

Business Information Systems (BIS) Students Attend ISACA talk

Date and time:

Mon, 2013-05-13 08:59

Location / Venue:

Nairobi Safari Club

Seven Business Information Students were privileged to attend a professional talk. Theme: **INFORMATION RISK CHALLENGES AND EMERGING TRENDS** by Wycliffe Momanyi of Kenya Commercial Bank at the Nairobi Safari Club on Thursday 9th May 2013 organized by ISACA (formerly Information Systems Security Audit and Control Association).

During the event, [Dr. Muranga Njihia](#), Chairman, [Department of Management Science](#), urged ISACA as a professional body to integrate student more closely as members, and work with local universities to strengthen industry linkages and opportunities for internships and recruitment for Information Systems graduates. It was a good opportunity for all to increase industry knowledge and network.
