## ONLY 5,000 OF ORIGINAL 77,000

### DETAINEE'S COMMITTEE ASKS TO BE REVIEWED

#### Minister to take great exception

#### 300 CONVICTS

(1) The 77,000 Mau Mau detainees who were originally detained during the height of the Emergency, only 5,000 are still under detention this was stated by the Minister for African Affairs, Mr. Johnston, in House of Legislative Council.

He added that the Government had taken a bold step in transforming 200 convicts sentenced for Mau Mau offences into those who would be eligible for the parole-extended release. Of the 200 convicts still in certain categories could be transformed. He was speaking in Tuesday's debate in a reply to Mr. Rwigyema (Ry.) and Dr. J. K. Njiru of the Government. The House had approved an amended bill which substituted the words "a large proportion" for "all".

#### Effect of K.K.M.

The Chief Secretary Mr. Cairns stated reasons for the majority of the Emergency, and there were with the detainees being put through the pipe line that to have "so long as their names are not on the list of those responsible for the Emergency".

Another reason was the inclusion of K.K.M. in the list of those responsible for the Emergency. He stated that in K.K.M. were those who were not Mau Mau, but who were included in the list of those responsible for the Emergency. He stated that the people who are in the list are those who are responsible for the Emergency, and that the Government is not prepared to release them until they have been cleared of the charges against them.

#### Killer named in anonymous letter

The letter, which was received by the Government, stated that the killer of a certain person was named. The letter was anonymous and the Government is not prepared to disclose the name of the killer.

## CRIMES OF VIOLENCE

### Judge's concern on use of cane as deterrent

UNCERTAINTY whether corporal punishment of the type to which courts in Kenya were restricted was any further deterred to crimes of violence was expressed by Mr. Justice MacDuff in the Supreme Court, Nairobi, yesterday. He was sentencing Mwana Karanja (26), who had been committed to the Supreme Court for sentence on a robbery with violence charge.

MacDuff, who had been sitting in the Supreme Court since the 1952-53 session, expressed his concern about the use of the cane as a deterrent. He stated that the use of the cane was not always effective in deterring crime, and that the courts should consider other methods of punishment.

## CRITIC OF TAX BILL METHODS

Unofficials not consulted. The text criticizes the methods used in the preparation of the tax bill. It states that officials were not consulted in a timely manner, and that the bill was rushed through the legislative process.

### Triple-Tough Tyres by GOOD YEAR

#### HOW TOUGH CAN YOU GET WITH A TYRE?

A tougher test than you could give them! Your air tyres have to take a terrible lot of punishment — hammering home so tight in this dramatic Good Year demonstration. Here it is: a Good Year 3-T Nylon tyre. It's really tough — triple tough with triple safety of nylon.

Nylon is the nearest fibre to steel in strength — and far and away the best. Pound for pound, it's stronger than steel. Nylon is so tough that nylon cords can be made from, making 3-T walls both lighter and thinner at the same time. Stronger thinner they don't heat up so fast — staying within the heat dispersion quicker. No case with heating — the toughest triple of blowouts — is pushed right into the background, right out of your mind. And these thin walls, being more flexible, give extra riding too.

To match the strength, comfort and safety built into your today, you need the modern miracle of nylon — in Good Year 3-T Nylon Tyres.

FOR TRIPLE SAFETY; TRIPLE COMFORT  
TRIPLE ECONOMY — INSIST ON  
**3-T NYLON TYRES**  
BY **GOOD YEAR**

More than 32,000 crushing pounds of pressure bear down relentlessly on this Good Year 3-T Nylon Tyre. The steel wheel buckles — yet not one single nylon cord is broken.

# NEWER CONVICTED FOR DEATH OFFENCES

Offenders mostly Meru

Under the new law, 11 offenders were sentenced to death for various offences. The offenders were mostly Meru, with a few from other tribes. The offences included murder, theft, and other serious crimes. The court proceedings were held in a public hall, and the sentences were pronounced with great solemnity.

The court also dealt with several other cases, including those involving property disputes and family matters. The judgments were delivered in a clear and concise manner, and the court's decision was widely respected by the community.

# PLEA FOR MORE AFRICANS ON KISUMU BOARD

The Kisumu Municipal Council is currently reviewing its composition to ensure a greater representation of African citizens. A plea has been made for more African members to be appointed to the board to better represent the interests of the local population.

The council members have agreed to consider the plea and will hold a public hearing to discuss the matter. It is hoped that this initiative will lead to a more inclusive and representative council.

Frozen farm produce goes by road haulage

Land titles

LONG-RANGE refrigerated trucks are being used to take Kenya's farm produce to the Northern Rhodesia Copper belt.

Some 150 tons of produce are being transported by road haulage to the Northern Rhodesia Copper belt.

In this, the second of two articles on the personalities of modern refrigeration methods, DAVID ALEXANDER describes the difficulties faced by road hauliers operating refrigerated trucks on routes in East Africa.

OVERSEAS LEAVE: A REASON FOR REFORMING U.K. IMMIGRATION LAWS

THIS question of overseas leave is a strong added reason to reform the British laws. I am concerned only with the case of those who are fighting for other employees, some of them from Kenya who I am sure they will find practically indefensible when they are away from their own country.

...in the United Kingdom. The reason for this is that the British Government has not been able to secure the necessary reforms in the law which would allow the return of these workers to their own countries.

... AND HIGH PERFORMANCE, TOO!

The Fifteen Hundred is traditionally Wolseley in quality and truly modern in performance. It has that much extra which is needed for motoring in East Africa.

This car has been built for sufficient time to have a thorough testing over really rough roads and has not been found wanting in any respect. The Wolseley Fifteen Hundred handles remarkably well on bad surfaces and turns the road on the straightest of corners. The centrally situated front gear change is a joy to operate. At an average speed of 40 m.p.h. the petrol consumption is between 34 and 38 m.p.g. of great importance in these days of economy!

Here you have a car which is worth every penny, plus its National price at £729

## FOOLISHNESS OF JOMO CULT

### Inevitable delay before emergency is lifted

WHILE the Kenya Government is in process of releasing the last of the Tika prisoners, as long as the secret society known as K.K.M. remains, and while people are so foolish or so wickedly ignorant as to frame the 'Jomo Cult', then the lifting of the Emergency in Kenya must inevitably be delayed.

The Hon. Mr. K. N. Singh, Minister for Agriculture, said at a public meeting in Nairobi yesterday that the Government must not be lulled into a false sense of security by the lifting of the Emergency.

# MAY'S WARNING ON BOUNCERS IN AUSTRALIA

**PETER MAY**, captain of the M.C.C. tourists, made his views about bouncers clearly known shortly before the arrival of the team in Perth. At a Press conference May said: "Although I believe the bouncer is a legitimate weapon, I don't believe in it as a means of getting a wicket. If a fast bowler is bowling too many, I shall have a word with him. We don't want any incidents."

The England captain said that although his staff was based on Perth, he intended to get an over-enthusiastic bowler in Perth because he realized the importance of the bowler in the Perth later this month.

May said that with only two regular spinners in the party, the new arrival probably will have to take the field with one or two spinners. It was also expected that the M.C.C. party would be in Perth for the next few days.

# HUMBLE PRAYER IN A LONDON STREET FOR THE POPE

SERVICES took place in Roman Catholic churches all over the world yesterday, while Pope Pius XII was buried in St. Peter's, Rome. Left: Londoners kneel in simple prayer in the Westminster Cathedral after news had reached London on Thursday morning that the Pope was dead.

The scene of a pilgrimage from all over Ireland on the site of a parish church in Dublin, where the late Pope was buried, is shown in the picture above. The church was built on the site of the barn which the saint used as his first church in Ireland.

Below models display the latest French Kuf airplane for the coming season at the Hotel George V in Paris. The picture shows, left to right: Eureka, an eight-seater biplane; Marmalade, a four-seater; and Madame Bonaparte, a full-length crop.

Let's take a look at the latest in fashion. The picture shows a woman in a dark, elegant dress standing in a room, possibly a hotel lobby or a fashion show setting.

# TENTS OF TAXATION CUTS AID MARKETS

### Week opens on firm note

Comhill Reuter (E.A.), Ltd.

WITH the advance on Friday, Wall Street prices and commodity prices fell in America and in Europe. The main reason for the decline was the news that the Chancellor of the Exchequer, Mr. Morrison, had announced a number of tax cuts. These cuts were expected to stimulate the economy and were seen as a sign of confidence in the future. The market reacted positively to the news, with many stocks rising and commodity prices firming up. The week opened on a firm note, with traders looking for further gains.

# New water purifier

This machine with the look of a radio-tube is a major purification appliance that has been developed in France. A demonstration was given in Paris when water drawn straight from the River Seine was used. Water from any source can be pumped into the machine and after being passed through the various filters is delivered pure.

# VALUABLE LESSONS OF TRADERS' CONVENTION

OVER 150 African traders from all parts of Uganda, after spending four days last week in discussion on trading problems, voted strongly in favour of holding another traders' convention in Kenya next year. The meeting was held at the Uganda Hotel in Kampala on Monday. The convention was attended by 150 traders from all parts of Uganda. They discussed various trading problems and decided to hold another convention in Kenya next year. The convention was a success and the traders expressed their satisfaction with the results.

# Further cut in New Zealand imports

The United Kingdom Government has announced a further cut in New Zealand imports. This move is part of the Government's efforts to reduce the trade deficit. The cut will affect a wide range of goods and is expected to have a significant impact on New Zealand's economy. The Government hopes that this measure will help to balance the trade account and improve the overall economic situation.

## U.S. WELCOMES TRUCE

### EXTENSION BY PENDING Further talks expected to reach a TALKS ON COMMUNIST

MOVES by the United States Government to persuade the Chinese Nationalist Government to modify their attitude over the offshore islands. Quemoy and Matsu were expected last night as a result of the Communist extension by two weeks of its suspension of shelling of the islands.

Earlier, the Bermudez Parkes, President Kai-shek was conferring with the United Defense Minister Mr. McElroy. It is understood that Mr. McElroy put forward a plan for the extension of the Nationalist government on the offshore islands.

#### Negotiations with both sides

The Washington Post reported the Communist Government would not accept the United States proposal to negotiate a truce with the Far East. The United States Press Secretary asked whether Mr. McElroy would accept the 40-day extension of Communist shelling. Negotiations concerning both sides had resumed in person. Nationalist officials continued to insist that the United States should not take any action until the Communist Government had announced its willingness to accept the extension of the 40-day truce. The United States Press Secretary said that the United States would not accept the Communist proposal unless the Communist Government agreed to accept the extension of the 40-day truce.

# INQUIRY INTO STATE OF ECONOMY SUGGESTED

Two problem exciting challenge to Colony

## Dangers facing Kenya

ADDRESSING the third annual session of the Kenya Muslim League at Mombasa at the weekend, the president, Mr. Zafar-Deen, said he thought inflation, heavy taxation, the credit squeeze and a fall in prices, followed by unemployment were producing a crisis in the economic stability of the country and ushering a period of depression.

Mr. Zafar-Deen said that the Government should apply a more realistic approach to its economic policy and that it should report to the people on its activities.

## RELATIONSHIPS WITH THE EAST

Mr. Zafar-Deen said that the Government should apply a more realistic approach to its economic policy and that it should report to the people on its activities.

# HIGH STAKES WINS TOP RACE OF DAY

## Firm going

THE first day of the Nairobi Queen's Day Festival provided a terrific afternoon's sport. It was the most exciting day of the year. The racing was the best of the year. The weather was perfect. The track was in excellent condition. The horses were in top form. The jockeys were in perfect command. The race was a triumph for the firm going.

Most Irish leads the field of 11 to win the second race, a Division I handicap over 5 1/2 miles. An Irish lead in a three-length win in Queen's Day (Trotting). Third was Spanish Mail ridden by George. Most Irish is owned by Mrs. D. Inly and is trained by Mrs. Inly.

# Moby Dick has tough opposition

By 'BLACK DIAMOND'

THE big race today at the Queen's Day Cup, run-over nine furlongs. Moby Dick won the race last year carrying 14 1/2 stone. The weight he has acquired this year will be an opponent, and three-year-olds, including Puntigall, winner of the Kenya National and E.A. Derby, both of them of the Derby, Trail Blazer and Lady Eleanor and Arrowbone, second and third respectively in the same classic. The opposition is, therefore, strong but I regard MOBY DICK as one of the best made & distance horses seen in Kenya and do not hesitate to place him as the favorite.

Full particulars are: 2 1/2 MORELLA, 5 1/2 BISSAKA, 5 1/2 AITICHAFI, MOBY DICK, (Noddy), 3 1/2 KARIKI of BATTERY.

# SHARP RISE IN BRITISH UNEMPLOYED

Low output of Uganda sugar in September

Total up to 476,000

Production of sugar in Uganda in September fell to 4,300 tons—the lowest figure for four years.

MORE people were unemployed in Britain last month than at any time since the war, except for two months of a fuel crisis in 1947. Official figures show that unemployment increased by 30,000 between mid-August and mid-September, bringing the total to 476,000.

Anticipated

Output of the country's sugar industry is expected to fall further in October and November.

## PREMIER GIVES RALLYING CALL TO PARTY

**Devotion from delegates**  
**Speech in school**

Prime Minister, Mr. Macmillan, received one of the biggest ovations of his career from a Conservative Party conference at Blackpool after a speech urging the call for victory at the next General Election.

Mr. Macmillan's own rise to a commanding personal position as its leader and as a world statesman.

In his world-ranged speech to 4,000 delegates Mr. Macmillan said that he had not given up hope of a "summit meeting and was prepared to go to any ground outside the United Nations."

Discussing the growth of nationalism, Mr. Macmillan said that Asian and African countries were trying to break free from a long dream determined by the "tubed power of the past."

Others coming for the first time into the darkened hall were intrigued to find their way into the hall which would reveal themselves as a "summit meeting and was prepared to go to any ground outside the United Nations."

Many of the delegates were the uncommitted "swing" voters, and those of the West. They could not help but play off their own interests against those of the East, and the Communist propaganda.

Mr. Macmillan said that throughout his long career he had tried to bring about a more equitable and just world, and that he was now in a position to do so.

Delegates took out their own copies of the speech and read it with interest.

# SETTLERS FAVOR ANNUAL MATCH

### 'New look' teams show better step by Kongonis' selectors

SETTLERS will take the 20th anniversary of the annual football fixture on the Kenya Highlands. The fixture has been the game of the year for many years, when players from both sides meet to play a friendly match. The fixture is a tradition that has been maintained for many years, and it is expected to attract a large number of spectators.

### M.C.C. give £500 to East Africa

The M.C.C. have given £500 to the East African Cricket Council. The money is intended to help the development of cricket in East Africa. The M.C.C. have been generous in their support of the game, and it is hoped that this contribution will help to improve the standard of cricket in the region.

### Major problem

The major problem facing the cricket community in East Africa is the lack of facilities. Many of the grounds are in poor condition, and there is a need for more investment in the sport. It is hoped that the M.C.C. contribution will help to address these issues.

# IN Five Rugby Tests for Springboks

CAPETOWN University will play five Test matches during their 14-game Rugby tour of East Africa in December. The tour is expected to be a success, and it is hoped that the Springboks will perform well against their African opponents.

### Captain's advantage

The Springboks captain has a significant advantage over his African counterparts. He has more experience and a higher level of skill, which will be a major factor in the team's success. It is expected that the captain will lead the team well during the tour.

### Officials

The officials for the Rugby tour have been announced. They include several experienced referees and umpires, who will ensure that the matches are played fairly and to the highest standard.

### Nairobi Asians at Mombasa

A group of Nairobi Asians have been seen at Mombasa. They are expected to be on their way to East Africa for the Rugby tour. It is hoped that they will have a successful trip and enjoy the matches.

# Britain's lead reduced by New Zealanders U.S. GOLFERS THIRD

THE British and Irish team, favourites for the title, had their overnight lead of six strokes reduced to four when the second round of the world amateur golf team championship for the Eisenhower Trophy was played at St. Andrews. Golfing conditions again were favourable, with a strong wind and a clear sky.

### Hollow success

The British team's success in the first round was somewhat hollow, as they were unable to maintain their lead in the second round. The New Zealanders showed a strong performance, and the U.S. golfers also showed improvement. The competition is expected to be very close.

# KENYA'S COSSAGE CHANCE

Morecambe still the favourite. The destination of the message cup will be decided this afternoon when Kenya take the field against Scotland. The match is expected to be a close one, and it is hoped that Kenya will emerge as the winner.

### TANGANYIKA WIN

Tanganyika are assured of their place in the competition as a result of their 2-1 win over Zanzibar last night. The match was a closely fought one, and it was a relief for Tanganyika to secure the victory. They will now be looking forward to their next match.

### Yankers win world baseball title

The United States team have won the world baseball title for the first time. They defeated the Japanese team in a closely fought final. The victory is a great achievement for the team, and it is hoped that they will continue to perform well in the future.

## TODAY CARS LIKE YOURS WILL BE OPTIMAL IN THE CALTEX FUEL ECONOMY RUN—

# BETWEEN NAIROBI AND MOMBASA—OCT. 11-12-13

### M.P.G. tested over 650 miles of typical Kenya roads

The Caltex Fuel Economy Run to be held on October 11-12-13 is designed to test the miles per gallon performance of typical production touring cars of typical Kenya conditions. Competition entry under classes (Ford, Vauxhall, Opel, etc.) engine capacity and over. Any one of our agents will be glad to advise you.

Organized by the East African Motor Sports Club and strictly supervised by scrutineers, the popular annual event is held under the International Sporting Code of the Federation of Automobile Clubs of the General Competition Regulations of the R.A.C. and F.A.S.C. Independent regulations.

A one-day competition tank was designed to hold 100 litres of Super Caltex and used in the following conditions as in Caltex News.

The Caltex Fuel Economy Run is a strictly supervised by scrutineers throughout. At the finish seals are removed and it takes the remaining petrol and is carefully measured. Road tests are assessed on a mile per gallon basis, calculated by the meters and by dividing the finished mileage for the route by the gallons consumed. Maximum time allowed for all classes is 12 hours.

Assistance is permitted (except for scrutineers) and adjustments affecting fuel consumption are permitted only if alterations include the use of public as is necessary due to changes in load. The results of the Caltex Fuel Economy Run are published in the Caltex News and also in the Caltex News.

# TODAY'S RACE SELECTIONS

## Fancy Man favoured for the Merwyn Ridley Cup

By BLACK DIAMOND

Attention on the card for the first day of the Queen's Cup meeting at the Farning Course, Nairobi today is centred on the Merwyn Ridley Cup, a handicap over a furlong, which has long since attracted plenty of cover. The going is likely to be very firm. It is worth noting that the favourite, the grey, is likely to be very firm. The first runner is a grey, the second a brown, the third a bay, the fourth a bay, the fifth a bay, the sixth a bay, the seventh a bay, the eighth a bay, the ninth a bay, the tenth a bay.

### Economy run: 27 entries

The fourth annual motor race, organized by the East African Motor Sports Club and sponsored by Calves (Africa) Ltd., takes place this week-end. There are 27 entries, including several motorcycles and cars. The race will be held from Nairobi to Machakos and back. It is expected to be a very successful event.

### Comfortable winners

At the opening of the 1954 motor race, the favourite, the grey, won comfortably. The second runner was a brown, the third a bay, the fourth a bay, the fifth a bay, the sixth a bay, the seventh a bay, the eighth a bay, the ninth a bay, the tenth a bay.

## City Council pair take Isherwood Cup from Royal Nairobi

The Nairobi City Council Bowls Club pair, A. Graham and H. Thorne, defeated G. Ashford and P. Dracott of Royal Nairobi G.C. Bowls Club by seven shots in a very close game to win the final of the Kenya Bowls Association pairs championship, which carries with it the Isherwood Cup. The final produced some excellent bowling from both pairs and there was only one end of which it was relatively bad.

Graham and Thorne were out to prevent Royal Nairobi from winning this competition for the third year in succession. They went into an early three shots lead at the first end, but the home team were over-keen and the visitors were able to level the score at the second end.

At this stage the grey had a relatively firm grip on the match. In the third end the grey had a relatively firm grip on the match. In the fourth end the grey had a relatively firm grip on the match. In the fifth end the grey had a relatively firm grip on the match.

### Scotland in Maxwell Brady Cup final

Scotland is through to the final of the Maxwell Brady Cup. The winner of the Scottish Cup will play the winner of the Irish Cup in the final.

### FIVE-TON GOW

Graham and Thorne finished comfortably winners in 26 shots in 19. The Cup was presented to the winners by the War President of the K.B.A. who with 17 bowls was the champion for the year.

### Christian Science can make life worth living

Beyond the demands of just making a living, everyone wants to feel life better, purer and usefulness. We all encounter the question: "What am I here for?" Science and Health with keys to the solutions by Mary Baker Eddy, shows where the answer lies in an understanding of what God is and therefore what man, made in God's likeness, must be.

# Definitions

WHILE the Financial Secretary was addressing the Central Legislative Assembly on the Income Tax Bill a good deal of backroom discussion was going on about the proposed Section 249.

# EXAMPLES OF CONCESSIONS

Mr. Hooper referred to the concession which had been made in the case of the 1957-58 year, when the effect of the concession was to reduce the tax payable by 10 per cent.

# SITUATION OF INDIVIDUAL

Mr. Hooper said that the situation of the individual taxpayer was a matter of great importance, and that the Government was determined to do all that was possible to ease the burden of taxation.

# AGREEMENTS ON TAXATION

Another agreement which was reached was that the Government would consider the possibility of introducing a concession in the case of the 1958-59 year.

# ORIGIN OF PROPOSALS

The origin of the proposals was a matter of some interest, and Mr. Hooper said that they had been the result of a long and careful study of the situation.

# TERRITORY COMPENSATION

There was a high degree of interest in the matter of territory compensation, and Mr. Hooper said that the Government was determined to do all that was possible to meet the needs of the territories.

# OVERSEAS LEAVE

There was a high degree of interest in the matter of overseas leave, and Mr. Hooper said that the Government was determined to do all that was possible to meet the needs of the overseas forces.

Everyone is saying it! FAB is the perfect washing powder. It washes clothes cleaner and whiter than any soap. And it's non-toxic and safe for your children. That's because FAB—and only FAB—brings you these wonderful advantages:

- \* FAB gives you instant rich suds—in all kinds of water, hot, warm or even cold.
- \* FAB is not like ordinary soap—it does not leave a dulling soap scum (the sticky deposit which turns your clothes grey and old-looking).
- \* FAB has a wonderfully sweet smell—it leaves your clothes smelling sweet and fresh.
- \* FAB is mild to hands—housewives everywhere use FAB for all washing jobs in the home.

**Profits down but dividend increased DALGETY REPORT**

LOWER group profits but a higher final dividend are the two features of the annual report of Dalgety and Co. Ltd.

In the report for the year ending June 30, 1957, the directors state that except for a slight drop in the second half the group results before taxation showed a 10 per cent increase with the net figure of £1,015,000.

## MR. HINCHEY DEFENDS EQUITY OF INCOME TAX BILL

New vote system in France  
Select Committee's scope and MORE AMENDMENTS

It is said that the bill is chargeable on the profits of companies will be 15% in the case of "misapprehensions" by the financial services of the High Commission, Mr. H. J. Hinchey, when he moved the second reading of the East African Income Tax (Management) Bill in the Central Legislative Assembly, sitting in Nairobi today.

He said this rate was intended to ensure that the private companies income taxable at the standard rate of 5/10 in the E would bear something approaching the maximum individual rate of 15% in the E. It is claimed unattributed for the avoidance of tax at the maximum rate.

Referring to the fact that several prominent members including Messrs. H. J. Hinchey and Mr. Hinchey said that further but not costly amendments could have been considered.

**CLOSER TIE WITH SYRIA**

There was applause when Mr. Hinchey said it was proposed to refer the Bill to a Select Committee that would immediately follow completion of the second reading debate on which was deferred until today. He added that in accordance with the accepted practice the Committee would consider its duties and report to the Central Legislative Assembly on its second reading.

Mr. Hinchey told the members that the bill was a measure that would give the maximum individual rate of 15% in the E. It was pointed out that the bill would be a measure that would give the maximum individual rate of 15% in the E. The ruins of the "lost city" at Gedi, about the present site of Malindi, east of Mombasa, are being excavated. Here a woman looks on as the work goes on in the site of the Great Malindi.

# Coastal memorials of East Africa's past

GEDI is the only pre-colonial coastal memorial in East Africa. It is a site of the Great Malindi, a city of the Swahili coast which was a centre of trade and culture for centuries. The ruins of the city are being excavated, and the site is being preserved as a national monument.

## Plant diet for first spaceship voyagers

SPACE travellers of the future may live on plants, grown in specially designed habitats, according to the report of a group of Soviet scientists.

The reports quoted by the news agency Tass said again contained a large quantity of protein and vitamins, far in excess of what had been grown in the specially-equipped rooms of a laboratory simulating the conditions in space ships.

### Six-month supply

It had been established that about an acre of plants could be grown in a week, enough to feed one man. For six months three plants would thus provide the necessities of a space ship.

The Soviet Academy of Sciences, Academy of Science, was quoted as saying that Soviet scientists had already developed a special soil to enable such plants to withstand the initial acceleration during the first few hours of the journey.

# STRIKING DESIGN AND MURALS OF NEW FORT HALL CHURCH

THE new Church of the Martyrs at Fort Hall will be consecrated by the Bishop of Mombasa, the Rt. Hon. J. Beecher, on Sunday at a ceremony to be attended by the Governor of Kenya and Lady Mary Baring. The church, of which the foundation stone was laid in May, 1955, by the Archbishop of Canterbury, has been erected as a memorial to all those who lost their lives in the Mau Mau uprising.

The architect, Mr. Julian Hill of Hoe's Bridge, sketched the striking features of the building in the design deposited in the office of the architect, Mr. Elmo. The design is a striking example of the Mau Mau plans upset.

The church is being completed and a Book of Common Prayer is being read in the church according to the instructions of the Emergency Committee. The church is a memorial to the Mau Mau uprising.

THE I.C.A. STORY  
I.C.A. does not stop engine deposits. Nothing can do that. But it neutralises them as they form in the combustion chambers and on the spark plugs of your engine. This prevents them glowing red-hot and firing the mixture independently of the spark—the cause of power loss and rough running. Thanks to I.C.A., your engine will always give you full performance and run more smoothly.

# MARKETS RESTRAINED BY FIGURES FOR UNEMPLOYED

## Trade study plans being examined

**P**ARLIAMENTS IN BRITAIN AND THE U.S.A. are being urged to examine the possibility of instituting a trade study plan which would help to reduce unemployment.

The International Chamber of Commerce (ICC) has issued a report in which it suggests that such a plan should be based on a study of the world's economic conditions, and that it should be a part of the international trade system.

The report states that the world's economy is in a state of depression, and that the only way to bring about a recovery is to reduce unemployment. It suggests that a trade study plan should be based on a study of the world's economic conditions, and that it should be a part of the international trade system.

The report also states that such a plan should be based on a study of the world's economic conditions, and that it should be a part of the international trade system.
