Navy destroys sampans in river battle

PATROL boats of the U.S. Navy and armed helicopters destroyed 16 sampans in a naval battle in the Mekong Delta. A U.S. Military spokesman said two Navy river patrol boats pursued a sampans down the canal, 60 miles south-west of Saigon after spotting two gunboats ahead.

As they gave chase, the Americans sighted a sampan of over 100 men and a large group of Vietcong on the river bank. The sampans were destroyed by the patrol boats with their helicopters close up.

The Vietcong opened up with their small arms and mortars. The patrol boats returned fire with their machine guns and 40mm mortars.

At the end of the battle, the Navy boats captured two sampans. One was a motor launch and the other was a gunboat.

A BURNING boat was found near the entrance of the Mekong Delta. The boat was carrying a large amount of supplies.

The weather was clear and sunny during the battle.

You get a finished picture out of a Polaroid Camera 15 seconds after you snap it.

Without it's hard to believe. The Polaroid camera makes photography as easy as can be. It takes care of the complications that go with ordinary photography—economically. If you have 15 seconds to spare, snap by your camera, dialer and try a Polaroid camera yourself. And see how much you get out of it. Give someone a Polaroid camera for Christmas and they'll get out of it what he'll get out of it. It's the only camera that makes instant pictures. Yes, in 15 seconds. Only \$56.

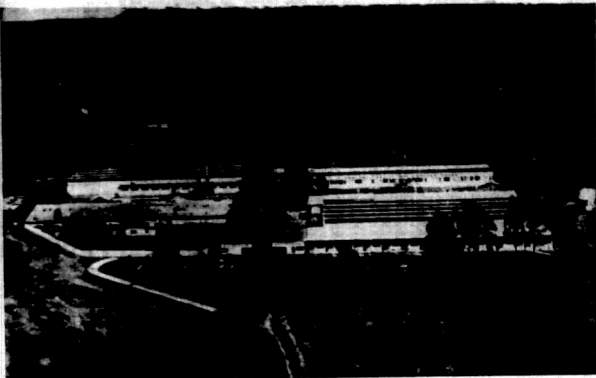

Make this Christmas a very special one. Give a Polaroid Camera. Distributors: KODAK (EAST AFRICA) LTD. P.O. Box 10720 NAIROBI.

TRIALS FOR HUNTERS

Chadli Feroz, Kilbury, was the scene of the Limuru Hunt master trials and cross-country chase yesterday. Competitors were pictured preparing for the hunter trials.

WITH the incoming demand for telephone services, the East African Posts and Telecommunications Corporation embarked on a programme of extensions in the main telephone exchanges in all the three capitals. When completed, the extension to Telephone House in Nairobi (pictured above) will provide space for some 2,000 additional lines, a new international switchboard and equipment for subscriber trunk dialling. The building will have 14 stories.

Work had also started on a £25,000 extension to Telephone House in Dar es Salaam. This will have an extra 2,000 lines, with space for a further 2,000. In Kampala, extensions to the Head Post Office costing more than £25,000 are under way. Work on these has also been completed.

The New House at Limuru

Bata partners in progress...

Since the opening of their shoe factory in Limuru in 1940, Bata have witnessed the progress of the Kenya nation to full independence and republican status. They, in turn, have progressively expanded and developed their investments in Kenya.

The Limuru factory which employs over 1,200 Kenyans, is currently producing nearly 5,000,000 pairs of shoes per annum. In addition to supplying footwear for the Bata shops in Kenya and several thousands of independent shoe stockists, the Limuru factory exports its products all over the world, thus making a valued contribution to the national economy.

The employment of local personnel and comprehensive training schemes to fit them for managerial responsibilities has always been an important consideration in the Company's planning—planning which is designed to produce a better product, at economical prices, for everyone.

KENYA THROW AWAY CHANCES

Sudan get better of dull match

By GUY SPENCER

KENYA can blame only themselves for the defeat they suffered at the hands of Sudan in the Amateur International cricket match of the Kenyan Standard on Saturday afternoon. A good 20 minutes after the start of the match, the Kenyan batsmen were looking for their best batsmen to come in and play the day's best cricket. The batsmen who came in were not the best batsmen available. The game was slow, dull and looked very unexciting.

Sudan were out of the game for the first 20 minutes in which time Kenya should have had the game in the bag. But their forwards never looked like scoring although many chances went begging. They found themselves off-balance. Sudan were not much better than the home side. They moved the ball well in mid-field but lacked the necessary punch when it came to advancing forward.

Sudan folded a completely new side, with six new caps in the line-up. Dakikar and Ahmed Salem were their danger men in attack, with Dakikar's century forward was getting the better of Moses Waiyaki, Kenya's centurion. This was a match Waiyaki must want to forget. He played a bad game and was partially to blame for the military loss.

The ball was closed up and Kenya were unable to get any runs from the back-of-arc. The Kenyan batsmen were not in the mood to play. The Kenyan batsmen were not in the mood to play. The Kenyan batsmen were not in the mood to play. The Kenyan batsmen were not in the mood to play.

PROGRESS IN ALL FIELDS—PRESIDENT

Prisoners' amnesty marks anniversary

PRESIDENT Kenyatta yesterday marked the third anniversary of amnesty for 3,077 prisoners. It is understood that all are first offenders.

The President emphasized, in making the announcement at the Jamhuri Park anniversary celebrations in Nairobi, that his gesture should not be misunderstood. No one should deceive himself that he could break the law in the hope of an amnesty at the next anniversary.

During the Jamhuri Park anniversary, which was the highlight of a day of festivity throughout the country, Mr. Kenyatta presented new Regimental Colours to 3, 5 and 11th Kenya Rifles. He also issued yesterday a Message to the Nation reviewing progress made since 1949.

The theme of the President's Message was that Kenya had moved forward in all fields of development in the past three years, and had "won the battle of consolidation" of Uhuru. His people could continue to go forward in greater confidence as a result of these achievements.

The Nairobi festivities, which included a colourful garden party at State House and several major sporting events, were part of widespread rejoicing throughout the country. Official anniversary ceremonies were held in each of the provincial capitals and many important sites in scores of other towns and villages.

More non-Africans take part

A noteworthy feature was that reports from Mombasa said that a far more non-African took part in the Coast anniversary than in previous years.

At a crowd of 20,000 was estimated at the ceremony at (Kakamega Western Province) and 10,000 at Kisumu (Eastern). The Rift Valley programme began with a crowded procession to Africa House in Nairobi.

President Kenyatta entertained members with a crowded reception to Africa House in Nairobi. Chief Guest from Jamhuri Park. Also present was ex-Senator Cecil Sengale, of the Massai, who visited the President in good health so that he could continue to lead the nation. Mr. Kenyatta had paid special tribute to Masai groups in his speech at the stadium.

KENYA'S PEOPLE ASSURED OF SECURITY

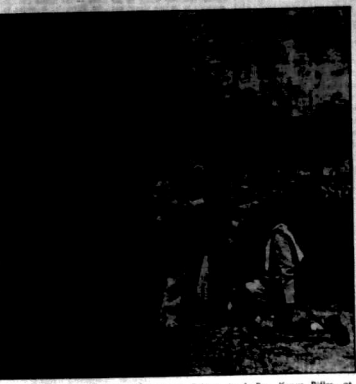

KENYA'S people were assured of living in security as they were safeguarded by the country's security forces — the Army, Navy and Kenya Air Force. He stated in his speech at the stadium.

The President said Kenya had a strong and stable membership of all races to enable her to build a strong and stable nation.

The President said Kenya's Army Force was well equipped for the world, and thanked them for their part in defending their country.

He also thanked the Kenya Air Force for their part in defending their country.

He also thanked the Kenya Navy for their part in defending their country.

AFRICANS PLAN STRATEGY TO INCLUDE OIL IN SANCTIONS

AFRICAN States who have criticised Britain's handling of the Rhodesia problem yesterday grappled with the problem of wording an acceptable proposal to include oil in any compulsory U.N. sanctions against the breakaway colony.

Informed sources at the United Nations said a committee of seven African delegates had already drawn up amendments to stiffen the terms of the British draft resolution now before the Security Council.

Whether those demands, which are being made by the African delegates, will be accepted by the Security Council is still uncertain.

Jack Ruby has tests for cancer

JACK RUBY, suffering from advanced cancer, had a series of tests yesterday which may clarify the situation of whether he faces trial again for the murder of President Kennedy's assassin, Lee Harvey Oswald.

The tests will determine the precise nature of the cancer diagnosed in Beirut; the day after Ruby was taken from his hospital.

One member of the medical team attending Ruby in Beirut is not at all doubtful that Ruby would be unable to stand trial and so it could be a month or two before a verdict is reached.

Ruby, according to reports, died in March 1964, for a period of time in the United States, but returned last October on appeal. A new trial was announced last week and will begin February at Beirut.

But Dr. J. Sanford, head of Ruby's medical team, said he does not expect he will be able to go to court for a very long time. The specialist team has not yet been able to know if that is what will happen.

A nation goes forward

FORWARD INTO THE FUTURE, into the fourth year of Kenya's destiny as a sovereign State having established sound foundations of nationhood. This was the keynote of President Kenyatta's address and message to the people.

History of those who heard him, from humble folk among the thousands of celebrating townsfolk to the diplomatic representatives of other nations, must have grown to Jambhuri Park square, as a personal pledge, to see for themselves how he looked. He dispelled any anxiety by looking fit and well, alert in demeanour and all powerful as ever in delivery.

The President's speech demonstrated in plain English a land where people of different origin can work and live together in peace and harmony, without prejudice or any other animosity. This spirit is behind impassable opposition to the régime in Rhodesia and Southern Africa.

He did not utter promises in a speech of great emotion, but he did utter promises in a speech of great emotion, but he did utter promises in a speech of great emotion.

One again he renewed his "Back to the Land" call for more and more people to be engaged in agriculture, and to be engaged in agriculture, and to be engaged in agriculture.

BARCLAYS BANK D.C.O.

Extracts from the statement by the Chairman, Mr. Frederic S.

To be presented at the 41st Ordinary General Meeting to be held in London on January 4, 1967.

As recently as 1951, it was generally assumed that the British economy was in a state of stagnation and that the Bank had progressively accumulated a surplus over the years that would have the greatest value in helping the developing countries. Most of these forecasts have been shown to be wrong in the case of the industrial countries. Most of these forecasts have been shown to be wrong in the case of the industrial countries. Most of these forecasts have been shown to be wrong in the case of the industrial countries.

depth of the Bank is such that it is possible to establish credit of considerable size to almost any country in the world in behalf of our customers, and it is doubtful whether any other bank in the world is able to do this so easily and so quickly.

delighted to meet, though, of course, not only to the members of the Board of Directors but also to the staff of the Bank. It is a pleasure to be able to meet you in person and to discuss with you the progress of the Bank's business.

School fees...

Payed school fees in one of this year's photographs nothing beats the heart of a parent who has a child set on the right path to school. But a duty it is, to be paid and pay money. Turn each month into a Barclays Savings Bank account. You will have enough money to meet your child's needs. Savings + Interest = Peace of Mind. Call in at your nearest Barclays Bank and tell us about our Savings Account Ideas.

The Chairman of Barclays Bank D.C.O. - Mr. Frederic S. Benson talking to a student at Exeter College at Exeter. The student's training programme is partly financed by Barclays Bank Insurance.

Our credit facilities have been expanded to meet the needs of our customers. We have a wide range of services to offer, including a new type of current account which allows you to have a credit limit of up to £10,000. We also have a new type of saving account which allows you to save up to £10,000 per year.

There are many reasons why we are able to offer these services. One of the main reasons is that we have a very strong and experienced staff. Our staff are trained to provide a high standard of service to our customers.

BARCLAYS BANK D.C.O.

Offer designed for you offering an increased banking service

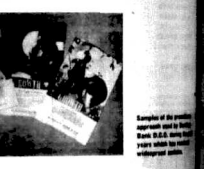

Mr. R.C. Evans, Principal of the Barclays Bank Training Centre, talks to a student after a morning's training with the Bank Staff Exchanges.

I am convinced that it is very much to the interests of the country in which we operate, as well as of the Bank, that this organisation should remain unchanged.

the danger of large schemes for drainage, land settlement and reclamation has been a constant concern of the Government. We have been working closely with the Government to help them in their efforts to improve the land.

Our policy of getting the best out of our staff is always before us. We want to ensure that our staff are well trained and equipped to handle the responsibilities of their positions.

Sample of the profit and loss account for the year ended 30th September 1966. Barclays Bank D.C.O. has had a very successful year.

SUN 'GIVEN' JAMHURI CUP

Kenya win second international 3-2

Kenya's better organization planning "give away" the Jamhuri Cup to Britain. At the Standard Club yesterday, Kenya retained their title with a 3-2 victory over the first international football match on the island. The match was played on a level field and the Kenyan team was composed of several players in preliminary matches but Kenyan's victory today was a first match Kenya football team to beat a British team in a total of 11 matches.

Kenya retained their title on Saturday and completely defeated the first half against the last-lure Indonesia. Kenya made two changes in the forward line and were Ahmed Bred more powerful in the attack. Brought in were Ahmed Bred in the unusual position of right wing and Bred combined brilliantly on the right flank until Bred left the field in the second half. Kenya's attack was completely broken after attack on the Dutch forward line with Bred combined with both Bred and Bred in the attack. Kenya's defence was composed of several players in preliminary matches but Kenyan's victory today was a first match Kenya football team to beat a British team in a total of 11 matches.

DEBATE BEGINS ON OIL BAN

Uganda joins in formal U.N. move

UGANDA joined two other African members of the U.N. Security Council which proposed formally yesterday that all oil products be added to the list of items the export of which to Rhodesia should be mandatorily prohibited.

In amendments to the British resolution already before the Council, Mali, Nigeria and Uganda also proposed that all States refuse to buy coal and manufactured goods from Rhodesia.

Their proposals would leave the Council further state that it deplored the refusal of the United Kingdom to use every means, including force, to bring about the immediate cessation of the oil trade with the illegal state in Southern Rhodesia and deplored the action of States, notably Portugal and South Africa, which have been rendering support to the rebel régime in construction of the semiautonomous settlement of November 21, 1950.

Majority rule demand

The speakers would have the Council take note "with deep regret that the administering power has failed to take effective measures to bring about the majority régime in Southern Rhodesia."

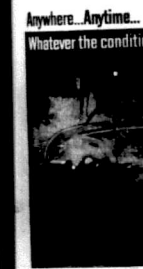

If accepted, the resolution would go on to call upon Britain to make a categorical declaration that it would not grant great independence to Rhodesia until there was majority rule "and that all offers previously made by the United Kingdom to the illegal racist régime are now withdrawn."

Bonn wants links with Eastern bloc

THE new West German Chancellor, Dr. Kurt Georg Kiesinger, said in his Government's policy statement yesterday that West Germany would like to become a bridge between West and Eastern Europe.

His grand coalition of Christian Democrats and Social Democrats wanted to improve relations with their Eastern neighbors in all spheres and wherever possible, exchange ambassadors.

At the same time, the Chancellor stressed that a solid alliance between the "free states" of Western Europe and the United States was essential. He said that West Germany was not interested in an alliance with the Soviet Union.

MEMBERS INCREASE
OP'S TOLD

It would be infinitely more expensive for Kenya to make its own arms and ammunition than to buy them abroad, according to the Minister for Defence, Mr. Douglas (Kam, Chicago), in a statement to the Government last night.

He said that the Government had considered the possibility of making its own arms and ammunition because it was unwise to rely on foreign sources for such essential supplies.

"It is not our policy to make our own arms and ammunition," he said. "The Government has decided to buy arms and ammunition from abroad because it is more economical to do so."

Portugal rejects move on apartheid

Portugal's Assembly, elected in the first round of a two-round election, has today rejected a move to support the United Nations Convention on the Elimination of All Forms of Racial Discrimination.

COLOURED SUPPORT S.W. AFRICA POLICY

The United Nations has published as a General Assembly document the text of a telegram from two Coloured leaders in South West Africa pleading their full support for South Africa's apartheid policy.

The only vote against the Convention was cast by the Portuguese Assembly, which rejected the Convention by a vote of 12 to 10.

The two Coloured leaders, who are members of the South West African National Union, are Dr. J. G. M. van der Merwe and Dr. J. G. M. van der Merwe.

UN ASKS TO SUPERVISE POLLING

The UN General Assembly has asked the UN Secretary-General to supervise the polling in the 1967 elections in the Republic of South Africa.

The request was contained in a resolution adopted by the Assembly on December 12, 1966.

SAILOR (65) 'WONKY' AFTER EPK VOYAGE

The British yachtsman, Mr. Francis Chibester, (65) had to be almost carried ashore when his Gipsy Moth IV tied up in Sydney Harbour on Monday night after a 107-day voyage.

Very tired, he was escorted by his son, Glen, and a Sydney policeman as they trudged ashore after the longest sea voyage on record.

The trip ended in a champagne welcome from his family and a triumphant passage through rows of motor cars and craft up Sydney Harbour.

The boat is completely wrong. It is not right for his purpose. It is quite the wrong boat for the job. He felt that he had a lot of repairs to be made to the craft because there was a lot of gear broken.

He held the pre-arranged gear on the berth when he had 2,800 miles to go. On the previous 20 days he had travelled 2,800 miles.

SIXTH CROSSING

A series of six auto crossings of the Atlantic, he was bound to the Royal Sydney Yacht Squadron from Sydney Heads, a collection to the yacht and rainwater escorted him.

He did not immediately step on the dry land when he reached the berth, but acknowledged a fall shortly before leaving Fremantle, suffering an artery "I have completely no sense of balance on my legs."

"Anything I have to do on the yacht I have to do with my arms or sitting on my bottom," he said.

The first thing Mr. Chibester said he wanted was "sleep, lots of sleep."

He complained that he was not feeling well. "I just wanted to get up, absolutely drunkly up," he told reporters.

Every few years something more than a new car is born. A new breed of car.

the big new Renault 16

The new breed of car for the new man.
It's more than an extra car. More than a school. The Renault 16 is a new breed of car.
Compare the looks of the new Renault 16 with other 1.6 litre cars. Make them look cloudy doesn't it? The Renault 16 looks fast, powerful, strong. It is. This is today's car for today's man.
A driver's car
The big new Renault 16 is unequaled by any car in its class for road holding and stability—thanks to independent suspension, extra long torsion bars and anti-dip front and rear.
Visibility? The widest possible all-round for driver and passengers. Broken? Dies to the front, drains to the rear. Safety all the way with the big new Renault 16.
Total comfort
The French designed the feeling you get

when you drive the Renault 16 as "quietness". Roughly translated, this means sheer comfort of mind and body. Total comfort.
You have none of the ordinary horse-drawn demerol-pedgistry with the Renault 16. Instead there's permanent air-conditioning with constantly changing air-flow ventilation. No cold spots. No foggy atmosphere.
As for the seating, this is perhaps the most comfortable and remarkable ever put into a car. There are many combinations. From being a rummy 5-seater the Renault 16 can be transformed to carry up to 42 cu. ft. of luggage.
Clunk!
Shut the door of the big new Renault 16. You'll hear a soft, satisfying clunk. That's a funny thing. This is a strong, silent, luxurious car that's built to last.
Technically advanced
The Renault 16 has four wheel drive with a 61 h.p., 1470 cc., 4-cylinder,

5-bearing crankshaft, pressure die-cast aluminium engine. There are other special features like the AC alternator, thermostatically controlled electric cooling fan, electronic ignition system and so on.
There's power and performance to cruise comfortably in the mid-80s with m.p.g. figures in the 20s.
Before we introduced the big new Renault 16 we tested not only by Renault engineers, but by hundreds of ordinary drivers. Only then, and not before, we launched it.
The big new Renault 16 is just not a new car. It's a new breed of car.

Imagine life without E.A.R. & H.

The Largest Organisation in East Africa
— At a cost £200,000,000 —
Is East African Railways and Harbours

This year, more than 41 million people will travel by E.A.R.H. trains. Trains are fast, clean, and safe. What might surprise these passengers is that, for every one of them, E.A.R.H. carry more than a ton of freight and that this (together with E.A.R.H. hotels, road services and ports) involves a staff of 45,000 with an annual payroll of £11 million. E.A.R.H. is a very big business.

Developments on Lake Victoria show an enlightened approach to transport. A rail-gauged ferry now runs between Kisumu and Mwanza. Goods wagons (E.A.R.H. run 10,000) are simply shunted on and off the ferry at each end. Save time, and goods don't disappear or get damaged en route: they're safely sealed away, and stay that way till destination is reached.

Specialized goods? E.A.R.H. handle almost anything. Last year's figures show, amongst much else, 296 million gallons of bulk oil, 500,000 head of cattle, 300,000 tons of coffee, 160,000 bales of cotton, 150,000 tons of steel, 720,000 tons of grain, 300,000 tons of sugar, 115,000 tons of timber, 185,000 tons of cement and 110,000 tons of copper. It's no coincidence that these are the very backbone of East Africa's economy.

Progress plans explained in two booklets

THE Government's achievements since independence and plans for the future are outlined in two booklets, 'Progress in Planning and Development' and 'The Future of Our People', which are available in English, although it is hoped to produce Swahili versions soon.

POLITICAL EDUCATION NOT FORGOTTEN

Mr. Bowden at London Jamhuri Party

BRITISH officials were among the 500 guests at the Kenya Jamhuri celebrations in London on Monday night.

Other guests included several Kenyan students who were accompanied by their British friends from schools and colleges.

Representatives from the Kenya Jamhuri Party, the Kenya High Commission published a news bulletin for the party's newsletter, the Kenya Dispatch, which will be published weekly.

Speaking at a Press conference, where he introduced the booklets, the Minister for Planning and Development, Mr. Mboya, said they were being published because we believe that people cannot support development programmes unless they know fairly clearly what is being planned.

Also it was necessary from time to time to pause and assess achievements and failures in order to avoid mistakes in forward planning.

AGA KHAN CRITICIZED BY K.P.U.

The K.P.U. has criticized the Aga Khan's proposed plan for the development of the East African region. The plan, which is being prepared by the Aga Khan Development Corporation, is being criticized by the Kenya People's Union (K.P.U.) as being too slow and too expensive. The K.P.U. claims that the plan does not take into account the needs of the African people and that it is a plan for the benefit of the Aga Khan and his family. The K.P.U. also claims that the plan is too slow and too expensive and that it will not bring about the development of the East African region in the time frame set by the plan.

NEED FOR MORE CONSUMER CO-OPS STRESSED

The need to establish more consumer co-operative societies in Kenya was stressed by the acting General Secretary, Mr. M. Nyamira, when he officially opened the Banita Consumers' Co-operative Society near Nakuru. Mr. Nyamira said that the Government was working hard to encourage the formation of co-operative societies and that the Banita Co-operative Society was a good example of what could be achieved. He also said that the Government was providing financial assistance to co-operative societies and that it was important for the Government to continue to support the formation of co-operative societies in Kenya.

NEWLY BURNING GRASS

The District Commissioner for Kiambu, Mr. Alan Kang'ethe, has condemned the reckless burning of grass, which results in destroying the fertility of the soil. He said that the burning of grass was a waste of resources and that it was important for the Government to take steps to prevent the burning of grass. He also said that the burning of grass was a health hazard and that it was important for the Government to take steps to prevent the burning of grass. Florence bids for Olympics

ROME, Dec. 12 (AP)—Florence is planning to bid for the 1960 Olympic Games. The idea was first broached by local sportsmen and is supported by the local newspaper La Nazione.

"I agree with the idea," Piero Giacomini told reporters.

The Italian Olympic Committee President, Mr. Avery Brundage, was expected to visit Italy next week to bring a Commission to study the possibilities of other Italian cities to bid for the 1960 Olympic Games.

He said many cities would be applying for the 1960 Olympics, but Florence would get the nod.

The 1960 Olympics will be staged in Mexico City, and the following Olympics will be staged in Tokyo, Japan.

TABLE TENNIS HAT-TRICK

H. H. Hootney, the Coast deaf and dumb table tennis player, retained the second title in combined table tennis at the 1955 Commonwealth Championships in London. He defeated A. J. Brown, who had won the title in 1953, in the final.

He is the first player to take the title for three successive years. He also won the men's doubles with his brother, A. K. Hootney, who is also deaf and dumb. They beat David Brown and David Brown in the final.

The women's singles title went to Miss Maura Thacker of the United Kingdom. She defeated Miss A. D. Brown in the final.

MARKETS' POLICY 'NOT RACIAL'

Government pledged to Africanisation

There was no question of racial discrimination against African traders from the National fruit and vegetable marketing boards. The Kenya Minister for Commerce and Industry, Mr. Kibaki, said yesterday.

Speaking during an adjournment debate, the Minister said Kenyans should take a greater equity of economic opportunity. There should be no lack of racial discrimination between citizens of different origin.

'Sworn' to Constitution
[Speaking in a Senate debate on the same subject, an Assistant Minister for Local Government, Mr. Muenoh, said he was sure that the Government would not take any action if it meant that citizens would be victimised.]

Mr. Kibaki said: "We are sworn to protect the Constitution. Where there is an individual African citizen who has been aggrieved by the Government, we will take the matter up as an aggrieved citizen."

The issue was that the other municipalities. "We do not want to take any action against the other municipalities."

Mr. Kibaki said that only the African would be able to do the job. "We would want to see that the African would be able to do the job."

Rhodesia to hang seven Africans

SEVEN Africans were sentenced to hang yesterday for murdering a white Rhodesian as part of a rebellion were sentenced to death in Salisbury yesterday for murdering a white Rhodesian as part of a rebellion.

The men, indicated they were members of a gang that entered the country at night and killed the Rhodesian. The fact that they were seeking to spread the pamphlets about their arrested object was to kill and destroy "all Mr. Smith's people and all the law."

Mr. Justice Finkbein said pamphlets found on the men indicated they were members of a gang that entered the country at night and killed the Rhodesian. U.N. TRIES TO FIND SANCTIONS FORMULA

SECURITY Council delegates, faced with the British calls for selective mandatory sanctions against Rhodesia and African demands for more aggressive action, turned yesterday to finding ways of marrying the two.

African delegates presented amendments to the British draft resolution and asked for the inclusion of a clause among the commodities which should be prohibited.

It was not immediately clear if the amendments were accepted. The British draft resolution was presented by the British Government.

A Mercedes-Benz in the 'water-hole' on the proving grounds in Stuttgart-Untertöchingen.

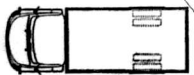

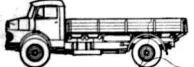

Do you demand the absolute maximum from Mercedes-Benz trucks... every day?

Good. Our trucks are ready!

Your new Mercedes-Benz truck has already gone through everything you could possibly want to do to it. Torture tests under the worst possible conditions, engine tests, fuel consumption control tests, brake tests, etc. All these prove with cold scientific accuracy how very capable this truck is.

But that's not all. Now the real grind begins. The truck is driven through water... sweat and salt... over hills and down through ditches... fully loaded... without a halt anywhere. And with no consideration whatever of the normal limits put on any vehicle. And this goes on day and night, until all the exacting requirements of our test engineers are met. This doesn't come easily, of course, but the result is that a sturdy truck you see before you in the Mercedes-Benz showrooms. Ask the absolute maximum of it. Forewarn. It's ready for you.

FIVE FRED OF MURDER CHARGE IN DAR

Standard Trial Reporter, Dar es Salaam.

FIVE men were acquitted in the High Court in Dar es Salaam yesterday of murdering a Girykhana Club watchman last April. They had pleaded "Not Guilty."

Mr. Justice Brien said in acquitting them that he felt constrained to accept the defense submission that there was no case to answer. The men were Kibwana Ali, Gerald Mwangi, Mtwi, Benjamin Ali (all of Mwanoo), Shaban Ali, of Makaroto Temeke, and Mohamed Bahammadi, of Mtwi Village.

Many fingerprints
The judge said that although a large number of fingerprints were found at the club, particularly on tables and chairs overturned in the struggle, the chief police photographer had made notes of them in none of any of the accused.

There was no evidence to connect the defendant with the defendant's rifle, other than that of the fact that Mr. Ali, who allegedly drove the defendant to the club, had a self-incriminating finger and parrot with a strong motive to incriminate other men.

The court was not satisfied in the fact that the accused had a variety of other motives, including religious, superstitious or some other motive.

Cabinet Ministers off to Addis for talks

156/- The Polaroid Designer

You get a finished picture out of a Polaroid Camera 15 seconds after you snap it.

We know it's a little hard to believe. But the fact is, with a Polaroid lens and camera you do in ten, shoot and pull the film packet out of the camera. 15 seconds later you get the picture torn and see the picture you just took. Snap. Click. Done! Beautiful. (Even if you've never taken a picture before.)

So far so good. But have you taught the machine you want to keep? If you have, you'll enjoy it then and there and always. If you haven't just shoot again. In a few seconds, you see you do a very better.

The Polaroid lens and camera are so easy to use. So that even if you go with nobody along you can get a picture. And you can get a picture of a picture. (Even if you've never taken a picture before.)

Make this Christmas a very special one. Give a Polaroid!

BRIDEGROOMS' OF DEATH IN SAHARA

ALTHOUGH the French Foreign Legion has long since left the Sahara, the younger Spanish Foreign Legion still clings tenaciously to its North African desert outpost and fever fighting traditions. Some 3,000 Legionnaires guard the Spanish zone of 120,000 square miles of desert stretching 300 miles along the west coast of North Africa and sandwiched between Morocco and Mauritania.

Added to a Spanish Army Corps and Spanish Regular Air Force, the garrison numbered Legion units and being which were 30,000 men, mostly local recruits. It is a Spanish and not a French unit, and is not a part of the Spanish Army.

Further south another 5,000 Legionnaires guard the Spanish zone of 120,000 square miles of desert stretching 300 miles along the west coast of North Africa and sandwiched between Morocco and Mauritania.

SHOPPING AT BOUNDINI

By Adnan Vassil

The United States is embarking by its India region, being anticipated to be worth about Rs 2,000,000 on June 30 of this year.

These items have been built up by the sale of what would be considered as surplus to the military equipment.

More than 20 per cent of the items are surplus to the military equipment, but the rest are surplus to the military equipment.

The commodities listed by the Government are:

Aluminum	100,000 lbs.
Asbestos	500,000 lbs.
Copper	100,000 lbs.
Iron	1,000,000 lbs.
Lead	500,000 lbs.
Mercury	50,000 lbs.
Nickel	100,000 lbs.
Oil	1,000,000 gallons
Steel	1,000,000 lbs.
Zinc	100,000 lbs.

The direct U.S. holdings in India total Rs. 2,217 million (Rs. 1,154,000,000) and the U.S. share of the rest of India (Rs. 1,263,000,000) every year.

It means an "U.S." holding of Rs. 3,480,000,000 (Rs. 1,184,000,000) for India.

These items are surplus to the military equipment and are earmarked for sale to India. The Government is expected to take up the Indian share of the surplus items.

These items are:

Aluminum	100,000 lbs.
Asbestos	500,000 lbs.
Copper	100,000 lbs.
Iron	1,000,000 lbs.
Lead	500,000 lbs.
Mercury	50,000 lbs.
Nickel	100,000 lbs.
Oil	1,000,000 gallons
Steel	1,000,000 lbs.
Zinc	100,000 lbs.

The U.S.-owned papers are available to non-citizens, but are not available to citizens of India. It is a condition of the sale of these papers that the U.S. balance of payments account of the U.S. Government be improved.

The "country" paper will eventually be sold to India for Rs. 2,217,000,000 of "U.S." dollars.

By international agreement, the U.S. Government has agreed to supply policy these papers are surplus to the military equipment and are earmarked for sale to India.

The interest they accrue only adds to the U.S. balance of payments account.

About Rs. 200,000,000 (Rs. 200,000,000) a year is used for local U.S. payments, payment of dividends and interest, payment of salaries and wages to U.S. citizens, payment of salaries and wages to U.S. citizens, payment of salaries and wages to U.S. citizens.

There is no likelihood of the U.S. Government being able to supply policy these papers are surplus to the military equipment and are earmarked for sale to India.

U.K. EXTENDS SANCTIONS LIST

Threat to Rhodesia's transport system

BRITAIN yesterday proposed new sanctions against the breakaway Rhodesian régime. The proposed sanctions—aimed against the country's air and road transport systems, were introduced by the Chief British delegate, Lord Caradon, as the Security Council resumed its debate on the Rhodesian problem.

The new British proposals seek to place an embargo on the supply to Rhodesia of aircraft, motor vehicles and equipment and materials for their manufacture, assembly or maintenance. Introducing them as an amendment to Britain's original resolution calling for mandatory sanctions against the South régime, Lord Caradon said they would hit hard at the colony's transport system.

He added that Britain would table a revised resolution adding the new proposals to the list of 12 key tory sanctions against which the independence movement is fighting.

Farming economy in danger

Informed sources in London said last night that Britain's latest proposals were partly aimed at stopping foreign companies setting up aircraft and stopping the British effort to make an embargo on the supply of aircraft and motor vehicles, and parts, compulsory on all United Nations members was also aimed at hitting at Rhodesia's internal transport system as a whole, the sources said.

Britain, they said, believed that such a ban, coupled with the existing shortage of equipment reported in Rhodesia, would quickly reduce the country's economic and its farming economy.

M.P.'s BACK NATIONAL SERVICE

WHEN the Tanzanian Secretary of State, Mr. Kawawa, announced the National Service (Amendment) Bill, 1966 for its first reading in the National Assembly yesterday, members immediately voiced their support for it.

He told the House that the bill was aimed at giving effect to the provisions contained in the agreement with the Government which was signed at Dar es Salaam last July.

Part of the bill had to do with the recruitment of 10,000 men and women to the national service.

Judges want Dr. Sukarno to stand trial

INDONESIA'S judges and lawyers yesterday demanded that President Sukarno stand trial for his part in last year's unsuccessful Communist takeover in July 1965.

Earlier, the militant university student Action Front received its call for President Sukarno to stand trial for alleged complicity in the abortive October 1965 coup.

Role of police in security campaigns emphasised

KENYA Commissioner of Police, Mr. D. E. Wilson, said yesterday that the Armed Forces operating in anti-terrorist campaigns were taking his aid of the full power of the police reserve in the security of the country.

He was commenting on a report of a meeting on Thursday in London to discuss security matters in the North Coast division which was attended by Service chiefs and Administration officers. The report omitted that the chairman of the meeting had been the Deputy Police Commissioner, Mr. G. O. Mitchell.

18 accused at Coast of rioting

EIGHTEEN men appeared in court at Mombasa yesterday charged with rioting in the area of the Kenya High District, on Wednesday. All except two pleaded 'Guilty'.

The men were charged with taking part in a riot in the area of the Kenya High District, on Wednesday. All except two pleaded 'Guilty'.

PEKING EXPELS JOURNALISTS

THREE of the six student correspondents in Peking were expelled from the city before Christmas.

The Chinese government said the three were expelled for 'anti-social activities' and 'disrupting public order'.

U.S. DENIES BOMBING HANOI CIVILIANS

WHEN the U.S.A.F. bombed Hanoi this week all bombs fell on military targets, the American Military Command said yesterday in Saigon.

The command was replying to a criticism of the raid from many world quarters.

THE CONGO President, Gen. Mobutu, cancelled yesterday's scheduled visit to Ghana on the President's birthday where he was to act as mediator in a border dispute.

Earlier, the militant university student Action Front received its call for President Sukarno to stand trial for alleged complicity in the abortive October 1965 coup.

Bank names new branch manager

Mr. James Gilman has been appointed manager of the East Branch of Barclays Bank D.C.O. He will take over his duties on January 1, 1963. Mr. Gilman, 26, is a native of Fort Hall and joined the bank in September, 1951. He has worked for a number of branches in Kenya and elsewhere. He was appointed manager of the East Branch in July, 1962. He was previously manager of the East Branch, where he took up his appointment in October, 1961. Mr. Gilman is married with five children.

Breakthrough in building of big plastic ships

BRITAIN has claimed a technological breakthrough in the construction of plastic ships which may revolutionize ship-building. As a result the world's first high speed (displacement) plastic ship, 168 feet long, is being built at Southampton, England. Plans have been used for building boats up to 60 feet for some years. But to build a larger vessel, because of the weight of fitting needed for the hull of the ship. This barrier has now been broken. The new ship, an experimental vessel, is being built by British Overseas Plastics and the ship-builder John Thorneycroft with backing from Britain's Defense Ministry. It followed research to see if glass-reinforced plastic could be used in ship construction of similar lines to aircraft plating. It will be completed on January 2 - less than four months after it was first ordered for construction. Afloat in sea tests by the end of the year. Advantages claimed for the new method are its low weight for high strength - about 20 per cent lighter than a traditional built ship - freedom from corrosion, initial and long-term cleanliness of surface and a considerable reduction in maintenance work. Experiments used for making the glass plastic material are perfect but the method of its use in ship construction has been demonstrated.

IF YOU NEED FOOD (now, next week, next month)

You need Electrolux!

In this country you either shop for every meal and dread entertaining or rely on Electrolux to keep masses of food in perfect condition - whenever you need it. With Electrolux you can serve salads at their crispest, drinks at their coolest, meat at its tenderest, cream and butter at their freshest. You cut out wastage, collect compliments. The S 57 Electrolux Compressor Model is for electrical operation. It makes catering on a large scale a pleasure... for you and your guests. Tall and slim it uses minimum floor space and yet gives you big capacity (9.2 sq. ft. freezer area, 5.7 cu. ft. internal volume). Its extra large shelf holds 12 lb; ice cubes galore and shopping in advance. There's a large fruit and vegetable drawer and even more space in the door for butter, cheese, bottles tall and small. And what's more the S 57 carries a five-year guarantee on its cooling unit and is economical to run. PRICE 2,000/-

Pre-fabricated decks

A metal mould in the shape of a hull is laid down on the ground. On the inside of the mould a sheet of plastic is laid rather like wallpapering of a room and is hung over the sides by six inches and three inches wide strips are laid together by a tongue and groove method. One of the lower another sheet of plastic wallpaper is laid and then the metal mould is removed for use on another hull. Bulkheads and decks, pre-fabricated by a similar method, are built up in a similar way, are then lifted into the hull to which they are bolted. Full plans are issued. Metal moulds are available in multiple quantities.

DEFENCE OF NAIROBI MARKET DECEIT

Letters to the Editor

THE editorial on the Nairobi City Market should have had a lead without criticism.

What the City Council has done is to give a licence to the Nairobi City Market to do as it pleases...

Government has been trying to correct the trade deficit and this price control is a step in that direction.

It is a pity that the Government has not been able to do more to help the Nairobi City Market...

We would like to see our countrymen who are in the habit of buying goods from the Nairobi City Market...

LIVERPOOL FOOTBALL CLUB FIGHTED

Clubs must pay for rowdiness by spectators

LIVERPOOL, one of Britain's top soccer clubs, have been fined £20,000 for rowdiness by spectators in the hotel during the semi-final of the UEFA Cup International Football Cup between Liverpool and Manchester United on Wednesday. The club was fined because spectators had full time when the players started fighting and spectators were on the field and in the stands.

The K.F.U. management committee said yesterday: "To stop this spectator rowdiness we must reduce the price on the clubs. That is why we have fined the home team." The match was abandoned when Liverpool were leading 2-0 and the management committee have decided that the result will stand. This means that Liverpool move into the final of the UEFA Cup and will meet either Manchester or Newcastle U.S.A.

Robert Tomson, a Liverpool forward, has been suspended for 36 days for causing trouble during the game. Liverpool manager Bill Shankly said that the club will pay the £20,000 fine. He said that the club will pay the £20,000 fine. He said that the club will pay the £20,000 fine.

RESUMPTION OF COCOA TALKS CALLED FOR IN THE U.N.

THE U.N. General Assembly has called for a speedy resumption of the Cocoa Conference talks in London on its December 14th Spring, and although the need for an International Cocoa Agreement was later than the 1957-58 season.

A total of 116 countries voted for the resolution. There was no negative vote. But one abstention: 11. There was being abstained. Though the vote was not broken down officially because it was by a show of hands and not a roll-call, it was learned that the United States abstained.

The resolution also specifically requested the United States to resume talks with the Ivory Coast, since the latter has refused to accept the resumption of the talks.

The resolution also specifically requested the United States to resume talks with the Ivory Coast, since the latter has refused to accept the resumption of the talks.

Equal responsibility

The producers had to accept a reduction of 20 to 25 per cent in 24 to 26 months on the limited supply of cocoa beans.

If you think you know all there is to know about the VW, you ought to take a trial run in this one

This one is a new Volkswagen model. The VW 1500. And its engine has a displacement of 1.5 liter, and 53 hp. This Beetle can do 78 miles per hour. This makes it the fastest Beetle we've ever made. Its acceleration is quite startling. The VW 1500 doesn't add more than 1.5 seconds to go from 0 to 50. It's more than double. Because it's got a pair of amazingly good brakes.

And there's an optional spring on the rear axle plus a better wheel steering to give you the good stability and control. (The new Volkswagen 1500 also has other improvements.) And there's a lot of extra power in the drive shaft and engine. If you don't have to change gears so often, the available one can give you 20 to 50 in 3rd gear.

So don't let the body deceive you. What's inside will be quite a surprise even for a long time VW driver. Be prepared.

Africans angered at sanctions order

HISTORIC MOVE BY U.N.

All members of the United Nations have voted today for the historic resolution which imposes the first economic sanctions on South Africa. The United Nations Security Council approved the United Nations Charter, the first time since its inception that it has passed a resolution on a non-African matter. The resolution, which was adopted by a vote of 11 to 0, with 1 abstention, demands that all nations should sever trade and financial relations with South Africa.

SALISBURY'S INCOME MAY BE CUT BY HALF IN YEAR

BRITISHMEN expect next year will be halved next year by the mandatory cut in the income tax rate on the basis of the new estimate by the Treasury. Leaders told to promote Uganda's Five-Year Plan

It was not necessary for the members to comprehend fully every aspect of Uganda's second Five Year Plan, the President, Mr. Obote, said in his address to the National Obote Forum at the Labour College, Kampala.

ABOLISH E.A.C.S.O. ACT 1 SAYS COTU

The secretary-general of Cotu (Kenya), Sen. Lubiano, called for unity among workers of the Central Kenya Organisation for the three East African Colonies. He said that the workers who supported the East African Labour Union Conference were not in a position to do so because of the weakness of the Kenya Labour Union. He said that the workers of Kenya should be united with the workers of the other two East African Colonies. He said that the workers of Kenya should be united with the workers of the other two East African Colonies. He said that the workers of Kenya should be united with the workers of the other two East African Colonies.

What was needed was a plan that would be implemented, and that this way people would have the confidence to work for progress. The President, who was closing the seminar, emphasized that stable world markets, and a steady increase in world prices, and a heavy reliance on aid, killed the spirit in production, he said.

PROPER SPIRIT REQUIRED

Mr. Obote began by keeping the seminar hot and lively. They had been right to concern themselves with the politics and implications of the plan. The impression might have been that the plan was not very well known, but he was not disturbed that the masses did not know all the details. He said that in other countries the masses did not know the major proposals.

GOODWILL FROM THE SKIES
 to the men who are protecting the frontiers of Kenya. Men who spend Christmas away from the comfort of their homes, their families and their friends because duty calls. These men of the Kenya Army, Air Force and Kenya Police deserve to be in our thoughts while we enjoy the festive season. B.A.T. (Kenya) Ltd. has remembered them: this week, thousands of Sportsman cigarettes are being parachuted to these men as a special Christmas gift from B.A.T. They go with best wishes from B.A.T. and with the gratitude of the Kenya people.

MATCHES OF MANY GOALS

A HATRICK by the inside-left, David Bell, helped Manchester gain a thrilling 4-2 away victory over West Bromwich Albion on Saturday which consolidated their position at the top of the Division 1 table.

Manchester's goalkeeping was superb, with Bell saving three penalties and a free kick, and a shot from the edge of the box.

West Bromwich Albion, who were relegated last season, were without a goal for the first time in 10 years.

Manchester's victory was their 10th in 12 games, and they are now 10 points clear of the relegation zone.

MEHBOOB ALI TO CAPTAIN KENYA 16 for triangular cricket series

MHBOOB ALI, the B.A.C.C. off-spinner who has failed to make his debut since the tour to the West Indies, has been named captain of the Kenya team which will take part in the East African triangular series starting on Saturday, January 16th at Nairobi.

The selectors announced that the team will consist of 16 players to make the trip. Originally 19 players had been invited but the surprise is the omission of the B.V.I.G. all-rounder, Vinod D'Souza, who has just scored a century in his first appearance in the West Indies. He has scored half-centuries for

WALLABIES BEATEN 11-5 BY SCOTS

SCOTLAND beat Australia 11-5 in the Rugby Union international at Murrayfield, Edinburgh, on Saturday.

But the Australians, who were unbeaten in their last 15 matches, were disgraced. They badly missed the point of their scrum which allowed much of the winning try-scoring to the Scots. A scrum was broken by a scrum-half, who was then tackled by a scrum-half. The result was a 11-5 defeat.

Japan's greatest sports triumph

JAPAN scored the greatest victory in the sports history of the country when it defeated the United States 2-0 in the semi-final of the swimming, diving and water polo tournament at the Asian Games. This added to the country's 100-0 victory over the Philippines in the football tournament. Japan's triumph was a result of the team's excellent preparation and the skill of the players.

DICK TIGER'S WORLD TITLE

KENYA MAY HAVE 1970 POLL

Zambia hints at rejection of sanctions

Bill adds two years to life of Assembly

Parliament is to be asked this week to approve an amendment to the Constitution which could postpone the next General Election, until June 1970. The proposal is contained in a Bill introduced to give effect to an earlier decision by the Government to amend the Senate and the House of Representatives to create a National Assembly of One House.

USSIA TO SPEND MORE ON ARMS

USSR yesterday announced a new five-year programme for the purchase of arms and military equipment for an eight million dollar military programme. The new programme is expected to cost more than \$100 million, according to a statement by the Ministry of Defence.

The Bill was published in a special issue of the Kenya Gazette yesterday and it will be introduced to the Senate today, where the Attorney-General, Mr. Njonjo, is expected to present it. The Senators will be asked to pass the Bill through all its stages in one day, and if they agree to do so it will immediately become law.

It is understood that every effort will be made to have the Bill passed before the National Assembly adjourns for the Christmas holidays. Since the Bill passed, where it is expected to meet early in the new year, the effect as to Parliament is prorogued, this would allow the House to meet early in the new year.

Election for Speaker

A Speaker will be elected when the House meets for the first time and he will be already a Member, and the Attorney-General will be ex-officio Members of the House.

The Bill maintains the constitutional provision limiting the life of Parliament to five years, but allows the House to continue until June 7, 1970.

A large demonstration in Baghdad yesterday called for the nationalisation of oil companies. The crowd demanded that the government take control of the oil industry to ensure national sovereignty.

THE END OF THE YOUTH COLUMN

The 'End of the Youth Column' has been declared. The youth movement has achieved its goals and is now moving towards a new phase. The end of the column marks a significant milestone in the history of the movement.

Attacks increased

Attacks on the government have increased significantly. The opposition has become more active, and there have been reports of violence and civil unrest. The government is under pressure to address these concerns.

BRITISH YOUTH FREED ON 'RACE' CHARGE

British youth charged with a 'race' offence have been freed. The court found that there was insufficient evidence to sustain the charges.

Zambia hints at rejection of sanctions

The United Nations mandatory sanctions against Rhodesia have no teeth and Zambia would have to consider whether she would participate in them, the Foreign Minister, Mr. Kapurwepe, said in Lusaka. Mr. Kapurwepe was speaking on his return from the Rhodesia debate. He told a Press Conference there was no difference between the sanctions and the earlier British voluntary measures. No action would be taken to compel Rhodesia to withdraw them, and South Africa had already said she would not.

Crowd calls for Iraqi oil company take-over

ACCUSES KENNEDY Unjust remarks

WILLIAM MANCHESTER writes to "Truth" of a "provocative" statement by the American Minister in Nairobi, December 10.

Nazis**

THE German Chancellor, Dr. Georg Konrad, has said he does not think the German people will ever allow a right-wing party to come to power.

In a recorded television interview broadcast in New York City (N.Y.) in recent past, Konrad said that the Nazis were only five per cent of the voting population.

"I would certainly be glad to see this new ultra-rightism," he said, "and we will watch them very closely in the future."

"But I venture to say that the German people, after all their experience, will never allow a government based on racial and nationalistic policies. They will never allow that to happen again."

Infiltration by Israel alleged

THE Arab League has warned its members that Israel is trying to dominate African armies, official sources have said in Amman.

The spokesman said the warning is in a note distributed by the League of Arab States which claimed that the particular Israeli moves were similar to those in the Ghana Army.

Ghana Army and Police officers were being trained in Israel and there were Israeli military officers in the Ghana Army, the spokesman said, adding the note Israel was also supporting the Ghana Army which will be formed.

The spokesman said the note had suggested the possibility of new wars given to Israel in the Middle East to combat the situation.

Happy Christmas says the Pope

The Pope wished "peace at the Pope's Birth" a merry Christmas.

During his homily, he said: "We wish for you a truly and happy Christmas. The day of peace and fraternity, the day of peace and brotherly love, the day of peace and joy. May Christmas make you enjoy a happy moment, for each of you and for your family."

OPEN FIGHT FOR POWER IN CHINA

THE Chinese "Cultural Revolution" has moved into a new phase, with rival groups reportedly engaged in open struggle, according to the Soviet News Agency.

The still in a struggle between the Chinese described the new stage as a "struggle between Party leaders."

Mr. Mao Tse-tung, and his group and a "Group of 800" headed by Mr. Liu Shao-chi, and the former Premier, Mr. Zhou Enlai.

The first open sign of the "struggle" was reported in Shanghai, Mr. Mao Tse-tung, and other officials, December 4.

Family veto

THE crisis of Mrs. Kennedy's son, as outlined in an all-party press statement by the British, is a memorandum of understanding signed by Mr. Macmillan, Sir Robert Kennedy and Lord Lugard regarding the veto power over the final manufacture.

Mr. Macmillan charged that this agreement had been broken. The memorandum stipulated that the British would give up all veto instructions from the family.

Mr. Macmillan's statement regarding the Kennedy family veto was made.

Mrs. Kennedy's lawyer, Mr. Simon Rifkin, said later: "I don't know how Mr. Macmillan escapes from the fact that he made a promise and now has not lived up to it. He has broken his bargain."

There has been approval of the book from Mrs. Kennedy.

SCIENTISTS INDICT PRESIDENT

FLEVEN mass organization in Djakarta (including the powerful Scientists and Students' Action Front) have backed lawyers demands that President Sukarno should be dishonorably dismissed.

Reporting this, the official news agency Antara said the organization also called for political action against the President for his part in the events leading up to last year's abortive Communist coup.

The organization's Lawyers and Judges' Associations have issued a resolution after they were being convened demanding that President Sukarno be dishonorably dismissed and law trial be held immediately in the coup.

The Armed Forces newswatch, Indonesia (The Armed Forces), in an editorial called on the supreme justice to demand that the Constituent Congress to lead the law-making and judge demand.

Girl agent did not help spy to flee

A BRITISH government in West Berlin has denied that a young woman arrested there last month could be a spy who fled with the escape of the British spy, George Blake.

The government was answering a claim by the West German newspaper Sunday evening that a young woman named "Eve B." had helped Blake flee from a London jail last October 2.

The spokesman said no woman was arrested in West Berlin on November 13 on suspicion of treason.

The newspaper said today that "Eve B." had been taken to Britain in strict secrecy and conducted with contact men.

West Berlin police said they were investigating the possibility that one woman had helped the former Dominion Republic candidate in Berlin. The contact was closed last month.

The arrested woman's present whereabouts could not be established in West Berlin.

Mafia leader in jail for abduction

PHILIP land of primitive traditions and a feudal code of honour, has woken up to the fact that it will never be quite the same again. A court at Trapani made the change at the weekend, when a young Mafia leader, Filippo Malia 23, was jailed for 11 years for abducting a young girl he fancied in order to make her marry him.

Seven of his gang are in jail for next for helping him, and five others were acquitted.

For centuries, young Sicilians have been carrying off young girls who have to marry their abductors to save their honour. Seven of them are accused of an abduction that got married that way.

But after Sicily's modernisation, the Mafia has lost its glamour and apply it themselves to stand before the face of an overpowering tradition.

The verdict handed down by an all-Sicilian panel of judges, has shown that the law is becoming stronger than the Mafia and the crime and primitive justice it helps to perpetuate on the island.

The girl, 16-year-old Franca Viola, a graceful, revere-revered peasant's daughter, has been hailed as a national heroine by the media.

Marriage offers

She received about 300 offers of marriage and scores of love letters from North Italian men, after the Mafia burst down a farm and crop, kidnaping her and her family and neighbours began to kidnap her.

The family police refused the offers.

Although Franca and her family are under police protection, many Sicilians believe they are safe from retaliation by the Mafia.

"Not one of us in the near future will ever see anything like this happen," Sicilians are saying.

PROLONGING PARLIAMENT

KENYA'S NATIONAL ASSEMBLY is being asked to approve a double period of constitutional reform...

The occasion of this major constitutional change to introduce another period of prolonging the life of the present National Assembly...

Under Kenya's present constitution, the election which sent Kenia to power installed a National Assembly...

They were returned for periods expiring in successive sessions (S.E.) of the National Assembly...

However, Kenya requires a period of political tranquillity in order to consolidate progress and enable thoughtful attention to be afforded to the country's advancement...

The Government is bound to encounter opposition to this proposal, for the K.P.U. will demand the democratic exercise of voters' rights at the next general election...

A General Election would unleash a vicious political campaign, with consequent interruption of economic endeavour and all the disturbances caused by both politicians and voters...

Without substantial support in the country, the K.P.U. will overthrow the Government and will form an alternative Government...

MR. LUGONZO SPEAKS OUT IN MALI

REFRISALS BY SOCCER REFEREES

French-speaking States dominate the conference

THE secretary of Mali's Referee Society, Mr. Louis Siba, said that he has instructed all the referees of his country to stop forthwith from officiating at matches in the West African Cup.

In a statement, he said the Referee Society had decided to refuse to officiate at matches because of the refusal to accept the new constitution for the West African Cup.

No dates fixed for Africa Cup

The definite dates for the Africa Cup have not yet been fixed. The Referee Society has decided to wait until the new constitution is approved. The dates will be fixed after the new constitution is approved.

Top table-tennis seed to retire

THE final of the 8th Kenya table tennis championships, which opened at the Kenyan Sports Centre in Nairobi, was held on Saturday. The top seed, Mr. M. K. Khan, who is a former national champion, will be retiring after this tournament.

The first and only 21-20 ball by the Kenyan team, which was scored by Mr. M. K. Khan, gave the Kenyan team a commanding lead of 19-11 by the end of the first set.

ARKLE WILLY RUN

ARKLE, the great Irish sports champion, is a certain to run in the 1964 Commonwealth Games in Edinburgh. He will be competing in the 100, 200 and 400 yard sprints.

Senior Cycle Club Track Meeting will be held on December 16 at 8 p.m. at the Kenyan Sports Centre.

SUCCESS COURSES

PROFESSIONAL COMMERCIAL, TECHNICAL, WRITING, and other courses are available at the Kenyan Sports Centre. Contact the center for more details.

INTERNATIONAL CORRESPONDENCE SCHOOLS

ALTHOUGH virtually in a minority of men, Kenyan men more than held their own and did not shrink from expressing controversial views at the conference of the All-Africa Games in Nairobi, Mali. Mr. Louis Lugonzo, the Kenya delegate, who was passing through London over the weekend on his way home, told the Independent that the Kenyan men had met with the most interest on three major points. He said that it was imperative that the new constitution for the supreme council for sport in Africa be adopted.

There cannot be any fifty-fifty business about this either way there will be complete chaos. We feel that certain amendments should be made in view of the fact that we were not represented.

Incorrect procedure

"I read the conference that I had very little to say and I am glad to say that I had the support of the Kenyan representative, who presented our views on the election of officers and who presented a motion to be taken into consideration."

Retraction agreed

But, it is to be recalled, African sports were under attack. Mr. Lugonzo said that he was sorry that it was not possible to do more for the sports of Africa and that he was sorry that it was not possible to do more for the sports of Africa.

Weights and order of running

On Saturday, Mr. Lugonzo and Mr. Siba were the only representatives of the Kenyan team at the conference. They discussed the new constitution for the supreme council for sport in Africa.

Badminton grand slam

THE Kenya open badminton tournament, concluded over the weekend at Nairobi's Sports Centre, was won by the Kenyan player, Mr. M. K. Khan.

The Kenyan player, Mr. M. K. Khan, won the tournament by defeating his opponent in the final match. The match was a close one, but Khan emerged as the victor.

The tournament was held at the Kenyan Sports Centre in Nairobi. It was a highly competitive event with many strong players participating.

Mr. Khan's victory was a significant achievement for the Kenyan badminton team. He has established himself as one of the top players in the region.
