Career Talk
Friday: 11th April 2014
Time: 2 – 4:30 pm

MOULDING A SKILLED HUMAN CAPITAL

In a world where job opportunities are continuously shrinking, it is more important than ever before to manage and build your career.

Good is no longer good enough. The 21st century worker must strive for all round excellence.

As today workplace becomes increasingly more competitive, a professional image is essential for those who want to make an impact. It can make the difference between getting ahead and getting left behind.

If we expect our human capital to give outstanding performance, we must give them the tools to build.

Session 1: Grooming for High Exposure – (Speaker: Susan Murimi)

The session reveals:

1. Career Breakthrough Strategies
2. Separating the Winners from the Losers
3. Shattering Glass Ceilings in the Corridors of Power
4. Mastering the Rules of Engagement

Session 2: Making People Better - (Speaker: Nelson Githinji)

Dare to Believe – You are GREAT

We are living in dynamic surroundings and need to define ourselves and positioning; least others do so for us, though we may not like their selections.

We believe Great People make Institutions & Companies GREAT.

This expertly compiled Training and Coaching program will endeavour to guide you to:

- Discover your Purpose and become self-motivated to fulfil your desired destiny.
- Greatness is Your DEFAULT Nature. Anything lesser is a Blip.
- Become the Required Solution – Not just the best option.

Making People Better will address Four Major pillars in this Session, namely:

1. Personal Branding - Originality
2. Customer Excellence – Kingly Protocol
3. Entrepreneurship – Unemployment Myth
4. Impact - Identity

Welcome to the World of Practical Solutions....
