# THESE ARE OUR PEOPLE WHO WORK FOR THE FUTURE

BAT Kenya Limited is a member of the B.A.T. Group, the largest manufacturer of tobacco products in the world. Their modern techniques which have established B.A.T. as Leaders in Quality throughout the world are co-operation in all factors of the industry.

In Kenya the skill and quality of the tobacco leaf are of the highest and the B.A.T. Kenya Limited factory is essentially one of working people, many of whom are in particular of the Kenyan managers and employees, and the Kenyan wholesalers, retailers and farmers who have built up an industry which can justly claim to be one of the leaders in the world in commercial and agricultural expansion of the nation.

From B.A.T. factories in Nigeria, 400,000 cigarettes the latest "Scientific method" in its so-called "production process" of cigarettes and pipe tobacco are despatched all over the country by express delivery service. Thus the consumer, wherever he may live, can be assured that such well known brands as STAYE, IMPRESS, EMERALD, CROWN, BIRD, SWIFT and NICHOLSON, CAPSTAN, BUN and INDOORSMAN are also available in Kenya.

B.A.T. Kenya Limited produces the tobacco that it gives to the public. It provides an admirable conference of its employees and to the many Kenyans who have made their careers in tobacco's company and to the Government.
