AFRICAN WOMEN'S STUDIES CENTRE

NATIONAL FOOD SECURITY PROJECT BASELINE SURVEY SHORTLISTED CANDIDATES

In response to our request for applications for Research Assistants to conduct the Food Security Baseline Survey in the implementation of the Food Security Programme in 20 counties the Centre wishes to thank all the applicants for showing interest and applying for the research assistant positions. The response was overwhelming. We received close to 1000 applications. The positions available for consideration were 90. Many masters students applied for the positions as well as many undergraduates. The selection was based on qualifications, the Counties applied for, language criteria, giving an opportunity to those who did not participate in Phase I and II of the documentation of women's experiences.

The following are the candidates who were selected using the above criteria.
