Legislative Council continues discussion of the Plewman Report GOVERNMENT WARNED TO 'CONSIDER SERIOUSLY' PEACE BONDERS SUGGESTION

Taxation Debate

The first day's debate on the Plewman Report was marked by very comprehensive speeches which covered the whole of the subject.

The first by the Leader of the European, Elected Members, Mr. E. M. A. Duggan, was a very complete picture of the issues raised by the Report and the views of the unaffiliated European community on it. There is no doubt Sir Alfred has strong grounds for his plea that the tax on income should be retrospective and that the tax on property should be taken by the Elected Members.

He did not think sufficient had been done to warrant the very budget debate last year.

The financial Secretary is to be consulted, also on the handling of the Report and there will be fairly general agreement that the resolutions which Government has proposed regarding the taxation of the unaffiliated community are a fair basis for taxation. In view of the fact that the resolutions have been made at present it is considered to be desirable that the Government should not invite the unaffiliated community to have a separate meeting, but that the community in a half-hour session should discuss the proposals in detail.

As both the Leader of the European Elected Members and the Secretary have dealt with the Report in some detail, there would seem to be no need for other members to elaborate on other members have a separate meeting.

THE ARNELO AFFAIR

(An Affair)

There is no doubt that the arguments put forward on behalf of the unaffiliated community are not adequate to meet the demands of taxation; therefore there is a need for some further opportunity of expression on details of taxation proposals.

It does not appear to be much surprised that the arguments put forward on behalf of the unaffiliated community are not adequate to meet the demands of taxation; therefore there is a need for some further opportunity of expression on details of taxation proposals.

AFRICANS TO ACT AS ROAD GUARDS

A HERDAS (Havada Central) meeting at Nairobi agreed to a new proposal to employ Africans as road guards. The proposal is to employ Africans on wages and expenses of securing the free flow of traffic on the roads. The proposal was approved by the Council of the Havada Central, which is the governing body of the Havada Central.

Jobs for two

By six votes to four it was agreed to employ two Africans as road guards. The proposal was approved by the Council of the Havada Central, which is the governing body of the Havada Central.

Government's decision to turn down the recommendation of the Advisory Commission with regard to certain alterations in the Provincial boundaries of the Rift Valley and Central Provinces—particularly because of the objections of the Havada Central—was reported that the whole question was to be considered at a High Level meeting.

Africans show their work

Koriv Farmers' Cattle & Poultry Improvement Club and Abidjan Poultry Society, which is organized entirely by Africans, held its first show on September 15-17. The exhibits included agricultural produce, cattle and handicrafts and there were displays of drill and dancing.

The sum of 1,200/- was distributed as prize money, but the standard of the exhibits was rather disappointing. The organizers however feel confident that any future show will be a great improvement both in quantity and quality.

WEDDING WITHOUT PRECEDENT

ONE of the interesting things about the wedding of Princess Elizabeth is that there is no precedence for the marriage of Queen Victoria to Prince Albert took place when she was Queen and not Her Highness.

No Court Dress

The first annual order given by the King about the wedding was that it is to be a "semi-State" affair. The King also forbade the full ritual of a State wedding to be observed. There will be few guests, no music, and the ceremony will be a simple one. The bride will wear a white dress and the groom a dark suit.

Invitation problems

QUESTIONING THE 1,200 invitations to the wedding of Princess Elizabeth, to which these 1,200 invited guests were given, has caused some trouble to the Government. The Government is worried about the cost of the invitations.

Gold Coast plans for development

The Gold Coast Government has announced its plans for development in 1952. The Government will spend 2 million dollars on development work.

Special Commission

A special commission will be set up to investigate the financial position of the Government. The commission will report to the Government in six months.
