

## **Uon Thanks All 5th Open Day Participants**

The 5<sup>th</sup> University of Nairobi Open Day ended successfully. The event, which commenced on May 8<sup>th</sup> to 10<sup>th</sup> at the Great Court- Main Campus, was meant to create an open forum of interaction between the University and its clients and inform the public on programmes and services offered by the University.

Various stakeholders, among them prospective students, parents, alumni, sponsors, government and members of the public were present. This was the fifth time the event is being held since the concept was pioneered in 2008. Such prestigious events open up the University to public scrutiny and provide a channel for public feedback.

We greatly thank and acknowledge all those who participated and made this experience a success.
