

CHINESE VISIT THE UNIVERSITY

A delegation of Chinese officials led by the Vice-President of the Huan Hua University, visited the University of Nairobi late last year. They were welcomed by Mr. F. Waweru, the Deputy Registrar in Charge of Planning, Public Relations and Information.

The delegates first visited the Faculty of Engineering where they were welcomed by the Dean of Faculty, Professor R.P. Patel, and the Chairman of the department of Mechanical Engineering, Professor P.M. Githinji. Professor P.M. Githinji was a part of a delegation of four which was led by Professor Kihumbu Thairu, the Dean of the Faculty of Medicine, that visited China last year. The delegation was a guest of the Chinese Academy of Social Science. The Chinese delegation then toured the various depart-

ments of the Faculty of Engineering.

From there the Chinese visitors proceeded to the Faculty of Science where they were welcomed by the Dean, Professor N.S. Alala and other members of the Faculty. The visitors were taken around the Physical Science Building Complex which houses all the Science departments as well as the Institute of Computer Science.

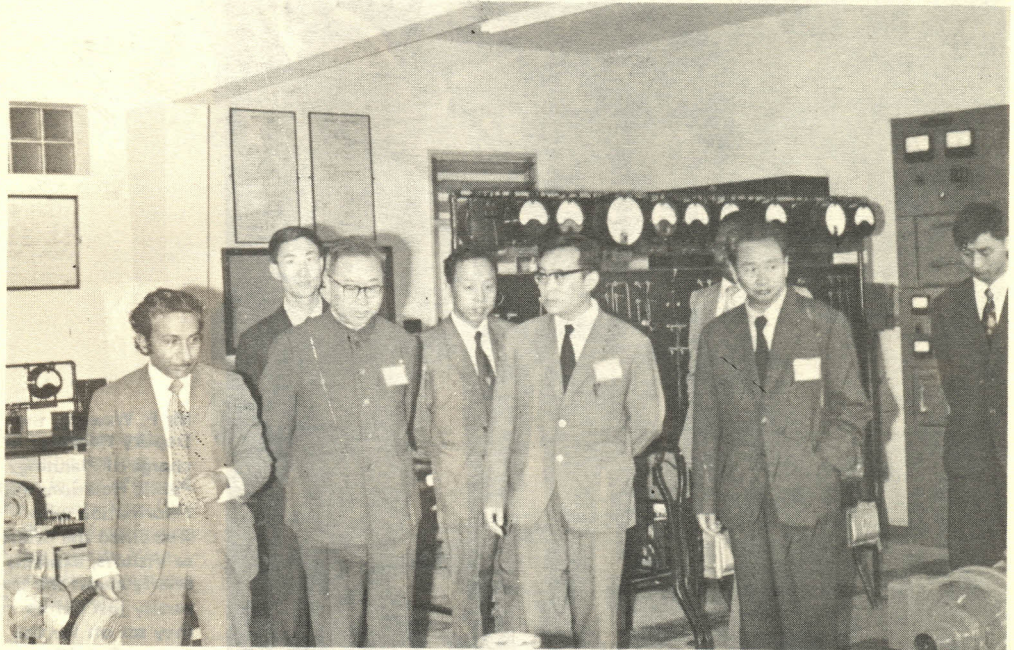

Finally the visitors proceeded to the Medical School at the Kenyatta National Hospital. They were received by the Dean of the Faculty of Medicine, Professor Kihumbu Thairu who had earlier headed a delegation to China to attend the conference staged by the Chinese Academy of (Social) Sciences. After a short discussion, the visitors were taken round the Medical School by the Dean.

Mr F. Waweru, the Deputy Registrar in charge of Planning, Public Relations and Information who welcomed the Chinese Visitors, explains briefly about the University just before they set off for the various Faculties.
