

# **Africa Governance Report III Released**

Date and time:

Thu, 2013-02-28 11:07

IDS Researchers presented the African Governance Report III to the United Nations Economic Commission for Africa and UNDP during the country report validation workshop in Nairobi. The researchers' study presented Kenyans' experience with elections and management diversity.

One of the key findings of the study is lack of centrality of policies in electoral competition. It noted that the competition in Kenya is not based on policy differences and political parties are not institutionalised.
