

Africa Research Excellence Fund Fellowship

Application deadline: July 8, 2015

The Medical Research Foundation through the recently established Africa Research Excellence Fund (AREF) is pleased to announce its first programme of AREF Research Development Fellowships.

The fellowships are intended to provide outstanding early-career African researchers who have been awarded the PhDs in the last 4 years, with an opportunity to develop their own research ideas and funding proposals.

Each AREF Fellowship will support a placement of up to 9 month in a leading research organization in Europe or South Africa.

Eligibility

- Be a national of a country in Sub-Saharan Africa (excluding South Africa)
- Be working in an active research role
- Have guarantee of employment with a legally established research organization or a university in Sub-Saharan Africa for the duration of Fellowship
- Applicants must have obtained a PhD within the last four years that is, after June 30, 2011 and before July 1, 2015.
