

The Resource Center

The Department of Psychiatry welcomes all members of the [*University of Nairobi*](#) (Students and Faculty) and any groups and individuals interested in Mental Health Research, to make use of its Resource Center. It is located in the KNH Mental Health wing, - the Patient Support Center.

The RC has a broad range of reference materials from latest Theses, Journals, Reference Books and Training Manuals (including the latest DSM-5). There are also Internet enabled computers up-loaded with the latest Statistical Analysis softwares, E-Journals and E-Books. Furthermore, there is a Research Coordinator at all times to handle any concerns that may arise.

The Resource Center and the Research Coordinator will also:

- Provide technical assistance for mental health research projects,
- Give guidance on locally appropriate research tools and intervention methods in mental health and mental health services research
