

# GERMAN SPLIT ON ALLIANCE WITH WEST

## Opposition leader meets Chancellor

### FEAR OF DESTROYING ULTIMATE UNITY

OPPOSITION to West Germany's entry into an alliance with the free nations is gaining throughout the country. At the bottom of it lies the fear given last week that ratification of the Paris agreements on German reunification would make futile any further talks on Germany.

After a two-day conference, the West German Social Democratic Party issued a statement asking all other parties to open talks with Russia for German reunification, which it considered the prime policy aim of Western Germany.

The Federal Chancellor, Dr. Adenauer, made a final attempt yesterday to win over the Socialists. They leader, Herr Erich Ollig, met Dr. Adenauer and discussed the Paris agreements and differences between the two groups but, according to a statement later, it was "one of the most fruitless meetings" of the two statesmen in the past. Tomorrow, the Bundestag (Lower House) will vote on the Paris agreement.

During the last week, the Chancellor's party, the Christian Democrats, received two setbacks. It was excluded from the State administration in Bavaria by a coalition between the Socialists and other parties, while the Christian Democrats were certain of keeping the reins of government out of the hands of the Socialists.

By forming an alliance with the Refugee Party, it was in an attempt to retrieve the situation that Dr. Adenauer's Christian Democrats, Free Democrats and the Refugee Party announced in 1952, under the leadership of the late Chancellor, Konrad Adenauer.

Herr Ollig, in a message to the Bundestag, stated that an alliance of this kind would be "a step towards the reunification of Germany" and the "realization of the peace treaty with Germany and the reunification of the German people."

The Christian Democrats must be happy because their proposal is supported by the Refugee Party and the planned Western European Union.

### DANGER OF ARMS RACE

In Paris, an international conference to discuss the danger of an arms race, sponsored by the United States, opened yesterday. The conference, which will last for two weeks, is the first of its kind since the end of the Second World War.

The conference is being held in the city of Paris, France, and will be attended by representatives from 20 countries. The main purpose of the conference is to discuss the danger of an arms race and to find ways of preventing it.

The conference is being held at the request of the United States, which has been the leading force in the world in the development of atomic energy.

### Ambassador to see Sir Anthony Eden

THE British Ambassador to Russia, Sir William Haycraft, will return to Moscow on Friday, December 13, after a visit to Sir Anthony Eden, before the departure of the Ambassador to Paris on Saturday.

The Ambassador is expected to have private talks with Mr. Eden and the French Premier, Mr. Guy Mollet, before returning to Moscow.

His return to Moscow is expected to be on Friday, December 13, after a visit to Sir Anthony Eden, before the departure of the Ambassador to Paris on Saturday.

### ACEDES-BENZ

Western attitude to recent Soviet moves in the Balkans is being clarified by the statement of the American Secretary of State, Mr. Acheson, in a speech to the United States Congress on December 13.

Mr. Acheson stated that the United States is opposed to any move which would result in a division of Europe into two blocs, one under Soviet control and the other under Western control.

He also stated that the United States is committed to the principle of self-determination for all peoples and to the principle of the peaceful settlement of international disputes.

### American spies; China ignores talk offers

COMMUNIST China has denied the Korean American Committee's charge that the United States is engaged in a spy hunt in North Korea. The committee, which is based in New York, has been active in the past few months in exposing alleged American spies in North Korea.

The committee's report, which was published in a book titled "American Spies in North Korea," stated that the United States had been engaged in a spy hunt in North Korea since the end of the Second World War.

China has denied the charges, stating that it has no spies in North Korea and that it is committed to the principle of self-determination for all peoples.

### TELEVISION PLAY RAISES STORM OF PROTEST

A PLAY on television about the B.B.C. has raised a storm of protest in London. The play, which was broadcast on December 12, was titled "The B.B.C. and the Unsettled Mind."

The play, which was written by the author of the play, "The B.B.C. and the Unsettled Mind," was a satirical attack on the B.B.C. and its role in the war.

The play was broadcast on the B.B.C. television service, and it was widely criticized for its portrayal of the B.B.C. and its role in the war.

The author of the play, who is a well-known writer and broadcaster, stated that the play was a satire on the B.B.C. and its role in the war, and that it was not intended to be taken seriously.

# NAIROBI RATE INCREASED

## Two per cent charge; Site improvement levy planned

NAIROBI City Council yesterday approved a rate of two per cent for 1955. This is 1 per cent higher than the rate levied this year. The Council also decided to arrange £2,000 to meet the costs of investigating the possible introduction of a site improvement rate in four or five years time.

Expenditure next year is estimated at £517,996 and revenue at £706,864, compared with the corresponding figures this year of £1,243,725 and £262,245, which shows an increase in net expenditure of £273,470.

The biggest individual items are £278,000 for "roads" (roads works and services), £222,220 for "health and cleansing" and £208,244 (African revenue).

£52.152 deficit

A two per cent rate will yield £706,864, compared with £517,996 in 1954. The Council's gross income for 1955 will be £706,864, compared with £517,996 in 1954. The Council's gross income for 1955 will be £706,864, compared with £517,996 in 1954.

# Railway strike

## warning DEMAND FOR HIGHER PAY

### LEADERS of 14,000 Manchester railway workers have served a strike ultimatum on the British Transport Commission.

The union leaders threatened to call a strike on January 31 if the Commission did not agree to a 7 per cent increase in pay for its workers. The union leaders also demanded a 10 per cent increase in pay for its workers.

# Britain threatened by more floods

## EMERGENCY WATCH KEPT UP

### ANOTHER rain-belt swept over the waterlogged British Isles yesterday, bringing more storms and threats of flooding. The position in Southern England and Central Ireland worsened, and there were fears for property and foodstuffs.

The weekend flood-water which was maintained in the central and southern areas about the River Thames and other parts of the country, was further increased by heavy rain which fell in the north, and brought more rain to the south. The rain in the north was particularly heavy, and it is feared that there will be further flooding in the north.

#### BANTU ACT CUTS MISSION INCOME

A PASTORAL letter, read by a reverend father at the Church in South Africa, Mission Schools' Fund, made up the financial deficit when the Government decreases the subsidy to native schools under the Bantu Education Act. The letter, which was signed by two bishops, urged that the Government should make a concession according to the letter's recommendation. It also requested that the Government should make a concession to obtain a compromise on the Bantu Education Act's provisions.

The Catholic Church has used the costlier more mission schools, while others under the Bantu Education Act's provisions. It estimated that the Government's subsidy to native schools under the Bantu Education Act's provisions.

### U.S. decides to support Britain on Cyprus issue

THE United States, a message from New York states, has decided to vote against any Greek proposal in tomorrow's debate in the United Nations which would change the status of the British Colony of Cyprus. Britain is expected to boycott the debate, which will be in the General Assembly's Political Committee. Usually, the United States abstains from voting on such issues but it was understood that the United States would support British objectives in the strategic defence and will probably support when it makes a definite stand on Britain's policy in the dispute on Cyprus.

The United States decision is likely to have a big effect on Greek Cypriot nationalists who usually vote against the so-called 'Mild' resolution.

## Nairobi: Asian Areas

To the Editor "E.A. Standard":  
 I believe it must be quite obvious that the public services like roads, sewers, telephones, etc. in Asian areas of Nairobi do not receive the same attention from the City Council and the public authorities as do the public services in European areas. One wonders if the fact that the Asiatics believe that Asiatics pay less rates and taxes than Europeans is the reason for this.

The other day, the Mayor of the City visited the Asian areas where in the most developed areas there were made to be held as if there was no provision for sewers yet in this area. The fact that the sewers were laid at three or four feet below the ground level, the fact is that the City Council spent thousands of pounds on the roads in the Asian areas, but it spends very little on the sewers. It is a pity that the Asiatics are not given the same attention as the Europeans. The Asiatics are not given the same attention as the Europeans. # INDIAN CONCERN OVER IMMIGRATION

## Kenya asked to ignore Tanganyika precedent

If the Kenya Government were to follow Tanganyika in imposing immigration restrictions on the overseas husbands of Kenya-born Indian girls, the Colony's two Asian Ministers might feel compelled to resign from the Government. C. B. Madan, an Asian Elder and Member of the Legislative Council, said in Nairobi on Monday.

He was addressing a meeting of about 200 Indians, called in protest against the Tanganyika Government's action in revoking the immigration (Controls) (Exemption) Regulations, which previously allowed women born in the country to marry overseas and bring their husbands back with them.

The meeting unanimously passed a resolution proposed by the chairman, Mr. W. S. Manjari, G.C., viewing with grave concern the possibility that the Kenya Government might carry out a similar action.

The resolution added that such an action would be a deliberate attack on the security and future of the Indian female community in Kenya, and that it would be compelling them to leave the country, before contemplating such a measure, to give Indians the opportunity to express their views on the proposed action.

**'Extreme frustration'**

Mr. Madan said that the problem of immigration was one of the major "sources" of the Indian community in 1946 and 1948, when immigration was being debated in the Legislative Council. It had been said that it was economically essential to the colonial program of the African.

One reason given was that the economic progress of the African in 15 years' time, a European Member had said, depended on the Indian community. It had been said that the economic interests of the Indian community had been protected.

He described the present immigration law as an effort to exclude Indian immigration from the Colony. He added: "I know of the extreme frustration which our people feel when they apply for an entry permit, a visitor's permit and a passport, and they receive one of those dreadful replies which are that careful consideration has been given and it is rejected."

**No privileges sought**

"The Indian community has done nothing in this country to deserve discrimination. We have made sacrifices; we have tried to develop this country as much as we can with the limited resources and opportunities it offered, and we would have been content if we had not been so harassed at every stage of our lives."

Mr. Madan said that the Government was afraid of the ascendancy of the African and Asians, and that it was afraid that some of its privileges might have to be shared. The

Indian community wanted no privileges that were denied to other sections, but all privileges should be shared.

The European understood that the Indians and Africans are no longer prepared to accept things at face value, but that they require real recognition of their position. He said that a new political structure should be created, either the African or the European.

**Resignation possibility**

Since 1948, only 5,000 husbands had been accepted into Kenya by local women. This was about the same number as there had been in 1948. Mr. Manjari said that it had been assumed that the Government might have the same policy as the Tanganyika Government.

He said that the Government might have the same policy as the Tanganyika Government, but that it was not clear what the Government's intention was.

**Total exclusion aim**

Mr. Madan complained that while Indian immigration was being hampered, everything was being done to encourage a greater flow of Europeans from any source. "We cannot escape from the fact that, in certain sections, the Indian immigration is being totally excluded."

He thought that was for two reasons. Firstly, the Europeans believed that the Indian was a threat to their position in Kenya. Secondly, the Government believed that the Indian was a threat to their position in Kenya.

"Either shape-uppers who claim to be nationalists or the Government of India is dishonest," he said. "I have not noticed in the past that the Government has been so honest on the basis that has been suggested."

**Rate of increase**

He claimed that the rate of increase of the Indian population in Kenya was higher than the rate of increase of the European population. "If space in Europe had the right to settle in half the world, the Indian should have the same right."

It was understood that so many Indians still believed in the caste system. Some caste Hindus were so small that percentage had to go to India to find husbands for their daughters. Some of our boys who go to Europe are not allowed to marry in India. There is no such hindrance among our girls."

# Trust ruling bars grant to Macmillan Library

THE Colonial Secretary, Mr. Lennox-Boyd, told the House of Commons that he could not give a grant to the Macmillan Memorial Library, Nairobi, conditional on the library being open to Africans and Asians.

The reason for this, he said, was that the library was established under a trust deed which specified that it should be for the benefit of European society.

**Others added**

Mr. Arthur Manuel (Soc.) said that the library was supported by grants from the Nairobi City Council and the Carnegie Trust, and that the Trust members would be annoyed by the use of the library by Africans and Asians.

Mr. Lennox-Boyd said that such a matter was for the Trust to decide. The Government supported the Macmillan Memorial Library, Nairobi, and the City Council, but he was not in a position to say whether or not the library should be open to Africans and Asians.

They say there's no bad beer. Well, I suppose I'm a bit conservative, but personally I'm a lot happier with a really good one — and I don't mind telling you I was quite surprised the first time I tried this PALE ALE. I've been drinking it ever since; and you've only got to look around to see a whole lot of other people doing the same. In my opinion, it's up to the best British pre-war standards, and that's saying something. I'm blessed if I know how they do it. \*

### Allowance for Kenya Regiment

#### MONTHLY COST OF ABOUT £2,000

A. H. Mulla, of the Kenya Regiment, has been granted a new Active Service Allowance which will be effective to last January 1. The cost—about £2,000 a month—will be met from the Emergency Fund vote for the Government.

Announcing this to Kenya Legislative Council, the Minister for Defence described the new allowance as a "step towards the pay of all members of the Kenya Regiment and their counterparts in British, Indian, and local forces in the K.P.R."

Four non-commissioned officers in the advance party from Malawi (left to right): Sgt. M. K. Mwangi, C.S.M. P. Walker, Sgt. O. Nwagwu and C.S.M. J. F. Pambani.

## The JAGUAR Mark VII Saloon

with **Laycock de Normanville overdrive**

Powered by the famous Jaguar XK twin overhead engine making it possible to achieve speeds in excess of 100 m.p.h. with effortless ease. Passenger comfort is of the highest degree in an exceptionally roomy body. Visibility is excellent in all directions and suspension is completely adequate for all types of roads in Africa. Luggage accommodation is very generous. Despite the great power of the XK engine the silence and smoothness of running give the impression that the engine is merely idling even when the car is being driven at high speeds. With the new Laycock de Normanville overdrive specially designed for the Jaguar you get a high cruising speed at low revolutions with resultant saving in Engine wear and petrol consumption.

# Kenya proposals for Civil Service

## SECOND READING GIVEN TO COMMISSION BILL

The Legislative Council yesterday gave a second reading to the Civil Service Commission Bill, which was introduced by the Government. The bill is designed to give the Commission powers to make appointments to the Civil Service and to regulate the conditions of service of its members. It also provides for the appointment of a Director of the Civil Service and for the appointment of a Director of the Public Service. The bill is expected to be passed by the Council in the near future.

There was no power, however, to amend the bill. The Government has indicated that it is prepared to accept any amendments that may be suggested by the Opposition. The bill is expected to be passed by the Council in the near future.

# MANY TRIBUTES TO COL. GROCAN'S LONG SERVICE

## 'Career to be proud of'

TRIBUTES to Col. S. Grogan (Nairobi West) who the Kenya Legislative Council yesterday, were paid in the House of Representatives. The Minister for Agriculture, Mr. J. M. Njiru, said that Col. Grogan had a career which was a model for all to follow. He had always been a patriot and a loyal servant of the country. He had served the country for many years and had made many contributions to the development of the country. He was a man of high character and high integrity. He was a man who was proud of his career and who was proud of his country.

# Spirit and settlement

Whether or not all Members are reluctant to take a vote on the bill, it is certain that they will do so with a sense of responsibility. The bill is a landmark in the history of the Civil Service Commission. It will give the Commission the power to make appointments to the Civil Service and to regulate the conditions of service of its members. This is a step towards the professionalization of the Civil Service and towards the improvement of the conditions of service of its members.

## U.N. SETBACK FOR GREEK CASE ON CYPRUS 28-15 vote defers 'enosis' debate

'SHELVING' MOTION TO BE GIVEN PRIORITY

**BRITAIN** won an important first-round victory in her dispute with Greece over Cyprus during a meeting of the United Nations Political Committee in New York.

By a vote of 15, with 16 abstentions, the committee approved a procedural move by **Kenya** to debate and vote on a resolution which would, in effect, shelve the Greek case for the Cyprus to be given the right of self-determination.

The **New Zealand** delegate, Mr. Leslie K. Munro, expressed his concern that the resolution would be used to force a settlement on the Cyprus issue.

## SALARIES PLAN APPROVED

### 'Seeds sown in Kenya for loyal Civil Service'

PROPOSALS by the Kenya Government for the implementation of the recommendations of the Libby Report on Civil Servants' salaries were approved by the Legislative Council last night after the Minister of Finance, Mr. Vasey, had wound up a debate which began a week ago.

The Minister said that in the long run the Libby Report would be shown to have sown the seeds of a happy and loyal Civil Service. After having given an assurance that no serving officer would suffer from the proposed pay scale, he asked for the proposals to be passed.

Mr. Vasey said that the Government was determined to do a certain task, the Minister asserted.

## Piling at harbour collapses

### KILINDINI FAULT IN ROCK-BED

PART of the remains of a concrete piling in use in the construction of a new pier at Kilindini collapsed into the sea yesterday.

A Railway and Harbour Works Department engineer has stated that the piling was found to be faulty. It was estimated that it weighed 120 tons. The collapse was caused by a fault in the rock bed on which the piling was set.

## City still pressing for power talks

### REPORTS ON DELAY REFUTED

A REPORT that nothing further was being done by the delegation elected to meet the Governor to discuss the Kenya Power Co. and the supply of electricity from Uganda was vigorously denied by the Deputy Mayor of Nairobi, Ald. I. Someri, at a meeting of Nairobi City Council on Tuesday evening. Ald. Someri said: "An enemy of us have heard, the impression is getting abroad that we now a certain amount of publicity has been given to our action nothing more will be done."

The members of the Council were aware that the matter of arranging a delegation to meet either the Governor or the Council of Ministers was left in the hands of the elected body through Mr. Norman Harris.

### 'Early date' hope

Mr. Harris had said that he had repeatedly tried to ascertain from the Government what date a delegation would be called but as yet he had had no success. After stating that he believed the major Someri was under active consideration by the Government, Ald. R. E. Alexander, said: "It should like the Council to know that you and I, Mr. Harris, are continuing to press the Government so that the delegation to meet the Governor at a very early date."

### Form sub-committee

They refused to accept the idea that they were responsible for the delay in the project being formed.

### The real answer

Council Member Mr. E. M. Napier, chairman of the Town Planning Committee, said: "We hear this name goes at every other Council meeting now."

### Four gramophone records banned

Four gramophone records produced by a Nairobi firm have been banned under the Emergency Regulations on the order of the Minister for Internal Security and Defence, Mr. J. W. Cunliffe. The records, which contain songs in Kiswahili, are described as "prejudicial to the maintenance of public order."

## NOTICES TO BE SERVED ON 13 PLOT HOLDERS

### Housing appeal rejected

A RECOMMENDATION by the Town Planning Committee that notice should be served on persons concerned in the unauthorized use of premises in 13 plots in the city was accepted by a majority vote in Nairobi City Council. Coun. Baksham Singh said that notice of the 13 plots should be deleted from the list and Coun. C. J. Patel, seconding, said that Asian housing accommodation was inadequate but they were spending a lot of money for African housing.

### Praise for Kenya police by judge

During a 3½-hour judgment, in which he commended the Kenya Guard on charges arising out of the murder of another Kenyan, Mr. Justice Cram, sitting in the Supreme Court at Nairobi, praised members of the Kenya Police for their conduct before and during the three-week hearing.

"Even if one of Her Majesty's judges were sitting in the Middle East with a crack division behind him, he could not have had better service," the judge said. "They have not put a foot wrong in any of the 100 cases which have come before me."

## HIGHLIGHTS OF THE YEAR

Breaking the previous year's record for New Business, the Old Mutual record now stands at £25,730,000. This is £1,440,000 more than the previous year—an increase of 23 per cent as against 17 per cent a year ago.

New business was made by any means, the only "Old Mutual" exception. It was, in fact, a reflection of other important achievements. Among the "Highlights of the Year" are:

New Business	£25,730,000
Previous Year	£21,700,000
Interest Income	£4,200,000
Previous Year	£3,000,000
Paid to Policyholders	£23,600,000
Previous Year	£21,300,000
Interest Yield	£415.4%
Previous Year	£410.1%
Assets	£10,000,000
Previous Year	£10,000,000

## Old Mutual Aids Development of Southern Africa

CONFIDENCE IN SOCIETY'S FUTURE REFLECTS OPTIMISM REGARDING COUNTRY'S FUTURE

**F**ATTE in the people of South Africa, and in the economic and industrial progress of the country, is reflected in the confidence expressed by Mr. H. B. Parker, Chairman of the Old Mutual, in his address to the annual meeting of the Society, held at the Old Mutual Buildings, Cape Town, on December 11th.

"The Union, the year just begun, has been one of the most successful years in its history," said Mr. Parker, "and the confidence in the economic future of the country is reflected in the fact that the Old Mutual has received more applications for life insurance than at any time in its history. This is a very good sign, and it shows that the people of this country are confident in the future of their country."

"The average man, as a whole, said in purchasing the Union flag, has also shown a remarkable buoyancy and economic optimism," said Mr. Parker, "and it is a very good sign that the people of this country are confident in the future of their country. This is a very good sign, and it shows that the people of this country are confident in the future of their country."

This is a very good sign, and it shows that the people of this country are confident in the future of their country."

## EXPANSION OF THE SOCIETY'S ACTIVITIES

Old Mutual forms Mortgage Corporation and sponsors Building Society in Southern Rhodesia

In addition to the outstanding progress recorded in the Annual Report, the Society has taken other noteworthy steps in its stride during the past year, namely Mr. Parker as Chairman of the Society.

The South African Life Assurance Corporation Ltd. has increased the gross premium income in the year, and also increased the interest income by 25% from £2,400,000 to £3,000,000.

The Corporation has also increased the interest income by 25% from £2,400,000 to £3,000,000. This is a very good sign, and it shows that the people of this country are confident in the future of their country.

## Tax Commission's Proposals Affect Policyholders.

"A Tax on Life Assurance is a Tax on Thrift," declares Chairman of Old Mutual.

The importance of encouraging thrift is a rapidly developing country, whose development must be a first concern. For this reason, I am, I think, bound to express my opinion to the public at large on the subject of a tax on life insurance. I believe that a tax on life insurance is a tax on thrift, and that it is a tax on thrift that is a tax on thrift.

# Cricket trial fails to help selectors

## EAST GAIN AN EASY VICTORY

From a Commonwealth...  
 An already heavily reported annual cricket match at Nakuru at the weekend by the comfortable margin of an innings and 25 runs on the Rift Valley Sports Club's excellent pitch.

The European selectors were away from this match. If anything was to be learned from the trial it was that the selectors of the various African sides were doing a great deal of work by the elimination of cricket sections of the various sides. Valley S.C. had gone into the ground, including a number of players, and a modern sector's side. As usual, the Rift Valley side was open.

West handed first and their captain, David, who has been in to a Dada, was in the second over. Thereafter, however, the selectors were attacking. West, who had already and only Gray (41) and Lockhart (17) reached double figures.

Batsmen tempted...  
 Durrick's left arm sixes tempted batsmen into playing the square ball. West were all out for 102 by the end of the first day.

East began after the interval by the working of the batsmen with all the batsmen put in. Morris (52) and Durrick (40) were the main scorers. East's captain was made 41 close of play for 218 for 100 (195) each side.

West began their second innings on Sunday morning and they were more than ready to lose by an innings. Some of the West's own consecutive overs, four in a row, were very heavy. But the main factor was the batsmen's 23 were all out, and not a "block" bowler should be used as a result.

## MR. EISENHOWER REVIEWS BRITAIN'S CLEAR-CUT VICTORY U.S. DEFENCE Necessary to take calculated risks

**PROBLEM OF CONTAINING  
WORLD-WIDE THREATS**

**President** Eisenhower said in Washington that the United States could not buy 100 per cent security every part of the world where enemies wanted to start trouble in the hands of someone they would exploit there. They must be prepared, from now on, he stated, to face that kind of threat in the world and they would have to do what he called calculated risks. The present situation, where they would have to keep troops in every part of the world, he stressed the importance of continental defence and he said that was the problem of preventing the blow but developing power to deliver strong retaliatory blows, but he said that was the problem of preventing the blow but developing power to deliver strong retaliatory blows, but he said that was the problem of preventing the blow but developing power to deliver strong retaliatory blows...

# Civil Service pay in Central Africa

## LOWEST £246: HIGHEST £3,250

**BASIC** conditions of service for the 100,000 civil servants in the Federation of Rhodesia and Nyasaland, just published, show that the lowest starting salary is £246 a year — for student nurses — and the highest £3,250 a year, which can be earned by certain heads of provincial departments.

The terms of service for Civil Servants will include salary scales, leave, superannuation, and other benefits. The highest level will be increased to the higher level.

**Biggest issue**  
The Interim Federal Government has made the basic terms of service for its Civil Servants a major issue. It is expected that the Government will be able to secure the necessary approval for the new terms of service.

The new terms provided salary scales which approximate closely to those in force in Southern Rhodesia. There is an increase at the higher levels, but a corresponding reduction at the lower levels.

**Difficult task**  
There were very wide differences of opinion among the various departments. It was necessary to find a middle ground between the different views.

The abolition of marriage and children's allowances, which were a feature of the Southern Rhodesia service, will be retained. The new terms will be similar to those in force in Southern Rhodesia.

The people in Nyasaland would also benefit in other ways by the coming of the new terms of service. There is no doubt that the new terms will be a great benefit to the people of Nyasaland.

You've no time to think until after the game is over that your engine may have been compromised how outside of the time it was cooling after it had been stopped! No matter how good the motor spirit is - even Shell motor spirit - water condensing corrosive acids is formed when it burns. Those acids and the water run on the cylinder walls and piston rings away. Research has proved that corrosion is the major cause of engine wear. Alkaline Shell X-100 Motor Oil protects engine life by neutralizing the major cause of engine wear.

## Council members criticise

### incongruities in new Government 'RUBBER STAMPING MACHINE'

KENYA Legislative Council has turned into a rubber-stamping machine during the past few months, Group Captain L. R. Briggs (Mount Kenya), said on Wednesday evening in a debate on the adjournment programme of the Lyttelton Plan. He said the Government is not giving the strength of the two sides of the House.

He began by asking the Government if the Lyttelton Plan had been worth the expense of its implementation. Earlier in the day, in reply to a question, he was told that the annual cost of the Lyttelton Plan would be £3,500,000. He went on to criticise the imbalance of voting strength created by the introduction of the plan. Before it came into being, he said, there were 28 members on the Government benches and 28 on the Opposition benches. Now there were 36 on the Government side and only 18 on the non-Government side. The position would be further aggravated by the proposed amendment of the Government benches to the Government benches, which would mean more than £1,000,000 a year and a good many more members would be more than the total number of members on the non-Government side.

Overall needed He made it clear that he was not attacking the Parliamentary Secretary in any way, but he said that it might be better to have a more realistic view of the Government's financial position.

He commented: "The lesson to be learnt from the proceedings of the past few months is that the Government has turned into a machine for rubber-stamping Government decisions and I cannot see that, as a result, it can do anything other than that."

Lady Shaw (Uganda) supported Group Capt. Briggs' view that it would be better to have a more realistic view of the Government's financial position. She said that the Government should be more realistic in its approach to the Lyttelton Plan.

The Lyttelton Plan was still in effect. Already, difficulties are being met by the Government. It is not clear how long it will last. The Lyttelton Plan was still in effect. Already, difficulties are being met by the Government. It is not clear how long it will last.

## CHANGE IN ESTIMATES ILLEGAL

### Nairobi Council criticises change in estimates

It has been decided by the Nairobi City Council that it should provide any powers by which the Council's estimates for 1955 are to be revised. The Council's estimates for 1955 are to be revised. The Council's estimates for 1955 are to be revised.

At a meeting of the Council held on December 20, the Council decided to provide any powers by which the Council's estimates for 1955 are to be revised.

The amendment by Council No. 10, which was approved by 12 votes to 10, provides that the Council's estimates for 1955 are to be revised.

Under the Municipal Ordinance, estimates are prepared by the Finance Committee. The Council's estimates for 1955 are to be revised.

In opposing the amendment, the Mayor, Ald. J. S. Smith, said that the Council's estimates for 1955 are to be revised.

ROYAL Passenger & Truck Tyres

LET us take a few minutes to talk about tyres. The old expression, 'Out of eight - out of mind' could very easily be applied to automobile tyres. When you have purchased them and they have been fitted to your vehicle, you forget them for as long as they continue to serve you, but once they fall down on their job they are back in your mind at once. That, we are sure is how the great majority of vehicle owners feel about tyres. Fortunately for all of us, however, tyres are not thought about the same way everywhere. In the mighty United States Rubber Company's factories, they think of tyres constantly, how they can be improved and made to give you longer service and it is THEIR constant attention that enables YOU to forget your tyres once they are fitted. U.S. Rubber were first to manufacture a pneumatic automobile tyre, that was way back in 1894 and, ever since, as the column on the right shows, they have striven to keep way out ahead in design and perfection, those things which together make sure that you get the very utmost in value when you fit ROYAL.

THE FRIDAY MISCELLANY

THE opening of the Llanabesbury took place with the willing assistance of over two hundred people, last Saturday night. Members and guests were entertained to a floorshow which began at midnight, featuring singer Cindy Ryder. (In some numbers she received the assistance of her husband Pierre Tonnet), the daughter being Patrick Forbes.

The proprietor and his wife, Mr. and Mrs. Thomas Penrose, and the manager, Mr. Jimmy O'Connell, were present and extremely occupied. Amongst the guests were Mr. and Mrs. Jean-Pierre Péloué with Mr. and Mrs. David and Mrs. Mrs. Peloué, who is the wife of the French Vice-Congress in Africa. Also, Mr. Richard and Mrs. George Kenworthy who had been entertaining Mrs. Arabella Downes who had put in a great deal of hard work on the score of the Club, with Mr. and Mrs. David Livingston.

THE NEW YEAR PARTY: Mr. and Mrs. John Huber, the Baron and Baroness de Huber, the latter wearing striking blue and red, were the guests of Mrs. Pam Douce at the Club.

Mrs. M. E. J. Owenduff, presented at the Rosemary Greyson who is one of the Club's attractive hostesses, in black, with Mrs. Charles Williams, Mrs. Kaye Zoomer (they look so gorgeous and one of the most beautiful in the Theatre), Mr. and Mrs. Palmer, Miss Joyce Hughes, Mr. and Mrs. Peter Shaw in a lounge.

Mrs. Peter Scher, Dr. and Mrs. H. G. Carter, Mr. John Lawrence and Mr. and Mrs. Peter Johnson.

Mr. Paul Kazanin performed admirably at the piano during the course of the evening and a bright splash of colour was created by the bar and multi-coloured Spanish boules.

A GAY evening is presented on Sunday, December 13, at the Victoria Memorial Hall, when a showman's party will be held there in aid of the Synagogue Building Fund. Among the many attractions of the occasion will be the presence of the famous singer, Benny Goodman, who will perform with his orchestra.

SUNDOWNER: Harry Winfield's party which will begin at 7 p.m. will be the music of Harry Winfield's band and there will be spot prizes and other novelties. This provides an opportunity to have an enjoyable evening in a good cause.

FOR NEWS: Mr. and Mrs. M. E. J. Owenduff, Mr. and Mrs. H. G. Carter, Mr. John Lawrence and Mr. and Mrs. Peter Johnson.

## You can make your teeth SHADES WHITER

### Now you can have whiter, healthier teeth and defeat decay

After meals, your teeth are covered with a clinging, greasy coating. Within 10 minutes, acids form and decay starts.  
 Regular brushing with Macleans Whiter Teeth Paste (you'll love its rich, creamy taste!) will remove this coating and unsharpen coloring gently, safely and effectively. It gets at the places so difficult for the brush to reach, and so helps to defeat decay.  
 Your teeth are *bleached* whiter. And your breath is sweeter, too.  
 Use Macleans twice every day and give yourself teeth that are not only whiter and lovelier, but also strong and healthy.

MACLEAN-WHITE TEETH ARE HEALTHY TEETH

THE aims

THEY are also eager to attract the "economy" tourist...

1. To encourage "off season" travel, to winter and summer...

2. To increase shipping and air companies' business during "off season" periods...

3. To recover medium-class hotels and restore the network of youth hotels...

4. To organize special events to attract tourists...

5. To guarantee that the British Tourist Association will be able to carry out its programme...

**The Emergency**  
To the Editor:—E.A. Standard—  
Sir:—I appreciate, indeed I am glad that Mr. Shillington is doing in England, though his two sentences just are thinking "Mass Mau aim is survival."

the news he printed about me in British columns of the true things carried out, very true and admitted facts. I am sure it will serve in all the papers of Kenya, East Africa, and East Africa Standard.

and most important; (4) He will not be able to listen to any complaints and to his own people even if I am not content with what he has done here and never be content with what he has done there (admitted); (5) He will have been with an excellent and a good knowledge of the situation and his people. He will have to study these points.

when the Governor of Uganda was approached by the new proposal to have a "Civilians" if the same was in Uganda because of being to the north of the British Empire Secretary of State for the Colonies. He then go to work by negotiation. In these any reason why the Government did not suppose to change it after he had been in office.

My cooking fat and yours—KIMBO

The chef knows the best cooking fat; follow his advice and use Kimbo for lighter cakes, pastries and for frying dishes. Buy a packet of Kimbo today!

Emergency? That is a start herefrom from the business point of view. The Mass Mau are a complete "wreck" and their resources in arms and ammunition is made by those who have to do it. It is not true that a definite plan be made at the completion of taking the campaign, including the element of time, but it is not surprising that the forces of law and order, outnumbering the rebels by five to one? are not in a position to deal with them, instead of that are allowing the Mass Mau to think and persuade Africans that there is the upper hand?

It is stark nonsense to treat these rebels as legitimate belligerents and to apply to them the rules of war. The forces of the British law are being developed by the actions of the Mau Mau, by their attitude and actions in carrying them out. It is not surprising that the Mau Mau are in a position to deal with them, instead of that are allowing the Mass Mau to think and persuade Africans that there is the upper hand?

By contrast with the other consuls, Monsieur and Madame Morand were in the Consul-General for France in Boston, Massachusetts, had it been there that it would have been desirable for most of the following years.

At the other end of the story which overtook the change is a small introduction which can read, right and write, and which brought the radiogram and tape.

THEREFORE when Woodman, obviously with the knowledge of the Vedic spirit of good, was told the story of the girl who had been with the woman, I was not surprised.

I wasn't long before the dark night of the year, the girl who had been with the woman, I was not surprised.

Thinking we might see more occupants to generous compassion, I thought of the "T."

It was during this holiday week that we agreed the woman who had been with the woman, I was not surprised.
