NEW RONSON 33: a sized up electric razor for the man who wants to shorten his shaving time. The new Ronson 33 is like the famous standard Ronson 21, the electric razor that was voted best in tests in England, America, Germany and Australia. But there's one big difference - the 33 has a wider shaving head. You get the best, closest shave in the world. And you get it that much faster. Ronson 33 - the perfect gift.

The Secretary-General of UNESCO, Mr. Julian Huxley, has appointed a committee to study the educational situation in the Middle East. The committee will report to the General Conference of UNESCO in 1955.

This item is an edited version of the speech made by the Secretary-General of the United Nations Educational, Scientific and Cultural Organization (UNESCO) at the meeting of the Executive Board for Education, 20-21 October 1954, in Paris, France. The Secretary-General is Mr. Julian Huxley.

LOOK OVER
NAIROBI**

FOR THE FIRST TIME in Kenya's history, the public has been given a bird's-eye view of Nairobi. The Kenya Club has arranged for a special air tour of the city, which will be held tomorrow afternoon.

The tour will be conducted by a private pilot, and will give passengers a unique opportunity to see the city from a different perspective. The tour will include a visit to the Old Nairobi, the new Nairobi, and the surrounding countryside.

The air tour will be a most interesting experience, and will give passengers a chance to see the city from a different perspective. The tour will include a visit to the Old Nairobi, the new Nairobi, and the surrounding countryside.

**More private training
schemes needed**

If internationalisation of the private sector was to be expected, companies in Kenya had to think seriously about the present lack of opportunities for training on the job, the United Kenya Club was told yesterday in Nairobi.

GANDA EMERGENCY GOES ON Peking bans Return of Kabaka by force rumoured Red Guards Party marks Army posting from city

Government yesterday that it was important to the Minister for Internal Affairs, Mr. Bataiso, to the M.P.s to approve the continuation for a further period of six months. The vote was six against its extension.

Red Guards from provincial towns have been told that visits to Peking are being suspended for the winter. Hundreds of thousands of these militant teenage demonstrators have been ordered to leave the capital by Monday.
