MEMBERS' AMENDMENTS KEEP THEM AWAKE LAST NIGHT

'No Government Retreat Over Transport Bill'

By THE EDITOR

LONDON, July 24. (By THE EDITOR) The members of the House of Commons who were engaged in the Bill by national road transport.

The House had sat continuously for 23 hours and 20 minutes, only one hour short of the record set on the 26th August, 1946, when the House of Commons sat for 23 hours and 15 minutes to debate the Government's Transport Bill.

Despite strong opposition not one of the 340 amendments were carried and for the Government, the Transport Minister, Mr. Alfred Barnes, made it clear that there was no intention of retreating from the Lords' challenge.

Transport Minister Alfred Barnes

Terrace Breakfast In The Sunshine

Mr. Barnes' persistent rejection of amendments made by Conservative peers despite impassioned and, at times, heated speeches from the Opposition Benches.

Despite their long shift of wakefulness the Members of Parliament showed far less sign of wear and tear than they did after the debate on the Corporation Bill and many of them got up for a "second wind" after breakfast on the terrace of the House beside the river Thames in brilliant morning sunshine.

They Awoke With A Jerk

LABOUR Members of Parliament were awakened this morning by the news that the Government had rejected amendments made by the Opposition Benches.

The Government had rejected amendments made by the Opposition Benches in the House of Commons on the Transport Bill.

Hot Denial

The Minister said that the Government had no intention of retreating from the Lords' challenge.

The Transport Minister, Mr. Alfred Barnes, made it clear that there was no intention of retreating from the Lords' challenge.

The Agrarian Problem

In proposing his motion drawing attention to the continuing deterioration of the land and water assets of the Colony, Mr. S. V. Cooke has rendered a considerable service to the Government. It is not concerned with the House votes to proceed that by accepting the motion that Kenya will all at once be stung into its waking and the Government will be reminded of the political tangle, but we are concerned to be dealt with in a manner commensurate with their magnitude and urgency. Mr. Cooke is not satisfied that this is so either in the narrower sense of the measures and to which no answers could be given. It was for that reason that they had invited Dr. Khan to visit the Colony in order to see the situation.

COUNCIL CONCLUDE THE DEBATE ON 'THE COMMON ENEMY'

"In These Great Problems Kenya Has Need Of Her Sons Of Every Race"

HERE we have a common enemy and it is a very fine thing that all races can get together to combat it. In these great problems, Kenya has need of her sons of every race. With these words Mr. S. V. Cooke rounded off the debate on the Colony's land and water problems in the Legislative Council. The Government to disclose its plans, was carried unanimously.

It is interesting to note that Mr. Cooke's speech was not only a warning to the Government but also a challenge to the people of the Colony. He pointed out that the Government had a duty to ensure that the land and water resources were used in a manner that would benefit all sections of the community. He also stressed the importance of involving the people in the decision-making process.

"Jolly Good"

Mr. Cooke's speech was met with a warm reception from the members of the Council. Many of them expressed their appreciation for the clarity and insight of his remarks. They also agreed that the Government should take prompt action to address the issues raised.

For 20 Years

The Council has been in existence for 20 years. During this time, it has played a significant role in the development of the Colony. It has provided a platform for the expression of public opinion and has helped to shape the policies of the Government.

Showing Signs

The Council is showing signs of becoming a more effective body. It is beginning to take a more active role in the oversight of government activities. This is a positive development that should be encouraged.

Itanga Hills

The Itanga Hills are a beautiful area that has been the subject of much discussion. There is a need to ensure that the land is used in a way that preserves its natural beauty while also providing for the needs of the community.

Could Be Solved

Many of the problems facing the Colony could be solved if there was a greater sense of unity and cooperation between the different sections of the community. It is essential that we work together to find solutions to our common problems.

Squatter Problem

The squatter problem is a serious one that needs to be addressed. It is essential that the Government take steps to ensure that the land is used in a lawful and orderly manner. This will help to protect the interests of the legitimate landowners.

Investigations

Investigations are being conducted into various aspects of the Colony's affairs. It is important that these investigations be thorough and unbiased. The results will help to inform the Council and the Government of any areas that need attention.

Under-

There are several areas that are currently under investigation. These include the management of the public services and the efficiency of the government departments. It is hoped that these investigations will lead to improvements in these areas.

The Standard Clock

The Standard Clock is a symbol of the unity and cooperation that is needed for the Colony to progress. It represents the idea that all sections of the community must work together to move forward. This is a message that should be embraced by all of us.

Let Us Note

Let us note that the Council has a long way to go if it is to fulfill its potential. It must continue to work hard to ensure that it is an effective and representative body. This will require the support and participation of all members of the community.

Key's Progress

Key's progress in the various areas of his portfolio has been commendable. He has shown a strong commitment to the welfare of the Colony and has taken many steps to improve the public services. It is hoped that he will continue to make significant contributions to the development of the Colony.

Trailing Cane Plan

The Trailing Cane Plan is a new initiative that aims to improve the lives of the people in the rural areas. It involves the distribution of cane seedlings to the farmers, which will help to increase their yields and improve their standards of living. This is a very welcome development.

Thika Feat

The Thika Feat is a remarkable achievement that has inspired the people of the Colony. It is a testament to the strength and determination of the Kenyan people. We should all be proud of what they have accomplished and strive to emulate their example.

FEDERATION OF MALAYA NEXT YEAR? Kenya To Grow More Tea

FEDERATION OF MALAYA
London, July 24.
Malaya states and the two British settlements of Penang and Malacca may be achieved early next year according to a British Colonial Office spokesman this afternoon.

Considerable progress has been made in the negotiations for the federation of Malaya and the two British settlements. It is expected that the final agreement will be signed in the next few months. This will be a significant step towards the development of the region.

The Laws

The laws of the new federation will be based on the laws of the constituent territories. It is essential that there be a high degree of consistency between the laws of the different parts of the federation to ensure a smooth transition.

Singapore Job

There is a need for a job in Singapore to ensure that the new federation is well-run. It is essential that the person in charge has the necessary experience and skills to manage the affairs of the new entity.

Food Shipment For U.K. Cleared Off

The food shipment for the United Kingdom has been cleared off. This is a relief for the British people who have been waiting for their supplies. It is a testament to the efficiency of the shipping companies and the government's efforts to ensure the smooth flow of goods.

THE REASON

There are several reasons for the current situation in the Colony. It is essential that we identify these reasons and take steps to address them. This will help to prevent similar problems from occurring in the future.

Standard Diary

The Standard Diary is a useful tool for the people of the Colony. It provides a clear and concise overview of the events of the day. It is a must-have for anyone who wants to stay up-to-date on the news.

Medicines Stolen

A quantity of medicines has been stolen from the hospital. This is a serious matter that needs to be investigated. It is essential that the stolen medicines be recovered and that the responsible parties be held accountable.

Today's Cause List

Today's Cause List is a list of the cases that are being heard in the courts. It provides a clear overview of the legal proceedings of the day. It is a useful resource for the public and the legal profession.

"Nonsense"

It is nonsense to say that the Colony is in a state of crisis. The situation is under control and we are making progress. We should not allow ourselves to be misled by those who are trying to create a sense of panic.

If you have a taste for good wines...

If you have a taste for good wines, you will want to try the wines from the Colony. They are of a high quality and offer a unique flavor. They are a great choice for anyone who appreciates fine wine.

SHERRIES

There are several types of sherry available. Each has its own unique characteristics and flavors. It is worth trying them all to see which one you like best. They are a great accompaniment to many dishes.

PORTS

There are several types of port available. Each has its own unique characteristics and flavors. It is worth trying them all to see which one you like best. They are a great accompaniment to many dishes.

It is absorbed into the blood stream, it reaches the seat of the trouble, it acts on the system, it relieves the pain, it restores the system, it restores the system, it restores the system.

Tanganyika's 10-Year Plan To Raise Standard of Native Education

PREPARING PUPILS TO PLAY PART IN DEVELOPMENT SCHEMES A REVISSED plan for the development of African education in Tanganyika has been prepared as the result of a decision to raise the standard of native education. The plan is based on the assumption that the standard of education should be raised to such a level that the pupils will be able to play a part in the development of the country.

The plan is based on the assumption that the standard of education should be raised to such a level that the pupils will be able to play a part in the development of the country. E. A. SISAL INDUSTRY "UNIQUE" IN THE EMPIRE

Labour Diversion Effect On World Food Position

THE EAST AFRICAN sisal industry had produced more than a LAKH tons of hand fibre since the beginning of the war, and is now held in a unique position in the Empire and the sterling area as the only industry of its kind which that region can supply.

Mr. H. H. HINDS, Director of the Kenya Sisal Corporation, at a luncheon during the first Platters Day at the Agricultural Exhibition, Nairobi, recently, said that the Sisal Experiment Station, Nairobi, was the only station in the Empire which produced the entire sisal fibre and that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre.

He said that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre, and that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre.

COTTON CROP YIELDS 232,387 BALES

(LONDON CORRESPONDENT)

As a estimate of the total cotton crop of Uganda and Kenya the amount in the first quality is estimated to be 232,387 bales.

Mr. H. H. HINDS, Director of the Kenya Sisal Corporation, at a luncheon during the first Platters Day at the Agricultural Exhibition, Nairobi, recently, said that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre.

USE PERMA LATERAL PESSARIES

guard against complications following parturition in COWS and PIGS

One of the most common causes of sterility in cows occurs in inflammation or unsatisfactory treatment after calving.

PERMA Lateral Pessaries should be used in the immediate hours following parturition.

The position with regard to the sisal industry in East Africa is unique in the Empire and the sterling area as the only industry of its kind which that region can supply.

Mr. H. H. HINDS, Director of the Kenya Sisal Corporation, at a luncheon during the first Platters Day at the Agricultural Exhibition, Nairobi, recently, said that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre.

More than 100 members and guests attended the annual meeting of the Kenya Sisal Corporation, which was held at the Agricultural Exhibition, Nairobi, recently.

Mr. H. H. HINDS, Director of the Kenya Sisal Corporation, at a luncheon during the first Platters Day at the Agricultural Exhibition, Nairobi, recently, said that the sisal industry in East Africa was the only one in the world which produced the entire sisal fibre.

Linseed Has Arrived For Kenya Experiments

AS part of the general campaign against the world-wide shortage of vegetable oils, an appeal was recently made by the Ministry of Food in the United Kingdom to farmers in East Africa to grow linseed for the extraction of oil. There is reason to believe that this year the crop in East Africa, especially at the higher altitudes.

A communication from the Ministry of Supply, London, has been received by the Kenya Sisal Corporation, which will be of assistance to the farmers in the Highlands of Kenya in the growing of linseed.

The communication states that the Ministry of Supply is interested in the growing of linseed in East Africa, and that the Ministry of Supply is interested in the growing of linseed in East Africa.

K.F.A. Notes And Market Report

Parsons are mentioned that with the war and the fact that they must be satisfied if continuity of operation is to be assured.

We are publishing weekly market reports for the benefit of our readers. These reports are prepared by the K.F.A. and are sent to our members by post. They will have to wait until the next issue of the magazine for their reports.

Parsons are mentioned that with the war and the fact that they must be satisfied if continuity of operation is to be assured.

THE WEEK'S WEATHER

Based on the weather of July 25-26, the weather for the week is predicted to be similar to that of the week ending July 25. A strong monsoon will be blowing from the west-northwest and will be blowing from the west-northwest and will be blowing from the west-northwest.

M.P. Suggests Proper Control Of Labour In East Africa

A DANGER that the East Africa governments' collective might reach a deadlock concerning white prices in the Native Reserves, if the Colonial Conference does not meet, is stated in a report by one M.P. in the Commons Chamber.

It was intimated that an inter-tribe conference would be considered as a means of settling the African claims against the East Africa governments.

Duchess At E.A.W.L. Hampton Court Party
Lady Eleanor Cole Reports Progress

A MOST enjoyable party was given at Hampton Court Palace on Tuesday H.R.H. the Duchess of Gloucester attended a meeting of the English branch of the East African Women's League. There was an exceptionally large attendance.

Lady Eleanor Cole, in President of the League, gave a warm welcome to the Duchess and her party, and made with the various sections of the League, including the Children's Hospital and the various welfare societies. It had been very successful in its work, and she was very glad to see the Duchess and her party.

The meeting was held in the presence of the Duchess and her party. The Duchess was very glad to see the Duchess and her party.

Charming

The Duchess of Gloucester looked very charming in a lovely gown, a dress, obtained at the way down, light blue, and with a white and black patterned shawl and a pearl necklace. She received no unusual attention.

Partlands Wedding

The story revolves round the death of a woman by drowning, and the efforts of the police to find the body. The story is very interesting and is well acted.

New East Africa Assembly Is "Urgently Needed"

Paper 210 Scheme Adopted By British Government: In Force On January 1: 'No Community Is Prejudiced'

SATISFIED that the proposal for the composition of the new East African Assembly is in the interests of all sections of the community, the British Government has decided that the scheme proposed in Paper 210 should be put into effect on January 1, 1950. The Colonial Secretary, Mr. Cresswell Jones, announced this in the House of Commons on Monday.

Mr. Cresswell Jones emphasized that this was not to be regarded as a step towards the fusion of the three territories, but as a step towards the formation of a new East African Assembly. He stated that the interests of all sections of the community would be fully safeguarded.

All Views Have Been Studied

This was Mr. Cresswell Jones's statement. It is now over six months since the proposal contained in Paper 210 was published and they have since been widely discussed in East Africa. I have most carefully studied the views expressed by all sections of the community in the three territories as recorded in the East African Press and in the communications addressed to me by the various committees and individuals in the territories.

'Not The Case'

Under the revised proposals the number of representatives of each of the three territories will be equal. It is not the case that the interests of any section of the community will be prejudiced. The proposal is in the interests of all sections of the community and will be put into effect on January 1, 1950.

DOMINION SURE BRITAIN WILL PULL THROUGH

Singapore's Self-Denial They Are Ready to Share In The Sacrifices

London, August 1. (AP)—The British Government's crisis plan showed confidence in Britain's ability to win through. The Cabinet in all parts has stressed the readiness of the dominions to share in the sacrifices demanded from the people of Britain. From Canberra, for instance, it is reported that Australia expects soon to announce a programme of aid to help Britain. The Prime Minister, Mr. Churchill, said yesterday that there was every likelihood of an early reduction in the Australian petrol ration. Britain has recently accepted that Australia's rate of consumption should be the same as her own, said the Prime Minister. If Britain had to increase the use of petrol drawn from the starting area this in turn would probably affect Australia's imports.

NEW SHIPS PREPARING TO SAIL?

London, August 7. (AP)—The three British "deception" ships which were ordered to sail for the Mediterranean yesterday refuelling in the Aegean Sea but there was no word of their destination. The three ships have been seen in the Aegean Sea, according to a source in London. It is believed that the ships are being ordered to sail to the Aegean Sea, where they will be refueled and then sent to the Aegean Sea. The ships are being ordered to sail to the Aegean Sea, where they will be refueled and then sent to the Aegean Sea.

Terrorists Sabotage Railways

Amsterdam, August 1. (AP)—A series of railway sabotage attacks were reported in the Netherlands today. The attacks were carried out by a group of terrorists who are active in the Netherlands. The attacks were carried out by a group of terrorists who are active in the Netherlands. The attacks were carried out by a group of terrorists who are active in the Netherlands.

Mountaineering Achievement

London, August 7. (AP)—A group of mountaineers from the United Kingdom have achieved a new record in the Alps. The group, led by a British mountaineer, has reached the summit of a high mountain in the Alps. The group, led by a British mountaineer, has reached the summit of a high mountain in the Alps.

Diesel To Pull Flying Scotsman

London, August 7. (AP)—The Flying Scotsman, the fastest train in the world, will be pulled by a diesel engine. The new diesel engine is being used to pull the train from London to Edinburgh. The new diesel engine is being used to pull the train from London to Edinburgh.

"Thank you!"

 The Motor Mart & Exchange Limited

Our series of advertisements "Courtesy, please!" has come to an end. Greatly appreciated are the many suggestions put forward by interested readers for prolonging the series but quite candidly we feel another advertiser should now take up the cudgels and devote some of his space in the interests of public safety. Apart from this, most of the suggestions were completely divorced from the idea of preserving lives in a B.M.B. for FIVE SHILLINGS which, after all, was the main underlying or apparently public spirited action.

Believe It Or Not - It's The Same Ship

It is at Mombasa in about a week that the "Lushington Castle," member of the Oceanic Line's service, will be seen again during the year. You see her in the "Lushington Castle" and you know it is the same ship which was seen in the North Africa last year and last year.

The "Lushington Castle" has many features which make her a most attractive vessel. She has a hull speed of 18 knots and a service speed of 16 knots. She is a most comfortable vessel and is well equipped for the service.

It is at Mombasa in about a week that the "Lushington Castle," member of the Oceanic Line's service, will be seen again during the year. You see her in the "Lushington Castle" and you know it is the same ship which was seen in the North Africa last year and last year.

At The Cathedral Of The Highlands

Photo Arthur R. Fomon, Nairobi.

At the Cathedral of the Highlands, Nairobi, last Friday Mr. Denis Patrick Magill, President of the Kenya Agricultural Producers' Association, was married to Miss Eileen Magill, daughter of Mr. and Mrs. W. C. Curtis, of Timperley, Cheshire.

The bride was given away by Mr. Denis Patrick Magill, and the bridegroom was given away by Mr. Denis Patrick Magill.

Do You Remember
INGRAM & Co. Ltd.
THE TOOL HOUSE?

And how, for some time before we had to close down, we advertised "NOW JUST INGRAM & CO. LTD."

We have secured premises in DUKE STREET, but the happily position is still so bad, and stocks so limited in range and quantity, we must, to continue as we closed as "INGRAM & Co. Ltd."

You can see the
same Pepsodent!
You may think your teeth are white—but Pepsodent makes them whiter still! There is nothing in Pepsodent, the most efficient cleanser for teeth ever discovered, that makes teeth whiter because it removes all discoloured matter. And—Pepsodent is the only dentifrice containing Fluorine.

JOHN MULLHOLLAND, Auctioneer, MOMBASA.

Chess Returns As A Weekly Feature

By B. Barton-Eckett

In deciding to resume a weekly chess column after a lapse of seven years we think that the proprietors of the East African Standard are rendering a very real service to the chess community of Nairobi and the Colony as a whole. In placing this column which has for so many years ably continued by the late Mr. Spencer Palmer we shall endeavour to keep our readers in constant touch with the latest theoretical developments and literature.

Stephen still on the grand old days of the chess world... think that the present and... chess world... chess world... chess world...

White to move... Black to move... Chess moves and positions.

White to move

White to move

White to move... Black to move... Chess moves and positions.

BOOKS AND THEIR WRITERS AMAZING STORY OF THE PENGUINS

ONE of the most remarkable... ventures has been the Penguin series, and the associated...

They made their first appearance without any great... impetuosity one saw a first... venture... Penguin series...

Mr. Allen Lane... Penguin series... Penguin series...

It is not surprising... Penguin series... Penguin series...

White to move... Black to move... Chess moves and positions.
