**NEW G.I.S LABORATORY**

The Department of LARMAT has upgraded the GIS Laboratory from USAID funding that was channeled through the Centre for Sustainable Dryland Ecosystems and Societies (CSDES).

The Laboratory has a total of 40 state of the art computers, up from only 9 that were initially installed.

The lab will:

- Help the graduates students gain practical skills
- Enable the researchers to produce the area of study map
- Help the student with carrying out certificate short courses that needs the use of the machines.
- Act as CSDES source of generating income
