

### **3<sup>rd</sup> International Scientific Conference: Research as a Driver for Science, Technology and Innovation for Health**

The University of Nairobi, College of Health Sciences and Kenyatta National Hospital will host a conference whose theme is: Research as a Driver for Science, Technology and Innovation for Health, 10<sup>th</sup> – 12<sup>th</sup> June, 2015 at the Kenyatta National Hospital Campus.

The Conference will bring together seasoned and upcoming scientists and health care practitioners from both public and private sectors to share knowledge and experiences that influence and shape health care delivery to achieve evidence based quality health care. This is what the citizenry expects of leaders and policy shapers in health research and service delivery.

The conference targets scientists from all over the world who will participate in activities such as oral and poster presentations of their original research work, plenary talks, and symposia. All are welcome, particularly those from Africa and other developing countries, to come and actively participate in this forum, get updated and enjoy the favorable climate and social activities that
