

NUARSA REPORT ON UNATS TOURISM CAREER FAIR AN EVENT WHICH WAS HELD ON 10TH October 2013 MAIN CAMPUS WITH KENYA WILDLIFE SERVICE

NUARSA Sports and Entertainment coordinators

UNATS Tourism career fair was a success and it gave us an ultimately new dimension of engaging the students, the organization of the entire forum did demand expending nerve and sinew but the overall outcome was indeed worth the effort. The career fair made us realize with nostalgia the great need to expose students to the various opportunities available within the corporate world. We would love to see another such occasion where talent and skill find avenue for utilization and the students get the platform for networking and sharing of Ideas. I am totally grateful to the administration for the awesome support and look forward to such future engagements.

Kind Regards

Oliver Tambo
