

The Director School of Public Health attended a post-award grants policy management training workshop was held in Dar es Salaam, Tanzania June 23 – 25, 2014 on behalf of the Principal CHS. The workshop was organized by NIH/NIAID. Workshop was attended by research administrators and PIs from NIH, Kenya, Uganda, Tanzania, Botswana, Ghana amongst others. The purpose of the workshop was to assist grantees with management of NIAID research funds, provide tips for monitoring integrity and accountability of awards, increase awardees' understanding of NIH reporting requirements and provide administrative assistance. The training covered several major areas including grant policies and regulations, Notice of Award (NOA), subcontractors arrangements as well as progress reports and payment management systems
