

Tree Planting Day

Kenya Science Swa Staff in catering section on a tree Planting Mission, Lead by Catering section Head Florence Wangari.

As part of the global campaign, in line with performance contract, SWA Staff from Kenya Science Campus participated in a tree planting day on Wednesday 25th June 2015. The staff spent several hours planting different variety of trees at the Kenya science Swamp area. The act of planting the trees symbolized University of Nairobi commitment to caring for the environment. The staff described the experience as extraordinary; this initiative will have a positive impact on the environment.
