

National Advanced HIV Clinical Course (NAHCC) 2015

Dr. Diana Marangu received a partial scholarship to attend the National Advanced HIV Clinical Course (NAHCC) organized by the Department of Clinical Medicine and Therapeutics, University of Nairobi, University of Maryland, Baltimore and the Kenya National AIDS and STI Control Program (NASCOP). The course was held on the 16th-27th March 2015 at the Paediatric Training and Clinical Centre, College of Health Sciences. This was an intensive clinically oriented course on the current medical management of patients living with HIV that was funded by the Partnership for Advanced Clinical Education (PACE).

“Excellent course! Relevant and practical. I would highly recommend postgraduate students and faculty to apply for the 2016 course.” Dr. Diana Marangu
