

**Unit of Clinical Infectious Diseases (UCID) to host its maiden symposium, first of its kind in Kenya this  
JUNE 18-19th 2015 LAICO REGENCY**

The UCID - IDSK symposium brings together the largest gathering of practitioners in infectious diseases in Eastern Africa. The symposium will offer participants an opportunity to network with African and international professionals, enhance cooperation with related stake-holders and gain scientific information from within Kenya and internationally.
