

Climate modeling PhD presentation concludes

Mr. Sabiiti Geoffrey, Ph.D student, on June 12, 2015 presented research findings of his thesis entitled "Modelling Climate Variability and Change and their associated Impacts on Banana Production in Uganda".

Mr. Sabiiti's findings comes at a time when Climate variability and Change is getting central focus across the globe and therefore more likely to improve understanding on the Impacts of Climate Change on Agriculture.

Mr. Sabiiti is also an assistant lecturer at Makerere University, Department of Geography, Geo-Informatics and Climatic Sciences.

Departmental faculty wishes to congratulate Mr. Sabiiti for his commitment and wishes him well in his endeavors.
