Indirect tax supported: Higher school fees opposed BUDGET DEBATED BY COUNCIL

Aid to local industry commended

HOPES that Government policy would be to move more and so on towards indirect taxation were expressed in Kenya Legislative Council yesterday when the Budget was resumed on the Budget speech delivered by the Minister for Finance, Mr. Vagg, on Wednesday.

Congratulating the Minister on the "good" Budget, the Member for Nairobi West, Mr. R. S. Alexander, said it had also introduced, in larger measure, greater incentive to local industries by imposing duties on articles with which they had to compete.

Tribute paid to Minister

Protests that proposed increases in school fees would create hardship among African secondary schools were made by Mr. S. G. Hassan (East Arba) and Mr. R. G. Njau (East Halia) who also criticised the rise in price of beer and said it would mainly affect Africans who constituted 80 per cent of the beer-drinkers in Kenya.

Several speakers agreed Mr. Vagg on the presentation of his sixth Kenya Budget, which is believed to be his last. There was applause from the House when Mr. Alexander said Members should place on record their appreciation of the financial responsibility the Minister had shown for many years.

Mr. Alexander, speaking first, said the Budget had been a success. He said the Government had eliminated its Customs duty on imbalances, an arrangement for longer dependent allowances, and a change in argument to drinking alcohol which had cost the Government more than it brought in.

Mr. Vagg had shown a keen interest in the welfare of the people and had taken steps to reduce the price of beer. He also said that the Government had introduced a new scheme for the welfare of the people and had taken steps to reduce the price of beer.

Space talks by Cabinet

Mr. Mwanishi and the Cabinet were held at the State House yesterday to discuss the proposed space talks between Britain and the Soviet Union.

Mr. Mwanishi said that the Government was taking steps to improve the welfare of the people and had taken steps to reduce the price of beer.

GOOD BY AND LARGH

The proposal Budget was, by far, the most successful in the history of the Kenya Budget, said Mr. Alexander.

The Budget was well received by the members of the House who had attended the session. Mr. Alexander said that the Government was taking steps to improve the welfare of the people and had taken steps to reduce the price of beer.

Field Marshal Viscount Montgomery waves and smiles broadly as he leaves London Airport for his visit to Moscow.

Meeting again in Kremlin

FIELD MARSHAL Viscount Montgomery met Mr. Khrushchev in the Kremlin again yesterday— a move regarded by observers in Moscow as unprecedented. Western journalists and diplomats could not recall any previous example of a private citizen, with the exception of Mr. Winston Churchill, being received for lengthy periods by top Communist Party officials in the Soviet Premier's study.

THE DUKE IS HOME AGAIN

EXACTLY 100 days after leaving London for New Delhi, the Duke of Edinburgh arrived back at London Airport yesterday from his 36,000-mile tour of 42 Commonwealth countries.

On the 42,000-mile tour he met in more than 100 towns and cities, visited 140 airports, and gave 100 speeches. He was accompanied by his wife, the Duchess, and his two children.

The Duke's tour was a success, and he returned to London with a reputation for having been a very successful and popular visitor. He was accompanied by his wife, the Duchess, and his two children.

COMMON POLICY AGREED AT FOUR-POWER PARIS MEETING

FRANK agreement on the position they will adopt in the East-West Geneva talks on May 11 had been reached by the "Big Four" Western Foreign Ministers, stated a communiqué at the end of two days of secret talks in Paris yesterday.

The Western Ministers—Herzog (West Germany), Mc Cormac (France), Acheson (United States) and Mr. Severn (United Kingdom)—completed their preparations for the negotiations with Russia in Moscow, where they had been separately engaged.

They ended their session after a total of seven hours' talks on Tuesday.

The communiqué said the Ministers confirmed their will, previously expressed in Paris in December, 1958, and more recently at Washington, to "ensure that the population of West Berlin and the maintenance of the rights and obligations which the Allies possess in Berlin."

The Ministers also reaffirmed their will to enter into negotiations with the Soviet Union in order to establish a just and lasting peace in Europe.

The results of the conference will be submitted to the Atomic Energy Commission, the International Atomic Energy Agency, and the United Nations.

OPINIONS OF GROUP STATEMENT

LETTERS TO THE EDITOR

MEETING THE MARK CESS

MAY I refer to Mr. H. A. Lennie's letter to the Editor on the subject of the Mark Cess?

The fact that at least one milk supplier in the district (I refer) is working to meet the cost of production is a most encouraging sign.

The Board of Milk Producers are doing well to have taken such an initiative. It is to be hoped that other suppliers will follow their lead.

It is to be hoped that the Government will consider the proposal to provide a grant for the purpose of subsidising the milk supply.

Progress in Nyanza

INCREASE IN CROPS OFFSET RECESSION

ONE of the results of the recession felt in both African and European farming areas in Nyanza last year was that less interest was taken in politics by all races than in 1957 and all preoccupations were increasingly concerned with the day-to-day task of making a living. The Provincial Commissioner, A. C. C. Swann, states this in his annual report.

Governor on islands inspection

THE GOVERNOR OF Nyanza, Sir Robert Gordon Gwyer, has just returned from a tour of inspection of the islands in the Nyanza. He is being met by the Provincial Commissioner, A. C. C. Swann, at the Nyanza Hotel.

NEW PROJECTS

THE GOVERNMENT has approved a number of new projects in the Nyanza. These include the construction of a dam on the Nyanza River and the development of the islands.

Health grants

THE GOVERNMENT has granted a total of £12,000 to the Nyanza District Council for health projects. This includes the construction of a hospital and the purchase of medical equipment.

Tourist scheme

A scheme to develop tourism in the Nyanza is being considered by the Provincial Commissioner. This includes the construction of a road to the islands and the development of the islands as a tourist resort.

School allocation change proposed

A proposal that a number of the schools in the Nyanza be allocated to different areas is being considered by the Provincial Commissioner. This is to ensure that the schools are better distributed and that the needs of the different areas are met.

FAILURE TO DELIVER TELEGRAMS ALLEGED

"Members" of the Nyanza Chamber of Commerce have alleged that the Post Office has failed to deliver telegrams sent to the Nyanza. This is alleged to be a serious failure and has caused considerable inconvenience to the members of the Chamber.

Close administration

THE GOVERNMENT has decided to take a closer interest in the administration of the Nyanza. This includes the appointment of a new Provincial Commissioner and the restructuring of the Provincial Council.

Land enclosure

THE GOVERNMENT has approved the enclosure of a large area of land in the Nyanza. This land is to be used for agricultural purposes and is to be divided into small plots for the benefit of the local farmers.

RED HERRING

A large quantity of red herring has been imported into the Nyanza. This is to be used for the construction of a dam and for other public works. The red herring is of high quality and is expected to be of great benefit to the Nyanza.

CHURCH SERVICES

Services will be held at the Nyanza on the following dates: Sunday, May 12th, 1958, at 10.00 am and 6.00 pm; Monday, May 13th, 1958, at 10.00 am and 6.00 pm; Tuesday, May 14th, 1958, at 10.00 am and 6.00 pm; Wednesday, May 15th, 1958, at 10.00 am and 6.00 pm; Thursday, May 16th, 1958, at 10.00 am and 6.00 pm; Friday, May 17th, 1958, at 10.00 am and 6.00 pm; Saturday, May 18th, 1958, at 10.00 am and 6.00 pm.

GAME HQ. MOVE CAUSES RUMPUS

'Blow' for hunters

NEWS that the Government of the Tanganyika Game Department is to move to Dar es Salaam has caused a rumpus in Arusha.

A representative of the Arusha hunters' association has said that the firm intention of the Government to move the headquarters to Dar es Salaam will mean the end of the Game Department's headquarters in Arusha.

The move will mean a shift of the Game Department's headquarters from Arusha to Dar es Salaam.

The Government has decided to move the headquarters of the Game Department to Dar es Salaam.

The Game Warden in Arusha has been asked to look after the game in the area until the headquarters is moved to Dar es Salaam.

There was a meeting held at the Arusha Game Department on Monday.

Two week-ends will be a hunting season in the game reserves in the area.

Mr. J. M. Mchombi has been asked to look after the game in the area until the headquarters is moved to Dar es Salaam.

Princess Arthur has visited the game reserves in the area.

Budget afterthoughts

Despite the fact that the Government has not yet announced its budget for 1963, it is possible to make a few observations on the likely lines of policy. The Government's budget for 1962 was a landmark one, marking the beginning of a new era of financial discipline. It was a budget of restraint, of economy, and of a determined effort to reduce the deficit. The Government's budget for 1963 is expected to be similar in spirit, but with a few important changes. The most significant of these is the proposed increase in the income tax rate. This is a move which has been widely expected, and it is likely to be a popular one. It will help to increase the Government's revenue, and thus reduce the deficit. Another important change is the proposed increase in the excise duty on alcohol. This is also a move which is expected to be popular, and it will help to increase the Government's revenue. The Government's budget for 1963 is expected to be a budget of restraint, of economy, and of a determined effort to reduce the deficit. It is a budget which shows that the Government is committed to a policy of financial discipline, and that it is determined to reduce the deficit. This is a good sign, and it is one which should be welcomed by the people of Kenya.

Travel towards indirect taxation

In general, the trend continues towards indirect taxation, and the Government is expected to increase its reliance on this source of revenue. This is a move which is expected to be popular, and it will help to increase the Government's revenue. The Government's budget for 1963 is expected to be a budget of restraint, of economy, and of a determined effort to reduce the deficit. It is a budget which shows that the Government is committed to a policy of financial discipline, and that it is determined to reduce the deficit. This is a good sign, and it is one which should be welcomed by the people of Kenya.

**OPERATION NOAH
AS WATERS
RISE AT KARIBA**

By the author of "The Day After Tomorrow"

The rising waters of Lake Kariba have caused a major problem for the Government. The lake is overflowing, and the water is rising rapidly. This is a serious situation, and it is one which must be dealt with immediately. The Government has launched Operation Noah, a plan to evacuate the people living in the area around the lake. This is a major operation, and it is one which is being carried out with great care and efficiency. The Government is expected to complete the evacuation by the end of the month. This is a good sign, and it is one which should be welcomed by the people of Kenya.

Field launched

The Government has launched a major field operation in the area around Lake Kariba. This is a major operation, and it is one which is being carried out with great care and efficiency. The Government is expected to complete the operation by the end of the month. This is a good sign, and it is one which should be welcomed by the people of Kenya.

**Ballet display
at National
Theatre**

The National Theatre has presented a magnificent ballet display. The performance was a masterpiece of art, and it was one which should be welcomed by the people of Kenya. The ballet was performed by a group of talented dancers, and it was a true work of art. The National Theatre has a long and distinguished history, and it is one which should be proud of. The ballet display was a major event, and it is one which should be remembered for many years to come.

UGANDA COTTON PRICE FALLS

'Cushion' for growers

"Student" Comraided

UGANDA'S cotton growers have been told that they will be paid an extra 40 cents a pound for their 1974 crop. This price—which may be revised before the season begins—will help cushion their loss.

The Ministry of National Resources states that the new price is 10 per cent higher than the world market price, which is 18 cents a pound.

The Government has also agreed to buy any cotton that is not sold at the market price for the year 1974 at 18 cents a pound.

As a result, growers have been able to raise their crop to a level that is 40 cents a pound higher than the world market price.

The Ministry of National Resources states that the new price is 10 per cent higher than the world market price, which is 18 cents a pound. The Government has also agreed to buy any cotton that is not sold at the market price for the year 1974 at 18 cents a pound.

MULTIGRADE SAVES... because it's the new all-temperature engine

SAVES your engine—this fro-foving oil instantly protects your engine during the vital warm-up period.

SAVES your battery—Multigrade's reduced oil drag means quicker, easier starting, less drain on your battery.

SAVES your pocket—actual tests prove that Multigrade gives better petrol consumption—up to 15 per cent more on average stop-start driving.

THIS IS WHY: Shell X-100 Multigrade is the modern, all-temperature motor oil, specially suitable for East African motoring. It's thin when the engine is cold—therefore lubricates smoothly and swiftly on starting. Yet even in extreme heat it provides an extra-strong oil cushion between moving parts even when temperatures of 170° C or there are reached.

Oil is cheaper than metal — USE SHELL X-100 MOTOR OIL

**GOOD RACING
AT NAKURU**

Favourites do well

EXCELLENT racing with some good fields and close finishes, was the season's opening meeting at Nakuru on Saturday. But the crowd was smaller than the day, warning flags of the sun flat runs and the National Hunt event. Over again the packed stand soon was full of spectators. The race was carried over to the next morning by the National Hunt event. The six starters ran and the crowd's shouts rang out. The favourites, 'The King' and 'The Queen' were the ones to beat. The result was a surprise to many.

Starboard's results

1st. 'The King' (1000) 1st 1/2. 2nd. 'The Queen' (1000) 1st 1/2. 3rd. 'The Prince' (1000) 1st 1/2. 4th. 'The Duke' (1000) 1st 1/2. 5th. 'The Earl' (1000) 1st 1/2. 6th. 'The Marquis' (1000) 1st 1/2.

Boxer Stanley, left, the Kenya champion who was out of action and of the forthcoming bout with N. M. Lohani, of Uganda, in the arena of Nakuru on Saturday.

**UGANDA BOXERS AGAIN
DEFEAT KENYA**

AS expected, Uganda retained the Millington-Drain Trophy when, in the second 'leg' of their annual boxing match against Kenya on Saturday, they won by seven bouts to three. Kenya had the consolation of winning the two extra bouts, to finish up five to seven on the evening overall and were distinctly unlucky to lose the wrong end of two very interesting contests.

There continued a domination here from the country which has become the mainstay of the sport. The Kenyan boxers were out of action for some time, but they were back again on Saturday.

Won extra contests
But Kenya, with their light-weight and fly-weight boxers, showed some promise. The Kenyan boxers were out of action for some time, but they were back again on Saturday.

FOREST MAKE HISTORY AT WEMBLEY

British Soccer honours Luton ineffective against ten men

BRISTOL Soccer's first ever trophy, the FA Cup, was won by Luton on Saturday, February 24, after leading 5-0 at half-time. The Foresters secured a 1-0 victory in the 18th through-out-night replay at Wembley. Luton's goal came from an own-goal by Davies in the 62nd minute.

The Foresters were much the superior team that they were in its what had been regarded as impossible — six at Wembley. They scored five more than half the time it had taken to score at Wembley.

Luton pathetic
 The loss is particularly severe one for the Foresters, for they have not won the FA Cup since 1893. The defeat is particularly bitter because the team had a superb attack which looked like winning the FA Cup for the first time since 1893.

QUINS' NARROW VICTORY
 KENYA HARLEQUINS scored a narrow victory over the Foresters in the first round of the FA Cup.

Foresters on top
 Only four minutes later the Foresters were two up. Billy Grey, the striker, scored twice in the first 10 minutes.

Glimmers of football
 They lost a golden opportunity through lack of spirit in the 27th goal which might have put them into the final.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car"

READ

In making its annual automobile award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. These are quoted from the April 1959 issue.

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

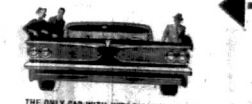

"We the best balanced passenger car in America. We firmly believe that to moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

"Pontiac's lines are clean, simple and beautiful. It has a firm look, a true appearance. The wide wheel design contributes greatly to its overall integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new GM Tempra economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

You need Pontiac dealer will be glad to let you read test that award winning automobile on your own. You'll see why it's the year's most talked about car!

THE ONLY CAR WITH WIDE-TRACK WHEELS
 "It's an eye-to-eye looker. This wheel is wide, the axle is longer, the suspension is better, the steering is better, the ride is smoother, the handling is better. The only car that's wide-track, you'll see it on any road." — Motor Trend Magazine

Problems facing delegates: Soviet Union flies home

GENEVA MEETING

E. AFRICA ATTENDS ECONOMY TALKS

London (Special Report) — The Commonwealth Economic Conference opened in Geneva on Monday with a meeting of the heads of government and ministers from the 17 Commonwealth countries.

The Soviet Union flew home on Monday, leaving its delegates to attend the meeting of the heads of government and ministers from the 17 Commonwealth countries.

One of the central questions facing the Western Powers is what attitude they will adopt if Mr. Gromyko, the Russian, refuses to accept the "package deal" for settling European problems which was agreed by the Western Foreign Ministers in Paris last week.

It is generally expected that Russia will try to isolate the British and French positions in Europe and to force the German renunciation and European security. However, it is also possible that Russia will try to make an innovation which could carry the seeds of a new "European capitalism".

Mr. Winston Churchill arrived in Washington on Monday for a three-day private visit to President Eisenhower.

Mr. Deane, chief foreign policy consultant to President Eisenhower, is expected to meet with Mr. Herter, the American ambassador in London, to discuss the situation in the Middle East.

Chance to end racial extremism in Kenya

Kenya's political climate had recently undergone a considerable change for the better, it was largely due to the arrival of the New Kenya Group and the recent statement by the Colonial Secretary on the Colony's future.

The meeting will not have any real significance unless the Government is prepared to accept the balance of payments proposals. The sterling area — the largest single market in the world — is one of the main reasons why the Commonwealth countries have agreed to accept the balance of payments proposals.

Lost souls reclaimed

WHEN the attacks are returned against the treatment of convicts and officers detained in Kenya, it is an affront, as it was bound to be, the article should be referred to the remarkable achievements described in a report on conditions in the country.

The story of a prison sentence by a court of law is for the most part a sad one. The man who is sentenced to a term of years is usually a man who has been found guilty of a crime. He is taken to a prison where he is kept in a cell, and there he spends the rest of his life. He is usually kept in a cell with other prisoners, and he is usually kept in a cell with other prisoners.

Decision sought with danger

Ever while the courts sit and more and more to the camp and prison, a decision is sought with danger. As the Governor said recently, to have a decision on the matter is to have a decision on the matter of all over the country. It is to have a decision on the matter of all over the country. It is to have a decision on the matter of all over the country.

Young scientists break down drug mould

NEW PROSPECTS IN USE OF PENICILLIN

A. W. HABLETT, a London scientist, emphasizes the importance of penicillin in a survey laboratory.

WHENEVER a new drug is discovered, the first thing that scientists want to do is to find out how it works. This is done by studying the drug in a laboratory. The scientist who does this is called a pharmacologist. He is interested in how the drug affects the body, and how it can be used to treat disease.

Common basis

The ability of scientists to make new forms of penicillin is a practical one, but it is also a very important one. It is a practical one, but it is also a very important one. It is a practical one, but it is also a very important one.

Soil in lead

Penicillin has, however, not only been found in soil, but it has also been found in the bodies of animals. This is a very important discovery, as it shows that penicillin is not only a natural product, but it is also a product that can be found in the bodies of animals.

ACCESS TO SOCIETY RESTORING, DETAINÉES Only 1,000 still held after 78,000 releases

More than 1,000 Mau Mau detainees, including all the women, remain in detention at Mombasa, Kenya, after 78,000 have been released, according to a statement issued yesterday by the Kenya Government.

The statement, issued by the Ministry of Home Affairs, said that the total number of Mau Mau detainees held in Kenya was now only 1,000. It said that the majority of these were Mau Mau men who had been released from detention since the end of the Mau Mau rebellion in 1953.

The statement also said that the Mau Mau men who had been released from detention were allowed to return to their homes and to work on their own land. It said that the Mau Mau men who had been released from detention were also allowed to return to their homes and to work on their own land.

RESTORING, DETAINÉES Governor sees new barracks

The Governor of Kenya, Sir Evelyn Baring, is expected to see a new barracks for Mau Mau detainees in Mombasa, Kenya, today.

The new barracks, which are being built by the Kenya Government, are expected to be completed in the next few months. They will be used to house the Mau Mau men who have been released from detention since the end of the Mau Mau rebellion in 1953.

The Governor is expected to see the new barracks today. He will also be visiting the Mau Mau men who are being housed in the new barracks.

TEN PER CENT DOWN House-buying made easier for all

HOME-BUYING is to be made easier outside Nairobi under the new mortgage regulations approved in the capital. Under the scheme, buyers may obtain up to 10 per cent of the purchase price from a building society, which will advance 50 per cent normally, but 60 per cent if the applicant is a first-time buyer. The balance is guaranteed on the mortgage by the State.

The new regulations, which are being introduced by the Ministry of Lands and Settlements, will also allow buyers to obtain up to 10 per cent of the purchase price from a building society, which will advance 50 per cent normally, but 60 per cent if the applicant is a first-time buyer. The balance is guaranteed on the mortgage by the State.

EMBAKASI CUT-COST QUERY Claim in Council challenged

WAYS used by Nairobi County Council in building the Embakasi water supply scheme have been questioned in a debate in the Council yesterday.

The Council Chairman, Mr. C. K. Njoroge, said that the cost of the scheme had been estimated at KSh. 100 million. He said that the Council had approved the scheme on the basis of this estimate.

However, a member of the Council, Mr. J. M. Wainaina, challenged the Chairman's claim that the cost of the scheme was KSh. 100 million. He said that he had seen a report of the cost of the scheme and that it was much higher than KSh. 100 million.

Lord Portsmouth says future capital assured

BUDGET PROPOSALS PRAISED

Estate duty abolition a 'fillip'

ABOLITION of estate duties had given the first real fillip in recent years to the entrance of new capital into Kenya, Lord Portsmouth (Corporate Member) said in the Kenya Legislative Council yesterday.

He added that it was hoped that the move would also attract new brains and character. In a lengthy speech, Lord Portsmouth also tributed to the Minister for Finance, Mr. Muliyil, for his understanding and wish to help Kenya.

He described the ending of estate duty as a "signpost to the future" which would not only attract new capital to the Colony but help to retain the capital already in the country and hence encourage development.

'Free investment'

He suggested that if the land did indeed have potentialities, as was thought by some, the first step would have a complete survey on water availability, soil fertility and local climatology.

He reiterated his suggestion that an agreed corporation should be set up for the purpose of developing the country. At times of financial stringency, it could be the means of long-term development and of avoiding unemployment.

Speaking in support of the Budget, Lord Portsmouth said that the abolition of estate duty and the beginning of a new era in the development of the country was a landmark in the history of Kenya.

But it is absolutely necessary, he said, that the Government should be able to justify it in the eyes of the people. It is a problem of marketing the land.

"An area was starting to be developed in the African frontier, which although small, was beginning to grow not only through the production of goods and services but through land consolidation.

Lord Portsmouth said the abolition of estate duty was a landmark in the history of Kenya. He said it was a move towards a new era in the development of the country.

LETTERS TO THE EDITOR

Removal of land barriers

THE EDITOR OF THE LONDON REPORTING OF KENYA writes to advise Mr. [Name] regarding the removal of land barriers in Kenya. The Editor states that the Government is aware of the difficulties faced by the layman in this regard and is taking steps to simplify the process. The Editor suggests that the Government should consider the removal of land barriers as a means of promoting agricultural development and economic growth in Kenya.

LONDON REPORTING OF KENYA'S

It is often said that Kenya is mismanaged and given a poor housing in the British Empire. You and your readers may be interested in a recent and—in view of the present political situation—very important example of mismanagement.

Some of the Kenyan Members point by whom their party continues to go to the Colonial Secretary regarding Kenya's constitution. It would, I think, be interesting to say that they want to obtain recognition of the African Members' demand for African self-government. Kenya is not admitted for a constitutional conference to be set up as a means of achieving this.

It will also be recalled that in his recent statement on the future of Kenya, the Colonial Secretary announced that if conditions were suitable the British Government would arrange for a constitutional conference to be set up against the background of a referendum on the next day should the Government be satisfied with the results of the referendum. It is proposed to name a definite date for the referendum. It will be held within a few days of the end of the year.

It is now clear that the example of Kenya is being followed by other territories. The Colonial Secretary has announced that the Government will be holding a conference on the future of the territories. This conference will be held in the autumn of 1960. The Government is aware of the difficulties faced by the territories and is taking steps to simplify the process. The Government suggests that the territories should consider the removal of land barriers as a means of promoting agricultural development and economic growth.

Liberians go to the polls

LIBERIA: The West African Republic of Liberia went to the polls yesterday to elect a new President and members of the House of Representatives. The President-elect is Dr. J. J. Roberts, who has served as Vice-President since 1957. The new President will take office on July 19, 1960. The House of Representatives will also be elected on July 19, 1960. The new House will consist of 30 members. The President-elect, Dr. J. J. Roberts, is a member of the True Whig Party. He has served as Vice-President since 1957. The new President will take office on July 19, 1960. The House of Representatives will also be elected on July 19, 1960. The new House will consist of 30 members.

MULTIGRADE SAVES... because it's the new all-temperature engine oil

- SAVES your engine** — this free-flowing oil instantly protects your engine during the vital warm-up period.
 - SAVES your battery** — Multigrade's reduced oil drag means quicker, easier starting, less drain on your battery.
 - SAVES your pocket** — actual tests prove that Multigrade gives better petrol consumption — up to 15 per cent more on everyday stop-start driving.
- ARE YOU A REGULAR CHANGER? Every time you change the engine oil your car gets a new lease of life. That's because engine-damaging dirt, dust and moisture are drained right away with the old oil. Most Shell Almgas car oils recommend a regular change every 1,000 miles.
- THIS IS WHY:** Shell X-100 Multigrade is the modern, all-temperature motor oil, specially suitable for East African motoring. It's thin when the engine is cold—therefore lubricates smoothly and swiftly on starting. Yet even in extremely hot conditions it provides an extra-strong oil cushion between moving parts even when temperatures of 170° C. are reached.

Oil is cheaper than metal — USE SHELL X-100 MOTOR OIL

ASSURANCE OVER EXTRA POWERS

Reply on Buganda talks

Standard Correspondent, Kampala.

A **WY** additional powers, which may be given to the Kabaka's Government as a result of the constitutional talks at present proposed will be better than the present proposal of a united States-in-Uganda.

This assurance was given in the Uganda Legislative Council by the Chief Secretary, Mr. C. H. Hartwell, in reply to a question by Mr. M. N. Nyanzi (Buganda South). The last subject of the Government was one which had been put to the general public, would not be finally or irreversibly related, previous were given in the other African and, given.

Assurances and details of "Wey" was given by Mr. T. B. M. (Buganda North) in reply to a question by Mr. M. N. Nyanzi (Buganda South). The Government announced that the Government would not be approved that the Government participate in Legislative Council.

Soviet rough tactics anger Burmese Press

ATTACHE FLOWN OUT

BURMESE newspaper reporters pelted the Soviet Embassy in Rangoon with tomatoes and the Russians responded with chairs, injuring two reporters. About 40 alleged "strong-arm" methods employed against reporters by Russia in embassy personnel at Rangoon Airport when Col. Strypina, Soviet military attaché in Burma, was flown out of the country.

Three reporters were dragged inside the embassy garden and two cameras were seized.

Snicide attempt

The trouble at the airport developed when reporters tried to interview Col. Strypina, who had been back at a reception to help to his death from a bomb blast.

Reporters and photographers were heavily armed and cameras smashed by Russian embassy employees at the airport. Col. Strypina was hurried aboard a Communist Chinese airplane bound for Kuning.

A Rangoon newspaper stated later that the incident "proved to the hilt the suspicion entertained by the Burmese public that the Russians could stop at nothing to get Col. Strypina out of the country."

Flying doctor at the Pole

RUSSIAN DRUGS

A Russian doctor has been reported to have been sent from the Russian Antarctic base to the Australian Antarctic Expedition suffering from a serious blood-bank.

The doctor accompanied by an interpreter, made the flight to Wilkes Base on Sunday. The expedition had returned for Russian help last Thursday, but had weather prevented the drop from being flown in.

For several weeks the sick men had been treated by an Australian doctor at the base and a Melbourne specialist, recalled by radio had prepared a drug. Help was requested from the Russian, when the Russian supply of drugs began to run low.

Disaster that marked end of an aviation... WHEN THE HINDENBURG UP IN FLAMES

TWENTY-TWO years ago today a disaster at New Jersey marked the end of an era in aviation history. The giant-ship in this case was the world's most celebrated German dirigible, the Hindenburg, which crashed in flames near the mooring tower after attempting to alight at the Atlantic.

Uncomfortable rivalry in the West?

The emergence of Northern Nigeria, which attained self-governance in 1960, has led to a rivalry in the West. This rivalry is not only between Nigeria and the other West African nations, but also between the United States and the United Kingdom.

When Lord Home visited Dr. Kromah next week, it will be the first time that a British minister has visited a Nigerian leader. This visit is seen as a sign of a new era in Anglo-Nigerian relations, but it also highlights the rivalry between the West African nations and the major powers.

Bortrams V.O. Whisky

By SUSAN VAUGHAN
Visitors to the Tate Gallery, London, can now assure that those are no fakes in the current exhibition of work by the Italian Renaissance painter, Raphael. It has been recognized by the greatest authority on the subject—the artist's widow, **Maddalena**.

Mr. Gruber died eleven years ago at the age of 50 after a life of almost continuous illness. Since then the average value of his paintings has increased from £200 a picture to as much as £2,500—and he has been able to cash in on his popularity. Miss Gruber has now the same reputation. She has several of the most valuable pictures in the world. Her collection of art is said to be worth £100,000.

M.O.W. ROB BANK OF FULL POINTS
Bowlers again dominate

FOR the second successive week bowlers dominated in the four 15-over matches of the Commercial Cricket League. Only three teams posed any slow outfield and difficult, run-getting, the 100 runs mark and only two batsmen scored over 50.

A total of 194 runs was scored for 12 wickets, an average of 16 runs per wicket.

Seven bowlers shared five or more wickets among Wicket of (Gale) and Bowler produced the best figures of the week taking seven 2's, 100 runs and wickets for only 14 runs.

Barclays Bank put up the highest score of the day, scoring an 181 for five wickets. (181) put on 111 for the second wicket. In the match Arjun Singh took eight M.O.W. wickets for an 80 runs.

Other successful bowlers were R. B. Patel (10 wickets) 2/25 and A. R. Mankar (10 wickets) 2/25. Patel & Mankar (10 wickets) 2/25 and A. R. Mankar (10 wickets) 2/25.

Declared too late
Education was lucky to beat Hughes on the first innings by two runs to share top place with R.A. Tobacco. Highest total in this match was the Kanya pure brandy total with 24 and 22.

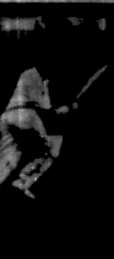

Had R.A. Tobacco declared their score before the end of the match they would have collected the full seven runs and captured the match. But they were not declared until 12 minutes to play and were out for 22 runs.

Patel and V. D. Patel played great back in the picture.

Had a good day
V. D. Patel had a good day taking six wickets for 21 runs and making the highest score of the match. He was out for 27 runs and a match-analysis of an excellent batsman.

M.O.W. and R.A. Tobacco share top place in Division I with 100 runs each. The match was a close one with the Kanya pure brandy team leading by one run.

WARNING BY INDIAN OFF-SPINNER

Conference XI all at sea against Muddiah

INDIAN new 20-year-old off-spinner, V. M. Muddiah, spun his way through the Club Cricket Conference XI at the Oval, giving the batsmen a warning signal to England's batsmen. Muddiah took 10 wickets for 40 runs in the last match. Muddiah's bowling was 120 for 10, which the Indians shot the Conference XI out for 10, which the batsmen replied with 120 for 10.

Through the conference, Muddiah's bowling was 120 for 10, which the Indians shot the Conference XI out for 10, which the batsmen replied with 120 for 10.

Uganda districts demand more power

power POLITICAL 'MUDDLE'

EVENTS in Uganda have led to other districts asking for a federal form of government, which would be far from being a country the size of Uganda.

This was suggested by Mr. G. E. K. Kigungu (Kibuku) when he moved an amendment to the Constitution in the Legislative Council.

He said he expected that a Government would be formed to help the districts to find an answer.

This was suggested by Mr. G. E. K. Kigungu (Kibuku) when he moved an amendment to the Constitution in the Legislative Council.

"It is not fair to ask the Government to take on the burden of financing a massive programme of development in a country which is still in the process of recovering from the ravages of the war."

The Uganda Government declined to vote when a motion calling on it to support and encourage the introduction of federated provinces in East Africa and Britain was passed in the Legislative Council.

Hola camp tragedy

THE Comrade's findings, after hearing the evidence given at the inquest into the deaths of 12 men detained at Hola for their connection with Mau Mau, make bitter reading.

Much in the evidence and in Mr. Comrade's conclusions will be of interest to Members of the Opposition in both the Legislative Council and the House of Commons, by reason of its relevance to the Government's policy of repression. The evidence, however, is not so much of interest to those who would gladly see political repression as only reprehensible but not a crime.

Throughout the so-called Com Plan for maintaining discipline at Hola the beatings and the deaths are discussed. They are described in the background of the extraordinary record of apprehensions described in Topley's report on the successful administration of 78,000 male and women, while only 1,500 detainees had 180 convictions remain in custody. That story given in detail by which the Government and workers in the field were supposed to go by system characters which the official line is to adhere to, the whole picture is so quickly.

It is not to be said to happen in the present and, where proved, the same might also happen in the future. (4) There is no mention of the fact that the majority of the detainees were members of the Mau Mau movement and that the majority of the detainees were members of the Mau Mau movement and that the majority of the detainees were members of the Mau Mau movement.

Cold analysis of shocked emotion

No Government based on humanitarian principles can in a quiet way ignore the evidence of a mass death in a prison camp. It is a question of degree, but the Government is a trustee, and it is its duty to be responsible to the public for the actions of its agents. It is not a question of degree, but the Government is a trustee, and it is its duty to be responsible to the public for the actions of its agents.

Everyday in the past few weeks the headlines have been full of reports of the deaths of prisoners in the Hola camp. The headlines have been full of reports of the deaths of prisoners in the Hola camp. The headlines have been full of reports of the deaths of prisoners in the Hola camp.

After the Labour Party in the House of Commons rejected a full-scale inquiry into the prison and detention system, and a resolution of the House of Commons, the Government has decided to set up a commission of inquiry into the prison and detention system. 'Serious times' now past; Budget debate ends

ASLEY ANSWERS CRITICS

Loans needed to assure development

FOR three years the Kenya Government has had to carry the burden of financing a development programme of £27,000,000 without any assurance that it would be able to find the money.

Telling the Legislative Council this morning, the Minister for Finance, Mr. Vass, said the Colony had not been able to raise a loan on the London market since February, 1956.

Mr. Vass's winding up debate on the Budget was answered by criticism by Mr. R. B. Akers, who said the Government's policy of accepting a loan from the International Bank for Reconstruction and Development was a mistake.

He said there had been "very serious times" when the Government had to consider whether it should advise the Government not only to reduce the pace of development but to stop it altogether, because there was no money in the Treasury.

By the Minister's loans the British Government was making certain that the Colony could go forward with its development programme, and that it would be able to obtain a loan from the International Bank for Reconstruction and Development.

Mr. Vass said that in 1958 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1959 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1960 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1961 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1962 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1963 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Towns swing to Right in British elections

WITH most voting results declared yesterday for council elections in more than 400 cities and towns in England and Wales, a marked swing to the Right was apparent.

But it was short of the landslide proportions that would have given clear promise of a Conservative victory in the next General Election. The result was a blow to the Socialists. Figures from 410 councils, with only a few outstanding, show that the Labour Party had registered a total net loss of 309 seats and had been deprived of control of a considerable number of councils.

Conservative gains had been limited to their strongholds, though these had not lost out. In fact, Labour Party gains were concentrated in 33 metropolitan council areas, where the Conservative group of seats was least touched. The trend in the rest of the country was nevertheless expected to prove Conservative, as the Government had captured the seats of the party's ruling class for some 15 years.

Mr. Vass said that in 1967 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1968 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1969 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1970 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

Mr. Vass said that in 1971 the Government had approached the market. A loan had been quoted, but the British Government had refused to guarantee it. The Government had then approached the International Bank for Reconstruction and Development, which had agreed to provide a loan of £10 million.

THE END COMING

HIGHLIGHTS

GENEVA: Foreign Ministers have agreed in Geneva during the opening of the first session of the Conference for the Disarmament of Armaments which began today. The meeting will last for five weeks, ending on June 15. It is the first time that the Soviet Union has agreed to participate in the talks. The conference is expected to be the start of a new era in international relations.

MONTROSE: Field Marshal Montgomery has been named as the new commander of the British forces in Germany. He will take up his duties on June 15. He is the first British officer to hold the post since the end of the war.

SUPPORT: The New Guinea Government has received the support of the United Nations Security Council. The council has passed a resolution which calls for the withdrawal of all foreign troops from New Guinea.

TOWARDS: At least four more people have been rescued from the wreckage of the river steamer Dandara, which capsized and sank in the Nile about 14 miles from Cairo at the weekend. The 202-ton vessel was on a day cruise when it sprang a leak.

LAZINESS: Opposition of the British Government to the proposed extension of the voting age to 18 has been rejected by the House of Commons. The vote was 320 to 254.

WEATHER: A severe cold wave is expected to hit the British Isles in the next few days. Temperatures are expected to fall to below freezing.

RUSSIA: The Soviet Union has announced that it has agreed to a new treaty with the United States. The treaty is expected to be signed in the next few weeks.

Soviet moves for early summit: West expects tough struggle

RUSSIAN SAYS EARLY GENEVA

Deadlock in early stages forecast

FOREIGN MINISTERS and their teams of advisers were arriving in Geneva during the weekend in readiness for the East-West conference which opens there today.

Observers in Geneva said that the opening position at the talks would be one of deadlock, with the three Western Powers—Britain, the United States and France—expecting a tough diplomatic struggle with the Russians and adopting a guarded approach.

The Soviet Foreign Minister, Mr. Gromyko, on the other hand, hopes for an early summit meeting arising out of this conference. The Geneva talks, Russia expects, will lay the groundwork for a German peace treaty and the liquidation of the régime of occupation in West Germany.

Mr. Gromyko made no mention when he spoke to reporters in Geneva on Saturday of Russia's wish that the United States should join the conference as well.

This was expected to be discussed yesterday when the American, British, French and West German Foreign Ministers had talks with their Italian counterpart, Sig. Moro, in Rome. It was not clear from the talks whether the United States will take part in the conference if Mr. Gromyko insisted that the two Eastern European countries be admitted.

The West favours participation in the talks by all four powers, but the United States and France insist that the conference should be confined only to an exchange of views on the subject of disarmament.

Mr. Gromyko, who was the last of the delegations to arrive in Geneva, said on his arrival that the purpose of the talks was to narrow the differences between the two sides.

He said he expected constructive proposals which could be put to the Heads of Government.

"If we succeed in any one of these proposals," he said, "it will be a great achievement."

The talks were pretty wide and the delegates would not be able to solve all problems in one meeting, he stated, but if they were able to reach a better understanding then the conference would be worth the effort.

Problem of participants

ANY SUCCESS AN ACHIEVEMENT.

They were—

"To reach a mutual agreement could be reached on any specific subject," he said, "but it is not clear whether the two sides will be able to do so."

Mr. Krushchev also reported at the weekend that President Eisenhower had again appealed to the United States to join the talks.

He said he had another letter in the post.

Mr. Krushchev also reported that the United States had agreed to a new treaty with the United States. The treaty is expected to be signed in the next few weeks.

ANOTHER LETTER ON FISTS Anglo-US. plan

MR. MACMILLAN has sent a new letter to Mr. Krushchev about nuclear weapons tests, a spokesman said in London yesterday.

He declined to give details of its contents.

Conventional officials in Washington also reported at the weekend that President Eisenhower had again appealed to the United States to join the talks.

He said he had another letter in the post.

Mr. Krushchev also reported that the United States had agreed to a new treaty with the United States. The treaty is expected to be signed in the next few weeks.

Russia boasts 'can wipe out West'

A WARNING that Russia is about to repeat the Western Powers of the far of the East has been given by Mr. Krushchev in the new of the Soviet Union. The Soviet Foreign Minister said the first to suffer in the event of a nuclear war would be the United States and its allies.

Disaster strikes River Nile holiday steamer

EGYPTIAN frogmen, working night and day, have so far recovered 41 bodies from the wreck of the river steamer Dandara, which capsized and sank in the Nile about 14 miles from Cairo at the weekend. The 202-ton vessel was on a day cruise when it sprang a leak.

The Dandara was carrying about 200 passengers, many of them Government officials with their wives and children. There were more than 170 survivors.

The Minister for the Interior stated later that the organisers did not have complete details of the names and number about survivors said that other boats had been taken off the river to help in the search.

He said that the search was still going on.

The Gromyko gambit

BICKERDICK continued up to the very moment when the Foreign Office had made its decision to have a conference with Geneva. The argument introduced by Mr. Gromyko here the status of the East and West German Governments and the conduct of the operations after the manner in which it was anything but a happy augury for the conference.

Mr. Gromyko went on to make a point of declaring that it was not the intention of the Soviet Government to discuss the status of the G.D.R. and the F.R.G. in connection with the Geneva conference. He stated that the Soviet Government would not discuss the status of the G.D.R. and the F.R.G. until after the Geneva conference. Hope set to summit meeting

The British Press is pessimistic in almost supporting President Eisenhower's conviction about the desirability of a Summit Conference. The news item appears to suggest that the conference might be held in London. The news item appears to suggest that the conference might be held in London. TRAINED AGITATORS IN REFUGEE SHIP

JOHN BAKER WHITE (London) Moscow has been reported to have trained a group of agitators to spread false rumours in Africa. It is stated that these agitators are to be used to stir up racial hatred and to incite the native population against the white settlers. It is also stated that the agitators are to be trained in the use of violence and in the use of propaganda.

If only SOMEONE made the truck I want
I WANT a two-ton load, but not a cumbersome giant to shift it. I want a light, quick mover; but strong. And I want the minimum time off the road. I want an easy handler for long hauls, something that drives like a pick-up, in fact; and (might as well go the whole hog) I don't want to pay a fortune for it and I want really sound service anywhere I go. Asking a lot, isn't it?
The OPEL 2-tonner is the complete answer
Try it TODAY and see for yourself.

GREAT NEW SPETATOR FACILITIES!
This year, for the first time, spectators will be able to park their cars in the area inside the Motor Race Track. This affords a wonderful viewing position, equalled only by the Grand Stand. It means that you will have the full view of the race all around you. You can go on foot to each viewing point at the Standpost at 40/- per car inclusive fee (Admission details) - it is good value for a day in the thrills of the racing!
Come along on MAY 17. You may see the 60-second lap record. Jim Weather-Meays in his Racing Lotus is certainly going to try for it!

SCOTLAND AND ARMY XI DRAW

SOME delightful football, witnessed by public teachers, was produced in the Army (East Africa) draws match against a Scotland XI at the Killiney ground on Sunday, when the sides shared six goals apiece. This was a very fair result on the run of the play, for the Scots had scored first, but the Army did not give away a 2-0 lead until after an abandoned opening period. The Scots then scored twice, but the Army did not give away a 2-0 lead until after an abandoned opening period.
