MRS. SIMPSON'S SUIT FOR DIVORCE

DRAMATIC STORY OF MAN WHO INTERVENED

Baseless Rumours

ATTORNEY GENERAL REFUTES ALLEGATIONS CONTAINED IN MANY LETTERS

There was a dramatic development yesterday in the divorce suit brought by Mrs. Ernest Simpson, whom the Duke of Windsor intends to marry when the decree nisi is granted to her towards the end of last year is made absolute.

In order, it was stated, to dispel certain rumours, the King's Proctor made an application to the Court in connection with the intervention in the proceedings, at the time of the constitutional crisis, of an elderly man named Stephenson.

Yesterday Mr. Stephenson told the Court that he had entirely withdrawn his intervention which the Attorney General stated had been based on rumours and gossip.

The Attorney General added that the most thorough investigations had been made by the King's Proctor and there was no reason to justify intervention. He strongly denied the suggestion made in letters that pressure had been brought to bear with a view to preventing any investigation.

The Court ordered the appearance of the intervenor to be struck out, with the result that unless in the meantime there is further objection, the decree of divorce will be made absolute next month.

Judge's Questions

Mr. Stephenson's intervention. It appeared that Mr. Stephenson had no evidence to support intervention and he was unable to indicate any source from which it was likely evidence would be forthcoming.

The King's Proctor had received a large number of letters suggesting that pressure had been brought to bear upon him or upon the Attorney General to prevent his intervention.

When the King's Proctor appeared today the Attorney General stated that the decree nisi would be made absolute on the day of an intervention appearance unless the King's Proctor could show that the intervenor was a woman named Mrs. E. A. Robinson.

On December 9 a person named Mrs. E. A. Robinson had been named in a letter to the King's Proctor as the author of a letter which had been sent to the Court or by reason of the decree having been made by the Court.

OVER 600 TEACHERS AND CHILDREN KILLED

EXPLOSION WRECKS SCHOOL IN TEXAS, U.S.A.

A terrible tragedy involving the death of nearly 700 school teachers and pupils is reported from the United States of America. An explosion caused, it is believed, by the bursting of a pipe line carrying gas from a nearby oilfield, shattered a large school building the roof of which crashed in on the teachers and their pupils.

Roof Crashes In

DISASTER BELIEVED DUE TO BURSTING OF A GAS PIPE

Martial law has been proclaimed in the district where the school was situated, as being witnessed.

Frantic Parents

Many parents were frantic over the news that their children were in the school.

The explosion occurred in the town of Pampa, Texas, March 28. Between 300 and 400 are estimated to have been killed by the explosion which destroyed part of a school building 15 miles from here.

The police estimate is given by the school superintendent that the school was destroyed by the bursting of a gas pipe. The explosion occurred in the town of Pampa, Texas, March 28.

50 SAILORS SHOT ON DECKS OF OWN SHIP

SPANISH SURVIVOR'S STORY OF THE "MAR CANTABRICO"

Spanish Coast Drama
[STANDARD] CORRESPONDENT
London, March 25.
Vivid stories are told of the shelling of the Spanish ship Mar Cantabrico by the insurgent cruiser Canarias.

The whole of the crew of 50—with the exception of one man—were shot by the rebels.
Insurgent officers ordered restrears to clear out.

Designated as the Nevada
After the ship was captured, a 6,000-ton Spanish ship was shipped out to the American waters.
The U.S. army embargo was enforced on the rebel warship.

Another boat which put out on the Canarias with a boat crew of 10 men, mistaking them for insurgent men, offered to take them aboard.

The British vessel was eventually captured by the rebels and the crew was taken off.

The Canarias first several days, when she struck out. She started a fire in No. 2 hold which led to the prevention of the ship.

IN NEWFOUNDLAND

Not Yet Ready for Self-Government Again

[TRINCOON NEWS SERVICE.] London, March 19.—Newfoundland is questioned again in the House of Commons last evening. Mr. Macdonald, the Dominion Minister said he had not yet received copies of resolutions aimed at the recent meeting in St. John's asking for the restoration of a self-governing constitution. He had no reason to suppose that the Government had any intention of returning to self-government.

The Newfoundland Parliament explained that self-government was suspended until the country was more self-supporting. It would be premature, said Mr. Macdonald, to suggest any change at present.

While there was a steady improvement in Newfoundland conditions there had been a temporary setback by the loss of the Italian and Spanish fish markets. A report on the economic conditions had recently been prepared by the governing commission based on their experience of the past few years.

Labour's Five-Year Programme

NATIONALISATION BY DEGREES

Union With Liberals?

[STANDARD CORRESPONDENT.] London.

The Labour Party has issued its "Five Year Programme" of which the main proposals are:— The Bank of England to be brought under public control, like the central bank in most other countries.

Large public schemes of housing, electrification, transport and the extraction of oil from coal.

Extension of Rent Restriction Act; abolition of the cottage system.

A National Transport Board to co-ordinate transport by road, rail, air and coastwise shipping.

Public ownership of the railways and such other transport services as are suitable for transfer to public ownership.

Coal, electricity and gas to be publicly owned.

A living wage for miners to be the first charge on the coal industry and a living wage for the land workers to be the first charge on agriculture.

Abolition of the Means Test.

Power to take over any undertakings manufacturing munitions of war.

Defence

"The Labour Government" would play a full part in every effort to check the present ruinous armaments race, by means of an international agreement and to substitute an international or public authority for national air forces and air bases, or international service for army aviation. The Labour Government will substantially maintain such armed forces as necessary to defend the country and fulfil our obligations as a member of the British Commonwealth and of the League of Nations.

A Ministry of Defence would coordinate the defence services and increase their efficiency. Munitions would be Government controlled.

Liberal Welfare

It is clear that the Liberal Party will accept this programme. The "Times Chronicle" remarking "It is in no sense an anti-Socialist programme. Some of the proposals notably that for a National Investment Board, appeared in the 1928 Liberal Yellow Book on Reform."

SCREEN FARE AT THE WEEK-END

Present and Coming Attractions

The film version of "The Plighting of the Plough" is being shown at the Empire Theatre this week-end. In a Central Youth play "The Stranger" who appears among the inhabitants of a boarding house, by his subtle influence turns them from their selfishness and "particularism". There is an excellent "The Plighting of the Plough" in which the title character is played by the actor and author, Ronald West. The film is extremely good.

George Arlson as one of his best pictures, "The Plighting of the Plough" is to be seen at the Plymouth Theatre. It is a story of intrigue and romance, which works up to a very dramatic climax. "The Plighting of the Plough" is the most powerful of the film industry's production.

Next Week

There are two pictures shown on Good Friday, and on the night of the programme the middle of the week. A picture comedy, "The Plighting of the Plough" is shown at the Plymouth Theatre next week-end. GOVERNMENT SUCCESES NEAR MADRID

STORY OF INSURGENT RETREAT

Panic Among Italians?

CAPTURES OF GUNS, MUNITIONS AND PRISONERS

Recent reports on the Spanish civil war indicate that the Government forces are pressing home their advances on the Guadalajara front to the north-west of Madrid.

Spain denies a Loyalist report that an officer was found at Burgos containing a message from General Maselli in which he assured the Italian troops on the Guadalajara front of his great interest in their activities and stated that the crumbling of the international force would be a success of great political value.

Rome Denies a Mussolini Telegram

London, March 21.—The Spanish Government alleged that the insurgents, now transporting munitions to Madrid, had been taken prisoner and a quantity of their equipment had been captured.

Plans Ocean Hero

It was news that the large number of airplanes used by the Government against great hordes of the insurgents, that the Government forces have now been stopped by the bad weather.

Italian Losses

London, Later.—The Spanish Government has had a successful week on the Guadalajara front near Madrid, where the insurgents have been driven back a long way. It is believed that the Italian column is out of sight.

ITALO-GERMAN ACCORD

RAND MINE DISASTER

SIMPSON DIVORCE SUIT

Judge Orders Further Investigation

London, March 21.—Continuing the proceedings in granting a hearing of the divorce suit brought by Mrs. Ernest Simpson, the judge ordered the legal aspects of the matter.

SHIPS COLLIDE IN FOG

LIBERAL LEADER ON REARMAMENT

French Motions Not to be Banned

Brighton, March 20.—The Archbishop of Canterbury, the leader of the Parliamentary Liberal Party speaking at Glasgow University and back in the circumstances of the world, did not mention any of the points mentioned.

AGRICULTURAL SOCIETY'S MEETING TO-DAY

TO APPROVE PROGRAMME FOR THE COMING YEAR

Kenya's "Coronation Show"

The Annual General Meeting of the Royal Agricultural and Horticultural Society of Kenya will take place in the New Stanley Hotel at noon to-day.

Public Support Needed

In view of the increasing importance of the work of the Society in Kenya, particularly at the moment when the Agricultural Industry is gathering its strength for another period of progress, it is hoped that the Society will be given evidence, by a big meeting, of public appreciation of its achievements.

A "Scholarship" Scheme

There is no doubt that the Government of Kenya is taking steps to encourage the development of the agricultural industry and the Department of Education is planning to inaugurate a scheme of agricultural scholarships for the year 1957-58.

ROYAL AGRICULTURAL SOCIETY

ANNUAL OCCASION

Members of the Royal Agricultural and Horticultural Society and the general public whose names and irregular contacts with the Society's work are not too numerous to mention are invited to witness the benefits of the Society's many activities. There is an opportunity at noon today to show their interest in the organization at the annual general meeting. There is no need, over thirty years after the establishment of Kenya's agricultural industry, to plead the cause of the Agricultural Society, but it is a pleasure to see so many people of this country that great organizations cannot maintain themselves financially, let alone undertake progressive work without the presentation and support afforded by the regular membership of the Royal Agricultural Society. It is through the different years of the agricultural industry that we have been able to see that, though it did not do without much help, it is an important one as it has ever been that its membership should be strengthened and be increased on a sound and stable basis. The Society's work is being placed on a sound and stable basis. The Society's work is being placed on a sound and stable basis.

FIRM MEASURES TO BE TAKEN IN PALESTINE

WIDER POWERS FOR THE HIGH COMMISSIONER

Illicit Arms Traffic

STEPS TO PREVENT SMUGGLING AND ENTRY OF RAIDERS

Jerusalem, March 21.—Firm measures to cope with the situation in Palestine especially in the Northern district are being taken by the Government following the return of the High Commissioner, Sir Arthur Wauchope.

Unfettered discretion and wider powers to make defence regulations are vested in the High Commissioner under a new Order-in-Council.

The measures include the formation of a new mechanised corps composed of Britons, Arabs and Jews to prevent the smuggling of arms, the incursion of armed raiders and all illegal immigration by way of the Northern frontiers.

Seven hundred special Jewish police will be re-enlisted and armed to protect the Galilee Jewish settlements.

THE CORONATION

Agar Khan to Represent British India

London, March 23.—Efforts to be protected against the enthusiasm of the Coronation process. The subject was discussed in a report by the Public Committee of the Indian Council issued today. The report proposed that a banding 12 feet high should be erected around the fountain on certain nights of celebration. The protection will be provided for ten days during the Coronation period.

TRADITIONAL REPORT

The report says: "Essentially Crown is the traditional report of King George at times of public anxiety, but unfortunately the Captain and statesman form the goal of these criticisms and rarely escape in the crowd made efforts to elude such reports."

MARSHAL FOCH

Body Reburied in Louvain

London, March 23.—The body of Marshal Foch was today reinterred from the crypt and placed in Louvain in the presence of his widow. President Herriot, other high dignitaries and the representatives of various nations attended the ceremony.

THE FLOODS

NON-POLITICAL AND NON-CONTROVERSIAL PERSONAL MEMOIRS

It is reliably stated that the Duke of Windsor's marriage to Mrs. Wallis Simpson will take place about ten days after the Coronation, but there are conflicting statements about the venue of the ceremony.

Honeymoon in Austrian Alps

London, March 23.—From a reliable source it is understood that the Duke of Windsor and Mrs. Wallis Simpson will be married in Vienna on Saturday, May 22 (says the Daily Express).

At Home?

According to the latest reports the Duke of Windsor is planning to leave Cannes, France, early in April for Vienna, where he has been staying since his abdication.

Visits to the Dominions

The second voyage would cover the British Empire and the present visit to the Dominions is a preliminary one.

Living Quietly

The Duke who is in the best of health, is being very quietly at Cannes, France.

E. H. HASMANI CASE RESUMED

Twelve More Charges Laid

ALLEGED FRAUD

Beira Shipping Clerk Gives Evidence

["STANDARD" CORRESPONDENT.]
Dar es Salaam, March 17. Further evidence was heard in the preliminary proceedings of the Resident Magistrate's Court, Dar es Salaam, on Saturday morning in the case of E. H. Hasmani (22), merchant, on charges of forgery and fraud.

The Court was crowded with over 70 people, mostly Africans. Twelve charges additional to the 18 charges laid on March 17 were submitted, the total number of charges now numbering thirty. (19) Forging, on January 19, 1937, with intent to defraud, a bill of lading purporting to be in the name of Messrs. Currie MacColl and Son, Ltd., of London, to pay on demand the second bill of exchange of the same tenor and date being impudently in the name of the Banque du Congo Belge, of Brussels, Belgium, for the sum of £20,000.

Witness From Beira

Mr. George Hines Oliver (35), the chief shipping clerk of Messrs. Allen, Mack and Shepherd Ltd., had been in that firm's office for the last 17 years at Beira, with the exception of leave periods. The witness of Messrs. Allen, Mack and Shepherd, said that the name of the firm was not in the list of firms which were agents of the Banque du Congo Belge, of Brussels, Belgium, and East African Trade and White, Wellington, New Zealand.

There were two gentleman named Smith in the employ of the firm. William Henry Smith and George Ernest Smith. There had never been a G. Smith there.

When shown a document, ostensibly a B.L. bill of lading, Mr. Oliver said that the name of Shepherd was misspelled as "Sheppard" in the document. He said he had never seen the document. He said he had never seen the document. He said he had never seen the document.

Differences in Forms

In the above exhibits it struck witness that the first document was a Beira bill of lading was in respect of a reference to the "Tanganyika Carriage of Goods by Sea Act."

At Beira there were bills enclosed in the name of the Banque du Congo Belge, of Brussels, Belgium, and East African Trade and White, Wellington, New Zealand.

The second document was that of a bill of lading which was on the back of the bills exhibited.

There is no paper of destination was given. Maydon Wharf was part of a port in determining what made the port of Beira. It was not a port of destination.

The "Lambo" Limit

The "Lambo" would only take about 500 tons of groundnuts or copra, and would not take other cargo whatever. Messrs. Allen, Mack and Shepherd were not in the list of firms which were agents of the Banque du Congo Belge, of Brussels, Belgium, and East African Trade and White, Wellington, New Zealand.

Witnesses from Beira said that the name of the firm was not in the list of firms which were agents of the Banque du Congo Belge, of Brussels, Belgium, and East African Trade and White, Wellington, New Zealand.

Bill of Lading Procedures

In cross-examination by Mr. Currie, witness said that if D. H. Hossain had to branch business in Beira, he would use his knowledge of Messrs. Allen, Mack and Shepherd would not issue a bill of lading to anyone not a resident in Beira; such a one would have to have an agent in Beira.

First Hint of Trouble

On a firm produced there was a stamped "damaged" subject to make a receipt; this gave rise to some doubt whether the package had been damaged. If the package was received by the ship's agents, it was their duty to check it.

Maj. Meekins's Views on East Africa

RACIAL COOPERATION

'Though I started from Beira with a prejudice about the racial question in Kenya, I am very glad to say that during my visit to the Colony I have received nothing but courtesy from my European friends...'

In these words Major A. Mahomed Meekins, J.P. Honorary Police Surgeon to the Highways at the Aga Khan and Degeer Aga Khan, summarized one of his most interesting impressions and observations, as gleaned during his tour of the country with His Highness...

His Majesty was a member of the honorary staff of the Aga Khan. Most of the other members of His Highness's staff are British men in India. They have travelled with His Highness at their own expense and give their services gratuitously out of affection and respect for their King.

In private life Major Meekins is a banker and a stock broker and his business in Beira has many useful connections.

He is also a very good sportsman and reports of golf from India. He is President of the Indian Tennis and Croquet Association, which has among its members eminent scholars of most of the universities of the world.

Francisco Espinosa All his impressions of the country, he said, were good ones. Referring first to Beira, he said: 'I was very pleased to see the excellent progress that my country has made, and also to note the better discipline among the Ismaili youth and their inclination to take of the younger generation to part an active interest in the general welfare of the community.'

'I see that the European community here are willing to co-operate with and help members of the Ismaili community in all their efforts to improve social and economic conditions and to develop the country. During my visit to Beira I saw many of the Ismaili youth who are making the most of their education and who are making themselves useful to the community.'

Francisco Espinosa also saw many of the Ismaili youth who are making the most of their education and who are making themselves useful to the community. He saw many of the Ismaili youth who are making the most of their education and who are making themselves useful to the community.

ness to provide over the four corners of my country. They have contributed to the progress and the advancement of the Ismaili in social and other spheres and their decisions should encourage the westernization of my people.

Westernization is not new to the Ismaili. In fact, they have been westernized since the time of the first official missionaries who started in Beira about 1870 or 1880. FORECASTING THE WEATHER

(Continued from page 4.) Mr. Walter referred to the importance of forecasting the weather in the tropics, where the temperature is so dependent on the season and if it were moved to any other part of the world it would be very different from the tropics...

Local instability conditions are met, strongly immediately under the sun; the sun follows the sun as it moves north and south. It was found that the movement of instability cells is not in the same direction as the wind and velocity of the upper wind was decidedly by moving up small pilot balloons. Mr. Walters however would be obtained when the upper air temperature could be determined.

Mr. Walters stated the few observations made in the tropical region. There were three or four cases of rain, but these were not quite clear. When there was no rain at all, the rain was not quite clear. When there was no rain at all, the rain was not quite clear.

CASH CROPS AND SOIL EROSION

To the Editor, "The East African Standard."—The question of soil erosion and reforestation has been much in the news in the Weekly Edition of your paper for some time past and the recent terrible catastrophe of the floods in the Omo and Murrumbidgee rivers has brought the subject very forcibly before the minds of many.

"I use Gibbs myself Sir!"

"I assure you it's good! You can depend upon Gibbs Shaving Cream. It comes from the tube just right—Winter or Summer! And there's Cold Cream in it. Believe me, Sir, that makes a big difference. Delicious feeling... Excuse me, Sir..."
Hed the Chemist who has interviewed, he might have added that Gibbs Shaving Cream emulsifies itself 20 times in rich creamy soap-holding lather, that gives down instantly in the depth of the beard and makes work work for the razor... that it does not dry on the face... that it is most economical in use... that it is 100% germicidal, that a full sized tube makes or let us send you a generous trial tube.

A Question that most Mothers have to answer

Is your child a Fussy Eater?
It is an anxious time for a mother when her child is disinclined to eat, physical fitness depends on such upon adequate and correct nutrition that some way must be found to ensure that the child will obtain sufficient health-giving nourishment every day.
The best and surest solution to this problem is to serve a cup of 'Ovaltine' with each meal. This truly delicious beverage, which no child can resist, is supremely rich in nutriment. Even though other foods are eaten sparingly, you will still be sure that your child is obtaining all the nutriment required for building up a strong, healthy body, sound nerves and abundant vitality.
'Ovaltine' is, in itself, a complete food, which fulfils every demand of sound scientific thought to-day. It contains the natural proteins, carbohydrates, vitamins and other valuable nutritive properties derived from the highest qualities of milk, malt and eggs. For quality and value 'Ovaltine' definitely stands in a class by itself. Although imitations are made to look like 'Ovaltine' there are very important differences.
'Ovaltine' does not contain any Household Sugar. Furthermore, it does not contain Starch. Nor does it contain Chocolate, or a large percentage of Cocoa.
Because of its supreme merit, 'Ovaltine' is widely prescribed and used by Doctors, and is a regular article of diet in all the leading Hospitals, Sanatoria, and Nursing Homes throughout the world.
Quality always tells —insist on—

Mamos to Meet the "Terrible Turk" ON SATURDAY NIGHT

All Boy who defeated Joe Gitch in the flat wrestling match in the Municipal Stadium on Saturday evening, is now "Terrible Turk" Harry Mamos in the Market on...

"Terrible Turk" Harry Mamos Saturday evening, however, he said, "I would like to see the world's heavyweight champion fight with me in the Market on Saturday evening."

ALL-IN WRESTLING MATCH

During the course of discussion in the "East African Standard" this morning, it was suggested that the fight this week-end be expressed complete confidence with regard to the result. "I know I'm going to win," he said, and Harry Mamos has quite often done so. He is a member of the famous "Terrible Turk" which, in those pre-war years, was with some success, in the gold ring world. The other members were James Brail and J. H. Taylor.

It is not unlikely that the only one who should be held of the championship, was not able to attempt the sixth win of the Gold Cup. Among the jockeys who should do this season are— P. Maher, W. Wing, Street, J. King, and last but not least, Jolly with the Madam champagne, T. Ryan, D. Blackwell, and Haverill, some of these boys being trained in the Weston school.

Uganda Kobs and Gymkhana After a lapse of some two or three years the annual Easter Kobs and the Uganda Kobs are to be resumed. It is possible that the first of the big meeting events of the year, and it is a good thing that all round the fixture is to be resumed.

Among the jockeys who should do this season are— P. Maher, W. Wing, Street, J. King, and last but not least, Jolly with the Madam champagne, T. Ryan, D. Blackwell, and Haverill, some of these boys being trained in the Weston school.

Jockey Engagements Gordon Richards will again ride as one jockey for Bockhampton, and as another for the London and East Africa racing season. H. Smith will ride for J. Jarvis, P. Bradley for M. Jones, and J. P. Peter having second claim. Sir Douglas will again ride for Sir Peter Stammers, who has sole claim, otherwise he will ride as free-lance.

There is a very good claim also for the Victoria Cup run on May 1, the handicapping of Dan Butler, Davison, Fennell, and Temperon II, will be of especial interest. They finished first, second, fourth and fifth, respectively in the Cambridgeshire. It may be too much to expect of Dan Butler, but Davison and Temperon II will be rated by the course and distance.

Kenya Golfing Society The annual general meeting of the Kenya Golfing Society will be held at the Royal Golf Club on Good Friday, March 26, commencing at 6.15 p.m. All members are asked to attend. The list of the second round should read "Sham" and not "Mans" as appearing in the circular.

DISAPPEARANCE OF FLYING DUCHESS

SET OFF FOR SHORT FLIGHT: HAS NOT RETURNED

Storm Tragedy?

FEAR THAT MACHINE MAY HAVE BEEN FORCED DOWN

Despite a wide search, no trace has been found of the Duchess of Bedford who set off alone on Monday afternoon for a short flight.

The Duchess who has done a great deal of flying is 71 and it is thought her machine must have been forced down in a storm.

Solo Trips at 71

(Rustic and British Official Wireless Service.)

London, March 23. A gasconade reported that she was a plane flying very low in a southerly direction. The engine appeared to stop and she thought the machine was going down. This morning aeroplanes are flying low over the area, examining in particular the extensive woods for any traces of the Duchess.

The Duchess of Bedford is 71 years old, and during the last two years has been a keen aviator. She has made many long flights, and in 1929 flew to India with Captain Bernard in seven and a half days, while in the following year she took part with the same pilot in a flight to the Cape and back.

UTE WORKERS' STRIKE

£14,000,000

Statement in House of Commons

(FINANCIAL SECRETARY'S ANSWER.)

London, March 23. A strike of ute workers in the north-west Galvesta was the subject of questions in the House of Commons yesterday. The Under Secretary for India said that between 55,000 and 60,000 utes were employed, and that the majority of them are quite unskilled. He said that the Government was doing its utmost to get the utes re-employment. The Minister distributed the return of wages earned in 1935, no stimulation and recognition of the new union.

ROYAL MEWS AT WINDSOR

(FINANCIAL SECRETARY'S ANSWER.)

London, March 23. The Royal Mews at Windsor are to be re-opened. Last October all the horses were transferred to Buckingham Palace on the instructions of King Edward and the Mews was closed. A number of horses had been sent to the Government and were to be returned at an early date and after the Commission on the Mews Windsor they will go there.

WHO PAYS?

Local Bodies and Anti-air Raid Plans

London, March 23. A lady representing a number of local authorities has recommended that an anti-protectionary law should be laid up until the Government has made its plan, when regarding the responsibility for the cost. She said a letter has been addressed to Government asking that the work be postponed until the Government has made a contribution to local authorities who want the money. It is thought the Government will not consent. It is thought the Government will not consent. It is thought the Government will not consent.

JANUARY'S EXPORTS AND IMPORTS

Increase in Outgoing Youngens

RAILWAY FIGURES

An increase in export tonnage dealt with and total tonnage exported in January, 1957, was 6,000 tons compared with the equivalent month of 1956. This is recorded in a statement issued on the Railway Administration's account of an increase in receipts on both the outgoing and on the January, 1957, total. Import tonnage for the other hand declined slightly as compared with the first month of 1956.

The approximate receipts for January, 1957, from January, 1956, being amounting to £295,136, being 6,000 tons in excess of the estimated £25,200 more than the actual receipts for January last year. The figures were made up as follows: Passengers 248,091; goods and baggage 45,700; livestock 11,800; goods 2,901,691; and telegraphic and miscellaneous 87,800.

Export Tonnage

Export tonnages received at Coast during January, 1957, amounted to 43,995 tons, compared with 32,751 tons in January, 1956—a net increase of 11,244 tons. Total import tonnages decreased by 2,500 per cent. the comparative figures for January, 1957 and 1956 being 14,563 and 15,361 tons. Total public traffic amounted to 2,901,691 tons, compared with 2,814,904 tons in January, 1956.

Principal Commodities

Among the principal export commodities valued at approximately £200,000 of which the figures for January, 1956, being about £180,000—Cassia 1,865 tons (1,790 tons); cotton 10,440 tons (12,414 tons); coffee 1,085 tons (967 tons); diamonds, iron and steel manufactures, hardware and petrol and oil were other important items.

Among the exports, coffee amounted to 4,400 tons (4,900 tons in January, 1956); cotton 6,181 tons (7,785 tons); iron and steel 1,085 tons; steel 10,440 tons (13,181 tons); Groundnuts, hides, skins, sugar, vanilla, beer and wool (197 tons) were among the other principal export products.

REPORT OF PAST YEAR'S WORK

There was a good attendance at the annual general meeting of the Kenya Area and Crafts Society held in the Yusuf Kariakoo Building on Friday evening, December 20, 1956, presided over by the Acting Governor and Mr. Walsby, the President, Mr. B. H. Nicholson, was the chair.

Mr. J. P. Hill, Hon. Secretary and Treasurer, presenting the annual report said that on the whole he thought the Society had done well in the past year with some 200 members and 100 exhibitors. At the annual general meeting a year ago they had discussed ways and means of increasing the Society's membership and during the course of the year the Committee gave this matter their attention.

As a result there has been a recovery in the Society's membership. It still falls short of what it should be, said Mr. Hill. The number of members who had subscriptions to the Society during the year 1956 was 72, as compared with 57 in 1955, 72 in 1954, 75 in 1953, 81 in 1952, 82 in 1951 and 83 in 1950.

Gland Discovery Restores Youth in 24 Hours

Restores youth in 24 hours, says Dr. J. P. Hill, Hon. Secretary and Treasurer, presenting the annual report said that on the whole he thought the Society had done well in the past year with some 200 members and 100 exhibitors. At the annual general meeting a year ago they had discussed ways and means of increasing the Society's membership and during the course of the year the Committee gave this matter their attention.

THE "COMPROMISE"

To the Editor, "E. A. Standard," Sir—It is an Indian very refreshing to read in today's East African Standard that as long as a vote of censure has been proposed upon Lord Ponson's motion and presumably the other supporting Members of the Legislative Council, I can sit firm before an Income Tax although for the moment unpermitted to have any further say, but we are told that better days are coming.

I think Lord Francis Scott addresses a public meeting in Nairobi, the following questions would probably be asked:

What has happened to the "compromise" of any of the existing taxes being absorbed by the Income Tax imposition, and what action is the Legislative Council Members propose to take to fulfil past promises?

If only the members of the opposition to the procedure now in vogue, will get together and form a united front, then the Colony would soon be on the right track of securing the long-delayed financial reform, backed up with popular support, and the fact that Southern Rhodesia has won for itself, and corresponding here, would be respected here. The fact of the meeting being held at Nairobi and evidently "free discussion" somewhat deflated, does not appear to have been too popular, independently of what may happen at Nairobi.

"RHODESIAN PIONEER."

Nairobi, March 29, 1937.

UNIFICATION OF INDIAN SOCIAL WORK

To the Editor, "E. A. Standard," Sir—Nothing is to be more harmful of than to be constant of the power that exploits and be ammittal of the weakness to the fact that fall prey to the power. Mr. Patel must be alive to the fact that what was said at the Indian Board Table conference and third upon Kenya's Zulian could not have been but for the urge of a section of the Indian population, in spite of the alleged unanimity of the Indian "Congress" that it does not refute the principle of non-violence.

No long as communalism is rampant the real Indian political will, would remain only a dream in the vague form of separate communal institutions, institutions to which all the Indian communities cling and jamper. It is practical politics and wisdom to set our house in order. Let us achieve the unification of Indian Social Work at all costs and then remove the breeding place of communalism and disruption.

Yours etc.,

G. H. HEMANI.

Nairobi, March 29, 1937.

THE GOAT

To the Editor, "E. A. Standard," Sir—It is to be hoped that the remarks made by the Chairman of the Kenya Arbor Society in connection with the damage caused by goats will receive, from the powers that be, the attention they deserve and that something will be done to reduce, or better still, exterminate this animal.

Describing Cyprus H. V. Morton in his Book "In the Steps of St. Paul" (page 107) writes as follows:

"The island has changed its appearance since classical times. No longer do dense woods cover it, and no longer does brushwood come to the water's edge. Why, the traveller who asks have parts of the Mediterranean world, once famous for barren trees, become bleak and barren? The answer is: Goats. These animals devoured the remains of the ancient wood and so man can exaggerate the damage they have done. The Babylon coast was once covered by the Venetian bosom of the sycamore tree; a forest now it is a barren sea of bare, goats have with them much on Palestine and Syria. Nothing, except, possibly, earth-

quakes, has altered the appearance of the mountain districts so much as this goat. I do not know if these were any Greek and Roman lines to prevent those animals from nibbling the young shoots of trees and the inevitable every wave of green vegetation, but the few lines that have been preserved of one of the last plays of Klopke happens to be a chorus of girls who, even at that remote period, are heard lamenting on the subject of their favorite bushes.

In a letter published in your issue this morning "Standard" in our Native's views to champion the goat. His interest is on a gain will not take a kind reverberate among a child as the poor child would probably cry.

Has it occurred to "Standard" or our Native's that the Native in the reserves could herd cattle and sheep just as easily as goats, with- out eating the land they live in the process.

Yes it might be kind to keep the unscientific goat but it will be better to get rid of it.

Yours etc.,

WILFRED C. WHIGHT.

Nairobi, March 22, 1937.

"BUFFALO BILL"

To the Editor, "E. A. Standard," Sir—I hope you will not mind me correcting a statement in a recent issue of your paper called "On This Day" about William Frederick Cook, uttering "Buffalo Bill".

"Buffalo Bill" never shot a single buffalo in his life, as there never has been one in all America. If you call him "Hiram Bell" you are entirely correct. The name is about as dignified as the ordinary farm yard bill, but buffalo are quite a different proposition.

Also though the five cent piece is popularly called the "Buffalo Nickel," the same depicted on the coin is a bison. The true buffalo inhabited only Africa, Asia and parts of Europe.

CONDITIONS IN INDIA

Nairobi, Uganda, March 6, 1937.

CONDITIONS IN INDIA

To the Editor, "E. A. Standard," Sir—Now, as of late, we are allowed to remain innocuous in this country.

It is known quite generally that the British have treated us extensively. Others who are well-to-do and can also think simply and sincerely express, know perfectly well that it is not easy to become an authority on the social, racial, economic, and political life of any people. No traveller should presume to be such an authority without a real inter-

knowledge of the intricate problems of the country to which he is going, we are obliged to give publicity to British Forces' propaganda pamphlets on countries and people, known so superficially.

The value of our article and opinions may be explained by the fact that, while professing concern for the country, to absorb the point of view of East Africa in regard to the monetary question and Tanganyika, she gives public expression to her own prejudiced views, even after she set foot in Kenya. Of what value is her criticism as India or on Central Asia? I purposely refrain from referring to her very desirable opinions because any discussion on these subjects would not fall to the publicity of her propaganda.

I take this opportunity to state that those of us whom I do not find in the country of Tanganyika, would like to see our fate less in our own hands, nor in the hands of a few individuals, but in future international complications depend on circumstances which we beyond our control. All that we can do to work.

Yours etc.,

M. M. P. U. U.

LAMU PAYING MORE FOR FOODSTUFFS

Owing to Partial Failure of Crops

[STANDARD'S CORRESPONDENT.]

Lamu, March 19.

A large crop failure in the people of Lamu in the present time is that of the very considerable amount that has been planted within the last six weeks in the price of the more important food stuffs. Of these, much grain as maize, sorghum, kumali and chikungu are raised by the area, which, except roughly to 400 lbs. and the following table illustrates the increase that has taken place—

Maize	120/-	200/-
Milium	20/-	30/-
Kandi	20/-	30/-
Chikungu	15/-	25/-

This increase, as directly attributable to the failure of the crops, is the more important upon partial failure of the crops, as the conditions of the climate, which are not so favorable as last year and also, if it is said, owing to the fact that the crops are not so well as some areas, are considered to have been having partial option to the detriment of the production of food crops. In the fact it may be seen and, consequently, done.

Supplies from Mombasa.

The situation in the present a large supply for many years past it has been customary at about this season to have much up from Mombasa, but this year, since it is available from that quarter, Lamu merchants have, therefore, been forced to buy from Mombasa where supplies are not so abundant as at greatly enhanced prices.

No amount grain in this District will be open on the local market until about June at the earliest, though shortly before a new crop will amount of new season crops should be available for import from Tanganyika Territory ports. The situation then as far as the next two months are concerned, is that as long as Mombasa can continue to meet local demands there need be no fear of anything approaching a famine, but that natives will have to pay appreciably higher prices for their food.

Prosperous Trade.

The natives, who will soon be able to meet this increased expenditure are being engaged in the horticultural trade which, this season, has been more prosperous than for many a long year past. Several large stores from the British Gulf have already started building up in preparation for the big trade that is expected will arrive very shortly, such large stocks have been laid in that the whole of the available trading ground above high water level has been practically cleared up and ready to receive anything that has not happened for nearly twenty years and, alone, is indicative of the importance of the trade since grading of the ports was instituted.

DISPUTE OVER WITHDRAWAL OF VOLUNTEERS

DIFFICULT PROBLEM FOR THE NON-INTERVENTION COMMITTEE

The Italian Setback

SAID TO BE CAUSING MUSSOLINI SERIOUS PERTURBATION

A difficult situation regarding non-intervention in Spain has arisen owing to Italian and German refusals to discuss at present the question of the withdrawal of volunteers.

Blow to Prestige

Non-intervention in Spain has been a serious problem in being faced by the Non-Intervention Committee. A special Board Committee held two long meetings last night and the discussion continued today.

Signor Mussolini is thought to be seriously disturbed by the defeat of Italian forces fighting with the Insurgents and it is stated that the failure of the Insurgents would be regarded in Rome as a national defeat calling for a change in policy by the Duce.

EAST AFRICA WOMEN'S LEAGUE

REVIEW OF PAST YEAR'S ACTIVITIES

President's Address
Scheme for training Kenya girls as children's nurses

Some idea of the excellent work done during the past year by the East Africa Women's League for many fields of activity was given by Mrs. Ralph Turner in her presidential address at the annual general meeting of the League in Nairobi, this week. She referred particularly to the work done on behalf of the women and children of Kenya.

The League has branches in every part of the settled area of the Colony and a membership of over a thousand women. Its interests are multifarious, although its work is mainly social and benevolent. Native welfare also has an important place in its activities.

Social Service Work

A review of the extended work done in the field of social service by the East Africa Women's League in 1936 was given by the President, Mrs. Ralph Turner, at the annual general meeting in Nairobi this week.

Her address, which, as explained, was the presidential address, was a report on the work of the League during the past year and the great variety of the work which is now being done, particularly in the field of social service and children's care.

Domestic Services
Basilead the fact that the League had sent a deputation to meet the Hon. P. M. Kenyon, C.M.A., said it was very gratifying that the Hon. P. M. Kenyon had recommended in the "Pit Report" for the League to claim to have put forward a convincing case for its retention.

Children's Day
The President said she would like to see a children's day organized annually in Kenya. She proposed to be devoted entirely to the welfare of the children of the Colony.

ACCIDENT ON NYERI LINE

Train Falls Down Embankment

ENGINE RECOVERED BUT TRACKS BADLY DAMAGED
As the result of the derailment of a construction train at mile 86 between Kericho and Nyeri, on the Nyeri line, several tons of material on the Nyeri line was interrupted.

The train was coming down an incline when the engine and six trucks which it contained became derelict and plunged down the embankment.

Informative Address to East Africa Women's League
Because of Kenya's apparent remoteness from Europe, the large majority of the Colony's residents have regarded the oft-repeated warnings against the dangers of attack from the air with a complacency amounting almost to complacency.

When you're drowsy, nothing so quickly and pleasantly brings you back to life as a glass of cool drink of WHITE HORSE.

Let the long be mull, the ice cubes plentiful, the portion of WHITE HORSE bountiful. The dash of soda enough to brim your glass full. But sip it slowly, more thoroughly to enjoy the rare bouquet and softness of WHITE HORSE that even a long drink cannot conceal. So ask for it by name.

["STANDARD" COMMENTARY.] Nakuru, March 16. The fourteenth annual general meeting of the Nakuru War Memorial Hospital took place here today. There were nearly seventy guests present, and Mr. K. S. ... was in the chair.

Before the meeting was formally opened, the chairman put certain points before those present. He told them that according to the figures of the Hospital for the year 1936, the Board approached. Lord ... with a request that he should accept the post of President of the Hospital for the year 1937.

The question arose as to how the activities of association should be carried on so as to allow those gentlemen to take their rightful place at a meeting such as this. Eventually these details were settled, and it was the intention of the Board to hold an annual general meeting just before the annual meeting to pass the necessary resolutions and to call for confirmation of these at the annual meet-

The chairman went on to explain that a mistake had been made in printing the period of notice required and this had completely vitiated the special general meeting. He suggested that the Board go thoroughly and carefully through the entire articles, and bring them up to date. He then said that Lord ... was elected chairman of the meeting. This motion was seconded by Mr. ...

Chairman Address

In presenting the report and balance sheet for the year 1936 the chairman said: "It must be very gratifying to members to note how splendidly the hospital is justifying the foresight and ambition of the Trustees. It is a very gratifying sight to see the main objects of the hospital being carried out and to see a rich and powerful ally. It is indeed a worthy memorial to those who gave their lives in the Great War."

"The large increase in gratuitous treatment, viewed from the purely financial side, may at first give grounds for adverse comment, but I can assure members that those responsible for the hospital's finances have been particularly careful to collect as high a proportion of fees as was likely possible from those patients who could not meet the full amount. Not one penny of the 1936-37 account of gratuitous treatment was unaccounted for."

"The hospital never has, and I hope never will, turn away the sick and suffering because they cannot pay their way. This is a hospital, and a nursing home run for profit. At the same time, it should like you to note that we get no outside grant from Government, and

Stomach Sufferer Discharged From Hospital as Incurable

New Eat Good Food.

There is no need for stomach sufferers to despair of relief if they have not tried Macdonald Brand Stomach Powder. Almost every letter received here concerns "incurable" cases which have been put right by Macdonald Brand Stomach Powder.

"Four years ago I suffered agony and hospital treatment was useless. I have rallied over in the garden so great have been the pains. I was X-rayed each hour for 7 hours and was later told that I had a Duodenal Ulcer and must undergo an operation. I refused and was discharged from the hospital as incurable. I then started to take Macdonald Brand Stomach Powder and Tablets. Soon after, all pain vanished and the pain and agony has not returned. I can now sit down to a good meal without any fear. Before, even a cup of tea was detested to me."

Why not make your digestive troubles vanish the same way? Macdonald Brand Stomach Powder is as effective in hastening digestion, biliousness, heartburn, as the more serious digestive complaints. But make sure that it is the genuine Macdonald Brand. Just look for the "ALEX. C. MACLEAN" signature on the bottle and carton and you can't go wrong. Write to "ALEX. C. MACLEAN" if any difficulty in obtaining the medicine. Macdonald Brand, Ltd., P.O. Box 25, Nairobi.

we get no funds from local land... yet we have made a working profit of £400 for the year, made up of the sum of about £800... offered by a water installation which does not cost more than £100... and then some funds from local landowners. If you are overlooking the fact that the Government supply on behalf of indigent patients... for whom we are very grateful.

"Not, despite the financial loss, the X-ray has been a very important factor in the progress of the hospital. Apart from the benefit to patients themselves, the X-ray has brought in work revenue by the fact that some patients pass direct to the hospital for subsequent treatment, whereas formerly those patients went to Nairobi for both X-ray and treatment."

"However, as many of you know, the plant is limited in scope and it is not sufficiently powerful for great spacing of work, and for a new, full-sized plant, capable of dealing with every emergency, it is now in an opportunity for your support to get together and launch a campaign to raise the necessary funds for a large proportion of them, at our rate."

Operating Theatre The operating theatre is fully equipped. It is an annual by one of the best in the country. It is a lack of other instruments, the equipment necessary for even the most advanced operations. It may be seen that we have had 30 major and 44 minor operations were performed in the theatre during the year under review. The figures for 1936 were 63 major and 39 minor operations.

"What on this subject, however, I wish to make special mention of the gift of that gracious lady, H.E.R. the Duchess of Gloucester, and the further honor she has shown us by becoming a Patroness (the only one) of our hospital. Both the nature of the gift and the honor conferred are gratefully and joyfully accepted by the members of our Royal Family. There is one point to mention, and that is the unfortunate mishap which caused the Duchess of Glou-

ster's noble staff in the bar and in the X-ray Department. It is unfortunate that on such a day of work revenue by the fact that some patients pass direct to the hospital for subsequent treatment, whereas formerly those patients went to Nairobi for both X-ray and treatment."
