

The students from the University of Nairobi, School of Dental Sciences and School of Medicine attended training on telemedicine at the Columbia Global Centre, Westlands Nairobi.

The training included the use of intra-oral camera, simple equipment for measurement of blood pressure, blood sugar, ECG, Body mass and the use of Google Glass.

The training was also attended by the Director, Nursing School and we wish to thank the team leader and the Faculty from Columbia for the training.

The School of Dental Sciences received a WI-FI equipment, intra-oral camera and an iPad. This equipment will go a long way in improving training for the students and in the College.
