

Advanced Course in Plastic and Reconstructive Surgery just ended in Maputo

Dr. Wanjiru Karanja, tutorial fellow, plastic aesthetic and reconstructive surgery unit has just returned after successful conclusion of the week long Advanced Course in Plastic and Reconstructive Surgery. This workshop was conducted by COSECSA, Universidade Eduardo Mondlane Maputo and 2nd Chance Swiss Association. The event was held at the Central Hospital of Maputo from the 23rd to the 27th of March, 2015.

The event was attended by representatives from 15 countries; 3 from Europe, 2 from Asia, and 10 countries from Africa.

The event received extensive media coverage in the form of live and recorded interviews on national television, and on radio. The event also was covered on the national news in Mozambique on the 25th of March. This event served as an excellent public relation campaign for Mozambique and the department of surgery is proud to have played a part.
