## MALTA WILL NOT BREAK TIES WITH BRITAIN

Decision approved by dockers  
**MINTOFF'S LETTER**

**MR. DON MINTOFF**, Prime Minister of Malta, has said Britain that there is now no need for Malta to break ties with the United Kingdom. In a letter to the British Colonial Secretary, Mr. A. J. Wood, Mr. Mintoff said that the decision to implement a Parliamentary resolution of December 30 calling for the break with Britain had not reached the full approval of the Opposition and the Admiralty secret of the Government.

**Negotiations urgent**

The Government for members of the dockers' subsisting relations with the crown in Anglo-Maltese relations. On January 3, Britain decided to give Malta £25,000,000 and in the same month Mr. Mintoff proposed a trade mission to come to work out a plan for the future.

# NO FREAK RESULTS ON ICY SCOTTISH GROUNDS

A warning to Kenya cricketers

Tranmere swamp York City with a double hat-trick

SCOTLAND'S traditional New Year's Day football soccer programme was again under the weather. In addition, the Northern League and English League had a similar programme of rain. The Scottish League had a double hat-trick by James Buchanan at Tranmere. Buchanan, who had scored twice in the first half, scored again in the second half to complete his hat-trick. He was assisted by James Buchanan, who scored twice in the first half, and James Buchanan, who scored twice in the first half.

## Frank Butters saddles his last winner

England's greatest amateur trainers, who trained Ireland, Austria, Hungary, Germany and Italy as well as England, had died aged 78.

Butters, a great trainer, had trained in Great Britain between 1927 and 1948 and had won the services of 12 English jockeys and 125 other champions in 25 countries.

One of his best achievements was to make the winner of the Epsom Derby two years ago, Ekan's Bahram, Irish and unbeaten. Butters, who was 78, had trained in the 1980s and 1990s, and had won the services of 12 English jockeys and 125 other champions in 25 countries.

Left and right: Kenyon and Gillingham. Kenyon, who was 78, had trained in the 1980s and 1990s, and had won the services of 12 English jockeys and 125 other champions in 25 countries.

## Ray Lindwall's gamble failed

New South Wales batsman Ray Lindwall's gamble failed as he was dismissed for a duck in the first innings of the first Test at Cape Town. Lindwall, who was 78, had trained in the 1980s and 1990s, and had won the services of 12 English jockeys and 125 other champions in 25 countries.

## Tourists overcome 'lifeless' pitch

ALTHOUGH Springbok bowlers were hard to bat, tourists overcame the 'lifeless' pitch on the second day of the second Test at Cape Town. The tourists bowlers were not as good as the South Africa bowlers, but they were able to take 10 wickets in the first innings. The tourists bowlers were not as good as the South Africa bowlers, but they were able to take 10 wickets in the first innings.

### At close of play

All time of play in the second Test at Cape Town. The tourists bowlers were not as good as the South Africa bowlers, but they were able to take 10 wickets in the first innings.

## Return to farm by Graeme Hole

Graeme Hole, who was 78, had trained in the 1980s and 1990s, and had won the services of 12 English jockeys and 125 other champions in 25 countries.

# AFRICAN-GROWN COFFEE SURPASSES EUROPEAN

## Planters' bright future

AFRICAN coffee planters are producing more high quality coffee than European growers. Figures issued by the Coffee Board of Kenya show that six out of ten African acres have so far this season produced more than half their crop in the first three classes of coffee. Only one of 10 European acres claims more than 50 per cent in these classes.

The comparative figures for African areas this season are 5,230 tons of coffee, which has already been delivered to the local market. The total for the African areas is expanding at a rate of 100,000 acres per year. The new European plantations in the West and East Africa are finding it "extremely difficult" to meet their tax arrears and keep up their payments on official of the Income Tax Department said a Nairobi yesterday.

**The old woman who was too busy to be kind**

By **ROBINA WRIGHT**

It happened very soon after the first Christmas Day. The evening was cold and the Three Wise Men were very tired as they followed the star towards Bethlehem. The road they were traveling was lined with trees at last they saw a cottage. It was the only house on the road. The old woman who lived there was very busy. She was washing the clothes of the Three Wise Men. She was so busy that she had no time to be kind to them. She was so busy that she had no time to be kind to them. She was so busy that she had no time to be kind to them.

# DO'S AND DONT'S AND PARTY WEAR FOR THE CHILDREN

By Jean Wiseman

WITH the children's party season turning its end and the new school year learning steadily up, Kenya mothers who have not been able to afford a new frock for their little darlings may be happy to learn that party dresses for small girls have hardly changed since the turn of the century.

In a Kenyan school, a young girl is still the right size—her hair is cut short, her shoulders straight, her length and her weight until she is about seven or eight years of age. She is not yet a young girl. Her dress is usually white, with some colored material, such as a ribbon or a bow, which is used to hold the dress together. The dress is usually white, with some colored material, such as a ribbon or a bow, which is used to hold the dress together.

Small girls are usually party wearers. Little girls in Kenya have party dresses with frills and bows. They are usually white, with some colored material, such as a ribbon or a bow, which is used to hold the dress together. ### A Dangerous Error

Many married people believe that if they do without making a will, all they have will automatically pass to their husbands or wives. That is often true. But not always, and when there is no will, the law usually makes a mistake. It may give your estate to any one of the next of kin, or to the Government. The best way to avoid this is to make a will. It is simple to do, and it costs very little. It is the only way to make sure that your estate goes to the people you want it to go to.

## LUXURY GAME CAMP TO OPEN IN N. RHODESIA

Members of the "Hornet" Model, a Kafue Park game-watching party, are seen in the forest. The "Hornet" is a team of four men and a dog, which has been used for many years to hunt animals.

**DICK HOBSON** writes about developments at Kafue National Park, in Northern Rhodesia, which is on the route from East Africa to the Victoria Falls and South Africa.

A FIRM decision was reached in 1954 that has been chosen by the Northern Rhodesia Game and Tsetse Control Department for the opening of its new luxury game camp at Nyoma on the 8,500-square-mile Kafue National Park.

By the construction of a road and the development of a game-watching party, the park is now open to a number of people a year of more than 100,000. The park is now a major attraction for tourists. It has been worth waiting for.

Nyoma will have virtually every facility offered at hotels in the Federation. The general standard can be judged from the fact that accommodations for 24 Europeans, 100 Africans, and 100 game-watching parties will be available. The camp will have a restaurant, a bar, a lounge, a swimming pool, a tennis court, a golf course, and a tennis club. The camp is situated on the banks of the Kafue River, which is a major attraction for tourists.

**230-MILE DRIVE**  
Nyoma is expected to be the Kafue National Park's first game reserve, and an exciting one. The drive is 230 miles long and will be a major attraction for tourists.

# Mission opening Molo school for Africans

PLANS of the Franciscan Missionary Sisters to build a large primary and intermediate school at Molo were disclosed by their Superior-General, the Franciscan Missionary Sisters for Africa, the Very Rev. Mother M. Alcantara, in an interview at Nairobi.

Mother Alcantara, who flew to the capital on the 29th of the month, is the superior of the Franciscan Missionary Sisters for Africa, who have been working in East Africa since 1907.

She said she had been contacted as a result of a letter which had been received from the Government of Kenya, stating that there was a great need for a school at Molo. She has since been working with the Government to secure the necessary funds for the school.

The school will be a day school, and will have a capacity of 100 pupils. It will be a primary and intermediate school, and will be open to both boys and girls. The school will be built on a site which has been donated by the Government.

The school will be opened in the month of March. It will be the first school of its kind in the Molo area.

## Air safety in their hands...

As the air traffic in Kenya increases, the need for a more efficient and safe system of air traffic control becomes more acute. The Kenya Civil Aviation Authority is now studying the possibility of introducing a new system of air traffic control, which would be based on the use of radio and radar.

The new system would be based on the use of radio and radar, and would be designed to handle the increasing number of aircraft which are flying in the Kenya airspace. The new system would be a major improvement on the present system, and would be a major step towards the achievement of a more efficient and safe system of air traffic control.

**Need great**

In the Molo area no great need is felt for a school, there is a demand that the Government should decide to start a school there. An exciting time is being lived in the Molo area, and the Government is now studying the possibility of introducing a new system of air traffic control, which would be based on the use of radio and radar.

# When Gertie was not at her best...

# PROFESSOR WINS NOBEL PRIZE

**GERTIE**, the Ambassador (right), had a "tramp" of mud on her horn when this photograph was taken. Although she is accustomed to the attention of tourists, Gertie did not "behave" when the photographer was not as close as one might think. (Left) Gertie's photograph, taken by the "Daily Express" on an eight-week tour, got somewhat shaky after this. She stands in the picture above, but it seems Gertie roared at the six animals' spectators at Hford, Essex. The X-ray plate showed that they had swallowed something besides food, but soon she will be all right again.

## New escape system adopted by the Navy for submarine crews

These pictures, extracts from a 60-minute training film, show men using a new British breathing system which has been adopted by the Navy as the standard

method of escape from sunken submarines. In pictures 1 and 2 men are adjusting their breathing sets before a practice escape from a submerged boat. No. 1

shows men in immersion suits waiting to escape; the submarine is partly flooded. No. 4—men in the surface inflating their immersion suits after an escape.

# OTTOMAN BANK

(Incorporated in Turkey with Limited Liability)

### THE OTTOMAN BANK

The 1936 celebrated its 100th anniversary, having been founded in 1836 when the original Ottoman Bank a British chartered company was formed by a group of business men. It was absorbed a year later by a new company, the Imperial Ottoman Bank, which was formed in 1867 as the first bank in the former Ottoman Empire.

From 1925, as a result of increasing constitutional changes in Turkey and the foundation of the Turkish Republic, the Bank became a purely commercial one and reverted to its original title of Ottoman Bank.

The bank is an international concern and of the board of directors, one half sits in London and one half in Paris, where branches exist.

It has up to the present time concentrated its operations in countries bordering on the Mediterranean and extending eastwards to Iraq and the

Persian Gulf and south to the Sudan. It maintains nearly 90 branches, which are fully equipped to undertake all forms of banking business, in Turkey, Sudan, Iraq, Jordan, Cyprus, Malaya and India. An associated bank operates in Syria and the Lebanon.

Close and valued business connections with European and American business centres are maintained and through its offices in London, Paris and Malaya, the bank is in close contact with the markets and banking systems of the world.

It is now enlarging its sphere of operations, and the first step of this expansion has been to open branches in Nairobi and Mombasa. The Nairobi branch opened yesterday and the Mombasa branch will open on 13th January.

In Nairobi it has purchased The Hotel, the

ground floor of which will be converted into up-to-date banking premises. The four floors above are being converted into modern office accommodation which will be available for letting.

Temporary premises in Mombasa have been obtained and are situated at Fort Jesus Road.

The 1936 balance sheet shows a total of 108,000,000 w.p. deposits of £86,000,000.

The chairman of the Committee in London, Lord Latymer, is also a director of the National Provincial Bank Ltd., and the deputy chairman, Mr. M. J. Babington Smith, C.B.E., is a director of the Bank of England and deputy chairman of Glaxo Mills & Co.

The manager in Nairobi is Mr. C. Kerr, who will be assisted by Mr. M. E. Constant, whilst Mr. I. Hamilton will manage the Mombasa branch.

"Standards" Correspondent Dar es Salaam, January 2.—There was an excellent press conference following the decision of the Clove Growers' Association to suspend its purchases here and to buy from the Chief Secretary, Mr. P. H. Nalungoma. But close promoters and merchants on Zanzibar and Pemba say holding numerous clove contracts at the association's expense.

The Director of Agriculture, Government of Zanzibar, Mr. A. K. P. Mwakilima, said that the Government had already sold and was selling the majority of its clove stock. He said that the Government had not produced a single clove contract since the meeting in London to consider the Government's proposals.

"Standards" Correspondent Tanga, January 2.—The main force of arguments in a Tanga Town Council discussion about the Council's responsibility for repairing roads in the Nyumali area, has been attempted to have referred back for further consideration a recommendation of the Highways and Works Committee to the effect that tenders for the work should be invited from private contractors.

The Council eventually accepted an amendment which would allow the Council to employ private contractors for the work and to purchase materials from private sources.

# ENGLISH CLASSICS

## 'WIDE OPEN'

### Agricola king-pin of early ideas

By CLAUDE S. RICHARDSON

VIEWING them some months ahead the English nations of 1959 appear "wide open" in contrast to 1958, when even during the winter months there are usually some pretty strong favorites for the big events. Being here and not abroad, the leading London bookmaker expected to see the first 100 offering 10-1 against the 2,000 Guineas and 100-1 for the Derby.

The movement of the classic picture of 1959 contrasts with 1958. In 1958, the American, British and Canadian 100-1 to 100-1 to 100-1.

### Impressive debut in Shield cricket

Max Murray, a 20-year-old Australian, has made an impressive debut in Sheffield Shield cricket. In his first innings he scored 100 runs in 100 minutes for his first Test match for New South Wales.

### Agreed South Australia

It has been agreed that the Australian cricket team will visit Victoria, to start 1959 before the end of the month.

### Run over

Agriana has been killed by a motor car on the road near the 5000 Guineas and Derby events. The horse was killed by a motor car on the road near the 5000 Guineas and Derby events.

### Training well

Agriana has been training well at the school of the Australian Club, but it is not yet clear if he will be able to compete in the Derby.

### Horses destroyed after riot

Police in Durban are investigating the circumstances of the destruction of a number of horses after a riot at the Durban Race Club.

## DAVIS CUP

### U.S. lead in Davis Cup

The United States took a 2-1 lead over Australia in the Davis Cup Challenge round at Brisbane when Pan Richardson won his second straight match over Mal Anderson on Tuesday. The U.S. lead is now 10-4.

The United States took some 200 fans to today's two-way match. Richardson's first win against the Aussies was in 1957. Richardson won 11-5 in the first set, but Anderson fought back to win the second set 6-4. Richardson then won the third set 6-4. The match was a hard-fought one, with both players showing great stamina.

**Break for Australians**

The Australians took the first service in the second set and this gave them the initiative. The break was 4-0. Richardson then won the set 6-4.

**U.S. change tactics**

The U.S. pair changed their tactics in the fourth set. The Australians were in control of the service and their partner, Pan Richardson, was in control of the net. The Australians were in control of the net and their partner, Pan Richardson, was in control of the service.

## BAILEY AS OPENER FOR SECOND TEST

### 800 runs in the Trios Competition

TREVOR BAILEY, the Essex all-rounder who was criticised for his slow batting in the first Test match against Australia, opened the Trios Competition for England with the Worcestershire left-hander. Match Richardson, in the second Test which starts at Melbourne today, Bailey was highest scorer in both innings of the Brisbane Test with 77 and 66.

The Trios Competition is a one-day tournament for 120 players. It is the only tournament of its kind in the world. It is the only tournament of its kind in the world.

# NEW WONDER BEER

### Great news for slimmers and diabetics

#### A TRUE BEER BUT NON-FATTENING

THIS beer, which was developed by the famous Holsten Brewery of Hamburg, has had a tremendous success in Europe. It is a full-flavoured, strong gravity beer with the mark of the true Pilsener lager.

#### HARMLESS TO DIABETICS

Diabetics, who are so extremely vulnerable for fat, can safely enjoy this beer because its special carbohydrate gives it a low carbohydrate intake.

#### TRY ONE TODAY!

You'll enjoy it. More so, because it's so good, but just worth it if you like your beer and have to live on carbohydrate intake.

#### ASK FOR A 'PILS'

Districter: L. A. LARJANI LTD., Box 132, River Road, Nairobi, Tel. 2363.

Have a Pils with you at Ray's, Chris Joseph and Levant's, or take some home from Bellini's, Patisserie, Masaki, Kariakoo, Kenia, Ken or Valley Grocers at Allen's Arcade.

## Mourning after

Hogmanay today and tomorrow for many hereabouts. There's no real remedy for a hangover but here's the best that our research staff came up with.

**Tail-taster**

Take 1 part red wine, port and crème de menthe. Add dash of Whisky, 1 crushed banana, 1 drop cardamom and a squirt of sour favourite wine. Shake. You'll be doing that anyway. Squeeze 2 fresh lemons on top and suck through a well-smoked pipe. A little strawbery preserves may be added if desired.

Seriously, we don't advise people to try it, but least all, mind that good advertising can cure a lot of business headaches. A happy Hogmanay and a prosperous New Year from

# PICTURES OF YEAR

## Death comes to rhino: New life for leopard

Animals and the weather provided the most spectacular pictures of 1956. A pride of lions, undoubtedly, belongs to the year when, world fame when it met its death on the Mombasa road in August after colliding with a car driven by Mombasa businessmen.

The leopard seen regaining its freedom in the vast expanse of the Tsetse National Park of Vse, in April had been taken there after being caught in a Kibara garden.

A single legislator of South Africa gave school-children at Transvaal's Falls the rare opportunity to make an Equatorial snow-mountain. In May, six inches of rain fell in a fortnight and washed away part of the Nairobi-Thika road.

## Today's two top tyres!

U.S. Royal's new, wider, "Happy New Year" range of tyres for 1959 retains the tried and proved U.S. Royal R and the U.S. Royal Traction-Grip.

The world's largest tyre manufacturing concern have packed their immense resources, years of research and millions of test-miles into the production of the two car tyres now internationally recognised as tops in design and performance.

### U.S. Royal TRACTION-GRIP

The non-slip, sure grip tyre designed to take the rough and the rough, boggy, uneven, tread pattern, while giving a powerful, positive grip in mud, is remarkably quiet and vibration-free on tarmac. Treads are self-cleaning and hard wearing. For extra safety and economy, the Traction Grip is built to last.

"Fracturing" the tread surface on the U.S. Royal Traction Grip provides thousands of "micro-grooves", ensuring maximum grip on "greasy" surfaces, while slant-angle-shaped slots promote extra adhesion.

## FARMERS ASKED TO VOTE ON QUOTA AS FOR MAIZE

### Individual system referendum

#### BOARD'S 45 p.c. PLAN

**"Standard" Staff Reporter**  
[RECALLS are being sent by the Cereals Producers' (Scheduled Areas) Board to 1,600 maize farmers asking them to vote without delay on whether maize should be grown on an individual quota system.

The farmers believe that if accepted this system might have the effect of cutting maize production by 15 per cent or even less of normal production. It would also mean that the Government would have to guarantee a price for the maize produced.

The Board has received a voting card which asks the following questions:

1. Do you wish to proceed with the individual quota system?
2. Do you wish that farmers with no past experience should be given a quota?

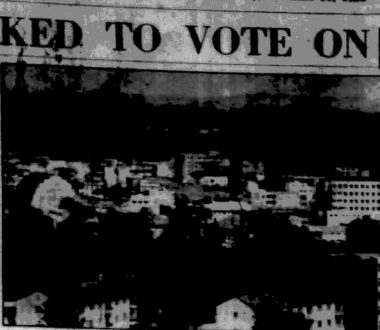

The Board's proposed individual quota system would require large producers of maize to produce up to 45 per cent of their normal production to be eligible for the quota system. This would mean that the Government would have to guarantee a price for the maize produced.

The Board has received a voting card which asks the following questions:

1. Do you wish to proceed with the individual quota system?
2. Do you wish that farmers with no past experience should be given a quota?

**CRASH VICTIMS OUT OF DANGER**  
Only three of the 25 miners who were trapped in the collapse of a shaft at the B. & N. Colliery, South Africa, after the explosion of a 100 lb. dynamite charge on Monday night, are still in danger.

The other 22 miners were rescued after a 48-hour struggle. The rescue operation was hampered by the fact that the shaft was flooded with water.

## SAVE M.C.C. Tourists draw game with S. Australia

By JOHNNY WARDLE

The M.C.C. played respectably at Adelaide yesterday, both teams showing a determination to draw the match. The visitors, who were led by the batsman and the bowler, were out for 238 runs in the first innings, while the home side, who were led by the batsman and the bowler, were out for 238 runs in the second innings.

ENGLAND'S batting has been an embarrassment, with a total of around 300 runs. Even if Peter May had been in the team, it is doubtful if he could have done much to help the team's cause.

## Freck over by 'Jim' Laker

Mr. E. W. 'Freck' Laker, who has been in the team since the start of the tour, was the only batsman to score more than 50 runs in the first innings.

## SCOREBOARD

M.C.C. 1st Innings: 238 (40 overs)

SOUTH AUSTRALIA 1st Innings: 238 (40 overs)

M.C.C. 2nd Innings: 238 (40 overs)

SOUTH AUSTRALIA 2nd Innings: 238 (40 overs)

## ENGLAND'S hopes in the second Test beginning

ENGLAND'S hopes in the second Test beginning yesterday were not high when it was known that the batsman had been injured.

## SUCCESS RESULTS

Country boys were successful in their efforts to win the match.

## OUT OF RECKONING

Sidhu, Rao and Mithal were out of reckoning in the match.

## DEFINITE CHOICE

Watson, an old cricketer, was the definite choice for the team.

**Vital in your engine today**

Shell has led the way with I.C.A. - a triumph of research - the exclusive Ignition Control Additive which overcomes a major cause of power loss in carburettor ignition due to harmful deposits in combustion chambers and on spark plugs. I.C.A. has banished one of the greatest barriers to full use of engine power and cleared the way for progress in engine design.

**USE SHELL WITH I.C.A.**

**under the hammer...**

Our hammers are not wielded with such ferocity - the use is entirely for your benefit.

Our next Auto Auction will be held on **Sunday, January 11, at 10.30 a.m.** and thereafter on the first Sunday of each month at our Showrooms in Sadler Street.

Sold your vehicle for a free mechanical report at least eight days prior to the sale.

A description and a candid opinion of its condition will then be inserted in our catalogue. After this report has been given, the car need not be delivered to the showroom until two days before the sale - i.e. Friday.

Confidential purchasers and insurance facilities available.

# FIVE-CENT CUT IN PETROL

## Hardship of falling oil prices in Kenya: Clinic report

**PRICE CUT IN PETROL** will be reduced by five cents a gallon in Kenya from October 1st.

This is to pass on the reduction in the cost of petrol to the consumers. A third company has already made other cuts, which increased the price in Nairobi by eight cents.

The reduction in the price of petrol will be a relief to motorists and will help to reduce the cost of living. It is expected that the price of petrol will be reduced by four cents in Nairobi and by three cents in other parts of Kenya.

The price of petrol will be reduced by five cents a gallon in Nairobi and by four cents in other parts of Kenya.

# Assault on woman in her home alleged

## THREE DENY GUILT

MRS JENNY BREWER, 36, told a Nairobi court yesterday that soon after her husband had been struck on December 8 she confronted two men, one carrying a pipe and the other a hammer, in the passage of her home off Kamiti Road, Ruaraka.

She said one of them had pushed her back, behind her back, and another had thrown a pipe at her. She said she was in a cupboard at the time and saw the men for a few seconds before they ran.

Mrs Brewer alleged that the men had assaulted her and that she had been injured. She said she had reported the case to the police but that they had not taken any action.

The three men who were charged with assaulting Mrs Brewer have denied the charges. They said they were in the passage at the time but that they had not assaulted Mrs Brewer.

## THEFT OF \$2,000 ALLEGED

WASH the sack, and we turned to discussing about the Empire line, in a word, we speak to die the sack. This is an perfect, and here are four smart ways of wearing it.

That little green and red number you wore on a previous page, we are now wearing it with a long and wide skirt. To achieve the Empire line, we have the waist up and over generous and long, flared skirt. The skirt is made of a light fabric and has a wide waistband. For each neck you brought, cut a strip of material 17 wide and 12 long. Fold the strip in half lengthwise and sew the ends together. Sew the strip to the neck of the sweater, leaving a seam of approximately three inches. Turn the neck inside out and finish off the edge with a neat, decorative row of white ribbon.

**Present fashions grabbed from the cradle**

I HAVE just been given the "lowdown" on high-waisted fashions. It seems we have been copying them from the cradle. That is, the youngsters are due to get it back very shortly. It may all be because the young ones are the fashion leaders. Mrs. M. J. Carter, who has been a fashion designer for many years, says that the high-line was perfect for youngsters and children who have no figure to speak of.

The miniature "fashion" dresses, Empire lines, high-waisted blouses, and long skirts are all the rage. The youngsters are the fashion leaders. Mrs. M. J. Carter, who has been a fashion designer for many years, says that the high-line was perfect for youngsters and children who have no figure to speak of.

**THEN AGES ONLY**

It is hard to believe that the youngsters are the fashion leaders. Mrs. M. J. Carter, who has been a fashion designer for many years, says that the high-line was perfect for youngsters and children who have no figure to speak of.

**Students progress in U.K.**

It is difficult to decide just how many Kenya students there are in Britain, for there are quite a large number who are not assisted by scholarships and bursaries.

Those who do receive East African scholarships at both Oxford and Cambridge are the E.A.W.L. Junior branch and the E.A.W.L. Senior branch. The Junior branch, unlike the other, does not return to membership. It now has Mr. M. J. Carter as its president and a majority of male members—most of them in their second year. The situation is considerably changing in name.

A student body known as the Cambridge Kenya Club, headed by Mr. M. J. Carter, recently counted 100 members. Among Kenya students in Britain are Mr. M. J. Carter, Mr. M. J. Carter, and Mr. M. J. Carter.

# Anglo-German atomic agreement likely soon

BRITAIN and West Germany are expected to sign an agreement on atomic matters early next year, according to a report in the Financial Times. The conclusion of this agreement, which has been held up for several months, would remove the last formal obstacle to the delivery of British atomic reactors to West Germany.

An agreement covering the exchange of information and the delivery of research reactors has been in existence since 1950. This enabled the State Government of North Rhine-Westphalia to build a research reactor under construction by A.E.L.-Industries, a joint venture of British Atomic Energy and a Dutch reactor being built by German companies to West German firms.

# SHIPYARDS HIT BY STRIKES

OUTPUT at Scottish shipbuilding yards during 1953 has been less than 50 per cent of the industry's capacity. Principal reason for this has been the numerous demarcation disputes and strikes for higher pay. Thousands of man-hours were lost during the year by labour troubles.

Production totalled 117 ships, aggregating 111,000 tons. At the Clyde, 74 ships were launched, totalling 417,120 tons as against a potential of 500,000 tons a year.

Launchings on the East Coast amounted to 41 ships, with a total of 94,176 tons.

# Big loss caused by jute board

The board of directors of the Jute Marketing Corporation, in East Pakistan, has been dissolved by order of the provincial authorities. It was officially announced in Dhaka, 27th November, that the government had taken over the corporation. The members of the board had caused heavy financial loss.

I like BOTTLES

Remember the fantastic curries bottles that used to stand in chemist windows when I was a kid. Believed the coloured water in them some fabulous chemical. When I was a bit older and to put mangoes in empty bottles and launch in us. Give first gift a red-glass perfume bottle. Forget her name now. Expect she's a grandmother. Not a young nymph. But still like bottles. Demijohns in wicker cask. Carboys. Name another and the green glass looks fabulous deep. Best of all though is a tall bottle on a silver tray... the tall triangular bottle filled with the finest Scotch.

## NEW AFRICAN STATES ADVISED TO WORK TOGETHER

**U.N. Commission opens in Ethiopia**  
**ECONOMIC FORUM**  
New States in Africa, emerging with geographical boundaries which were not best suited to rapid economic growth, were advised to work together in the economic field by the Secretary-General, Mr. Hammarskjöld, speaking in Addis Ababa yesterday.

## Meat orders from Gulf VALUABLE MARKET

**A NOTHER valuable market for frozen meat has been opened in the Persian Gulf.**  
This was stated yesterday by Mr. F. D. Dwyer, a Kenya Meat Commission executive, who has returned to Nairobi after a three-week tour in the Persian Gulf, Aden and Bombay.  
He said, however, that in some markets the demand for meat has to be taken to ensure that the available supply meets requirements. This was met by the Kenya Meat Commission, which has been successful in securing the necessary quantities of meat from the Gulf.  
The demand in the Persian Gulf is for beef, mutton, pork and poultry. The Kenya Meat Commission has been successful in securing the necessary quantities of meat from the Gulf.

Mr. Hammarskjöld was opening the United Nations Economic Commission for Africa, which will meet in Addis Ababa on January 1. The Commission will discuss the needs of the African people and a well-attended clearing house for an exchange of information and experience.  
The opening session of the commission, which is the first of its kind to be established in different areas of the continent, is expected to last ten days. Among the items to be discussed are the economic situation of Africa and the commission can play in furthering economic development.

**Change in colonialism**  
Membership is open to Belgium, Ethiopia, France, Italy, Liberia, Morocco, Portugal, Spain, Sudan, Tunisia, Algeria, the United Arab Republic and any State in the area which might later become a member of the United Nations. Africa will be the focus of the commission's work.  
The Secretary-General said the world's attention is now being directed to the formation of the commission as the means of assisting Africa to assume its full role in the world community. He said the commission will be the first of its kind in Africa the colonial phase would give rise to a number of changes in colonialism which will be of much greater duration than in other continents. Africa is the only continent where colonialism was not markedly in a declining stage. He said that it is hardly the same phenomenon which used to be identified with that word.

**Notices served**

# CAPE TOWN WIN THE FIRST 'TEST'

East Africa go down fighting

# Asians lead in annual match

## East Africa put up spirited resistance

UNIVERSITY of Cape Town rugby tourists won the first of three 'Tests' against East Africa on Saturday by 24 points (three goals and two tries) to 15 points (a penalty goal and three tries) after a prolonged and spirited and, on occasion, some intelligently conceived Rugby.

From East Africa's viewpoint the most satisfactory aspect of the game was the manner in which a side largely strange to South Africa's play managed to win.

Only in dense of the more critical situations were there lack of initiative apparent and those times usually always proved fruitful to their opponents.

In the light they battled gallantly against a pack that averaged 200 lb in 14 starts and 4 lb per man with the lightest man 13 stone 11 lb and the heaviest a massive 15 stone.

Enhanced reputations E. Frank Dalton, Kennedy, Sheel of Transvaalia, Young of a Non-reserve XV player a center or an inside forward with enhanced reputations.

It would not have surprised East Africa had they been level of half-time, but they really had to have a better half than they eventually had.

Hard-working pack Among the students, both halves were good and outstanding on the wing and the forward on the field.

Some quick scoring Two minutes after a fine pass received after a loose scrum, enabled Anderson to score again and Jeffrey's kick made the interval tally 15-0.

Italian new European champion EMILIO MARCONI, of European welterweight boxing championship in Milan in a title bout against Jacques Veltrop of France.

W. Indies in early The West Indies touring team had an easy win over the Bihar Government XI at Jabalpur on the third and final day of the tour.

Australia favourites to retain Davis Cup DESPITE their players' unpredictable form this year, Australia are favourites to retain the Davis Cup starting in Brisbane today.

ASIAN'S were all out for a 400 in their first innings in reply to the Europeans' first innings total of 144 shortly before tea on the second day of the annual match on the Sikh Union ground, yesterday, giving them a lead of 363 runs.

Attack mastered Poor opening bowling by Pringle and Thompson, aided by misleadingly placed batsmen to hinder the Europeans' counter-attack. The first 30 came in 47 minutes and the second in barely 20.

# THOMA GAINS Trueman after FINE WIN

Mr. C. F. Hanning leading in Thoma, Mr. F. Trueman after winning the Kenya Grand National at Langony Country Club. Thoma beat Mrs. J. C. Barnett's Honey Laidler by a neck with Mr. and Mrs. H. J. Brown's King's Flight a further head away fourthly.

A HUNGER crowd enjoyed one of the best and most exciting afternoons' racing ever seen on the Tugos course when the Kenya Grand National meeting was in full swing on Saturday afternoon.

They were treated to a superb race for which 12 of the 14 entrants were of the highest class of blood, with the second victory to the name of the veteran Thoma, who made early running.

They were getting Thacker and Christmas Handicap on Mr. W. Stuart's Sea Devil. The All-England Maiden Plate was won by Mrs. J. C. Barnett's Honey Laidler by a neck with Mr. and Mrs. H. J. Brown's King's Flight a further head away fourthly.

## JOCKEYS IN RIOT

FIVE of South Africa's leading jockeys were injured during the last race at the Christmas meeting at the Clearwood Turf Club, Durban, when rising jockeys surged on to the course.

They hurled shoes, bottles and lamps of wood at horses, ran the last two furlongs in front of the stands. Some jockeys even attacked passing buses with sticks.

# RECORD COTTON CROP IN UGANDA LIKELY

"Standard" Correspondent, Kampala.

A LIGHT fall in the overall prospect for the 1952-53 cotton crop in Uganda is predicted by the Agricultural Department. The department, however, is maintaining its estimate of a record crop of 435,000 bales.

In the first months of the new season, crop estimates to 2,211 bales, was increased by 1,000 bales in the Eastern Province and 200 bales in the Northern Province.

During the same period last year, marketing amounted to a total of 2,735 bales.

It is expected that weather conditions will be favourable for the crop, but that the start of the season will be delayed by a month or more due to the late start of the rains.

"Despite the lower estimate, it is not clear that any change in the overall picture of 435,000 bales is warranted."

Looking downstream at the Kariba Dam on the Zambezi in Rhodesia. The picture shows the dam in Rhodesia's Caprivi. The dam was closed recently and hundreds of tons of rock were poured behind the steel structure before the final project was completed. By 1954, the dam will produce 500 megawatts and will create the second largest artificial lake in the world, some 2,800 square miles in area.

## DECREASE IN TRADE WAR FEAR

BEIJING'S Foreign Minister, Mr. Wang said in Moscow that there is more chance of success than failure in the Organization for European Economic Co-operation's discussions on the Free Trade Area project on January 15.

He said his final contacts with representatives of other nations at the Paris talks, even with the British and French, showed that there was a political as well as an economic desire in each agreement. He did not believe there would be any "repeals" as the result of any disagreement.

## Fewer idle ships in British ports

THE gross tonnage of British shipping laid up for reasons other than repair, dropped last month below the million mark for the first time in over five months, according to figures published in London on Saturday by the Chamber of Shipping of the United Kingdom.

A total of 146 ships of 507,881 tons was idle in ports in Great Britain and Ireland including 38 tankers of 217,246 tons.

This compares with the previous month's figure of 211 ships laid up totaling 1,026,281 tons.

Seventy-two foreign ships, including five tankers totalling 68,828 tons, were also idle in British ports. The picture for foreign vessels since July has been much the same, the Chamber reports.

## LESS U.S. GOLD

The United States Federal Reserve returns for the week ended December 17 shows that gold stocks were \$19,906,000 lower at \$29,574,000,000.

## SHIPPING AT MOMBASA

Deep-water quay berth No. 2, Port of Mombasa, is now being used by the Kenya Government for the storage of goods. The quay is now being used by the Kenya Government for the storage of goods.

Mr. G. K. Lindsay, of present an assistant general manager of the National Rubber Bureau, Mr. H. C. Hughes said this in his recent statement on the world's rubber situation regarding the commodity.

## Consumption of rubber on increase

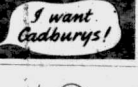

THE world's consumption of natural rubber in 1952 exceeded production by 20,000 tons. Next year, consumption is expected to run ahead of output by the same amount.

The president of the National Rubber Bureau, Mr. H. C. Hughes said this in his recent statement on the world's rubber situation regarding the commodity.

"He said the gain in 1952 has been made despite a decline in consumption in the United States.

"It is anticipated that for the year now coming to a close, the world will have consumed 1,900,000 tons of natural rubber as against a production of 1,870,000 tons.

"World consumption by 1953 will have risen, more than 200,000 tons and this would be met by the natural rubber industry was, therefore, trying to increase production as much as it could, he said."

## Bigger sales of textiles

WHOLESALE textile sales during October in London exceeded a further shaker seasonal peak. The total value of sales slightly below the level reached last year.

An index prepared by the Wholesale Textile Association in conjunction with the Bank of England, and based on the 1950 figures, is being used as a guide to the current position. It is not clear, however, whether the figures recorded in October, 1952, are better or worse than the figures recorded in October, 1951.

## NEWSPRINT DROP

Britain's largest of newsprint and paper mills, the Wiggins Teape, Ltd., reported last year a 10 per cent drop in production.

## Union's reserves up

South Africa's gold and foreign assets, valued at 1,071,000,000 of the rand ended December 12, compared with 1,000,000,000 in the previous week. The Reserve Bank stated.

# NAIROBI STORES ALL READY FOR A RUSH BY HOUSEWIVES

AN ARTISAN GARDENER TAKES PRIDE IN A ROSE: CHRISTMAS AT NAIROBI EVENTIVE HOME

## Stocking up for holiday

SHOPKEEPERS are anticipating a busy few hours of Christmas shopping this morning, with thousands of housewives flocking to the stores to buy their Christmas gifts. The stores are expected to be very busy, and many are expected to be open late into the evening.

The Nairobian shopping crowds will be made up of the hundreds of holiday-makers returning to the city. They will be seen in the streets, many of them carrying their shopping bags, and many of them carrying their children. The stores are expected to be very busy, and many are expected to be open late into the evening.

# PROTEST AT FAIR SITE

YOUTH paper has been an extremely useful medium for public expression for and against the establishment of a permanent fun fair in Nairobi City Park.

I am not necessarily against the idea of having a fun fair in Nairobi. My protest is mainly directed towards the establishment of the fun fair on some streets and roads to the boundaries near the proposed site. If the fun fair is to be established, it should be situated from any residential area in the City Park area.

As a resident near the proposed site, I believe that I give right expression to the opinion of most of my neighbours who had written and submitted to the principal of the City Council advising the establishment of the fun fair in the City Park area.

I am in the course of talking to my neighbours and the police I expect to lodge with the City Council. About 100 neighbours near the site have already signed the form.

B. JAMNADASS,  
Nairobi, Dec. 22, 1962.

# Museum trials

HAVING an overseas visitor staying with us for two weeks and Sunday's newspaper being discussed, we thought it a good opportunity to visit our local museum.

No wonder Sunday's visitor said to us, "I have never seen a museum before."

The existence of such a museum is a matter of course. It is a matter of course that the children could play in the park.
