

Geospatial & Space Technology Department holds Inaugural Photogrammetry & GIS Training for Technical University of Mombasa's 3rd Year Civil Engineering students from 17/03/2015 to 19/03/2015.

Chairman, Geospatial & Space technology department, Dr. -Ing. Musyoka S. M.(seated left) with 3rd Civil Engineering students from Technical University of Mombasa

The students were taken through stereo-photo interpretation for stereo-plotting and on screen digitizing with panchromatic and color images/ aerial photographs. The training, judging from the students' enthusiasm and requests for staff to visit TUM, was successful.
