

PhD PROPOSAL PRESENTATION BY ISAIAH BWILA 12TH NOV 2015

Date and time:

Thu, 11/12/2015 - 14:05

PhD student Mr. Isaiah Bwila made his presentation on the topic: *Population aging in Kenya: Role of Demographic Transition* on 12th of November 2015 in Room 215.

His Supervisors Professor Murungaru Kimani and Professor Ikamari were present together with the other academic member of staff.

The ongoing PhD and Masters students too were present to gain more in the process.

After the presentation the student was able to get significant comments from his Supervisors and the present academic members of staff
