German art is being held in Nakuru.

# HERE'S "INSURANCE" AGAINST LOSS OF TRUCK TIME (AND MONEY TOO!)

An electric thermometer is used to take the temperature of both tires during a test. Facts like the one being the "low temperature" Transport give a more accurate picture of a tire's condition... (Text about tire testing)

## NEW "LOW TEMPERATURE" TRUCK TYRE GIVES LONGER RUNNING LIFE (33% stronger cord cuts blow-outs)

Every truck owner knows the importance of having a reliable truck. If a truck fails at a busy time, the loss can be serious. But a truck is only as reliable as its tyres - and that's why this new Firestone "low temperature" Transport tyre is such big news for truck operators. Because of its lower running temperature and stronger cord body, it gives a completely new standard of reliability. It wears longer and it's built stronger - to give you confidence in the staying power of your tyres - even when the heat's on!

Together, the improved steel cord and improved rubber tread help insure lasting mileage when you use Firestone - and have complete confidence in your transport.

# CHILDREN IN THE AIR

WATER RESOURCES... MARY BHOGAN offers some advice on the habits of absent travel.

There is a certain amount of water in the air, and it is not until it has been cooled to a certain point that it condenses into clouds. This is the same principle that applies to the human body. When the body is cooled, it sweats, and the sweat evaporates into the air. This is why we feel cooler when we are in a breeze. The same principle applies to the human body when it is exposed to a cold environment. The body loses heat, and the sweat evaporates, cooling the body. This is why we feel cooler when we are in a breeze.

**Natural nerve**  
A matter of the first type does not really need any help, but through Mother's Milk, it is made to feel better. Mother's Milk is a natural nerve tonic, and it is made to feel better. Mother's Milk is a natural nerve tonic, and it is made to feel better.

## YOU LUCKY PARENTS!

# Agai makes piffle

CHARLES DISNEY

11th East African Safari has outdone Herod; has left one breath at all; again made piffle of every effort. It has, in fact, surpassed itself and the entry driver put it: "Never have I had."

before have been so few over have entire makes and classes from the scoreboard with hundreds to run. On no other occasion have disparate cars battled out leading for the last 400 miles or so, one of dithering with one of the largest for, surpassed by only four points.

## EVEN SUPERB CREWS

Even superb crews who got through no more than 1000 miles. Even more remarkable were their cars in excellent, if hardly showroom, condition. They were, in fact, performing better than most of the cars that had earned their first outright, a close proximity and skill. The Hughes-Young Anglia and Mercedes-Benz duo was a thriller.

After more the highest commendation many of those who fall by the waysides of stilt, endurance and tenacity for better available this year than last. This applied in particular to Tananyika. Manpower and equipment were in abundance, in the situation, as is the case with the Safari.

A subsequent study of route cards showed how, as the Safari cars went through country, they were able to avoid the usual errors. But I think, the driver's error of never time on a road, but to go to the end of the road, and then back to the start, was a mistake. It is not a mistake, but a mistake.

Another, and most serious, mistake was how the starting order can be rearranged to suit the needs of the day.

One suggestion is that drivers to be made of grade. In the H.A.C.I. Rally, for example, be made of grade.

One proposal, emanating from Mr. Tony Warren, is that the Safari fleet should be divided into four groups. First would come the recognised expert, then the experienced but not quite so highly skilled, then the new, and finally the starting crew competing for the first time.

It is also suggested that the Safari fleet should be divided into four groups, and each group should be given a different starting order, with the expert class starting first, followed in order of ability.

## Starting handle

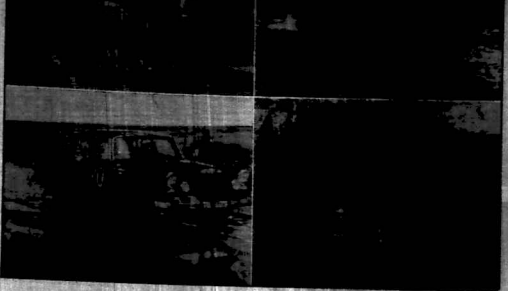

This could reduce much of the congestion and the backing-up, by less accomplished competitors, of the experts.

Incidentally, I wonder if the return of the starting handle being used on some cars, and being used badly, is a mistake. I can see how it could be used on a car when stuck in the mud, or when the car is stuck in the mud, or when the car is stuck in the mud.

It is also suggested that the Safari fleet should be divided into four groups, and each group should be given a different starting order, with the expert class starting first, followed in order of ability.

It is also suggested that the Safari fleet should be divided into four groups, and each group should be given a different starting order, with the expert class starting first, followed in order of ability.

It is also suggested that the Safari fleet should be divided into four groups, and each group should be given a different starting order, with the expert class starting first, followed in order of ability.

# PARTNERSHIP PAYS, SAY THE WINNERS

PARTNERSHIP paid off for Nick Nowicki and Paddy Cliff, the 1963 East African Safari winners. They can have been in most of the local rallies over the past three years. Many drivers are very good at the moment. It will go through as up more or less anything, explained Nowicki.

Nowicki, co-driver of Peugeot Safari's entry, "Generally, our basic plan is to win with as many cars as we can. Our main objective is the manufacturer's Team Point.

As anchor men. "We were able to get as much as 1000 miles, and then really steady crews behind us. We were able to get as much as 1000 miles, and then really steady crews behind us.

It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win. It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win.

It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win. It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win.

It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win. It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win.

Triumph quarter... the first four cars in the 1963 East African Safari. Top left, the winning Peugeot 404 with Nick Nowicki and Paddy Cliff "up" splashes through a drift 76 miles north of Jinja, Uganda, the end of the southern leg. Top right, Peter Hughes and Billy Young, who brought their Ford Anglia 1190 home in second place, are pictured throwing up mud as they dash along the Ahiu River. Kojoada section below left, the Mercedes 220SE driven by Jim Cordwell and David... who has become known as an "Anglia man", but not without cause. Of his nine East African Safari drives, eight have been in Anglia, ranging from 1961-1962 to the latest 1968 with 1,200 cc.

## Suam hold-up

We were there in the 1968 hold-up with the Ford Peugeot but there among many others involved in the motorcycle hold-up. The hold-up was at the end of the road, and the cars were stuck in the mud.

It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win. It was when Carlsson went out of the running that the Safari team, Nowicki and Cliff piled on the pressure to win.

# THE FULL LIST OF AWARDS

A FULL list of the major awards and prizes presented by the Secretary-General of the East African Common Services Organisation, Mr. Adu, to winners in the 11th East African Safari are given below.

Because of the unprecedented number of cars which failed to complete the 3,000-mile rally, there were no finishers in Classes A, B and D and there was no Manufacturers' Team Prize.

## OUTRIGHT WINNER

Car No. 63, Peugeot 404 — Z. Nowicki and P. B. Cliff (185 penalty points).

## THE RUNNERS-UP

Car No. 27, Ford Anglia 1190 — P. J. C. Hughes and W. G. Young (284).

Car No. 28, Peugeot 403/7 — I. Jeffrey and S. Bathurst (346).

Car No. 65, Peugeot 404 — Z. Nowicki and P. B. Cliff (185).

Car No. 68, Peugeot 404 — H. Linnert and I. Phillip (304).

Car No. 70, Mercedes 220SE — W. J. Cardwell and W. D. Lead (371 penalty points).

Car No. 73, Fiat 3300, Jogsider Singh and Jawant Singh (390).

Car No. 80, Rover P5 — A. E. Breggy and G. E. Goby (400).

## PRICE PERFORMANCE INDEX

Car No. 65, Peugeot 404 — Z. Nowicki and P. B. Cliff.

# SATILE WAGON LEADING IN POPULARITY

**Australia's greatest single manufacturing industry — the automobile industry — is making a steady advance in the 12-year history. The change is being brought about by the popularity of the station wagon and for vehicles with automatic transmission.**

## More motorists use safety belts

Australian motor vehicle manufacturers are fitting seat safety belt anchorages in new models. This follows nationwide recognition of the seat belts in preventing serious injury in road accidents.

Extensive tests, trials and laboratory studies have shown that the use of seat belts has created widespread interest.

Experiments have shown that a high percentage of fatal accidents in road accidents are caused by a motorist being thrown forward and striking the windscreen, ceiling, wheel, or sharp objects inside the car — and that has happened even at very slow speeds.

**Australia's greatest single manufacturing industry — the automobile industry — is making a steady advance in the 12-year history. The change is being brought about by the popularity of the station wagon and for vehicles with automatic transmission.**

In 1959, station wagon sales accounted for only two per cent of the passenger car market. By 1961, they had secured 20 per cent. In September, 1962, they had 23.17 vehicles registered in Australia, 5,000 were station wagons — nearly 20 per cent.

The reason for this is the wagon's versatility. Station wagons are used for family, business, pleasure, recreation, sports, and for many other purposes. They are also used for the transportation of more than one person.

The station of the station wagon is the popular car with the most practical use in that vehicle included on July 21, 1962, the car was the automatic transmission car in every four cars manufactured.

There are also series of station wagons with automatic transmission, standard transmission, two or four wheel drive, and a top speed of 117 km/h.

## 100 varieties

Motorists make up their minds to buy a station wagon because of its versatility. The station wagon is the popular car with the most practical use in that vehicle included on July 21, 1962, the car was the automatic transmission car in every four cars manufactured.

There are also series of station wagons with automatic transmission, standard transmission, two or four wheel drive, and a top speed of 117 km/h.

# buy tough, tested Australian automotive products

Australia builds the vehicles for your sort of roads - cars that can stand up to every type of road surface - smooth highways, tortuous mountain roads, bush tracks and congested city streets. Because Australians build for the most extreme conditions of climate and terrain, Australian-made cars and trucks are exported to many countries.

## FOR THE VICTOR

The abandoned flag sweeps down as Jack Brabham crosses the line to win the 27th Australian Grand Prix at the Warwick Farm circuit near Sydney. It was the international race driver's first major victory in a major Australian event. Brabham was driving one of his own Hoco Brabham Climax cars, which he had designed and built in England with the assistance of his Australian contractor, A. Tammes.

# THIS IS THE YEAR OF A MILLION

Brabham passed Surtees on the inside and beat his lead on the outside after the 27th Australian Grand Prix.

**GOOD PERFORMANCE LIGHT WEIGHT**

**RELIABLE EASY TO USE**

These are the main features of the Mobilco-Canadian Chain Saw... Australia's most widely used Chain Saw which is now

The Chain Saw has become more than a safe machine for cutting down trees and making them into pulp or timber logs. It is also used for pruning, building stock yards and fences and for trimming plantings and piles for bridges, and for many other purposes. In fact it has become just as much a hand tool as the carpenter's saw which it so often replaces.

The Mobilco-Canadian Saw was designed for the vast forests of Canada and it will be seen at work in Finland, Norway, Sweden, U.S.A. and the big land and timber areas of Australia.

It is light in weight (only 25 lbs. complete with 18" bar and chain) it cuts very well and being of sound and simple design, it is shockingly dependable. It is a matter of minutes to assemble and ready for use. Please refer to the literature enclosed which is attached with a suitable order form. Please address your enquiries as below giving details of other useful merchandise which you may

MITCHAM, VIC., AUSTRALIA. CABLES: MOBILCO, MELBOURNE.

# RADIO CARS STOP HOUR-LONG JAMS

AUSTRALIA has more than 1,000,000 motor-cars — 12 for every 100 people — making it the fourth most densely car-crowded nation in the world. The most densely car-crowded state in Victoria, which obtained 90 per cent of its 1954 new motor-car and station wagon registrations in Australia last year.

The cars operate on 6.25 a.m. broadcasting every 15 minutes, with emergency reports as required. The aircraft observer, begins broadcasts at 7.30 a.m.

It normally broadcasts in 15-minute blocks, but is permitted to descend to 10-minute blocks in congested conditions. The spotter observes the traffic through three microphones.

These contacts are kept with police, fire, ambulance, and road-works, and the Ministry of Transport to ensure that motorists are kept fully informed on the busy arteries in use.

The aircraft is used during the summer months to share the workload of the police, and to investigate difficult traffic conditions. The spotter also reports on the progress of the road-works and the Ministry of Transport to ensure that motorists are kept fully informed on the busy arteries in use.

The aircraft is used during the summer months to share the workload of the police, and to investigate difficult traffic conditions. The spotter also reports on the progress of the road-works and the Ministry of Transport to ensure that motorists are kept fully informed on the busy arteries in use.

An automotive spray-booth in an Australian paint factory. The factory provides a continuous repainting service to the motor trade and to individual motorists.

High efficiency and quality of Australia's manufacturing equipment is one of the reasons for the continued demand for the country's products.

With the shortage of metals and machine tools in Australia, the country's manufacturers and consumers have been forced to develop their own resources.

Highly skilled workers in many industries are also contributing to the country's economic growth.

The Australian government is also providing financial assistance to help the country's manufacturers and consumers.

The country's manufacturers and consumers are also contributing to the country's economic growth.

## Chemical fuel cells forecast

AUSTRALIA is working on an electric fuel cell which could replace the petrol engine. An Australian, Dr. R. Mills, who is a Fellow of the National University at Canberra, said that the C.S.I.R.O. and the National University were working on the project.

Dr. Mills had arrived in Canberra a year before the National University was established. He had the fuel cells turned chemical energy into electrical energy and was three times as efficient as petrol engines.

These cells are quite small, produce 400 to 500 watts, and are 10 per cent efficient. Dr. Mills said.

"They are not much more than the petrol engine."

## FINISHES KEEP UP WITH EXPANSION

Expansion among the many ancillary industries in automotive finishing — the manufacture and sale of lacquers and enamels for the 500,000 new motor vehicles annually appearing on Australian roads.

The Australian paint industry's production is actually geared to a motor-vehicle market of 100,000 a year. But with the market's expected rate of increase, annual production of about 200,000 new units is expected by 1970.

As the important automotive repair and maintenance industry also has to be supplied, this market will increase production of motor vehicles arriving on Australian roads, and with a whole new range of one-way in every 15 of population — one of the highest in the world — the development and production of new finishes has kept pace with the rapid growth of the automotive industry.

As the market for motor vehicles increased, so did the demand for finishes which would last longer and more economically.

Non-petroleum lacquers and synthetic dyes enamel were the two main types of finishes developed in Australia before the Second World War in response to the demand for more durable finishes.

The new synthetic lacquers were developed by the manufacturers of the Australian Holden. Now, Holden owners throughout Australia and in the 20 countries to which it is exported need no more worry about their cars from time to time, and can remain largely ignorant of finishing.

Holden has been producing 100,000 of these finishes in production since 1948. Production of these finishes has increased to 100,000 in this country before the war, and a further 100,000 in the United States and other countries.

The new synthetic lacquers were developed by the manufacturers of the Australian Holden. Now, Holden owners throughout Australia and in the 20 countries to which it is exported need no more worry about their cars from time to time, and can remain largely ignorant of finishing.

### Beauty Begins In Your Bath!

Now your daily bath can be even more than a soothing, refreshing luxury. Bathing becomes a beauty treatment in itself when you use Bu-Tone Complexion Soap, the only soap that is enriched with Bullfinch.

This is Bu-Tone's own, very special kind of lanolin—the rarest you can smooch and soften your skin to all over loving care. In Bu-Tone Complexion Soap, Bullfinch is combined with a fresh, invigorating perfume that makes the perfect start to a new day. The result is a complexion that is as beautiful as the performed Bu-Tone Complexion Soap when you bath, and for your complexion care each day.

**Bu-Tone**  
COMPLEXION SOAP

AFTER YOUR BU-TONE BATH...  
apply liberally perfumed Bu-Tone Talcum to help keep your skin soft, smooth, fresh and fragrant through the longest day.

**FOR POLLS**

The object is that the election should be held with great and fair play in a orderly manner with respect for the rights of others and observing their obligations to the state. It is also hoped that the new Government be blessed in the task and has the "co-operation, respect and submission of all persons of the community, and especially the new Kenya to be respected throughout the country."

In a statement today, the Chief Government Minister, Mr. J. K. Njiru, said it is appropriate to repeat these words of wisdom which were contained in the "Joint Political Declaration" of the Kenya Cabinet in July 1962.

# RUSSIA AT CHINA

MR. AVERELL HARRIMAN, the U.S. Ambassador in Moscow, said in Washington that the Soviet Communist Party was...

MR. HARRIMAN, pictured on the left, returned from Moscow with Kozlov with Mr. Wladimir and Mr. Constantin on the right in London.

## You save fuel with MICHELIN 'X'

Hundreds of tests—in all climates and on every type of road—have proved that, with a given amount of fuel, vehicles cover greater distances when running on Michelin 'X' tyres. Because of their special design and manufacturing techniques Michelin 'X' tyres have less rolling resistance and therefore less energy is required.

### Results of A.A.E.A.-observed tests in East Africa

To eliminate factors—other than tyre—affecting full run mileage, each test was made over two identical roads, first with the car on ordinary tyres and then on Michelin 'X' tyres.

### VOLKSWAGEN at Nokers Park Motor Racing Circuit

When on Michelin 'X' the Volkswagen gave 3,495 more miles per gallon. This represents an improvement of 9.4% m.p.g.—equivalent to a discount of from 45% to 55% off the price of four Michelin 'X' tyres

### FORD ZEPHYR on the Nottok-Bilbert road

When on Michelin 'X' the Ford Zephyr gave 1,40 more miles per gallon. This represents an improvement of 5.84% m.p.g.—equivalent to a discount of from 30% to 40% off the price of four Michelin 'X' tyres

## MICHELIN 'X' tyres

not only SAVE FUEL they also give better grip, greater comfort & more mileage

## Britain salutes Sir Winston

SIR Winston Churchill's announcement that he will retire from Parliament before the next election has evoked nationwide regret by the British Press and a flood of affectionate tributes.

The Conservative Daily Express in a leading article said the House of Commons owed the nation something and a tribute among democratic assemblies above all. The most who filled it with the flame of all inspiration and the majesty of the age.

### Voices of inspiration

"In the darkest days of the war," he intoned that there was the greatest faith and assistance given to the people. The Conservative Daily Telegraph, adding that the House of Commons for any other assembly during a period (60 years) and few have served so well as does a legend.

His 70 years in the wilderness was a witness to the untiring tenacity of his war leadership. "Famous all the Victorian honours and prizes that have come his way, there is probably none that he has cherished more deeply than his membership of the House of Commons."

Members of Parliament were already gathered to discuss his resignation and a vote of appreciation will be taken to-day. The House of Commons will give a vote of appreciation to Sir Winston. His 70th birthday was the occasion of such a tribute, but the House of Commons is celebrating the presentation of a

## Baha' Faith remembers a leader

People from 18 countries, many of whom are converts to the Baha' Faith, gathered in London yesterday for the 100th anniversary of the Baha' Faith.

The Baha' Faith was founded in Persia by Baha'ullah, a Persian merchant who was converted to the Baha' Faith in 1844. He was the founder of the Baha' Faith, which is a monotheistic religion and peace to the world.

### 469 set free

Chinese border guards have released 469 Indian prisoners on the border between the New China and their neighbor yesterday. They were captured during border fighting last year.

## APOLGY FOR U.N. DELEGATE

The State Department has apologized to Miss Angelo Brooks Lichten because she was not invited to the U.N. Conference on Disarmament in Geneva.

## 469 set free

Chinese border guards have released 469 Indian prisoners on the border between the New China and their neighbor yesterday. They were captured during border fighting last year.

**HOME DELIVERY PROBLEM**

Let Rootes take expert care of them

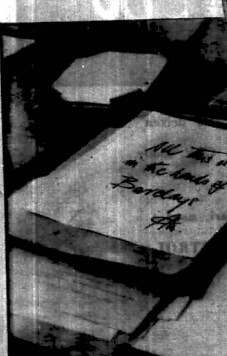

Going home? Then consider the advantages of the Rootes Home Delivery service. You can order the car of your choice, here in East Africa - a very full list of models. This is important. You may well get more of a second hand car than in U.K. And of course, you don't have the expense of shipping your car home.

When you arrive in U.K., the car you ordered is waiting for you at any place in Britain, including London Airport. You can get straight off the aircraft - or the boat - and step into a new Rootes car. For better equipped and economy too, you can't beat the Rootes Home Delivery service. They will work Rootes (Kenya). They will give you full details.

# Let's take over Western Kenya Motor Club

to make a successful "take-over bid" for the Western Kenya Motor Club, which Edmund has struggled to keep and organize ever since.

The club's headquarters will be at Kitale, where an extensive programme of motor racing is intended to get things moving again. Edmund has had officials to visit the club. Edmund has had several more Gordon Grahams and his wife, Eileen Douglas, and other motorists who are keen to see the club's headquarters moved to their part of the country.

The Kitale Chapter of the Kenya Motor Club is now being organized and although the Edmund officials believe it is better off than the club, they are not sure.

The Kitale chapter, Gordon Grahams, said: "We would have liked to have an Edmund, but we were not out of it."

### Open to all

The club is holding a meeting on May 12 at 7.30 p.m. at the club's headquarters to discuss the proposed takeover by the Edmund club. The meeting is open to all and the club is holding a meeting on May 12 at 7.30 p.m. at the club's headquarters to discuss the proposed takeover by the Edmund club.

### Nairobi Volleyball Challenge Cup

Series for the Nairobi Volleyball Challenge Cup is in progress. The match on May 11 and 12, closed with a victory for the Nairobi club.

### PAID PENALTY

Edmund did not take a full penalty and was fined £100. The club's headquarters are at Kitale.

# Revival of hockey at Rift Valley

REPORTS are being made that the Rift Valley hockey revival is making progress. The club's headquarters are at Kitale.

# Rain affects Nyeri club tennis

Heavy rain affected the Nyeri club tennis tournament on May 10. The match was postponed to a later date.

# Scots win Rose and Thistle Cup

After a night's delay, the Rose and Thistle Cup was won by the Scots. The match was held at the club's headquarters.

# Liston favourite

Liston is the favourite to win the Rose and Thistle Cup. The club's headquarters are at Kitale.

# President hits out at soccer 'hooliganism'

THE Acting Chief Provincial Commissioner, Mr. John Penney, in his capacity as president of the Mombasa District Sports Association has said that the lack of discipline among soccer fans in M.D.S.A. matches is a disgrace.

In his annual report for 1962, Mr. Penney said that soccer hooliganism was a disgrace and that the M.D.S.A. should do more to control it.

# Condition formed

The unionists have formed a condition for the M.D.S.A. to accept. The club's headquarters are at Kitale.

# 'J' BATTERY RALLY AND DRAW LEVEL

WHILE Admin. A.R.F. completely dominated the J Battery Rally and Draw, the results were level. The club's headquarters are at Kitale.

# Floodlit fixture at Arusha

Last year the Nairobi Provincial A.A.A. set a new record for a floodlit fixture at Arusha. The club's headquarters are at Kitale.

# LA DANCA... French filly retains her proud record

**HUSA DANCER**, the American-owned, President-trained and ridden pony, won the 1,000 Guineas, the first 5000 class, run over the Newbury links at Newmarket, England, the odds of 3-1 laid on her by one length.

Second was the English filly, **Soree**, a 100-8 chance, and third a French filly, **La Danca**, the French filly, **Royal Opher**, starting at 25-1.

The charming little filly owned by Mrs. Gertrude Wiseman, wife of the chairman of the New York Jockey Club, took the lead two furlongs out and defied the steepest challenge of **Soree** to retain her unbeaten record.

## CROCKET DEPOSED

**THE** American crowd at Crocket has been disappointed in its position as favorite for the Derby as a result of his fall in the 2,000 Guineas.

**Crocket**, previously quoted at 10-1, was a new entrant at 25-1 in the Derby, but he was not a favorite for the Derby, the leading horse being **Bluebird**, owned by the Duke of Devonshire, at 1-10.

**Crocket** was a favorite for the Derby, the leading horse being **Bluebird**, owned by the Duke of Devonshire, at 1-10.

## Bluebird in land of the 'willy willy'

**Mr. Donald Campbell** has been a big success in the world of horse racing since he started his stable at Newmarket, England, in 1920.

At the time the horse was 2 years old, he was trained by Mr. Campbell and won the 2,000 Guineas, the first 5000 class, run over the Newbury links at Newmarket, England, the odds of 3-1 laid on her by one length.

## WEST INDIANS HUSTLE OUT WORCESTER

**THE** West Indians made an encouraging start to their cricket tour of England when they landed Worcester yesterday. On a pitch governed by the rain which prevented play on the first day, the West Indian batsmen were no more successful at forcing the pace than their opponents.

## Scoreboard

Team	Wickets	Runs
West Indians	1	100
Worcestershire	10	150

## Tennis shocks at Hurlingham

**Hertha Mulligan** of Australia, with a surprise defeat of Wimbledon's **Miss Dainton**, won the first set and again led behind at the end of the second. Then the Wimbledon player came back to win the match.

## Spurs in final of Cup-winners' Cup

**TOTTENHAM HOTSPUR** qualified to meet Atletico Madrid in the final of the European Cup-Winners Cup in London on May 15 when they beat O.F.K. Belgrade 2-1 in London to win the semi-final tie on a 2-2 aggregate.

## MATCH PUT OFF

**THE** A.C. Comand Inter-club league championship football match between Tottenham Hotspur and Arsenal was postponed to Monday, May 14, because of rain.

## Around the soccer clubs

**JUVENTUS CAN ALWAYS DRAW GOOD SUPPORT**

**JUVENTUS**, runners-up in last season's Dobbie League Cup, have always aimed at providing fast and attractive football—and almost without exception have achieved it.

# W. Kenya team v. Richmond

**THE** Kenyan players are to meet the Western Kenya team in a friendly match at Richmond tomorrow, writes James Dewar.

## WEST INDIANS HUSTLE OUT WORCESTER
