SHALL NOT BE CONTENT IF WE DO NOT REACH AND MAINTAIN THE CONTROL OF THE SEAS UP TO THE HIGHEST STANDARDS OF THE LAST WAR AND THUS ENABLE THE NAVY ORCE AGAIN TO PLAY A DECISIVE PART IN THE VICTORY OF THE ALLIES."

h these words the First Lord of the Admiralty, Mr. Churchill, concluded a review of the war at sea during the past six months, while introducing the Navy Estimates in the House of Commons.

Churchill thought U-boats would be built more rapidly as time went on but was confident that Britain would meet the position. Britain had also achieved an effective method of combating the magnetic mines' menace.

he uncertain availability of shipping space for East African ex-ports was one of the problems considered at the last meeting of the Executive Committee of the Joint East African Board in London.

There was some criticism of Colonial Office instructions on what crops should be encouraged in Kenya, it being stated that in a list issued coffee was not even mentioned.

The opinion was also expressed at the meeting that money was being spent on unnecessary military preparations in these Territories.

AN OPPORTUNITY FOR

PUBLIC BODIES

This week progress with the Kenya War Welfare Fund has m noticeably slower, only half-a-dozen subscriptions being nowledged since last Saturday.

ontributions from two more public bodies are among to latest additions to the Fund, but there must be many more author ties, associations, clubs, etc., which have yet to identify them selves with an effort which should essentially be an all-Keny,

Donations should be sent to the:

Hon. Treasurer,

T took Goodyear scientists years to develop the new G-100. But it took the motorists of the world less than one year to discover the practical value of this new tyre in terms of increased mileage and greater safety.

Today, the great G-100 is rightly called a tyremaryel. Its tread rubber actually compressesinstead of expands—when the air flows in! So important is this principle—so resistant to wear does it make the tread of the tyre—that the G-100 gives you 33% longer non-skid mileage than you got from even former Goodyears.

And, to match this built-in sturdiness, the G-100 is dressed with flashing, streamlined beauty that complements the flowing lines of to-

day's smartest motor cars. Visit your Goodyear dealer. See the new G-100. Fit a full set of these great new tyres and get the most of mileage, of safety, of good looks any tyre today can offer for your many!

CLOSE GAME NEW NYANZA AT KISUMU CHAMPIONS

Mrs. Turton's Unique Record

Kisuma, February 126.
The 1940 Nyanza Lawn, Trimis
hampionships, which began on
thursday last, were completed there
on Sunday and produced some exsellent tennis and some close
natches.
The continued nonularity of this

tournament was proved by the facthat entries were the heaviest so farrecorded, competitors coming from as far afield as Thiza, Kericho, Molo, Eldéret, Nandi and Kakamega, in addition to those from Kisumu itself.

As usual, this charpenson tournament was extremely well or gameed and run, to which the efficient and hard work of Mr. "Titus Oates and Mr. John Farley central buted materially.
