E.A.W.L. Work In Nairobi

The work and the widening sphere of influence of the E.A.W.L. in the East African affairs were outlined at the League's Nairobi Central Branch meeting on December 4. The meeting was held at the proposed headquarters office for workers girls in Nairobi.

Mrs. Brookes Anderson, chairman of the League, presided over the meeting, which was a very successful one. She gave a brief account of the work of the League and how it works. Its influence is increasing rapidly and its activities are being extended to all parts of the East African continent. The League's permanent representative in Nairobi had presided in the proposed Central Branch which was now being formed.

It was hoped that it would be possible to have a very large attendance at the League's Nairobi Central Branch meeting on December 11. It was also hoped that it would be possible to have a very large attendance at the League's Nairobi Central Branch meeting on December 11.

Another result of the League's initiative was the closing down of a number of the manufacturing factories under such conditions. Those left open were now inspected regularly by the authorities.

Mrs. Brookes Anderson said that it had come to the League's attention that young children were being sent away from their parents when they were very young. These married couples with babies, which were being sent away from their parents, were being sent away from their parents.

One member proposed that this would mean parents to neglect their children. This was a very important matter.

The Lady Eleanor Cole thanked Mrs. Brookes Anderson for her work and said that she was very glad to see the League's initiative in the East African continent.

KEROL WILL STOP THE TROUBLE BEFORE IT STARTS

As a result of the recent straits, the growth of new nutritious grass and a general abundance of green stuff can be expected.

Nature's law of compensation however will bring attendant troubles and diseases and in particular digestive disorders and hoven, which is caused by the animals craving for luscious fodder, which they will greedily crop, and feed on it in excess before their systems are adjusted to the change.

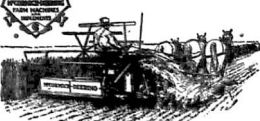

Kerol will prevent harm if used as follows— 40 lb salt and kerosene and a wheelbarrow of Kerol. If stock have not had the Kerol Lick regularly, then dose them with pure Kerol at intervals of three or four weeks.

If you will act in time, nature will do the rest, therefore.

Soil Conservation In Nyanza Province

THE Soil Conservation Report for the Nyanza Province during the last year, which states that the North Nyanza survey for the continuation of terracing operations in Kilindi started at the beginning of September, and preliminary work has already started on some grassland. The difficulty is to ensure that all necessary hand work is completed in time for the start of the rains. The Government is providing a great reinforcement of staff and labour—and that their responsibility is to ensure that the work is done. Until the local people realize that the work is their own, it is hard to resist with them, work is bound to be done. A trained European for continuous supervision is also suggested.

Work on narrow base terraces continued during the quarter in Maragoli, Burego, Tika, Kanku, Kikuyu and Kavirio. The most time has however been spent in preparing soil.

Complete destruction of termites and gophers, and their encroachments are continuous and little to be expected. Fortification works by the Native Authority to cope with these intruders.

In some of the most difficult localities the work is being done, and is being done in a very hardy way by the leading farmers in the area, and the Government is providing a great reinforcement of staff and labour—and that their responsibility is to ensure that the work is done.

Central Government. In some of the most difficult localities the work is being done, and is being done in a very hardy way by the leading farmers in the area, and the Government is providing a great reinforcement of staff and labour—and that their responsibility is to ensure that the work is done.

At the end of the quarter, a campaign was started to place harvest traps in lines along the roads and streets of collecting it into a heap in the middle of the village and being used for the purpose of the soil.

It was done in a limited way, but it was done in a way that a single individual realized when he did it that there may be some benefit to the community as a whole.

The most considerable advantage in the practice. The result is that the paragraphs on the subject had to start again in Zone 5—efforts have been made for some time.

A large contour ditch was dug across the valley from the station to the valley road. Much Hill, Agri. Station, was also dug.

TROUT FISHING IN KENYA

By A. W. SUTCLIFFE, D.S.O., M.C.

THE question 'Can Kenya trout fishing be made a profitable industry at the moment? It is a question which has been asked many times by the public at large. It is a question which has been asked many times by the public at large. It is a question which has been asked many times by the public at large.

Firstly, two varieties of trout have been introduced into Kenya. The first is the rainbow trout, which is a variety of trout which is found in the mountains of the Alps. The second is the brown trout, which is a variety of trout which is found in the mountains of the Alps.

I think it is necessary, in any review of Kenya trout fishing, to state that the varieties of trout introduced into Kenya are not the same as those which are found in the mountains of the Alps. They are not the same as those which are found in the mountains of the Alps.

It has not been possible to do any work on the trout fishing industry in Kenya. It has not been possible to do any work on the trout fishing industry in Kenya. It has not been possible to do any work on the trout fishing industry in Kenya.

Conservative Opposition To U.S. Loan

"THREAT TO UNITY OF EMPIRE"

London, December 7.—The Conservative opposition to the proposed \$250 million American loan to Kenya is growing more pronounced. The Conservative Party is now divided into two camps. One camp, led by Mr. Churchill, is in favour of the loan, while the other camp, led by Mr. Morrison, is opposed to it. Mr. Morrison's opposition is based on the grounds that the loan would be a threat to the unity of the Empire, and that it would be a precedent for other countries to follow.

\$24 Million Damage To Houses

London, December 7.—The damage to houses in Kenya during the past year has been estimated at \$24 million. This is a record for any one year, and is due to the effects of the drought and the locust plague. The damage is particularly severe in the coastal areas, where the houses are built of mud and are easily destroyed by the elements.

DELAY REDUCED IN "DEMOB" OF CERTAIN GROUPS

London, December 7.—The delay in the demobilization of certain groups of soldiers has been reduced. This is due to the fact that the Government has decided to allow these soldiers to return to their homes more quickly than was originally planned. This decision is a result of the fact that the Government has decided to reduce the size of the Army, and that it is necessary to find a way to deal with the surplus of soldiers.

FAMINE INEVITABLE IN JAVA

Batavia, December 7.—A famine is inevitable in Java, according to a report from the United Nations. The report states that the drought in Java has led to a severe shortage of food, and that the situation is becoming increasingly desperate. The United Nations is calling for immediate action to be taken to alleviate the famine.

"Death March" Commander To Be Tried

London, December 7.—The commander of the "Death March" is to be tried. This is the first time that a commander of a concentration camp has been tried for his actions. The trial is being held in Nuremberg, Germany, and is part of the proceedings against the leaders of the Third Reich.

They Have Left Poland

London, December 7.—The Polish government has fled to London. This is the first time that a government has fled to London during the war. The Polish government is now in London, and is continuing to fight the war against Germany.

UNEASY EXPECTANCY IN TURKEY

How The Highlands Leases Proposals Began

Bucharest, December 7.—Turkey is uneasy in its attitude towards the proposed lease of the Highlands to the United States. The Turkish government is concerned that the lease would be a threat to its sovereignty, and that it would be a precedent for other countries to follow. The Turkish government is also concerned that the lease would be a threat to the unity of the Empire.

M.L.C. EXPLAINS POSITION TO NYAZA ELECTORS

London, December 7.—The M.L.C. has explained its position to the Nyaza electors. The M.L.C. is a political party in Nyasa, and is currently in a dispute with the British government. The M.L.C. is demanding that the British government should withdraw its troops from Nyasa, and that it should allow the Nyaza people to elect their own government.

DEMOB

London, December 7.—The demobilization of soldiers is proceeding rapidly. This is due to the fact that the Government has decided to reduce the size of the Army, and that it is necessary to find a way to deal with the surplus of soldiers. The demobilization is being carried out in a systematic and orderly manner.

Foreign Ministers To Meet In Moscow

London, December 7.—The Foreign Ministers of the United States, Great Britain, and the Soviet Union are to meet in Moscow. This is the first time that the Foreign Ministers of these three countries have met since the end of the war. The meeting is expected to discuss the current situation in the world, and to discuss ways in which the three countries can cooperate to maintain peace.

Atomic Energy One Item for Discussion

London, December 7.—Atomic energy is one of the items for discussion at the meeting of the Foreign Ministers in Moscow. The meeting is expected to discuss the current situation in the world, and to discuss ways in which the three countries can cooperate to maintain peace. Atomic energy is a key issue in the current world situation, and it is expected that the meeting will discuss ways in which the three countries can cooperate to deal with this issue.

They Have Left Poland

London, December 7.—The Polish government has fled to London. This is the first time that a government has fled to London during the war. The Polish government is now in London, and is continuing to fight the war against Germany.

UNUSUAL PLEA TO COURT

German Doctor Wants to Finish Malaria Work

Bombay, December 7.—A German doctor has made an unusual plea to the court. The doctor is Dr. Schmidt, and he is pleading for the right to finish his work on malaria. Excuse me— Inner Cleanliness comes first for Health

Andrew's Liver Salt
Health Drink and Tonic Laxative

Cleanses, Refreshes, Cools, Invigorates

Andrew's Liver Salt is a health drink and tonic laxative. It is described as a "miraculous" health drink that cleanses the system, refreshes the mind, and cools the body. The advertisement includes a testimonial from a woman who claims to have lost weight and gained health after using the product.

—So be regular with your ANDREWS

Daily liver Cleanliness should be your simple rule for health. Then, not only will you keep trim and look your best, you will feel finer in every way. From the moment you drink your tonic glass of "sparkling" Andrew's Liver Cleanliness begins and as a result your skin will be clearer, your digestion improved, your whole system refreshed and invigorated. See how Andrew's does its purifying work:

FIRST—Andrew's refreshes and cleans the mouth and tongue.

NEXT—Andrew's settles the stomach and corrects acidity.

THEN—Andrew's tones up the liver and clears the bile ducts.

FINALLY—to complete your Inner Cleanliness, Andrew's gently clears the bowels. It sweeps away troublesome poisons, corrects constipation, purifies the blood and clears the skin.
