

School of economics launches msc health economics and policy at Kisumu campus

Date and time:

Fri, 2014-01-24 08:09

The first satellite campus class for the School of Economics commences in the January-April 2014 semester with the launch of the Master of Science Programme in Health Economics and Policy at Kisumu Campus. The School has bowed to overwhelming interest in the programme from medics working in the lake region. Orientation for the first cohort takes place on 24th January 2014 at Mega City, Kisumu Campus.
