Mombasa Sports Club's FIRST TIME mixed fortunes BEATEN

MOMBASA SPORTS CLUB who beat Wanderers in the first of two matches in Nairobi, crashed to a 10-point defeat at the hands of Parklands Sports Club in their second fixture. The Mombasa side was only at half strength but the games provided practice for two Coast players who have been invited to play in the London Olympics. Scorer in the encounter here, was **D. Butler** and **J. Woods**.

Wanderers defeated

WANDERERS were without some of their top players because of injuries and could only cope in the main with the tactics of Mombasa captain, **Parker**, who was well supported in the field.

Parklands victory

THE Parklands club's victory over Mombasa was due to the fact that they were able to score in the first half and to hold their lead throughout the second half.

BUY LOCAL and be proud of it!

...are good local products in the shops... products you as an East African housewife can be proud of... In the last fifty years we've learnt to make and grow a lot of things in this country... Many, perhaps, than you realise... Local products have cover a very large range indeed of food-stuffs and manufactured goods... When you buy them you're investing money in your own country and your own future... Next time you go shopping... buy local!

SUPERSHELL WITH I.C.A.

Modern, high compression engines consume more power with greater fuel economy...
...that's what every motorist wants!

Just watch one thing... These wonderful engines are specially sensitive to harmful deposits in combustion chambers and on spark plugs which upset ignition and so waste power. They run best on I.C.A. — the remarkable Ignition Control Additive, exclusively to Shell which neutralizes the deposit and prevents them spoiling your performance.

Just two handfuls of Supershell will show you the difference I.C.A. makes in the performance of your new car.

NEW RECORDS SET UP BY WORLD BANK

Higher level of operations

The World Bank, during the year ending 30th September, has set up new records for the highest level of operations in its history, according to the Board of Governors at the annual meeting in Washington today. The report, presented by the President, Mr. Eugene B. Black, suggested that the Bank was entering a new and higher level of operations.

The Bank made a record in lending nearly \$1 billion during the year ending 30th September, a net total of \$225,000,000 from the regular market.

The bank raised \$270,000,000 through the sale of its bonds and other securities, while disbursements, as it was found, reached a record of \$1,182,189,000.

Two new countries

The report said the bank's loans were made in 28 countries, two of which — Nigeria and the Philippines — had never before received World Bank loans.

Henry Kauf, vice-president, said the bank's operations were not restricted to the regular market, but included the sale of securities and other financial services.

The bank was also active in the field of social power, the report stated. It sponsored with the Nigerian Government a committee of technical power studies which the Government has since accepted. This study was regarded as one of the most important in the world.

Good offices used

The bank's good offices were used in 18 countries, the report said.

These cranes lifted this 60-ton, 190-ft long "blow down" stack into position at the Brown Petroleum Co. Kansas City refinery in Western Australia, near Perth, in under 20 minutes. The stack is the highest vertical structure in the refinery's new \$42,000,000 capacity re-refining plant.

Zanzibar spring Gossage surprise

ZANZIBAR surprised the formbook in the first match of the New Storage Cup competition at the African Stadium with a goalless draw with the reigning territorial champions Uganda. Chief credit for the outstanding performance was given to Maud Mubanga, who during the last five minutes when Uganda were pressing incessantly, saved all from the pipers. Uganda's right winger Bakula, who scored two goals in the first half, was the only player to be booked during the match.

ASIANS TOO STRONG FOR ADEN XI

Hostile bowling by Bressen and Patel

ADEN COMMAND cricket team were no match for the Kenya Sports Association XI in the Kenyan Districts final and lost by 142 runs. Only two of their batsmen, Collins and Buckley, reached double figures, the remainder being unable to cope with the hostile bowling of Bressen and R. B. Patel. Bressen and Patel gave the Asians a good start and their total of 224 was low. Bressen overtopped 100 and high a target for the Kenyan batsmen to face each before being taken for a fourth time by Collins. Bressen also took a fourth wicket behind the stumps by Collins. Bressen's strike rate was 17.7 runs per over. Bressen's bowling was particularly good. He bowled for 41 runs. Four of his five wickets were taken by the Kenyan batsmen. Patterson gets big offer

FLOYD PATTERSON has been offered \$750,000 to defend his world heavyweight title in Seattle against incoming champion, Sampan, next summer.

The offer is a significant one, reflecting Patterson's status as one of the top fighters in the world. The fight is expected to be a major event in the boxing calendar.

IMPALA RETAIN RECORD

IMPALA P.C. retained their unbeaten record in the May League by drawing 1-1 with the Kenya Regiment at Ngong Road. They may have lost it in the closing stages of the game when they were outplayed by the Kenyan team.

The game throughout was a struggle, with both teams showing determination. Impala's defense was particularly strong, but they were unable to break through the Kenyan attack.

The Kenyan team, led by their captain, played with great skill and teamwork. They were particularly effective in the final third of the game, but Impala's goalkeeper was excellent.

SUGGESTED ENLARGING OF RESOURCES

America's proposal welcomed

Report of Monetary Fund

AMERICA'S proposal to enlarge the International Monetary Fund's resources was welcomed today by the director of the Fund's operations.

The report, however, did not mention an option for increasing the number of countries prepared to make far-reaching adjustments to their monetary and economic policies and thus give strong justification for the granting of international credits to help them bridge temporary gaps.

Responsibility warning

But it warned that even if the Fund's resources were made larger, it would not be the primary factor in the event of a breakdown of world progress. All countries had to take the responsibility for effective action to deal with recession, it said.

The report said these two separate aspects of the Fund's operations, the greater public liability program for the world, were complementary and supported each other in the event of a breakdown.

Promptness saved 'crack'

Disinflation in Britain and the United States, the report said, had helped to avert a world-wide 'crack' in the international economy.

The report said that the promptness of the measures taken in the United States and Britain to deal with inflation had been a major factor in the success of the international economy.

TANGANYIKA, Kenya's opponents at the African Stadium tomorrow in the Gossage Cup, were the last of the teams to arrive in Nairobi, having completed their training and competed in several trial matches.

This meant that they had had almost all of their training done in Kenya with a side that has had several months of experience from 19 to 22. Several of their players, however, have had a number of years of experience in Kenya and have been successful in many trials.

HIGH STANDARD SET BY PRIZE CATTLE

FURTHER prize-winners in the cattle classes at the Royal Show at Mitchell Park are given below. Cops were presented yesterday to the winning entries in the Inter-related Classes after a parade in the arena. The judges praised the high standard of the exhibits, despite the difficulties caused by the recent outbreaks of cattle disease in the Colony. Entries in the Bikaner and Jersey sections in the menagerie were the merited participants.

It's the close-up look that tells you. **BLUE OMO** gives you the **WHITEST WASH** in the WORLD

All whites look fairly white at a distance—but it's the close-up look that tells you when clothes have been washed in Omo, the wonderful blue powder. That's because the washing catches your eye because it's white, really white! Blue Omo gives you the whitest wash in the world—everything has that 'special' look about it that simply asks to be admired. If you wash with blue Omo you can be sure of getting the day they are for coloured things—they come up as gay and bright as the day they were new. For washing you can be proud of, for the whitest wash in the world, make sure there's a packet of blue Omo in your home.

—it's best for coloureds too!

Have you noticed the ever increasing number of **Vehovels** and **Aronds** on the roads?

I certainly have, ... proves how good they are and it shows how the public respond to the truly remarkable after-sales-service offered by **MARWAHA MOTORS**

THE AFRICAN MERCANTILE CO. LTD.

ONE of the highlights of the second day of the Royal Show at Mitchell Park was a show jumping match between a team of visitors from the Belgian Congo and a team selected from Kenya jumpers. Later the Governor's Cup, Sir Evelyn Baring, accompanied by the president of the R.A.S.K., Sir Charles Markham, talks to the Belgian Congo team before the start of the match.

Below left: The Director of Agriculture, Mr. R. S. M. Swaminathan, presents the Perpetual Challenge Cup to a representative of the Kenyan Pyrethrum Growers' Cooperative Society, Kamburu.

Below: The Hampshire Dawn champion, Sheplock, notorious Dancer, belonging to P. Stewart-Tony and Sons. The ram is being held by Mr. Richard Torv.

I am civilized

By Adapters

Located from deep down below the earth's surface, I am extracted to a unit and transported to this modern oil refinery (we re-convert)—I am fractionated, distilled and cracked and await my next adventure. Now I have a lot of fun. Various grades of products (in other words me in several forms) are now ready for the next stage. We are all beautifully refined—all that "crackoline" is left over. You should look at us. You won't even recognize me. The products are now stored in smartly painted storage tanks. Life here is placid and serene... until those marketing men come along.

Here they come... Sleek trucks with flying Red Horses parked all over, ready to take the refined petrol to Red Horse Service Stations. Here I fulfil my destiny. In so doing I try to give more power than others of my kin, give smoother performance, more miles per gallon. In the end it is agreed that I give worth all the trouble I took to find and refine me—by those drivers who regularly use me.

SYSTEM TO PREVENT KIBUNDI DELAYS

Letters to the Editor

ZEBRA CROSSINGS

DURING my recent trip I had this thought: 'Why do we not have a system of zebra crossings in Kibundi?' This is a question which is being asked by many of our motorists. In fact, the road is very dangerous for the motorist, and it is a pity that no steps have been taken to improve it.

It is a fact that the road is very dangerous for the motorist, and it is a pity that no steps have been taken to improve it. The road is very narrow and the traffic is very heavy. It is a pity that no steps have been taken to improve it. The road is very narrow and the traffic is very heavy. It is a pity that no steps have been taken to improve it.

The zebra crossings are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea. They are a very good idea.

...over this and I have thought a system would have been made to be excellent later. ... Our narrow roads, crowded with heavy traffic and, ... Our narrow roads, crowded with heavy traffic and, ... Debarking

THERE is a perfectly simple question any car can perform on a dog called "debarking". This does not render the dog deaf and greatly reduces the volume of noise he can produce. It is a simple operation which should be completed to the satisfaction of all.

Copy-right

I AM profoundly indebted to Mrs. E. Lewis's library for a dog which reflects the author of script and the purpose of heart of his master. It would be just to pay tribute to his neighbors as well as to the dog, thanking you.

Hospital costs

I have heard that the cost of hospitalization is very high. This is a fact which is being recognized by the Government. It is a pity that no steps have been taken to reduce the cost of hospitalization.

QUEEN MOTHER MAY ATTEND ELDORET SHOW

Cypriots murder woman

Dates fixed to coincide with R.A.S.K. Show

THEIR WEATHER... The dates for the Queen Mother's visit to the Eldoret Show have been fixed to coincide with the Royal African Show from March 6 and 7 to February 13 and 14. Subject to further confirmation, the Queen Mother would visit the show on the second day a Saturday, and was expected to spend several hours at the show, where she would be entertained to luncheon.

Attacked with stones

Confirmation that the Queen Mother would almost certainly visit the Western Kenya Show at Eldoret early next year during her tour of the Colony was given yesterday by the president of the R.A.S.K. Sir Charles Northam. Reports about the visit had circulated all day among spectators at the Royal Show.

U.S. FEARS ON CHINESE ATTITUDE

Grand parade of cattle

Many of Kenya's finest dairy cattle paraded in the second Mitchell Park yesterday. The number—about 170—was the largest specified of that at the grand parade last year, because inland country-wide quarantine for either lungy skin or foot-and-mouth disease had prevented many leading exhibitors from sending their animals.

23,000 visitors to Mitchell Park

It is estimated that about 23,000 people visited the show yesterday. The number who visited for admission of the gates was 110,000, of which 8,710 on Monday, 10,000 on Tuesday, 10,000 on Wednesday, 10,000 on Thursday, 10,000 on Friday, 10,000 on Saturday, and 10,000 on Sunday.

Pastrano loses to Brian London

BRIAN LONDON, the British and Empire heavyweights boxing champion, gained a shock win over Willie Pastrano, the American who is currently ranked No. 3 in the world, in their bout at Harringway Arena.

London had scheduled for the world title, but was stopped by Pastrano in the fifth round because of injury to Pastrano's hand.

Won three rounds
A capacity crowd of over 10,000 British fans were packed into the Harringway arena for the fight which Pastrano had won in the first round. London won the next three rounds.

The show that ended the fight was a hard right from London to Pastrano's eye which Pastrano did not see. Pastrano was then knocked out by London in the fifth round. Pastrano had taken two rounds and the other was won by London.

ATTRACT BIG CROWDS

Wide variety of goods

Trade stands at the Royal Show are more varied and colourful than ever before, depicting every kind of commodity available in the local markets.

Early morning fog gave the trade section a slightly somber look, but the bright sun which appeared later dispelled the gloom. One of the most popular attractions was the display of the Clippier cigarette advertisement, which was being shown by the Clippier cigarette company.

GOOD START FOR SALES OF TANGANYIKA AFRICAN COFFEE

Cotton for textiles trade deal proposed

At the first sale of African-grown coffee from the Southern Province of Tanganyika held at Nairobi on the auction of Thursday, all the 300 bags offered from the Tanganyika African Co-operative Trading Agency were sold, although the market was particularly weak.

These were 24,253 bags of Kenya coffee offered. There was a very early bid for coffee up to 100 bags for 70 cents per cwt. There was a tendency to withdraw as soon as the coffee was offered.

For a grain the bidding was most erratic with a generally weak tendency for the bid to go up.

Also offered were 1,274 bags of European-grown Tanganyika coffee.

From bids were—

TANGANYIKA F 313 to 328/7
 T 321 to 327/76 AF 321 to 330/0
 B 322 to 329/76 PB 328 to 330/0 A 342 to 344/50

 B 322 to 329/76 PB 328 to 330/0 A 342 to 344/50

Quality high

The quality of the coffee was high and the bidding was brisk. The coffee was sold at a high price and the market was very active.

ADDRESS CHEERED

SIR ROY WELERSKY was cheered for several minutes when he officially opened Kenya's 1958 Royal Show at Mitchell Park, Nairobi, yesterday. Thousands of people in the packed stands rose to their feet after the speech by the Prime Minister of the Federation, and the announcer could not make himself heard for a time.

Generally the show, attended by between 10,000 and 15,000 people, got off to an auspicious start. The day was perfect, with a clear sky and a gentle breeze.

Tribute to commerce

The show is a tribute to the progress of the country since independence. It is a reflection of the growth and development of Kenya.

FIRST 'LADY' OF NATIONALIST CHINA APPEALS FOR AID

By SUSAN VAUGHAN

As a troupe of three again... Madame Chiang Kai-shek, the elegant wife of Nationalist China's Generalissimo Chiang who is 60, has toured the United States speaking on behalf of the Nationalist cause. Although she is not making quite her dramatic speech before the same impact, she is as eloquent as when she made her debut 15 years ago.

Like other Chinese wives who let her husband appear in the spotlight, she knows her considerable talents. She is a woman of the most powerful woman in the world today.

Little Rock pupils still locked out: Legal wrangle even more confused

PUPILS of Little Rock, Ark., who were locked out of their schools last September, remained in court today as the legal wrangle over their return to the schools became more confused. The pupils' parents and teachers argued that the school board's refusal to admit them was unconstitutional. The court's decision was expected to be a landmark ruling on the rights of students to attend public schools.

NON-RACIAL DECISION UPHELD

Court's opinion STUDENTS had a fundamental right to be admitted to public schools regardless of race, the Supreme Court ruled today in a unanimous decision. The ruling was seen as a victory for the Little Rock parents and teachers who had fought the school board's segregationist policies.

One moment, Madam ...

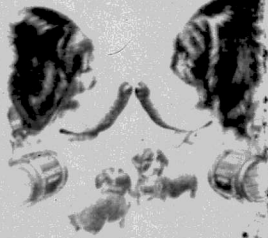

THERE are good local products in the shops... you as an East African housewife can be proud of. In the last fifty years we've learnt to make and grow a lot of things in the country, more, perhaps, than you realize. Local products now cost a lot less than imported goods. When you buy them you're investing money in your own country and your own future. Next time you go shopping—buy local, and when you go to the Royal Show make a point of looking for the special "local" exhibits.

BUY LOCAL and be proud of it!

TRAVEL COSTS INCREASE

BETWEEN 1951 and 1952 expenditure by East African Railways and Harbours on all staff passages to and from East Africa increased by £148,219—from £165,130 to £313,349. An official of the administration pointed out that the increase was largely attributable to increases in fares—both sea and air.

He said that the particular increase in air fares expenditure was due to the fact that the Government is allowing a 50 per cent rebate from the normal rates for the purpose of making this year's year-end pay for 1951. The Administration's expenditure on passages over the past year was £1,482,119, £1,368,280 and £1,134,000 in 1951, 1950 and 1949 respectively.

Inducement terms

An inducement scheme will confer 40 years of age with not less than ten years' service for each year of service in a normal tour of 40 months, and with ten years' service or more, five days a month for a normal tour of 40 months and ten days a month over a 50-month tour. A man with previous pre-employment service may claim five days a month for the first three days of a normal tour and with the years' service or more five days a month over a 50-month tour. A man with previous pre-employment service may claim five days a month for the first three days of a normal tour and with the years' service or more five days a month over a 50-month tour.

First-class travel

Regarding sea passages between East Africa and Britain, the railway will offer a 50 per cent rebate on first-class fares for a normal tour of 40 months, and a 25 per cent rebate for a normal tour of 50 months. The railway will also offer a 50 per cent rebate on first-class fares for a normal tour of 40 months, and a 25 per cent rebate for a normal tour of 50 months.

Men of the staff who are entitled to 40 years of age with not less than ten years' service for each year of service in a normal tour of 40 months, and with ten years' service or more, five days a month for a normal tour of 40 months and ten days a month over a 50-month tour. World Fair tour by Princess

MARGARET

PRINCESS MARGARET yesterday toured the World Fair in Brussels and lunched at the Britannia, the typical English "pub" outside the British pavilion there, with the British Commissioner General, Sir John Bullivant.

The Princess, on a four-day private visit to Brussels, also met some of the younger staff members of the pavilion. Late on Monday night, she was dubbed by excited fair-goers during a visit to "Merry Belgium" in the Brussels village, and "The Canadian," a miniature village.

Today the Princess will drive to the royal hunting lodge at Cierogn in the wooded Ardennes to dine with 20-year-old King Baudouin and other members of the Belgian royal family.

SOLID LABOUR VOTE ON ATTACK ON COLONIAL POLICY

Unity 'shaken'

MEMBERS OF THE Labour Party in the House of Commons today attacked the Government's policy in the Far East, and the Government's aid to Chiang Kai-shek.

The party was split on the subject of the "aid to Chiang Kai-shek" and the "aid to the Chinese Government" and the "aid to the Chinese people".

The resolution declaring that Britain should not support a war to defend the Chinese offshore island of Quemoy was unanimously passed at the annual conference of the Labour Party at Scarborough. The Opposition spokesman, Mr. Hugh Gaitskell, presented the emergency resolution.

The aid to Chiang Kai-shek was rejected by a vote of 100 to 70. The aid to the Chinese Government was rejected by a vote of 100 to 70. The aid to the Chinese people was rejected by a vote of 100 to 70.

A DIFFERENT VERSION OF AFRICAN HISTORY

Letters to the Editor

LEAD with interest Mr. T. J. Mboya's views on recent conference of African leaders at Ikwawza. His opening paragraph suggests that "history" for the Africans started with the signing of the Webster-Crawford agreement.

It is a pity that the writer has begun to take on the back of the "new" version of East African history, a very different one from the one which Mr. Mboya is so warmly recommending.

In 1928 I posed a number of questions to the Imperial Government of Britain in regard to the partitioning of East Africa into British and non-British territories. The answers were given in a document which I have since referred to as "The Partitioning of East Africa".

When I left the Department of State in 1931, I took with me a copy of this document, and I have since referred to it as "The Partitioning of East Africa".

The document is a very interesting one, and it is a pity that it is not more widely known. It is a document which should be read by all those who are interested in the history of East Africa.

Association leaders must struggle to the maximum. British No. 10, of which results, in the case of starting business, is a very different one from the one which Mr. Mboya is so warmly recommending.

The Association of African States, Nairobi, Sept. 27, 1960.

Street noises

I WOULD be glad if something could be done about street noises. In view of the foregoing, we are writing you to express our regret that we are unable to do anything about it.

The noise is a very serious one, and it is a pity that it is not more widely known. It is a noise which should be read by all those who are interested in the history of East Africa.

The PHILIPS PHILISHAVE in a new design

There's a message for all men: Are you one of them? Sure you are! The number of old-fashioned men who still use safety razors is dropping fast. Even a not quite so modern man may look old-fashioned. That's why you need to get on your feet and your skin. Because at third years may reveal your outlook upon the world. Men shave with an electric dry shaver and since most of those modern men do it with Philips Philishave, the most efficient shaver! A new model has just come out and it is a better than previous types.

Go to a Philips dealer. Just ask him to show you the new Philips Philishave. He demonstrates its smooth, light and ready running. It's a pleasure to use. It's the difference of the shaver on your skin. That will convince you for more than any advertisement!

TRAINING IS ESSENTIAL

Whichever way you look at it, the fact is that the farmer who has had the best training is the one who is most likely to succeed. Training is essential for the farmer to be able to manage his farm efficiently and to take full advantage of the opportunities available to him.

Help you create a more efficient, more effective enterprise. The Association for Training Within Industry, Commerce and Agriculture of East Africa is the only organization in the region that provides training for farmers.

We shall be glad to see you at our Stand in Mitchell Park, near the Railway Cinema.

Write to the Secretary, The Association for Training Within Industry, Commerce and Agriculture of East Africa, Box 3986, Nairobi.
