

**From the right Dr. Damaris Wmbui From Chemistry Dept, Dr. Wanjohi From Chemitry Dept, Mr. Kamugi Nderitu- Chain Supply Manager EABL, Post graduate Student UON, Mr Mburu - Chairman of UNICSA (Standing)**

**Mr. Kamugi Nderitu - Chain Supply Manager Eabl having a talk with the Unisca Students**

The University of Nairobi Chemistry Student Association Students visited the EABL where they were taken round and given a mentorship talk. Mr. Kamugi Nderitu, managing director EABL explained to the students the Whole process of making beer. He explained how powerful chemistry is and the chemistry owns the world. He went on to say that for a chemist there are no limits rather chemist's set limits for themselves. He urged the chemistry students to think outside the tubes. he also pointed out that they should not just mix but they should let people see the beauty of mixing outside the test tube. He called students to be ahead of the Chemist who have been there before by using the IT Technology. The students had a wonderful day as they shared with Mr. Kamugi Nderitu who is an Alumni of the university of Nairobi
