NB: Water Research and Resource Centre (WARREC) in collaboration with Government and other stakeholders, implement annual national and international scientific conferences to capture new and emerging issues, trends and technologies in the broad water and environment sectors. This complements the Annual Water Sector Review workshops usually organized by the Ministry but which mostly cover Monitoring & Evaluation issues. These conferences will be fully supported by the Government as part of the sector growth pattern. In addition, a national scientific database on water will be set up to capture, store and share information for water sector issues.

Kenya Rainwater Association -
Secretary General - Eng. Philip
Langat

Witness - Programme Coordinator-
Dr. Stephen Ngigi
OTHERS: Chairman- Prof. P.G. Home
and Treasurer- Mr. William
Wambugu
KRA develops and implements its activities in partnership with target CBOs, related government departments and development partners/agents. The association adopts integrated and multi-sectoral approach which recognizes that addressing rural livelihood requires holistic and collective action.
